Tiller says refill . . .

Roy Schultz says he's tired of finding throw-away pop and beer bottles and cans on his property that were thrown from a passing car. Schultz, of 7854 Lilley, Canton Township, thought he'd erect a sign to display his editorial viewpoint. (Staff photo by Gary Caskey)

Do part-time employees need board approval?

Trustee James Poole held a press conference Monday to assail the full-time administration members for hiring people to part-time jobs without establishing those positions first through approval of the entire township board.

The people employed to work as radio dispatchers for the Canton Township Reserve Police Department are a prime example, according to Poole, of people hired and paid without approval from the township board.

Canton Township Supervisor-Police Chief Robert Greenstein claims that the administration has "no obligation to bring up part-time hiring before the township board."

"The full-time administration members (Greenstein, Treasurer Carl Parsell and Clerk John Flodin) have to have some kind of latitude to make this an efficient, smooth-running township. And I'm saying that part-time people who are hired do not need full board approval."

Greenstein says "cleaning women" and a garage man have been hired in the past to work part-time without board approval. Poole says if that is true, then they too were hired illegally.

At the Sept. 28 board meeting Poole voted to send the radio dispatchers to dispatcher school. Why then the complaint?

"My complaint is not with what we have, but the way it was done," said Poole. "Greenstein set up the dispatch section on his own. He doesn't have the authority to do that."

Poole says the administration has spent money on part-time employees with "the mistaken belief" that part-time people and part-time job openings do not require board approval.

"Is it at the discretion of the administration to spend money without board approval?" Poole asked. "Can they create jobs without board approval? We are supposed to create the positions and no where does it say just full-time. Hell, it's just good financial procedure to know and approve people who are being hired and know what positions are being established. But Greenstein decides to hire someone to work at the township office and they go to work."

Poole did not name the dispatchers or other allegedly "illegally-hired" employees because, he said, the people who were hired were not wrong in accepting the job.

"My intention is not to embarrass any employee," Poole said. "They're just like you and me, they want jobs and they want to earn a living. They sought the jobs in good conscience."

Greenstein called Poole's complaint "just another attempt by Jim Poole to sabotage the reserves."

"Show me where it says we have to go before the board to appoint people to part-time jobs," Greenstein said. "The reserves, even though they're part-time, had to be appointed by the township board under section 42.12 of Michigan law.

"Every one of the dispatchers who are working now attended reserve police school and for one reason or another didn't succeed in getting their diploma. I think they've beautifully illustrated the fact they have the interest and ability to do the job that they're doing so well right now."

Asked to cite legal precedent, Poole cites a Redford Township case where (then) Supervisor Bill Robbins continued to pay Public Service Director Jack Madden, even though the members of the township board dismissed him. Poole says Wayne Circuit Court Judge George Bowles' decision "clearly demonstrates" that the township board holds control over the managment of the township administration.

Poole reads from Judge Bowles' 1975 decision: "'The township supervisor's duties are somewhat similiar to those of a mayor under a weaker form of mayoral government. Nowhere by statute is he given sole power to appoint anyone with the exception of the township planning commission.'"

Continuing to read the legal decision, Poole states: "'What are the powers of the township board which are also detailed by statute? The township board consists of the supervisor, clerk treasurer, and either two or four trustees. Its powers are of special and limited jurisdiction. Its duties are both legislative and administrative.

"'It has express powers of appointment over the township attorney, assessors, employ an independent appraisal firm, police officers, fill either a temporary or permanent vacancy in township office, employ a township manager, employ traffic officers, employ building department officials, the board of review and the board of canvassers.

"'It can be readily observed then,'" Poole read, "'that the township board has general management control of township government administration.'"

Manager says no

James Sancenito sports a sign of his own urging a no vote on proposal A. Sancenito says if proposal A is passed, cans would be reduced to a four per cent share of the beverage container market. The plant manager at National Can Corp., Sancenito claims it would take only 30 days to shut down the Livonia operation.(Staff photo by Gary Caskey)

Windsor Park street to be closed for good

By DARLENE STINSON

Canton and Wayne County officials have cancelled plans to allow construction of a connecting road between Windsor Park Subdivision and the proposed Mayfair development to minimize traffic flow through the residential neighborhoods.

The Wayne County Road Commission last week agreed to vacate the 120-foot strip of Marlowe Street already constructed in Windsor Park Subdivision and deed the property to the two Windsor Park families whose property abuts the road.

In action coincidng with the road commission's decision, Canton board members Tuesday directed Richard Lewiston, developer of Mayfair Subdivision, to plan a residential lot for the land formerly reserved for Marlowe Street in his development.

The only access routes between the two developments will be Sheldon and Morton Taylor roads. No walkway between the two subs will be built.

The action eliminates plans for a connecting road between the two developments and satisfies demands of Windsor Park residents, who last summer signed petitions in favor of the proposed road elimination.

Marlowe would have run the length of one residential lot in Mayfair Subdivision. The segment of the street already constructed in Windsor Park runs the length of only one residential lot in that subdivision as well.

According to Dale Townsend, Canton's engineering consultant, the Wayne County Road Commission will deed half of Marlowe's 60-foot right-of-way to each of the two Windsor Park residents whose homes face Arlington and whose backyards abut the already constructed road.

The two residents are Thomas Gregory, 43984 Arlington, and Ron Deviergilio, 44116 Arlington.

The township will retain a right over the road's 60-foot-wide easement, however, to insure access to the sewage, water and gas lines that lie beneath the road.

Although the two Arlington residents may fill in the road with dirt, plant grass or use the land for gardening space, Townsend said they may not construct permanent buildings on the easement.

One of the residents, Townsend adds, uses Marlowe for access to his garage. The two neighbors, with the help of Wayne County Road Commission officials, must work out an agreement on the future use of the present road and use their own funds if they wish to fill in or eliminate the street.

The county's agreement to vacate the road and prevent construction of a connecting street between Windor Park and the proposed deveopment to the north marks the end of a long battle between county and township officials.

Originally, Marlowe was proposed as a connecting road between Windsor Park and a planned unit development, proposed by developer Dominic Moceri. When Moceri sold the land to Lewiston and plans for a shopping center and apartments were eliminated, township board members proposed elimination of Marlowe.

But their proposal met opposition from the Wayne County Road Commission's planner.

"The planner felt all subdivisions in a township should be connected by roads," explained Canton Treasurer Carl Parsell, a resident of Windsor Park. "I violently disagree. Each subdivision is a subdivision. The interconnecting traffic should be on main roads.

"We're trying to cut down on traffic in subdivisions," he continued. "On this issue, the developer, the township and the people all felt the same way. The only person against us was the road commission's planner."

Members of the township's administration last week swayed road commission members to their own point of view. The commission overrode its planner's recommendation and agreed to vacate Marlowe.

Township board members Tuesday overrode a recommendation of their own planner, Townsend, who suggested construction of a walkway between Windsor Park and Mayfair subdivisions.

"All that does is attract more bicycle and pedestrian traffic," Parsell objected. "I was upset about the engineer even bringing it up."

Halloween will be on Oct. 31

The Canton Township Board decided Tuesday not to change the date of Halloween to Oct. 30.

Halloween will be celebrated as usual on Sunday, Oct. 31.

The agenda item asking for a date change was suggested by Westland Mayor Tom Taylor, who originally felt that Saturday would be a better day because school would not be scheduled for the day after Oct. 30 and "more persons will be walking in the neighborhood and may deter persons from vandalizing property on Devil's Night, Oct. 30.

Mayor Taylor was innundated with calls from parents protesting the proposed date change. So, Westland withrew its plan to hold Halloween a day early.

Canton officials said they would not change the date of Halloween because no other communities in the area were doing it.

"Besides, we couldn't educate all the people on the changed day in two weeks time," said Trustee Jerry Cheske. "What would happen is we'd have kids going out two times."

School board-union courtship ends with spat

By EMORY DANIELS

Wednesday night each side made new offers and the chance of a teachers contract settlement appeared close. A day later the gap widened considerably and the teachers union was ready to file unfair labor charges.

The overnight shift away from optimism occurred over an apparent misunderstanding on whether an offer was being withdrawn or clarified.

Wednesday night, the chief negotiator for the school board made a new offer and the Plymouth Education Association (PEA) countered with a different offer. At that point, both sides officially were only about 3½ to 4 per cent apart—the closest the table offers have been since negotiations started.

Norm Kee, board chief negotiator, informed Derald McKinley of the PEA that the board's latest offer included the dollar improvement of the district assuming all of the expense for contributions to the teachers' pension fund.

Candi Reece, PEA president, said she felt the school board was "withdrawing" its offer after putting it on the table. Kee says the offer definitely wasn't withdrawn but what was given was a clarification of the offer.

On Friday, Ms. Reece said the PEA was prepared to file an unfair labor practice charge against the school board negotiators with the Michigan Employment Relations Commission (MERC). (MERC, for public employees, is the equivalent of the National Labor Relations Board for private employees).

The PEA withdrew its Wednesday counter-offer Friday morning and made a new offer. Both sides admitted they were much further apart on Friday then they stood Wednesday night.

"THERE WAS MOVEMENT Wednesday by both the board and the PEA," explained Ms. Reece.

"And then Thursday we got a note in our inter-office mail that the board had made a mistake, or something, was taking back its table offer and making another movement. They got us to come down a long way and then backed off. So the PEA has withdrawn its offer made on Wednesday and submitted a new offer Friday morning."

Because of what the PEA believes happened, it is preparing to file an unfair labor practice charge with MERC. "We acted in good faith," said Ms. Reece, "I have never seen anything like that in all my knowledge of bargaining."

She added that Wednesday the two sides were about 3½-4 per cent apart on the table and was about six to seven per cent apart after the board "withdrew" its offer.

After the PEA withdrew its counter-offer and submitted a new one, it was believed that both sides were about 15-18 per cent apart although the exact economic differences had not been computed.

KEE SAID that he didn't see what happened as being an unfair labor practice at all.

"We had made a new offer Wednesday night, and that very night I clarified it with Derald McKinley, the PEA's chief negotiator. I felt there might have been some misunderstanding on the PEA's part on exactly what our offer was and so an immediate clarification was made.

"As a follow-up to my conversation with McKinley, I sent a note to members of the negotiation team giving the same clarification. Our Wednesday offer was an improvement in money to teachers of a certain percentage which included the board paying all of the contribution to teachers' pension. I wanted to make sure they knew the pension contribution was included in our offer.

"The percentage increase remained the same—there was no change in our offer or no backing away. We just made sure they understood the percentage increase included dollars we will be contributing towards pensions."

A change in state law requires local school districts, begining Jan. 1, 1977, to begin paying all of the payments into teachers' pension funds. Presently, teachers pay half and the school district the other half.

"The new proposal of the PEA puts us quite far apart," added Kee, "although we are closer than before our last session on Wednesday."

Both sides met again yesterday (Sunday) for another formal round of negotiations.

The PEA also will meet today (Monday) at 4 p.m. in the Penn Theater with all teachers. "This is an informative meeting to bring our membership up to date. We haven't called all teachers together since early September. Purpose of the meeting is to inform teachers where we are at."

ON FRIDAY an official statement was issued which explained that the Wednesday offer would give Plymouth teachers the second highest maximum salary of settled districts in Wayne County. The administration pointed out that to date about one-third of the districts have settlements.

"We know we have good teachers and we want to pay them well. We're prepared to keep them in the upper quarter of salary levels in Wayne County. It is not our objective, however, to have the highest paid teachers in the area," said Supt. John M. Hoben. "Our teachers deserve comparable pay and that is what we are offering."

The statement Friday stressed that the school board is standing firm in supporting its negotiators and added the disagreement between the PEA and board centers on economic issues. "However, the latest board offer in take-home dollars far exceeds the rise in the cost-of-living.

"The board has made several cost-of-living raise proposals, basing them on a percentage of base pay. This is the type of cost-of-living raise which is prevalent in wage contracts. The PEA expects the cost-of-living factor to be applied on a sliding scale to every salary level."

Until a settlement is reached, teachers are being paid based on the 1975-76 salary schedule which calls for a $10,153 salary for a beginning teacher with a bachelor's degree and $11,708 for the first-year teacher with a master's plus 30 credit hours.

A teacher with bachelor's degree, under the 1975-76 contract, may earn up to $17,521 after ten years. The teacher with a master's degree starts at $11,108 and can move up to $20,564 after 12 years. The top of the '75-76 scale is $21,164 for a teacher with a master's plus 30 hours who has completed 12 years.

Each step of the 1975-76 also was adjusted by a two per cent improvement factor plus 5.2 per cent for cost-of-living allowance. With this added, the scale runs from a bottom of $10,884 to a maximum of $22,687.

CANDIDATES SPEAK OUT

Candidates for Canton Township supervisor speak out on the issue in today's edition in the first part of a series on candidates seeking local offices Nov. 2. For comments from the would-be supervisors, turn to page 3A.

Auto buried in the Thumb taken here for resurrection

By W.W. EDGAR

There's a surprise visitor spending a few days, at least, in the City of Plymouth.

No, it's not an old-timer coming back for a visit to see how things have changed. And it isn't a relative returning to the old hometown for a family re-union.

THIS VISITOR is a chunk of metal and glass, along with some plastic mixtures found in a modern day automobile, and it has been in the headlines around the country in the past few months.

It is the green painted Bricklin automobile, product of a now bankrupt Canadian company which was recently unearthed (literally) in the Michigan Thumb area, and is now the central figure in a fraud case that is to be heard in 48th District Court on Monday.

The visitor came to Plymouth in a very special manner. It was sent to Dave Geddes, the rebuilder of automobiles and now is in his showroom on Forest Ave. The car has a most interesting background. Originally owned by Richard and Carol Skeen, of Madison Heights, it became involved in the news when it was reported stolen from a shopping complex last April.

