Knives raised in ceremonial salute, Lois Umerska and fellow witches wish a pagan couple