After a time it was reported to the Automobile Club of Michigan (AAA) and a claim put in for the insurance. After the claim was paid the case took an unusual turn.

AN INFORMANT (name unknown) passed the word along that the car had been buried on a plot of ground owned by Mrs. Skeen's father in Rogers City.

It seemed like a tall tale, but the AAA decided to take no chances and pass up a clue of any kind.

The diggers went to work. Sure enough, the car was found in what could be called a shallow grave. It was intact, but wrapped in cellophane.

Uncovering of the car then started court action and the AAA is now seeking to regain the $5,900 claim and the Skeens are being charged with fraud.

The car, now owned by the Automobile Club Insurance Exchange, was brought back to the Detroit area for possible sale at the next auction.

THAT'S HOW it got to Plymouth. Geddes, now in the midst of re-conditioning the car, says it was badly warped because of its long stay underground.

"It naturally was dirty," Dave explained, "and several other things, including the doors that opened like bird's wings, needed adjusting. But it will be ready for the AAA auction.

Depending on the date the fraud case is settled the AAA will sell the "famous" car from the auction lot at 4050 Doris Street just off Livernois Avenue in Detroit.

Meanwhile it is spending its time in the Plymouth showroom as a visitor.

This Bricklin, found buried underground and taken to Plymouth for restoration, in inspected by Dave Geddes in his garage on Forest Avenue. (Staff photo by Gary Caskey)

Student radio weekly listings

Following are this week's program listings for WSDP (89.3 on the FM dial), the student-operated radio station at the Plymouth Centennial Educational Park.

Oct. 19—Girls basketball game between Plymouth Salem and Edsel Ford of Dearborn beginning 8 p.m.

Oct. 22—Football game between Plymouth Salem and Livonia Bently will be aired at 8 p.m.

Oct. 23—Football game between Plymouth Canton and Northville will be broadcast beginning 8 p.m.

JOHN SARRIS

This week's "DJ of the week" is John Sarris who has been on the station for two years and holds a third class FCC license. He engineers his own shows and those of other's. On the air with progressive rock on Tuesdays from 6-8 and Thursdays from 3-6.

COMMUNITY NOTES

WSDP will broadcast Community Notes Monday through Friday at 5 p.m. Contact the station on club activities or meetings by writing WSDP, 46181 Joy, Plymouth 48170 or by calling Jeff Cardinal at 453-3100, ext. 266.

Supervisor candidates make their stand

All of the candidates for Canton Township public office—including the write-in team—were mailed a questionnaire by the Canton Observer to help voters make their choice on the basis of the candidates' stand on the issues.

All candidates were given until Oct. 11 to complete the questionnaire. The wording is their own and appears unchanged except for spelling and punctuation changes for clarity. Some of the candidates went well beyond the alloted word limitations; their comments were trimmed.

The mail and Canton's new zip codes caused some of the questionnaires to arrive at the candidates homes as late as Oct. 9, so candidates were given a five-day extension over the original Oct. 11 questionnaire deadline. At Friday, 12:30 p.m., only Clerk John Flodin had not responded among the major candidates. Flodin was on a hunting trip and could not be contacted to remind him on Friday that his questionnaire was overdue.

POLICE RESERVES AND THE REGULAR POLICE—was the first subject we posed to candidates. We asked: "If elected in November, what would you do with the reserve force that exists today? Would you discontinue or expand the nightly patrols of subdivisions, streets and parks? Or would the reserves be used primarily for crowd control and emergencies? Would you require that a certified police officer be in the car with the reserve? Would you take their guns away? Open-ended question: What direction should Canton Township be heading to provide adequate police protection for its citizens? Include in your response an answer to the three possibilities that have been mentioned (i.e. an independent Canton Township Police Department, contracting with the Wayne County Sheriff's Department, a tri-community police department comprised of Plymouth, Plymouth Township and Canton) **200 words or less.**

The second question concerned **BUSINESS REGULATIONS:**

State your position on the present restrictions on business signs and the requirement that businesses build berms to hide parking areas. The attorney general has ruled that Canton Township may inititiate a consumer protection agency. Do you think the township should start one? Either explain the reasons why you oppose such an agency or tell what benefits a local consumer's agency might produce. **200 words or less.**

The third question asked candidates to discuss their position on the **MASTER PLAN FOR LAND USE:**

Should Canton's farmland be protected under a land use plan? How do you determine what property is zoned agricultural? Should farmers receive tax incentives? Looking toward the future, how many people do you think should live in Canton? What population would be desirable and how would you prevent an excess? What plans do you have for accomodating low-income families? Open-ended question: What steps should be taken to guarantee sensible, aesthetic development that serves all income levels? **200 words or less.**

The fourth question asked candidates to address themselves to the need for **CITIZEN PARTICIPATION IN GOVERNMENT:**

What steps or programs would you work for to insure citizen input in the decision and policy-making process of township government? How can the Citizens Advisory Council (CAC) be made more effective and responsive? What steps above and beyond the CAC would you recommend? **100 words or less.**

MISCELLANEOUS questions asked of candidates:

If you run for office on a team slate, what effect will this have on your voting record? Do you think Canton has seen an end to voting blocks by team members? **75 words or less.**

Supervisor, clerk and treasurer candidates only were asked:

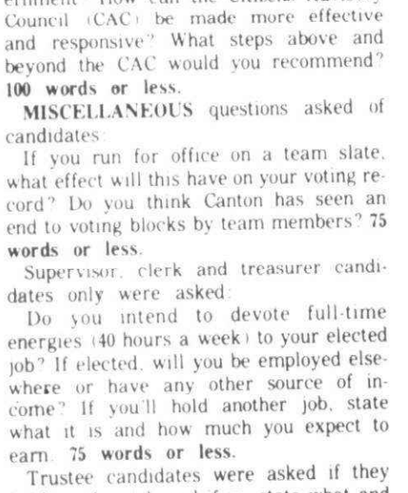

Do you intend to devote full-time energies (40 hours a week) to your elected job? If elected, will you be employed elsewhere or have any other source of income? If you'll hold another job, state what it is and how much you expect to earn. **75 words or less.**

Trustee candidates were asked if they held another job and if so, state what and where it is.

At the last minute before the questionnaire was mailed out all candidates were asked to assess the write-in effort.

Certified candidates were asked what effect they thought the write-in would have on the election and were asked if they considered the write-in candidates "healthy competition."

Write-in candidates were asked why they chose to support a write-in and what effect the write-in would have on the election.

HAROLD STEIN
(Democrat-Supervisor)

Supervisor Candidate's Responses to the Questionnaire

Police Reserves and Regular Police—"The reserves were designed to be the eyes and ears of the community, providing crowd control and emergency services. I have no arguments with that. If the unit is armed it should work under direct supervision of professional and experienced policemen. I am concerned that the unit is being gradually transformed into a regular police department—without voter approval and proper budgeting.

Crime in Canton can be exploited. Our present needs can be met by the Wayne County Road Patrol—by contract if necessary. The lockup facilities, administrative and record-keeping staff, equipment, radio dispatcher, detectives, juvenile bureau and narcotic unit are at our disposal immediately. These services are too costly to duplicate locally at this time. A tri-community plan is less feasible because the cost would be considerable and the tax rate inequitable considering the different needs of each community.

In time we can provide and maintain these services within our township, but only when residents approve an advisory ballot proposal and millage. Professionalism, voter approval and cost to the taxpayer are the important considerations.

BUSINESS REGULATIONS—Business provides goods and services for our convenience, a tax base for community improvements and even jobs for our residents. We need to do a better job of encouraging business and industrial development in Canton. We can't expect businesses to prosper when we refuse to let merchants effectively identify themselves with signs and then hide their places of business behind unsafe and unsightly berms. Some berms are actually hazardous. They block the field of vision, affecting safe traffic movement, efficient fire and police access, and even interfere with snow removal.

Compromise is important. A commercial area can be attractive without these restrictive sign and berm ordinances. Properly located buildings that are landscaped with sign size and setback requirements will provide for esthetic commercial development.

(About the proposed consumer's agency) I am against any agency that would bring the taxpayers any unnecessary expense. I am presently satisfied with the method the Chamber of Commerce uses in handling consumer complaints.

MASTER PLAN FOR LAND USE—All of Canton's "open space" is not suitable for farming. Agricultural zoning has no value unless there are farmers working the land. In a free society we cannot force people to farm if they choose not to and it is not profitable. Tax incentives and land banks are already provided by the state. Farm land should be preserved by the farmers themselves.

What we are talking about is a fundamental human right—private ownership of property. The test of true ownership is the right to dispose of that property as one sees fit. Land control is people control.

Canton's future population can be estimated at approximately 100,000 people—using neighboring communities of similiar land area for comparision. Housing for persons of all income levels is presently available. Future plannning must include for this variation or it becomes exclusionary.

Consideration should be given to the original master land use plan which took three years of planning. We can consider all the alternate ways of providing open space and a well-developed community by studying the suggestions of experts in this field. Optional: thought should be given to larger lots, township parks, residential acreage, recreation facilities, preservation of historical areas and public and edcuational facilities.

CITIZEN PARTICIPATION IN GOVERNMENT— I will encourage an attitude of consideration for township residents of all ages, background and opinion by protecting the rights of the individuals and showing no favortism to any one group of citizens.

It is important that we have a better working relationship between members of the township board. Meetings will be open, taped and conducted in a more business-like manner.

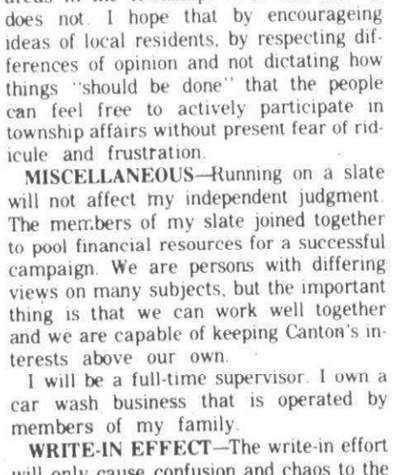

The Citizens Advisory Council will not be effective and responsive to the community until it has real representation from all areas in the township. . . at this time it does not. I hope that by encourageing ideas of local residents, by respecting differences of opinion and not dictating how things "should be done" that the people can feel free to actively participate in township affairs without present fear of ridicule and frustration.

MISCELLANEOUS—Running on a slate will not affect my independent judgment. The members of my slate joined together to pool financial resources for a successful campaign. We are persons with differing views on many subjects, but the important thing is that we can work well together and we are capable of keeping Canton's interests above our own.

I will be a full-time supervisor. I own a car wash business that is operated by members of my family.

WRITE-IN EFFECT—The write-in effort will only cause confusion and chaos to the voters. It will put an undue hardship on election officials and precinct workers—as did the recount for treasurer after the recent primary election.

As previously stated by the newspaper, the present supervisor has said, "The person who would be hurt most would be the Republican (Peter Bundarin) who has said many times he feels we share the same support." In many ways the present supervisor and the Republican candidate share similiar views. So, if the voters of Canton desire a change, they should support Harold Stein.

PETER BUNDARIN
(Republican-Supervisor)

Police Reserves and Regular Police—The police reserves are an excellent method of augmenting a regular police force. They should not be the nucleus of regular police operation. Reservists do not have the experience or training necessary to make critical judgments under emergency conditions.

I believe that because of the regional publicity given to our minimal police protection, the need for an immediate police force in Canton has arrived. I support a tri-community metropolitan police department. It is my opinion that this approach offers minimal cost investments and maximizes efficiency.

I will seek to have the representative for Canton who will negotiate with other communities to form this department and have the Canton Reserves continued as a separate division of the new department to augment the department's patrols in Canton. Further, I will seek to have it understood that any Canton reservist who attends and graduates from the Criminal Justice Institute school be given preferential status for hiring by the new metro police department.

Further, I am of the opinion that the exact duties and assignment of the reserves under the metro police department should be determined by that department. I believe that to have three police departments in this area would impose an unwarranted tax burden on the citizens by not maximizing the efficiencies that this department would provide.

I believe that a contract police department offers the least advantageous method of providing police protection. Because of the need for annual or bi-annual negotiations for this service, there is the recurring problem that the continuity of this service could be broken. The ensuing complications that such an occurrence would cause are so serious that I cannot consider this method of providing police protection.

The special department under the Wayne County Sheriff's would still be available to us, as they are to other communities, and so will the special services of the Michigan State Police.

BUSINESS REGULATIONS—I support a sign control ordinance for Canton. However, I do not believe that such an ordinance should so restrict that a business establishment cannot reasonably identify itself and its location, particularly where the business is established dependent upon a transient trade or is in a large shopping center. I personally find the present sign ban ordinance repugnant. Especially when a businessman is forced to park vans and trucks in fields along Ford Road advertising the location of their establishment.

Further, I do not approve of the shopping center marquee at the northwest conmer of Ford and Lilly roads as it is too gaudy. I favor a marquee-type of arrangement for larger shopping centers or those designated regional.

While I support the berm ordinance, I do not feel that all berms should be the same design. For example, a low redwood fence or a cedar fence along the outer fringe of the parking area may be a better design for certain establishments in the community.

I support the township providing both the consumer and the business community an organization to mediate problems which may arise in the relationship between these groups. Further, I believe that such an organization should have the authority to investigate any alleged unscrupulous business practices to either ferret them out or to prove the charges false. However, when the business community seeks to police itself, then an organization established for that purpose should be given the opportunity to prove its ability to satisfy the needs of the community.

The Canton Chamber of Commerce is trying to do this and the success of this endeavor should be investigated in order to determine its degree of success.

MASTER PLAN FOR LAND USE—I support a legal and fair method of protecting real farm land in Canton. However, I do not feel that this is the major issue facing Canton. I believe that the unregulated and uncontrolled growth that Canton is presently experiencing is a far greater threat to the stability of this community.

I don't support an artificial method of promoting agricultural (land) where it is not feasible. I resent having a master land use plan being presented as saving our open spaces when in reality it is a method of lowering taxes for holders of medium and large sections of land—giving to them the advantages of living on and owning an acreage without paying for this benefit through taxes. I believe that with a well-developed growth control ordinance, the speculative value of much of the land in Canton will decline. With this decline, the true value of the benefit of the land can be properly assessed without the speculative value inflating the tax base.

An agricultural study should be made of Canton to properly assess the economic potential of the farm land in Canton. I believe that if sections of land are determined to have long-range economic feasibility for use as farmland, then this land should be zoned agricultural and taxed at this level. With the implimentation of a growth control ordinance in Canton, the speculative value of this land will drop.

I do not feel that Canton can feasibly support more than 70,000 people by the year 1990. The growth control ordinance would provide the best method of limiting growth.

CITIZEN PARTICIPATION IN GOVERNMENT—The present Citizen Advisory Council (CAC) has been made a political tool of the Greenstein administration. Bob Greenstein has personally screened candidates to this organization and has pushed appointments of individuals who are followers of his views. Because of these tactics, the independent citizens are turned off to the CAC.

The CAC has got to be revised to keep politics out of its functions. There should be a set number of seats on its board of directors, with each seat designated to a particular interest group (i.e. businessmen, homeowners, farmers, etc.) in the township.

MISCELLANEOUS—I am not running for office on a team slate. I feel that slate-type candidates will always be popular because of the economics of running this way. Also it allows candidates who support a particular important issue to work together. I do not believe taht the clannish-type obedience to the dictates of one leader that we see in the present administration will continue.

I intend to devote full time—40 hours a week—to the supervisor's position. It has never been my intention to perform in any other manner. However, I do believe the supervisor's office should hire an assistant to act as office manager. The job of supervisor in a 30,000 plus township facing the problems this township has been facing, requires this position. My position on being a full-time supervisor has been misinterpreted by my opponents. I have taken a partner into my law practice so that it will continue without me. Obviously, at the age of 37 I do not expect to serve the rest of my working years in the supervisor's position. I will work evenings and weekends in the law practice—the same manner Mr. Greenstein contends he does. I expect to earn about $10,000 in this manner next year to supplement my supervisor's salary.

WRITE-IN QUESTION—I believe that the write-in will draw about 20 per cent of the total vote. It is possible that this percentage will mean that no candidates will receive a clear majority of the total vote cast in most elected positions.

Because of the above belief, I do not feel that the competition is healthy. Canton's problems are too critical for a minority government to negotiate with the outside interests that affect us.

ROBERT GREENSTEIN
(Write-In—Supervisor)

POLICE RESERVES AND REGULAR POLICE— Using the Canton Police Reserves, a trained and proven body of volunteers, primarily for crowd control and emergencies is a stupid waste of volunteer manpower and protection that Canton desperately needs. If re-elected, I would expand the nightly patrols of subdivisions, streets and mobile home parks by the Canton Reserves as well as the 14 new certified police officers now attending Criminal Justice Institute for state certification.

As proven in the Wayne County Circuit Court and practiced in many other communities, it is not necessary to require a certified officer be in the car with a reserve—but that the reserves be supervised and in constant radio communication with the police department and having the ability to meet the reserves should a problem arise. Such use of reserves allows this community to have substantially increased protection at a tremendous savings. The Canton Reserves have more than proven themselves to be judicious, calm, respectful and extremely helpful to the people of Canton.

It is quite obvious the other candidates have dropped their scare tactics and are beginning to agree. Before Canton commits itself, by a vote of the people, to a substantial increase expenditure for full-time police—it should expand on the study previously done for Plymouth Township and then compare the dollar amounts for the purchasing of the same services as per the offer from the Wayne County Sheriff of $300,000 per car. Because of my close association with the police question, I believe the study will show that Canton, in all likelihood, should create its own police department and that close cooperation with the surrounding communities could be of great benefit to all.

BUSINESS REGULATIONS—Since the question of severely restricting business signs that are free standing and close to the road ways, and the requirement of businesses to build berms to hide cluttered parking areas was the idea of this administration, I am happy to defend those ideas.

Canton, being in its infancy (with reference to commercial development) has a unique opportunity to make the look of this Township open and green, pleasant and relaxing—rather than curb-to-curb parking and commercial businesses. I believe that we can build Canton into an extremely attractive place to live and an even more attractive place in which to do business which will increase our non-residential tax base.

Recently, some of the larger commercial interests in Canton have stated that since they were required to build berms and remove free ground signs, they now believe that the increased attractiveness should be strictly enforced and that they now see the advantages obtained by requiring good looking buildings, set back from the road for easy viewing with green open space in front. One area that will need more enforcement, both prior to construction approval and after, is the berm appearance.

I feel Canton should institute a strong and fair Consumer Protection Ordinance establishing an agency which will protect all of the consumers from unscrupulous and improper business methods as well as protect those homes and upright businesses who certainly make up more than the vast majority of the businesses in this Township.

MASTER PLAN FOR LAND USE—During our administration, Canton has evoked the most modern land plan that has ever come from a local government body as based upon an original idea in New York State. Canton's plan has almost, word for word, now been adopted by the state of New Jersey. The terms provide for purchasing development rights of farm lands by state and-or federal monies. This allows the farmer to continue to own his land with complete rights to sell his land as he desires—but only restrict him from developing that land or using it for anything else than open space and farm land. The development right monies would be based upon the difference between the values of his land for farm land and for development.

This Master Plan, so fought for by our Team, would provide NO MORE THAN 100,000 people in Canton 20 or 30 years from now. That population would not be concentrated in the east side, but would have approximately 30,000 in the west. However, these people would be spread around the west side so as not to interfere with the farming community and not necessitate sewers and water which could completely open up the west side for unlimited development.

Most importantly it should be understood that with this plan, there would be NO—NO increase in taxes on the east side of the Township to support the fairly minimum amount of tax loss on the west.

The Master Plan calls for a substantial limitation on multiple developments, but makes certain that there is sufficient lands zoned for multiple developments (such as those previously under PUD agreements or lands along the expressway corridors) to provide a balance in tax base.

CITIZEN PARTICIPATION—From the election, I have tried continously to insure citizen input in the decision making process of Canton Township. We added the public forum to every meeting to insure any citizen who wished to speak on any subject. Prior to our time, citizens were only allowed to speak on agenda items unless they first wrote a letter requesting to be placed on the agenda.

We further incorporated many citizens who were never involved before into township government by keeping our campaign promise of reactivating the Citizens Advisory Council (CAC). Overtone threats to use the CAC for political ends have been eliminated and now homeowner and commercial organizations within the township are represented.

TEAM CONCEPT—One person alone can do nothing! I can only hope that the great challenges ahead for the township, such as police and protection for the residents, future development policies and plans, restricting of overwhelming multiple developments and restricting the rape of our natural farm lands, voting will continue to be a "Team" effort. It is only by a majority of four votes that such policies can be implemented and protected from those elected officials who refuse to take the time to learn and the tragedies caused by their lack of understanding and foresight.

DEVOTE FULL TIME—I have devoted in excess of 60 hours a week and much more to the office of Supervisor of Canton for the past two years. If re-elected, I am positive that I will be spending no less time in that capacity. I have realized

Crossing guard issue in court to determine who should pay

Plymouth Township will soon be named as a co-defendant in the crossing guards lawsuit before Wayne Circuit Judge Robert Olzark.

Attorneys for the Plymouth Community School District have served Plymouth Township with papers naming the township as a co-defendant in the lawsuit.

The township board, upon receiving notice, instructed attorney Donald Morgan to prepare an answer and to represent Plymouth Township in the legal proceedings.

As soon as Morgan files written answers to the school's claims, Judge Olzark is expected to set a date for pre-trial examination.

ED DRAUGELIS, school board attorney, filed the paper in Olzark's court.

Olzark heard the lawsuit filed in September by attorney James McCarthy, a township resident with offices in the City of Plymouth. Based on McCarthy's appeal, Olzark ordered the school district to provide crossing guards at any school site in the district where absence of the service would result in a safety problem.

At that time, however, Olzark did not specify who, if anyone, would pay for the crossing guard service. The action started by Draugelis addresses that point and asks the court to order Plymouth Township to pay its share.

Specifically, the school district is asking the court to order Plymouth Township to pay some $19,890 for crossing guard service this year and for services provided since school year 1973-74.

The township is being asked to pay $7,155 for crossing guards during the 1975-76 school year, $7,357 the year before, and about $5,375 for 1973-74. These figures represent half the cost for crossing guards for each year.

The filings made by Draugelis also ask the court to issue an injunction against Plymouth Township Board ordering it to pay half the cost of crossing guards for school year 1976-77.

LAST MONTH, when Olzark heared McCarthy's lawsuit, the judge ordered the district to provide crossing guards at four elementary school sites in Plymouth Township.

At that time, Judge Olzark said the question of who should pay for crossing guards remained unresolved. He said he couldn't rule on that issue unless the township was a party to the lawsuit.

The township has declined to pay half the cost, maintaining the township wasn't legally responsible to pay, that the service was a school responsibility, and that the township couldn't afford to assume the financial burden.

The school's position is that it will provide crossing guards only if the municipalities agree to share 50-50 in the cost of such service.

In a response to a request from the school district, the Michigan Attorney General issued a legal opinion that neither the municipality nor the school district were legally obligated to pay but that either could pay voluntarily if it wished.

The City of Plymouth has paid half its share but has asked that the money be placed in escrow and reimbursed if Plymouth Township does not pay. Canton Township has paid its one-half and has indicated it will continue to whether or not Plymouth Township or the City of Plymouth pays.

"This isn't a case of us trying to stick it to Plymouth Township," comments Supt. John M. Hoben. "There's more involved here for the school district than just the $19,000 Plymouth Township owes. What's involved is more like $50,000 based on Canton and the city's contributions because we could have a problem collecting from the other two units if Plymouth Township doesn't pay."

Hopefuls respond

(Continued from Page 1A)

little, if any, income from my law practice in Livonia (which is being run by my brother) although I have continued to wind up cases as the need arose. I have never neglected any township business because of that pre-existing obligation.

Any person who holds the job of supervisor in this township for the next few years had better be willing to commit their entire body, mind and soul to the job or the township will suffer.

WRITE IN—At the time of the primary defeat by 130 votes, I determined and announced that I would not be involved in a write-in campaign and that I was no longer interested in continuing involvement in township government since I was convinced that the people of the township had made a decision—and I was not a part of that choice.

Only after being presented with a petition supporting myself, Carl Parsell, Jerry Cheske and Joyce Willis for a write-in sticker campaign signed by over 4,000 residents —did I consent. I believe that had there been a candidate(s) toward whom these people could have looked for continuation of existing policies or better in Canton, they never would have spent thousands of manhours ona write-in sticker campaign. They are convinced—and they convinced me—we are going to win.

3 students commended

Three seniors at Plymouth Canton High School have been named "commended students" in the merit program by the National Merit Scholarship Corporation (NMSC), Principal Kent Buikema announced.

Letters of Commendation were presented to: Anne V. Davis, Gary Sieber and Matthew C. Norris.

These students are among 35,000 commended students nationwide who are being recognized for their outstanding performance on the 1975 Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT). Commended students represent less that two per cent of the nation's secondary school senior class.

Although commended students scored below the level required for the 15,000 semifinalists who will continue in the Merit Scholarship competition, their test performance indicates exceptional academic promise.

Edward C. Smith, president of NMSC, said: "The high standing of commended students in the Merit Program shows their great promise, and their attainment in this nationwide competition deserves public recognition. Commended students should be encouraged to continue their education; our nation as well as the students will benefit from their further educational and personal development."

To increase their opportunities for college, NMSC makes it possible for regionally accredited U.S. colleges to obtain, on a cost basis, the home addresses of commended students.

1976 CARRIER of the YEAR:

TOM DEVENNY

Congratulations to Tom DeVenny, 13, of Craftsbury Court, Canton. Our Canton Carrier of the Year is in the eighth grade at Pioneer Middle School where his favorite subjects are science and mathematics.
Tom was chosen Carrier of the Year for his length of service, amount of collections, prompt settling of accounts, few customer complaints, and accurate record books.

This is just one of the many ways the Canton Observer shows its appreciation to its carriers for a job well done. Observer carrier routes offer young people the opportunity to learn basic business skills while earning extra money. Tom, and carriers like him, is a vital link between our readers and the people who bring you the news of what's happening in your hometown.

Canton Observer

A limited number of Canton Observer carrier routes are now available. Call 261-3800 for more information.

Arch Vallier objects to increasing lab fees

Schoolcraft College trustees are leaning toward a series of laboratory fees as a method of raising a budget-balancing $46,000 next year.

The community college board will probably make a decision Oct. 27 after a two-hour discussion at the Oct. 13 study session.

As Treasurer Nancie Blatt summed it up: "The fees are based on the cost of the course."

Known as option 9, the lab fee schedule would charge $5 to $10 for art courses, $3 to $10 for health care labs, $3 to $10 for technical course labs, $5 to $10 for science labs, and $5 for a business lab.

ONLY TRUSTEE Arch Vallier voiced any strong objection to the fee option.

"It's just getting a little more money out of the students to give to the faculty," Vallier said, referring to the wage increase the Faculty Forum is due to receive in a new contract now being written.

Board Chairman Paul Kadish disagreed: "This should not be construed as paying for the contract. It's a move toward equity."

Trustee Mark McQuesten was skeptical and wanted to know what kinds of scholarships and aids students were getting in various areas.

Noting that some nursing students had publicly said they would be happy to pay more tuition to avoid a faculty strike, McQuesten said, "My sister's in that program, and she doesn't feel that way."

TRUSTEE LEROY Bennett said, "I don't expect to vote for the contract" when it comes before the board for ratification, but he liked the lab fee schedule.

Trustee Ron Cowden said a former Wayne State University student told him Schoolcraft's health care (e.g., nursing) course offerings were better and class sizes smaller. He liked option 9.

Vice-chairwoman Rosina Raymond said that "in a very expensive program, it's not out of line to collect lab fees."

Dr. Gerald Cox, another trustee, "encouraged" option 9.

BUT PRESIDENT C. Nelson Grote, although he has made no formal recommendation yet, urged the board to look at another plan—option 8, a "contact hours" fee.

Schoolcraft, like most colleges, charges tuition based on the number of credit hours. But some courses—such as biology—have four credit hours but offer seven "contact hours" because of lengthy lab sessions. In such a course, a charge of $1 per additional contact hour could be made.

"I'm not recommending either option 8 or 9 yet," said Dr. Grote. "But the faculty is paid on the basis of contact hours. The state is moving to payment (state aid) on contact hours.

"Contact hours is the wave of the future. It's the easiest to explain. It's the easiest to administer."

WHEN FEWER students showed up at Schoolcraft this fall than in 1975, the college found itself facing a revenue shortfall of $396,000.

Dr. Grote said three-fourths of it could be made up by not replacing retirees and resigned staff, cutting back on part-time faculty and other methods. But $93,000 would have to be made up from new revenue if the college is to avoid layoffs of personnel, he said.

Other options, besides the lab and contact hours fees, include increases in physical education uniform rentals, commencement fees, a registration fee, a charge for the catalog (now free), tuition surcharge, and a drop-add fee during late registration.

STUDENT SENATE President Jeff Stabenau indicated he was less than enthused about the lab fee idea. The senate's position is that the contract settlement with the Faculty Forum should not require any tuition or fee increases.

Stabenau asked for justification that the lab fees would cover only special costs incurred in labs and wouldn't be just another means of paying for faculty salary hikes.

Stabenau also noted the college receives higher state appropriations for vocational-technical courses than for liberal arts courses because of higher equipment and materiel costs in voc-tech.

Housing Commission backs senior project

The Plymouth Housing Commission has issued a statement urging residents to support the proposed senior citizen apartments on Union and Penniman Avenue.

The commission passed a resolution urging residents to vote "yes" on the Nov. 2 referendum which, if it passed, will allow the development to obtain tax abatement.

The state, which is subsidizing rent payments for tenants, requires the city to grant tax abatement as an indication of local commitment to the project. Under tax abatement, the proposed $5 million project would not be assessed and wouldn't pay property taxes to the city, school district, county, or community college. Instead, the apartments would make an annual $20,000 payment in lieu of taxes which would be distributed among the taxing units.

FRANCES R. YOAKAM, director-secretary of the Plymouth Housing Commission, notes that it is the goal of the commission to provide for the housing needs of Plymouth residents and that housing of various types for senior citi ens is a priority.

The commission operates Tonquish Creek Manor, a low-rise, which now has a waiting list of about 125 senior citizens but is able to accommodate only three or four new seniors per year.

"The Housing Commission sees a need for many additional units of senior citizen housing," states the resolution, "and the Michigan Housing Development Authority (MSHDA) has under consideration a project which would provide an additional 200 units in the City of Plymouth.

"The Plymouth Housing Commission supports the concept of that development..." and "declares its support for the additional 200 units of senior citizen housing as proposed by the Forest City Dillon Corporation."

Commission members also urged residents "to vote favorably on the Nov. 2 ballot on the question of additional senior citizens housing for the City of Plymouth by a 'yes' vote on the payment in lieu of taxes ordinance."

Schoolcraft board waves olive branch to faculty

The Schoolcraft College board is waving the olive branch at the Faculty Forum, the instructors union, over a policy of requiring proof of illness when an instructor calls in sick.

The board, in an Oct. 13 special session, offered to rescind the policy once a new collective bargaining agreement is ratified.

In return, the Faculty Forum would have to drop all unfair labor practice charges against the college filed with the Michigan Employment Relations Commission.

AN ANGRY board Sept. 22 voted unanimously to demand proof of illness after the forum virtually closed down the campus Sept. 20 when 130 of the 162 members either called in sick or took personal leave days.

Board members and the administration denounced the move as unprofessional.

The Forum went to Wayne Circuit Court in an unsuccessful attempt to get an injunction to stop the college from requiring proof of illness.

Instead, Judge Horace Gilmore suggested that faculty members be required to sign a statement saying they were ill if the absence were up to three days and a statement from a physician if the absence were longer than three days.

FORUM MEMBERS have approved the economic package for a new two-year contract, and last week negotiators hammered out other details of the new agreement.

Ratification is expected the week of Oct. 25.

Trustee Arch Vallier publicly issued his strongest denunciation yet of the board's closed-door "executive" sessions to discuss collective bargaining strategy.

"Why are we so afraid to tell the public what's going on? We hide ourselves. We always hide ourselves. We're afraid to tell our side of the story," he said.

The college meanwhile made public its contract proposals as of Oct. 7. How many of the proposals were to be in the finished contract was unknown.

THE COLLEGE said the economic package in its "final offer" had a total cost of five per cent the first year and 5.75 per cent the second.

(Forum officials put the value at about one per cent less, apparently referring only to base wage increases and not the additional cost of fringe benefits.)

The college said it proposed a maximum class size of 32 in recitation sections; current maximum is 30. Negotiators apparently agreed to a compromise of 31.

"The board has clearly indicated that if the Faculty Forum would agree to student evaluation of full-time faculty, the board would agree to a similar procedure for the evaluation of administrators by the faculty," according to the board statement.

On another point, the board said it "must maintain its right and responsibility to manage the college and therefore finds the concept of capping the aggregate number of credit hours taught by part-time faculty to be unnecessarily restrictive."

Board Chairman Paul Kadish is in the process of growing back his thick, black beard. Kadish said he had to shave it off when he lost a bet to Trustee Mark McQuesten.

Kadish had wagered the faculty would approve the economic offer by a 2-1 margin. The vote was 73.2 to 71.8. It was unreported what the clean-shaven McQuesten would have had to do had he lost the wager.

AARP will survey senior housing desires

A survey on the housing desires of senior citizens is being conducted by the Plymouth-Northville chapter of the American Association of Retired Persons, Inc. (AARP).

The survey is being circulated among AARP members. The group hopes other senior citizens will contact them to participate in the survey.

Copies of the survey may be obtained by contacting Fred Bradley, corresponding secretary of AARP, at 8166 Five Mile, Northville 48167.

"In all the atmosphere surrounding discussion of the Plymouth high-rise senior complex, nobody has seemed to know just what the average senior citizen really wants," explains Bradley.

"And so the local chapter of the AARP is trying to do something about it. It is now making a survey of its own members, and of any other seniors who would like to participate."

TWO YEARS AGO the organization conducted a survey to find out what its members and friends wanted in senior housing.

That survey asked seniors if they were satisfied with their present housing. Did they plan to move? If so, to what type of housing?

"The replies were interesting," says Bradley. "Many were perfectly satisfied with their present housing. And those who planned to move had a variety of preferences.

"But now the picture has changed and new factors have entered, such as questions regarding high-rise versus low-rise, subsidies versus no subsidies.

"The present survey is an attempt to update our knowledge in these areas. The information gleaned will be made available to appropriate municipal offices in Plymouth and Northville, and to county and state officers."

TYPICAL QUESTIONS to be asked on the survey include:

What do you think of government subsidies of senior housing? (multiple choice answers).

If you are now living with your sprouse, have you thought seriously about what you would do if your sprouse passes away before you?

If you now plan to move within the next two years, what would be your preference: high-rise, near the center of town; low-rise, on the edge of town; private home; condominium or co-op complex; rented apartment?

Preparing for candidates

Sponsors of a candidates' forum prepare themselves with political information, voters' guides, a timing clock and a calendar to remind residents of the 7:30 p.m. Tuesday program in Plymouth City Hall, 201 S. Main. The sponsors invited candidates from the 2d Congressional district, 35th, 36th and 52d state house districts, and 19th and 27th county commission districts. Reviewing the materials are (from left) Mary Uhl, Plymouth American Association of University Women legislative chairman; Janet Bennett, legislative chairman for the Livonia AAUW chapter; Jane Watts, voters' information chairman for the Plymouth-Northville League of Women Voters; and Jeanette Katz, who has the same position with the Livonia LWV. (Staff photo by Bob Woodring)

Hart backs Pierce campaign

U.S. Sen. Philip A. Hart (D-Michigan), closing out an 18-year career in the senate, has endorsed Dr. Ed Pierce, Democratic nominee for the 2d district congressional seat.

Hart, retiring because of health, wrote Pierce's campaign headquarters in Ann Arbor that the candidate has been active in the civil rights and peace movements and "turned his back on the comfortable life of a doctor in private practice, taking a sizeable reduction in income, to found the Summit Medical Center to provide good medical care to low-income people."

Hart added:

"All of which seems to me to make it a good bet that he will be a fine addition to congress. Let's give him a chance to prove me right."

Pierce was happy to get Hart's endorsement, saying that it means a "great deal to me because of his unsurpassed record of integrity and political courage."

"If I am able to even aproach the high standards he has set in the congress, then I will be a representative worthy of the 2d district, who have had the good sense to make Phil Hart their senator for the past 18 years.

Claerr will be Indian liaison

Robert Claerr has been selected for the position of liaison person for the Native American Indian Program of the Plymouth Community School District.

Claerr, who begins work today (Monday), was interviewed and selected by members of the Native American Indian Education Parent Advisory Committee.

A special opportunity to meet Claerr and discuss this year's plans for Indian education will be provided today at 7:30 p.m. in the school board offices at 454 S. Harvey, Plymouth, when the advisory committee meets again.

The education program was approved for funding under Title IV—Indian Education Act, through the U.S. Office of Education in the amount of $45,000 for the first year of operation.

The original proposal, as developed by the advisory committee in the 1975-76 school year, calls for development of an Indian Heritage and Culture Center to be set up within the school district to serve the more than 400 children identified as eligible for participation in the program.

Anyone interested in working with the committee and Claerr in setting up the program may volunteer by calling the school district's office of research, program planning and federal projects at 453-0200, ext. 450 or 451.

ADVERTISEMENT FOR BIDS
TOWNSHIP OF PLYMOUTH

Canton's top carrier

Tom DeVenny, of 44274 Craftsbury Court, Canton, earned carrier of the year honors Tuesday night and received a trophy to boot. Fred Wright, Observer & Eccentric Newspaper's circulation manager, made the trophy presentation to DeVenny with Larry Darnell, Canton's circulation manager, adding his congratulations. Carrier of the year honors are based on the length of service, amount of collections, prompt collection of accounts, neat record-keeping and the least number of customer complaints.

Plymouth's top carrier

Mike Butzow of 40703 Orangelawn, Plymouth, has been selected carrier of the year by the Plymouth Observer for the City of Plymouth. Mike receives his trophy from Larry Darnell (left), Plymouth area circulation manager, and Fred J. Wright, circulation manager, at the sixth annual carrier of the year night held this month. Selection is based on length of service, amount of collections, prompt settling of account, least number of customer complaints, neat organization of route books and proper up-to-date records.

Awesome Edsel crushes Rocks

By BILL COLLINS

Dearborn Edsel Ford sent a message to all teams in the Suburban Eight League... that the state-ranked T-Birds are the "class" of the conference for 1976. Friday afternoon, Edsel exhibited an awesome display of its "Quicksilver express" offense, when they ran roughshod over Plymouth Salem 42-0.

After a scoreless first quarter the T-Birds fastened their seat belts, revved up the engines, and soared for the ensuing three periods. They struck for six touchdowns before taxiing late in the final stanza when the scoreboard horn brought the curtain down on, "The finest game an Edsel team has played in many years," in the words of coach Jon Davis.

Salem coach Tom Moshimer held high regard in assessing Edsel.

"They have tremendous team speed, they're a good team that has improved steadily throughout the year...And your good teams will improve from week to week," he said.

First quarter action saw Reid Albert recover a fumble for Salem turning the ball over to the offense on the Edsel 38. The initial possession by the Rocks would witness their deepest penetration of the whole game, as they marched to the 12, but were turned back by Edsel's stingy defense, relinquishing the pigskin on downs four plays later.

A 14-play, 86-yard drive directed by quarterback Bill Damian put Edsel up 8-0 when halfback Erik Flowers skidded into the end zone, and Damian ran for the two-point conversion. Minutes later Flowers scored his second TD on a one-yard plunge for a 14-0 Edsel lead.

Edsel almost scored a third time in the second frame if it wasn't for a fine defensive play by Kurt Lewis breaking up a pass in the end zone.

The T-Birds extended their margin to 22-0 when Todd Bierman took a pitchout and blazed a trail up the left sideline for a 61-yard touchdown romp.

"At the half I felt we (Salem) could come back and tie the game to force an overtime, but when they scored that third touchdown, I knew we were in trouble. The kids didn't quit by any means, they just had a mental breakdown," said Moshimer.

In the fourth stanza Mike Berry took over the reins as Edsel's signal-caller and heaved an eight-yard touchdown pass to flanker Kurt Dobronski, who earlier set up the drive with an interception. That score stretched the gap to 28-0 with 9:36 to go in the game.

Flowers scored his third touchdown of the day shedding several would-be tacklers at the line of scrimmage, and scampering to pay dirt. That score boosted the lead to 35-0. With 31 seconds left Craig Rudder covered a Salem fumble in the the end zone to close the scoring.

Edsel scorched the turf for 280 yards rushing, and 36 yards passing for a total of 316 yards on offense. Bierman racked up 91 yards on the ground. Flowers counted 86, and Damian checked in with 76 yards in 14 carries.

So much for the plaudits of the victors.

Salem 's ground game was held to 95 yards, with Rick Hewlett passing for 43 yards. Tim Lilley and Doug Rowe led Salem with 31 and 24 yards respectively.

"Edsel executed as good as any other team I've seen this year," naid Moshimer.

Coach Davis re-inforced Moshimer's sentiments. "Offensively and defensively we've never played as well as we did against Salem in years. And we beat a good football team, we weren't playing a slouch."

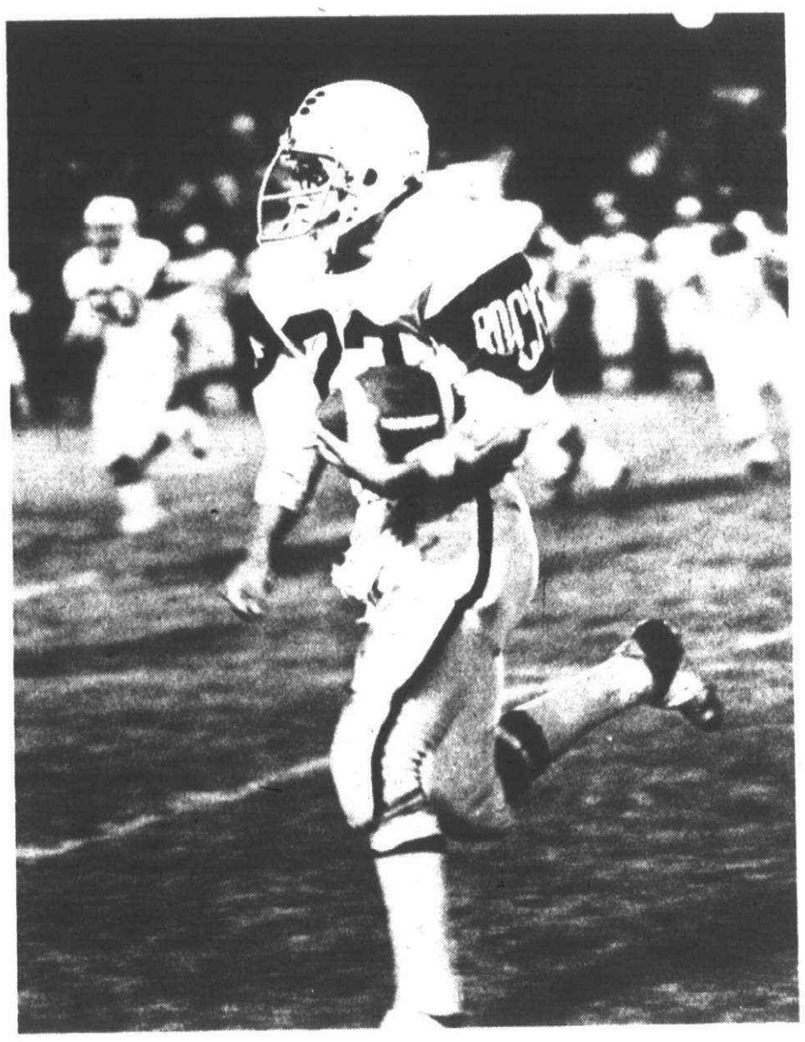

Edsel's unparalleled speed is documented by the fact that Flowers and Bierman were the number one and two finishers in the 100-yard dash in the Suburban Eight last spring as juniors. They also boast a pair of defensive ends who run the 40-yard sprint in 4.8.

Salem will host Livonia Bentley this Friday evening at the Centennial Park. Bentley was demolished by Belleville Friday night, 40-8.

Edsel will not have much time to revel in its latest victory. They face intra-city rival Dearborn, who emerged as another titan in the league by crushing Trenton 31-0, on Friday.

Other Sub-8 action saw Allen Park deal Redford Union its fourth straight loss in the league with a 29-12 win in the ho-hum game.

Edsel and Belleville stand at 4-0 in the loop, while Dearborn trails with a 3-1 mark. Salem is even at 2-2, with Trenton, Allen Park, and Bentley touting 1-3 records. Redford brings up the rear at 0-4.

Rock co-captain Tim Lilley powers around left end for a gain against Edsel Ford on Friday. The Rocks lost the game, 42-0. (Staff photo)

WSDP to broadcast weekend grid games

WSDP-FM, 89.3 on your radio dial, will be broadcasting both the Plymouth Salem and Plymouth Canton High School football games this coming weekend.

WSDP is the student-operated Plymouth radio station, which broadcasts all Rock and Chief home gride games.

This weekend Bruce Gerish and Joe Pierce team up to bring listeners the live action between the Salem Rocks and Bentley Bulldogs, beginning at 8 p.m. Friday night.

The following evening, Gary Sieber and Ken Britton give the play-by-play of the Canton Chief-Northville Mustangs contest, also starting at 8 p.m.

Gerish and Sieber are the play-by-play announcers while Britton and Pierce offer the color commentary.

WSDP will also be broadcasting the girls basketball action on alternating homes games for the Rocks and Chief cagers.

Canton gives inept performance

Western upsets Chiefs

By DENNIS O'CONNOR
Sports Editor

It was homecoming for the Walled Lake Western Warriors Friday night, and the Plymouth Canton fans were treated to a fine fireworks display at halftime.

But as far as the Chief fans were concerned, they wished the Walled Lake fireworks would have stopped at intermission and not continued into the second half.

The Warriors showed the real fireworks in those final 24 minutes of action, breaking a 6-6 deadlock at halftime to upset th Chiefs 27-12.

It was the first victory Western has relished in over two years. It was the first Western Six League triumph the Warriors achieved since way back in 1973, when they beat Canton's first varsity squad ever which did not include a senior.

But despite this long drought without a victory, the Warrior fans streamed onto the field as time ran out, rejoicing and hollering like they had just won the conference championship.

Horns sounded, and people shouted (believe it or not), "we're number one."

For Canton followers it was a different story, as they left the Walled Lake field in astonishment, as the Chiefs record fell to 1-4 for the season.

"I don't believe it," said coach Dave Schuele. "We didn't tackle worth a crap.

"They (Western) came to play."

WITH THE SCORE tied early in the third period, the momentum quickly shifted to Western side on the third play of the quarter.

The Chiefs' tailback Jim Meadows fumbled and it was recovered by Walled Lake's Mike Bryant on Canton's 22-yard line.

Four plays later, Rance Hafner crossed the goal line for the Warrior score. Quarterback Tony Swaitek passed to tight end Rob Murphy for the extra point, giving Western a 14-6 margin.

It was the Chiefs' turn to get a break late in the period, when a fumbled Western punt attempt gave Canton the ball on the opponents' 48.

10 plays later and two minutes into the last quarter, Mark Perkins snuck the ball over the line for the Chiefs score. The attempt for two points failed, and Canton remained short 14-12.

Any advantage that the Chiefs might have gained on that score was quickly lost on Western's next drive.

The Warriors exploded past the Chiefs' defensive line with eight running plays that covered 58-yards and consumed all but three minutes of the final period.

Hafner was the workhorse in this drive, scoring the touchdown from three yards away.

The icing on the victory came with only 13 seconds left, when Swaitek plunged in from one yard out.

WESTERN DREW FIRST blood in the game with a scoring drive early in the second period.

The Chiefs came right back with an identical drive that grounded out 60 yards in 12 plays, with fullback Jerry Simons scoring from one yard out.

Canton remains at the bottom of the Western-Six League with an 0-3 record, while Walled Lake climbs upwards with a 1-2 mark.

The Chiefs face rival Northville Saturday night at the Centennial Park field beginning at 8 p.m.

Tankers top Churchill

The Plymouth Canton girls swim team won its first Western Six League meet in the history of the school's competition with an 89-81 victory over Livonia Chuchill Thursday night.

The triumph evened Canton's overall record to 3-3 for the season, while giving the Chiefs a 1-3 conference mark.

The meet came dowm to the last event, thr 440 relay, where the Chiefs took first and third place to secure the victory.

Jane Anderson, Peggy McEmeel, Lori Hogan and Cindy Shelanskey combined for the triumph.

Anderson with a double winner in the 50 and 100 yard free styles.

Wendy Gray and Jamie Zuverink placed first and second in the diving competition respectively.

The other double victor for Canton was Lori Hogan in the 200 and 500 free races.

Shelanskey added second place finishes in the 200 individual medly and 100 back. Sue Knight, Annette Piethe, and Janet Gottschalk also placed second in their events.

THE PLYMOUTH SALEM tankers were idle Thursday but travel to Livonia Franlin for an afternoon non-league meet on Tuesday.

The Chief swimmers host Walled Lake Central on Tuesday beginning at 7 p.m.

Canton cagers cream Chargers

The rebound of the Plymouth Canton girls basketball team continued Thjrusday night with an easy 56—46 win over Livonia Churchill at the Plymouth gym.

The Chiefs have now won their last two games in a row, mounting an overall record of 6-3. Canton's Western Six League mark stands at 3-2 concluding the first round of action.

The Chiefs pu'led away from Churchill with a second-half surge. The game was deadlocked at 24-24 at halftime, before Canton outscored its opponents 12-7 in the third quarter to take the lead for good.

The Chiefs preserved the victory with a last quarter stall offense that riddled the Chargers.

Canton proved to be more fundamently sound than its Livonia opponents throughout the game.

The Chiefs' Kathy Sochacki led the scoring with 15 points, followed by Sue Rekuc's 12 and Ellan Doran's 10. Canton won the ballgame despite Doran, Kathy Peck and Evie Pasek all fouling out in the final quarter.

THE UNBEATEN PLYMOUTH Salem Rock cagers were idle Thursday, but resume action Tuesday night at home against Edsel Ford.

The Chiefs travel to Garden City East for a non-league battle that same night.

The Canton Junior varsity squad raisrd its record to 7-1 for the season with a 38-28 whipping of Churchill on Thursday.

The Salem junior varsity lost its first-game of the year against an unbeaten Redford Union squad last Tuesday. The Rock JV record stands at 8-1 for the season.

Harriers drop 2 meets

By BILL COLLINS

It was a fairly rough week for Plymouth Salem, the sort that the team can get along without in the remaining crucial weeks that lie ahead.

Thursday afternoon, Salem was beaten by Suburban Eight rivals Trenton and Allen Park at Cass Benton. The prime factor in the outcome was the absence of senior harrier Walt White, who also missed the RU Invitional because of severe chest pains.

Until being sidelined, White and and teammate Kleam had not been defeated in any dual meet involving Suburban Eight teams. At this point Kleam has finished behind a sum total of eight runners in 11 meets, including three invitionals.

In Thursday meet Kleam lowered the school record for the Cass course for the third time this season placing first in 15:47. Jeff Mangan was tenth in 17:37, and was trailed by a pair of freshmen who hold great promise for the future—judging on the basis of their improvement since the beginning of the season.

Craig Finley attained varsity status by running the course in 17:52. Paul Hess accomplished the feat in 17:57. Bob Stiffler closed out the scoring with a creditable 18:09.

"My prime concern at this point is whether or not my number two runner will be back in time for all the important meets we encounter at this stage in the season," said coach Steve Rea of White.

"I think the team can finish anywhere from second to seventh in the Sub-8. The teams are that close," he said.

GM
MARK OF EXCELLENCE

'77 Chevelle Malibu Coupe.

Three thousand, eight hundred and eighty-five dollars.

That's not a mistake. Not a misprint. $3885 is the Manufacturer's Suggested Retail Price for the beautiful, sleek '77 Chevelle Malibu Coupe, including dealer preparation. Destination charges, taxes, license and available equipment, like white stripe tires at $41 and full wheel covers at $33 (shown), are additional. Sensible price is one reason 4.8 million Americans have become Chevelle owners, making Chevelle history's best-selling mid-size car.

Great Value.
Price is only a part of value. It's what you get for that price that counts. With Chevelle you get a lot of car. And a lot of Chevrolet engineering. Adding up to a big, tough, handsome mid-size anyone would be proud to own.

Roomy Comfort.
Chevelle's mid-size roominess represents still more value. Every time you drive a Chevelle, you'll enjoy room for a family on full-foam cushioned seats, 15 cubic feet of trunk space and a quiet ride designed for low road noise.

Smart, complete, mid-size
Chevelle
Chevrolet

Impressive Mileage.
Equipped with a six-cylinder engine or available V8 power units, the Chevelle responds to today's need for economy of operation. EPA estimates for Chevelle equipped with standard Six and manual transmission are 25 mpg highway and 18 mpg city; with the 305 V8 and auto. trans., 21 mpg highway and 16 mpg city. Actual mileage may vary depending on the type of driving you do, your driving habits, your car's condition and available equipment.

Smart Money.
Chevelle says value all the way in space, ride, comfort, economy of operation, good looks and the Chevrolet reputation.

Kuhns leads Rocks to 2d in regionals

By BETTY DELANO

An excellent performance by Plymouth-Salems' Ted Kuhns last Friday afternoon on the Brae Burn golf course led the Rocks to a second place finish behind Northville in the annual regional tournment. Salems' four man team totaled a 341, trailing Northville's 333 score by eight strokes and edging Livonia-Stevenson out of second place by one stroke on the 18 hole course. Out of the 20 teams that participated, Plymouth-Canton came in 12th with a score of 367.

Kuhns managed to take over-all medalist honors with a 78, scoring birdies on the seventh par-5, 475 yard hole and the 18th par-4, 380 yard hole. Northvilles' Don Dales was second low man with an 82.

Canton's Stee Morman gave the Chiefs a 42 on the front nine and a 43 on the back for a total score of 85. Doug Bricker added a 46 and a 47 for a 93.

Other Canton scores were Jon Pearson shooting 45 and 49 for a round total of 94 and Dave Visser with a 46, 49 for a 95.

An 83 and a birdie on the 17th hole from Salems' Mike Mullen helped the Rocks along as did an 87 from Mike Wickham and a 93 from Craig Stevens.

The tourney was hosted by Plymouth.

Salem golfer Ted Kuhns led his squad to a second place finish in regional competiton with 20 other teams Friday afternoon. Kuhns was the tournament medalist of the event, shooting an impressive 78 on the Brae Burn Golf Course. (Staff photo by Gary Caskey).

JAA offers plenty

The Plymouth-Canton Junior Athletic Association (JAA), marks its 10th anniversary this Arpril, and like any 10-year old, it is stong, active and growing.

"Our objective is to promote the development of well-organized coordinated physical fitness programs-under competant adult supervision for all boys and girls in the community," said JAA president Jack L. Gray.

The 1975 program consisted of 104 baseball teams, 68 basketball, 23 hockey and six football squads. The program, open to all boys and girls ages six-20, annually enrolls some 2,000 to 2,500 youngsters in the four sports. Anyone can participate, regardless of athletic ability.

"Basic administration, coaching and adult involvement is strictly voluntary in order to keep operating costs down," Gray said.

"We also try to keep registration fees as low as possible so that anyone who wants to, can particicpste.

"The JAA also helps subsidize youngsters who cannot provide their own equipment or afford the fees."

Participants help raise money by selling candy, programs,holding skate-a-thons and benefit games.

But the main source of support is the Plymouth Community Fund, now conducting its annual fund raising drive.

Contributions to this fund may be sent to Box 356, Plymouth, or made through payroll deduction. Persons who are employed outside the community should designate that their donation be credited to Plymouth.

Nearly 70 per cent of the organization's budget is divided among facilities (especially for hockey) and equipment. The remainder of the moneys go toward insurance, official's fees, trophies and miscellaneous expenses.

JAA costs are kept down by the over 10,000 put in in each year by more than 5,000 adult volunteers.

"We have almost 600 coaching positions to fill. We welcome all asistance," Gary said. "Our aim is to grow with the community so that participation never needs to be limited due to lack of funds for facilities.

"We want to improve not only the four sports we sponsor, but all the junior athletics in the community."

Netters star for EMU

Laura Hastings and Beth Redmond, recent graduates of Plymouth Salem High School, have been instrumental in the recent successes of the Eastern Michigan University women's tennis team.

Hastings, a 1976 graduate, has compiled an overall mark of 7-2 in singles competition and 5-4 in doubles action.

Redmond, a 1975 graduate, is 4-1 in singles play, and 8-1 in doubles competition.

The Hurons, coached by Lucy Parker, has compiled and overall mark of 7-2 so far this year.

Hastings has been playing in the fifth singles and third doubles slots for the Hurons, while Redmond has competed in the sixth singles and second doubles positions.

The Hurons, as a team, have scored victories over Oakland University, the University of Windsor, Westeen Michigan University Wayne State University, Ferris State, Hillsdale, and Notre Dame.

Eastern's only losses so far this season have come at the hands of the University of Michigan and St. Mary's College.

Both Hastings and Redmond are former members of the Plymouth Salem girls tennis team.

Two years ago, both girls teamed in the first doubles competition to win the Suburban Eight League title.

Hastings won the same crown last year with Suzanne Hartnett.

Both women are also former singles, double and mixed doubles winners over the past three years in the annual Plymouth-Canton summer tennis tournament.

BETH REDMOND

Runners roasted

Coach Mike Spitz dragged his cross country team through a few grueling mileage workouts, and the team showed they were up to the test by posting several outstanding times, including a new school record established by Bill Murphy.

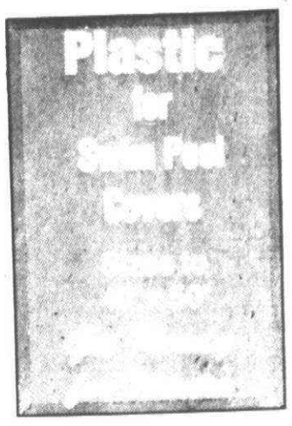

Tuesday afternoon at the RU Invitional, Murphy placed 52nd in a field of 165 runners lowering the Canton school record at Cass Benton to 16:38, as the Chiefs finished 21st among the 24 teams competing.

Thursday afternoon, the Chiefs ran against Western Six powerhouse Livonia Churchill, bowing to the the Chargers, 20-38. Murphy finished third in the meet, with Mark Zydeck placing sixth.

Canton's third, fourth, and fifth runners in the Canton rotation were most affected by the extra mileage. Dennis Hennells shaved 30 seconds off his best with an 18:17 time. He was folowed by Brian Olk who traveled the distance in 18:32, his finest time.

Dave Spitz posted yet another personal best for the team by trimming 15 seconds off of his best outing to finish the Churchill meet in 11th place at 18:49.

AN EXTRAORDINARY CANDIDATE FOR CONGRESS

Here's one very good reason to put a Doctor in Congress:

Ed Pierce.

Dr. Ed Pierce, Democrat running for United States Congress, is not a typical candidate. He's an M.D. — a family doctor — practicing in this district for 16 years. But then, he's not a typical M.D. either.

In 1968, Ed left his private medical practice, took a 50% pay cut, and opened up the low-cost Summit Medical Center, so that all people in his community would have someplace to go for medical care, regardless of their income.

Since then, Ed's been living on an average income, putting in long hours, working day-to-day with the average people of this area. Now, because our society has problems he can't solve as a doctor, Ed is running for Congress, to put his knowledge of the people to work for us in Washington.

Ed Pierce wants to help design an efficient, cost-controlled program of national health insurance. He wants to help get our people back to work.

The fact is, Ed Pierce is not a typical candidate.

Most candidates spend their time telling how they are going to serve their constituents. Ed Pierce has already been serving them — for years.

Authorized and paid for by Pierce for Congress '76.

Dr. Ed Pierce
DEMOCRAT FOR U.S. CONGRESS

Taste Science Succeeds.

'Enriched Flavor'™ breakthrough brings unprecedented taste to low tar smoking.

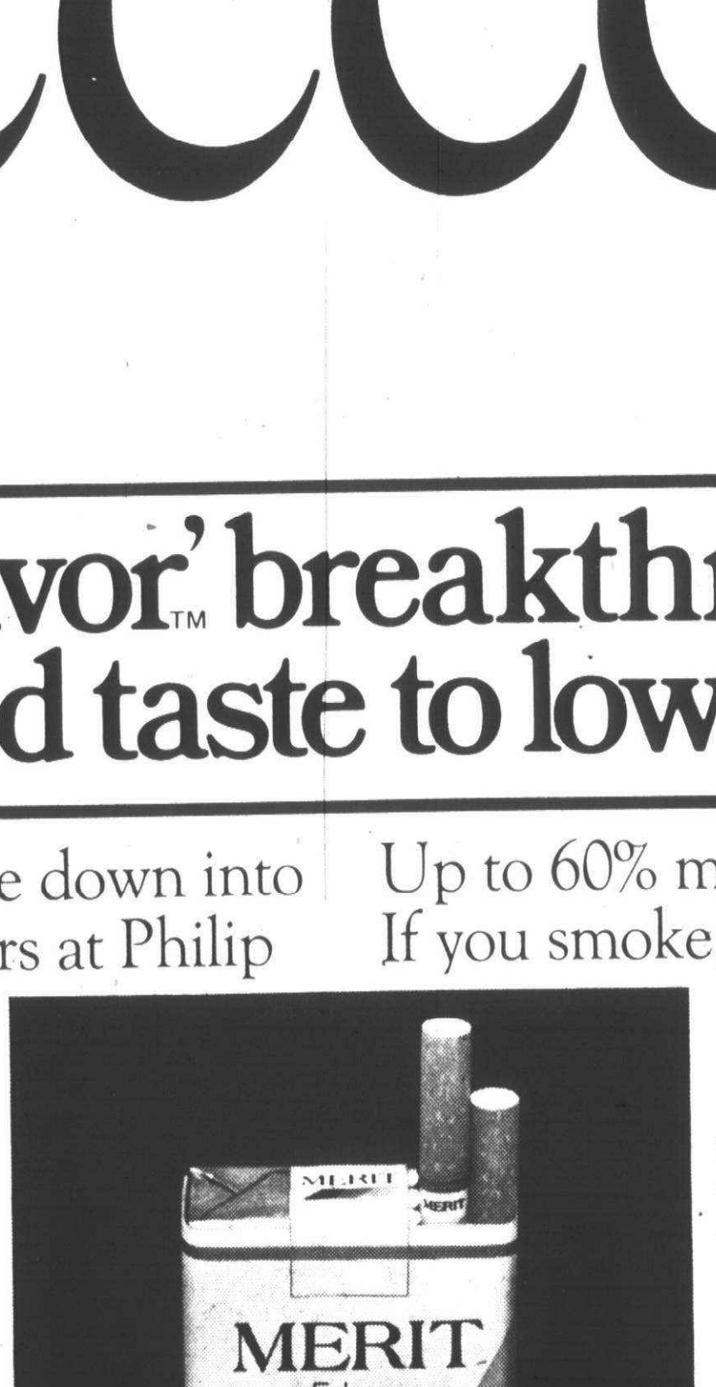

By "cracking" cigarette smoke down into separate ingredients, researchers at Philip Morris discovered very special "key" flavor units that deliver taste way out of proportion to tar.

The discovery is called 'Enriched Flavor.'

The cigarette packed with 'Enriched Flavor' tobacco is MERIT. At 9 mg., one of the lowest tar levels in smoking today.

Yet, MERIT actually packs the taste of cigarettes having *more* tar.

Up to 60% more tar.
If you smoke, you'll be interested.

MERIT and MERIT MENTHOL

Tests Verify Taste

9 mg. tar MERIT was taste-tested against current leading low tar cigarettes ranging from 11 mg. to 15 mg. tar.

Thousands of smokers were tested. The majority reported that even if the cigarette tested had up to 60% more tar than MERIT, MERIT delivered as much—*or more*—taste.

You've been smoking "low tar, good taste" claims long enough.

Now smoke the cigarette.

MERIT

© Philip Morris Inc. 1976

9 mg. "tar," 0.7 mg. nicotine av. per cigarette by FTC Method.

Warning: The Surgeon General Has Determined That Cigarette Smoking Is Dangerous to Your Health.

The VIEW from 461 SOUTH MAIN

THE GREAT MIGRATION has begun. Mr. and Mrs. Leon Merriman have headed south to their winter home at Vero Beach, Fla. It was a leisurely trip. They saw migrating snow geese at Assateague National Wildlife Refuge, Chicoteague, Va., and went sailing and fishing in the Atlantic.

The Merrimans are retired and spend their summers at their lakeside home in Michigan.

THOMAS AND LOLA King of Westland announce the arrival of their second son, Justin Owen. He was born Aug. 18.

His older brother, Ryan Kamaki, was born in 1973 while his father was stationed in Hawaii where he was a medic in the Army.

Proud grandparents are Mr. and Mrs. Thomas Otis King of Applecreek Drive, Plymouth, and Mr. and Mrs Robert E. Dipperman of Saltz Road in Canton Township.

A PUBLIC TELEVISION special on learning-disabled children will be presented on Detroit's Channel 56 at 8 p.m.

by ELLIE GRAHAM

Tuesday, Oct. 19. Entitled "The Puzzle Children," the special will be hosted by Julie Andrews and Bill Bixby and will be followed by a phone-in show on the same topic.

Barbara Leffler, president of the Plymouth-Northville Chapter of the Michigan Association for Children with Learning Disabilities, and Clem Bommarito, vice-president of the group, will be there.

They will answer questions called in by viewers.

Audio and optical tricks will be used in "The Puzzled Children" to temporarily disorient viewers to give them an idea what it's like to be intelligent but unable to complete a simple task.

The live, follow-up program from 9-10 p.m. will include a panel of experts in the field of learning disabilities, as well as teachers and parents, who will give help and information to viewers who phone in questions.

OLD HOME WEEK at Stonehenge?

As Betty and George Hudson and Betsy Delaney arrived at historic Stonehenge in England, a familiar small figure blocked their progress and demanded, "What took you so long?"

It was Elizabeth Folger.

Bit and Alvin Folger, the Hudsons and Mrs. Delaney, knew they would be vacationing in the UK at the same time. But the meeting was entirely happenstance.

JANE DREWNIAK and Howard Griffore were top scorers at the Thursday party bridge session in the Plymouth Cultural Center.

The group is planning a Christmas buffet luncheon at 1 p.m. Dec. 9. The food will be catered and the cost will be $3.90 per person.

Reservations should be made by Nov. 19 with Margaret Swartz, 459-0887. Bridge will follow the luncheon and it is open to all bridge players.

MOOSEMEAT WALLOPS

The following recipe for moosemeat wallops is published as a special Observer service to area residents who just happen to have a package of moose meat and don't know what to do with it.

Kal and Jim Jabara recently returned from a moose-hunting trip in Canada. Each bagged a moose and it follows: They are sizeable animals and there is probably more moose meat around town than normally.

This is the way they do it in Canada.

Moosemeat Wallops

1½ lb. minced moosemeat, from neck or shoulder
Juice of one lemon
1 slice white bread, finely crumbled
1 beaten egg
4 tsps. salt
½ tsp. salt
½ tsp. Worchestershire sauce
2 tbs. tomato paste

Sprinkle meat with lemon juice and let stand for two hours. Combine with other ingredients and mix well. Form into small meat balls, and roll each one in flour.

SAUCE: Heat 2 tbs. olive oil in a large frying pan and brown meat balls well on all sides. Remove them from the pan.

Saute one small diced onion in the pan until translucent. Add ¼ tsp. powdered garlic, ¼ tsp. salt, 1 tsp. dry mustard, ½ tsp. ground sage, ½ tsp. sugar, 1 tsp. flour, and one cup brown meat stock or one bouillon cube dissolved in one cup hot water. Cook and stir over brisk heat until sauce begins to thicken.

Stir in six ounces of whisky. Add the meat balls. Cover the pan, turn down the heat and let simmer for about five minutes. Serve immediately, or refrigerate and reheat the next day.

It's even better then.

Moosemeat is delicate and tender when young, but tough and chewy when the moose is full-grown. It then requires marinating to tenderize. The top fat gives a strong flavor to the meat. If objectionable, remove all traces of natural fat and use bacon or salt pork instead.

PASTOR FRED PREZIOSO and his congregation at Epiphany Lutheran Church have a new mountain ash on their property on Five Mile Road.

The tree was a thank you gift from the New Morning School families and staff. The church was the school's home for the first three years of its existence. This fall it moved to the old Truesdell School on Haggerty Road.

The students miss Pastor Fred who was a part of their school life.

"Whose the owner here?" they asked. They miss having "the owner" on hand to share their activities.

The ladies at the Manor are sporting new hair-dos

The beauty salon in Tonquish Creek Manor opened last week. For senior citizen residents of the manor, it was the culmination of years of fundraisers and hope.

First donor to the project was St. Kenneths Catholic Church. It was in 1974 that the first dryer chair was purchased with a donation from the church.

The necessary $4,000 gradually was acquired. There were donations from the Plymouth Elks, Our Lady of Good Counsel Catholic Church, the Plymouth Branch Woman's National Farm and Garden Association, Rotary Anns, United Methodist Church of Plymouth, Colonial Kiwanis Club, Girl Scouts, the Plymouth Lions Club and individuals.

Residents of the manor earned money through bazaars and other fund-raising efforts.

FINALLY, ON OCT. 12, the salon was opened for the first time. The opening day coincided with another milestone for Plymouth seniors—"Meals on Wheels," a nutrition program which had been in the workings for a long time, premiered the same day.

The shop is open Tuesdays and Fridays. There are a dryer chair, a styling chair, and shampoo chair with basin. The walls are papered and there are decorator mirrors and counter tops.

When the project was reaching the final stages of completion, the manor took bids from local beauty shops. The lowest bidder for a shampoo and set was accepted. It was Entri Hair Stylists, Ann Arbor Road and Sheldon.

"We are so pleased," said Fran Yoakam, director of the Plymouth Housing Commission.

"The men can get their hair cut there, too. And it is open to the residents any other day. If someone washes and sets her own hair, she can use the dryer. If a granddaughter wants to give a resident a home permanent, they can use the facilities.

"It is limited to residents of the manor."

Mrs. Yoakam said plans were in the making for a grand opening when they would have an opportunity to show off the salon and properly thank the organizations and individuals who had made it possible.

"We haven't set the date yet," she said. "There's been so muchgoing on around here—and next week it's the swine flu shots."

Kathy puts the finishing touches on Verna Hay's hair-do on the opening day of the new beauty salon in Tonquish Creek Manor. (Staff photo by Gary Caskey)

Renovation earns citation of beauty

By MABEL LORENZ

The recipient of the second Citation of Beauty award given by the Plymouth Branch of the Woman's National Farm and Garden Association is Charles Cude, owner and operator of Chuck's Service Center at 285 N. Main Street.

This selection was made not only because of the attractive plantings, but because it represented a complete revitalization of an almost derelict property.

Rome was not built in a day, we are told, nor was this rejuvenation accomplished in that short a time. In fact, Mr. Cude said, "When we started, we worked 40 days and 40 nights without stopping. I had a wonderful crew and we carried away three dump-loads of debris.

"The weeds were head-high and sumac had completely overgrown a rear window. It was like a jungle."

ALL OF THAT IS GONE now and in its place is the neatest, cleanest service center one could hope to see. In remodeling the building, they built a handsome fieldstone front, installed a large colonial window in keeping with the Plymouth theme, and topped it with aluminum siding and roof with a wide overhang.

At the top height of the fieldstone, he placed a long, wide planter which is filled with petunias. A cupola, complete with weathervane, decorates the front roof.

The neat black mansard roof is carried across the front and down the side of the building where the sign "Chuck's Service Center" announces exactly the nature of his business.

Gone is the old shanty that used to serve as a gas station. In its stead is a full sweep of blacktop.

To better serve his customers, four bay doors have replaced the two which had been there. Flanking each door is a large planter—five in all—billowing with red, white and blue petunias this bicentennial year.

THE AMAZING truth about these planters is that they are made from a tire left on a wheel. The face of the tire is cut in a petal pattern and then turned inside out. Plastic is placed in the center.

It is filled with soil and voila—a planter—durable, attractive and impervious to the weather.

Of special interest is the fact that he spray-killed all of the weeds along the railroad tracks.

His property is unique in that it is divided by the public service road paralleling the railroad. This made him very cognizant of the unsightly weeds. In contrast to some other railroad-abutting property in the area, there are no weeds at the service center.

To his great credit, Charles Cude saw to it that the blacktop had its boundaries. He saved six or eight feet across the entire front for plantings.

There he has built two flower beds three railroad ties deep at the back and tiered down to one at street level.

Two red maples give height to a bed composed of spreading yews and pink geraniums. Coarse redwood chips add to the well-groomed look.

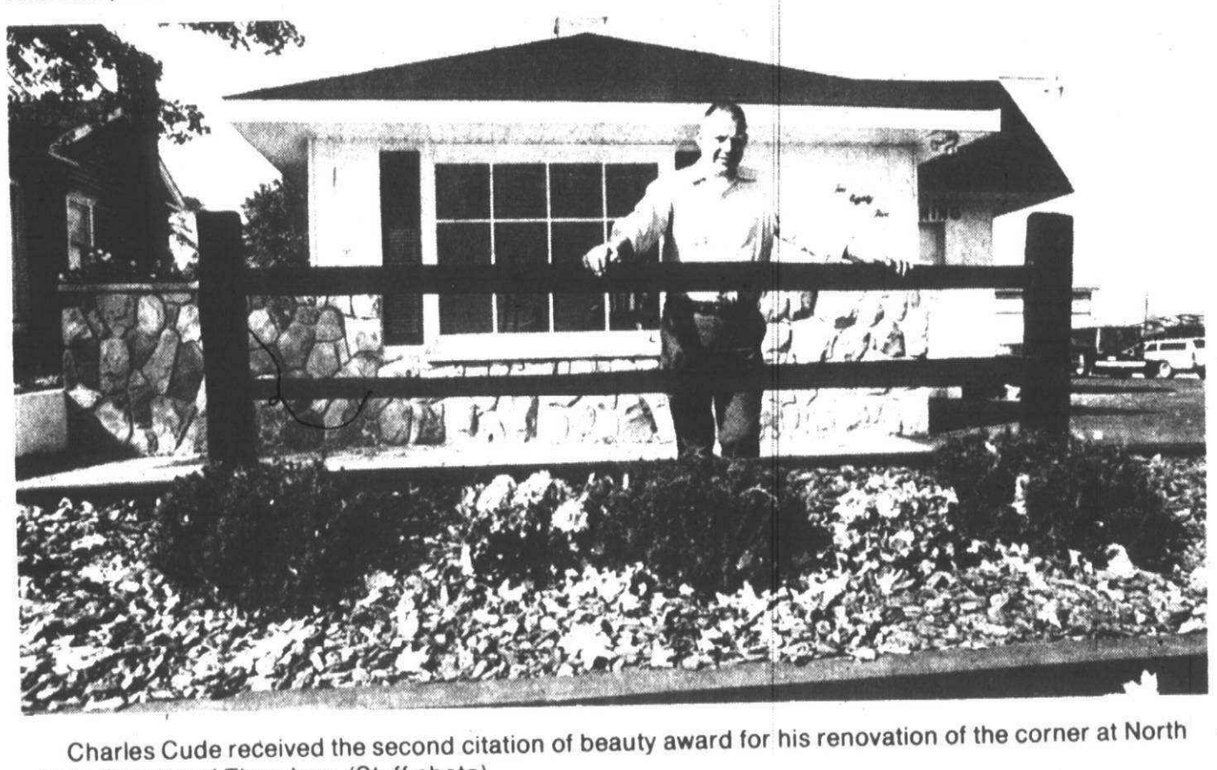

TO COMPLETE the setting, a split-rail fence gives a background touch. At the edge of the blacktop, the split-rail fence is carried around the corner, creating more depth for the second flower bed and more definite framing of the area.

Here he has conical yews in place of the red maples.

The simplicity of the plantings is a tribute to their creator. Few persons could pass without feeling a special warmth that someone has taken the time and made the effort to create something special.

To Chuck's Service Center—a "Citation of Beauty."

(This is the second in a series of articles by Mabel Lorenz in which she announces the recipients of her club's citations of beauty and the gardening efforts which earned the award.)

Charles Cude received the second citation of beauty award for his renovation of the corner at North Main Street and Theodore. (Staff photo)

By GAE McCORD

PARASOLS & Galoshes

Every Thursday morning during the fall and winter months, a fortunate group of Plymouth-Canton women gather in the Cultural Center to stretch their horizons and add to their knowledge of everything from art and archaeology to politics and women's affairs in Japan. The Plymouth Study Group originated approximately 26 years ago when a group of concerned parents and Sunday school teachers got together in one another's homes to study family living.

As the years passed, the group branched out to study related affairs, and finally evolved to the stimulating "window of the world" it has been for the past 20 years.

Over the decades, experts from almost every imaginable field have come to Plymouth to lecture and have gone away impressed with the intelligent and knowledgeable audience they (sometimes surprisingly) have discovered in Plymouth. Each two-hour session is divided into a lecture period followed by a coffee break and a question-and-answer period.

Among the fascinated devotees who heard Christine T. Schneider, curator, Detroit Institute of Arts, lecture on "Twentieth Century Painting and Sculpture," Sept. 30, were **Alva Davies, Clara Truesdell, Margaret Bake, Ruth Malbouf, Virginia Bird, and Ann Taylor.**

Serving coffee and Scotch shortbread were **Emily Ruehr and Lee Wiltse.** Colorful **Mable Bacon** added interest to the session as one of the questioners about the slide presentation.

Janet Repp, Vivian VanHeest, and Betty Stacey were on hand to hear Oded Borowski from the U-M deliver two lectures on "Biblical Archaeology," as were **Alice Smith, Betty Urquhart, Bea Armstrong, and Pat Oldford. Jo Hulce and Geneva Guenther** were members of the original group who were present for the second lecture.

Almost all of the lectures are preceded by suggested readings.One can feel certain, by the in depth questions and comments, that many of these astute women really do their homework. While there is an extensive waiting list for membership in the study group, there are limited guest privileges. If you are not a member, and know someone who is, you might inveigle an invitation and joggle the gray matter some Thursday morning.

If **Lt. Henry Berghoff** seemed slightly bemused on the evening of Oct. 14, it was only because he was watching some unusual guests as they arrived for a most select black tie affair held in the loft of the **Round Table Club.** Only after producing proper identification, were **Lizzy Borden, Judy Garland, and Poncho Villa** admitted to join **Merlin the Magician, The Countess Francesca, and Action Jackson.**

Each guest had his hand stamped upon arrival to insure complete privacy for the cocktail-dinner-cocktail party. Enjoying what our spies reported was a scrumptious dinner were **Count Von Furstenberg, Farmer Jane, Dr. Zhivago, and John D. Rockefeller III. Mr. and Mrs. Enciente Pumpkin and Groucho Marx** completed the exclusive guest list, however, there were three, as yet unnamed, invited guests who were unable to accept their invitations.

Rumor has it that this group has come to Plymouth to stay, and this column will make every effort to keep you informed of their exotic and/or mundane activities.

Attention all closet hams. If the smell of grease paint sets your heart fluttering, get out the old tap shoes and start warming up the vocal chords, you'll soon have your chance to shine.

Home decorating tip. If you feel the urge to perk up your environment for the coming holidays, don't overlook. **The PCAC Art Rental Gallery,** manned by volunteers who will be happy to assist in your selections. The gallery is located on the second floor of the Dunning Hough Library, and is open during library hours. Browsers always are welcome, and a chance to view the beautifully chosen collection is worth a special trip.

The lace parasol dips again...to Penny Wright because she not only cares, she **does** something about it. When you see that certain sparkle in her brown eyes, you know her agile mind and great energy are about to go into action and good things will start to happen.

Thursday morning study group members taking advantage of the mid-session coffee break to further question Oded Borowski about biblical archaeology were (from left) Nancy White, chairwoman of the group; Eleanor Berquist, Krys Hasley; and Diane Mallow.

AAUW plans 3 mini-sessions

The Plymouth Branch of the American Association of University Women will open part of its Oct. 21 meeting to the public.

The meeting in West Middle School cafeteria will begin at 7:30 p.m. with a social hour. After three legislative mini-sessions, the public will be admitted at 9 p.m. to hear Plymouth Mayor Joe Bida discuss the proposed senior citizen housing project in downtown Plymouth with Mimi Settles, a representative of CORP.

The first mini-session will feature Dr. Rae Levis of the Wayne County Intermediate School District who will speak on Title IX legislation (equality for girls in school programs and activities) and what this legislation means to the Plymouth Community School District.

The second session will be a video tape entitled "Crackerbarrel Politics." The tape emphasizes how and why women should become involved in the political process.

The third session will be a slide presentation on the Great Lakes Basin Task Force which examines all facets of the problems—recreation, pollution, economics.

After 9 p.m., the meeting will be open to non-members to hear information on Proposals A and C on the November ballot and the discussion of the pros and cons of the senior citizens housing project in downtown Plymouth. A referendum on the housing also will be on the November ballot.

From Your House

By LORI BRICKMAN

You, you're the one that we've been waiting for.

A fast food franchise may have coined the phrase, but it now applies to all residents of Canton Township.

The things you do, the places you go, and the people you see are interesting and often informative. Why not share the happenings with your neighbors through "From Your House"? Some folks already have.

Jan Knecht, Cathy Rodriguez and Mary Ann Carey are the newly-elected officers of the Willow Creek Co-op Nursery. The co-op recently has moved to Canton from Westland after a long search for larger facilities.

Jan, president of the group, said, "Most of our new members are Canton residents so we feel fortunate in acquiring space in Geneva Presbyterian Church."

Cathy Rodriquez, the new bookkeeper, also is on the fund-raising committee. "It's a lot of work and I love it," said Cathy. "Our crafts bazaar at Westland Shopping Mall during the Halloween weekend is keeping me busy. But all the members are helping."

Mary Ann, treasurer, is new to the community, having moved from Pennsylvania. She said, "This kind of job is not new to me but it's a great way to meet new people."

SPEAKING OF new people, **Debbie and Dan Heist** are proud to announce the birth of their son, **Bradford David**. Master Heist was born Saturday, Oct. 9 and weighed 7 pounds, 8 ounces. It is a first for the Heists and they certainly are excited.

THOMAS AND CAROLYN Turner also are excited about the birth of their first child. **Brad Wayne** was born Sunday, Sept. 26, in Ann Arbor Women's Hospital. The Turners are from Cincinnati and have lived in Canton only since August. Carolyn said, "We like the community real well."

JUDY AND ALAN Prince have increased their household to six children. They have just adopted a son, **Anthony Curtis**, 3, and a daughter, Connie Lynette, 5.

The Prince family is happy about their new additions. As Judy says, "It's nice to have friends within the family."

THE SENIOR citizens of Holiday Park gathered for a social hour Tuesday of last week. **Ruby McCauley, Ros and Tom Knight, Iva and Ed Brinkman, Laura Fluegge, Helen Crumb, Ray and Dolly Gerlack, andLaura and Doc Ludwig** all tried their luck at bingo. Mrs. Brinkman was happy to be one of the winners, but all enjoyed the coffee and dessert.

Al Delong, Mary Sears, Harry Bates and Thelma Ginder were early morning bowlers at the Super Bowl. **Nellie Kendzienski** took high game for their league.

News for "From Your House" can be submitted to Lori Brickman, 1725 Walnut Ridge, Canton 48187, or by calling 981-0237.

Secord-Wolfe

Mr. and Mrs. Harold A. Secord Jr. of Hackaberry Avenue, Plymouth, announce the engagement of their daughter, Kathryn L., to Gerald E. Wolfe, son of Mr. and Mrs. Harry E. Wolfe of Hidden Lane, Livonia.

The bride-elect is a 1974 graduate of Plymouth Salem High School and is employed as a secretary in Livonia. Her fiance graduated from Bentley High School in 1974 and attended Albion College, where he affiliated with Tau Kappa Epsilon fraternity. He is a sales associate for the Harry S. Wolfe Realty Co. in Livonia.

They plan to be married April 29.

Mikails honeymoon in Aruba

Susan Ann Bellmore and Michael Charles Mikail were married recently in Our Lady of Victory Church, Northville, by the Rev. Kevin O'Brien.

The bride is the daughter of Mr. and Mrs. John Bellmore of Northville, formerly of Plymouth. The bridegroom's parents are Mr. and Mrs. Carl Mikail of Plymouth, former Livonia residents.

Given in marriage by her father, the bride wore a white Qiana gown with an attached train. Her bouquet was white silk roses and dried flowers.

Unexpected maid of honor was Betsy O'Day of Victoria, Australia. Susan chose her sister Camille, Mrs. Carl Zornow of Plymouth, as her matron of honor. But when her childhood friend arrived from Australia three hours before the wedding, a childhood pact was honored. After a joyous reunion, Miss O'Day preceded the bride down the aisle, as promised.

Bridesmaids were Mary Bellmore of Northville, Susan Finch of Livonia, and Marilyn Darkangelo of Westland.

Maid of honor and bridesmaids wore muted shades of bone, beige, brown and apricot Qiana gowns. Dried flower nosegays complemented the dresses.

Best man was Scott Pollitt of Paramus, N.J., a cousin of the bridegroom. Ushers were Jay Halliburton of Plymouth, Dan Rivard of Livonia, and Jim Darkangelo of Westland.

The wedding reception for 130 guests was in the Raleigh House, Southfield, and the couple honeymooned in Aruba, Netherlands Antilles.

MR. AND MRS. MICHAEL MIKAIL
(Susan Ann Bellmore)

They will live in Plymouth. The bride is a graduate of Schoolcraft College and is employed at Auto Flo Company in Redford. Her husband is a management major at Eastern Michigan University and will graduate in December.

Vows exchanged at St. Peter's

Cynthia G. Moll and Larry R. Cunningham were married recently in a morning ceremony at St. Peter's Lutheran Church. The Rev. Leonard Koeniger officiated.

The bride is the daughter of Mr. and Mrs. Robert Moll of Greenbrookin Plymouth, and the bridegroom's parents are Mr. and Mrs. Raymond Cunningham of Ann Street, Plymouth.

The bride was given in marriage by her father. She wore a white crepe satin dress with a chapel train and carried a bouquet of sweetheart roses, miniature carnations and ivy.

Matron of honor was Kay Rodea of Manistee. She wore a cream lace gown with a flowered knit jacket. Bridesmaids were Jan Moll, sister ofthe bride from Lincoln, Calif., and Karen Klement of Saginaw.

Doug Miller of Vermont was best man. Ushers were Doug Krupa and Dennis Cunningham both of Plymouth, Jamie Greenway of Ann Arbor and Jeff Golden of Southfield.

The couple honeymooned in Great Britain following a reception at Hines Park Inn.

They will live in Plymouth, the bride is a graduate of Michigan Lutheran High School and attends Schoolcraft College. Her husband is a graduate of Plymouth High School. He attended Schoolcraft College and is employed at Associated Spring in Plymouth Township.

MR. AND LARRY CUNNINGHAM
(Cynthia Moll)

Schaening-Tolles

Mr. and Mrs. Eugene Schaening of Gilbert Street, Plymouth, announce the approaching marriage of their daughter, Judith Ann, to Craig Tolles, son of Mr. and Mrs. Dwight Tolles of Iowa Street, Livonia.

The couple will be wed Oct. 23 in St. Peter Evangelical Lutheran Church in Plymouth. Following their honeymoon, they will make their home in Brighton.

Clubs in Action

PI BETA PHI

The Detroit-Dearborn Alumni Club of Pi Beta Phi will meet at 8 p.m. Oct. 18 in the home of Mrs. Robert Schwyn, 6143 N. Elizabeth, Dearborn Heights. The group will construct ribbon wreaths. Sally Hargreaves of Westland will provide the materials and a demonstration. Arrowcraft items, calendars and fruit cakes will be on sale. Co-hostesses for the evening will be Mrs. Marvin Stuckey and Mrs. Jack Gatewood.

PRACTICAL NURSES ASSOCIATION

The Ann Arbor District of the Licensed Practical Nurses Association is sponsoring a luncheon meeting from 9 a.m. to 4 p.m. Oct. 19 at the Ann Arbor Inn, Ann Arbor.

Donald Rucknagel PhD will give a program entitled "Genetic Counseling in the Practice of Nursing," in which he will explain the nature and function of genes.

Helen M. Millen RN will discuss how and why public facilities have become available to the handicapped. Richard Weeden, master of divinity, will discuss "Dealing with Terminal Illness."

EMBROIDERERS GUILD

The Embroiderers Guild of America, Livonia Chapter, will meet at 7 p.m. Oct. 19 in the Idyl-Wyld Golf Course clubhouse, Five Mile Road between Levan and Farmington roads. Members are asked to take along their stitching and sit before the fire. Needlepoint, crewel, cross-stitch, and free surface stitchery with floss are the main interests of the group. Open to the interested public.

SQUARE DANCE CLUB

Beginners class in American square dance meets each Wednesday evening at 7:30 p.m. at the Plymouth Cultural Center, 525 Farmer Street, Plymouth. Sponsored by Plymouth Parks and Recreation Department, the charge is $2 per couple. No registration is necessary; persons pay only when they attend. Classes run for 20 weeks with instructors Doug and Kat Waldren.

APPLE RUN GARDEN CLUB

Members of Apple Run, Michigan Division Woman's National Farm and Garden Association will meet at 7:30 p.m. Wednesday, Oct. 20 at the Canton Township Recreation Hall, Sheldon at Michigan Avenue.

A workshop on pine cone wreaths, Christmas trees and decorations will be conducted by John and Ella Takacs. Members are asked to wear work clothing and bring a pair of wire-cutters or old scissors. All other materials will be supplied.

Guests may attend if accompanied by a club member. For confirmation of attendance, call Margo Whiting, 455-3563, no later than Friday, Oct. 15.

UMW RUMMAGE SALE

United Methodist Women have planned a rummage sale in First United Methodist Church of Plymouth, 45201 North Territorial Road. Hours will be 9 a.m. to 5 p.m., Friday Oct. 22, and 9 a.m. to noon, Saturday, Oct. 23.

BRADBURY BOUTIQUE

Bradbury Condominium residents have planned a boutique in the clubhouse, behind Kmart off Haggerty Road, between Ann Arbor Road and Joy Road. Hours will be from 10 a.m. to 6 p.m. Saturday, Oct. 23 and noon to 5 p.m. Sunday, Oct. 24.

Luncheon will be served both days, spaghetti dinner on Saturday, and soup and sandwich with beverage on Sunday.

There will be hand-crafted items, white elephants, books, plants, Christams items, home baked and canned goods, game booth, and a children's booth.

Role of pediatrician is discussion topic

The Plymouth-Northville Chapter of The Michigan Association for Children with Learning Disabilities (MACLD) will meet at 7:30 p.m. Wednesday, Oct. 20 in Pioneer Middle School cafeteria, 46061 Ann Arbor Road.

Pediatrician Sheldon Brenner will speak on "The Role of the Pediatrician in Detecting and Dealing with Learning Disabilities."

Brenner attended Wayne State University and the Chicago College of of Osteopathic Medicine. His publications include: Methadone Poisonings in Children, Clinical Toxicology and Bartter's Syndrome, Evidence for Pathogenesis: Abstract.

He has been afiliated with Detroit area hospitals and is on the faculty of WSU in the College of Medicine.

MCLD is an organization dedicated to finding and helping the child with hidden handicaps.

THE CHILD WITH such handicaps is essentially normal in all aspects save one—his learning performance does not measure up to his learning capabilities as tested by the schools.

The organization of parents and professionals are interested primarily in the child who is normal, but has trouble learning by conventional methods. MACLD can offer support, information, programs, literature and a voice in obtaining for the child his needs as an individual.

Parents are informed of their rights by MACLD which participates with parents in making demands of the school in terms of testing, evaluation, and correct placement of the child.

"Our organization fights hard for the learning-disabled child in the state capitol to bring new programs to the schools," said Margo Panko, a member of the group. "MACLD's Plymouth-Northville chapter is ready to help you whenever we can."

A disabled learner may exhibit disorders in thinking, talking, listening, coordination, reading, writing, spelling, or arithmetic.

He may have behavior problems, but he is not primarily emotionally disturbed, physically handicapped, blind, deaf or retarded.

His is a hidden handicap.

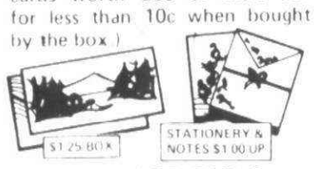

"Our meetings are open to anyone interested in learning disabilities," said Mrs. Panko.

MAKE EXTRA MONEY

For yourself or your organization. Sell Greeting Cards and Gifts. It's Fun. It's Easy. It's Profitable. The atmosphere brings you in. The food brings you back.
Of all the restaurants in the Detroit area, there's one unlike any other you've ever been to. Victoria Station.
The first thing you'll notice is a uniquely warm and friendly atmosphere. There's a relaxing lounge that's really an old caboose, and a series of comfortable dining areas inside real boxcars. Throughout this unusual setting you'll enjoy a fascinating collection of antiques from railroading history. With soft lighting and linens to enhance it all.
tell us it's the food that brings them back. It's basic but superb. And everything is expertly prepared and served in portions larger than you'll find just about anywhere.
But Victoria Station people are the most important part of the atmosphere. They're more than cordial—they're extremely conscientious and eager to make your visit a truly pleasurable experience.
While the atmosphere may bring you in the first time, our regular customers
Try our Prime Rib. It's roasted and cut precisely to your taste, then presented at your table on hot stoneware. Or select one of our other specialties. Savor thick, juicy Top Sirloin Steaks, Bar-b-que Beef Ribs or Giant Shrimp sautéed to perfection in a special wine sauce. Enjoy your entrée with an order of fresh mushrooms served sizzling in a skillet. And a not-to-be-missed salad bar where you create your own chilled, crisp salad.
Come discover the many reasons why Victoria Station is so unusually good . . . and such an outstanding value. Join us for lunch or dinner and enjoy great food, generous cocktails, and fine wines. It's an adventure in dining that will bring you back again and again.
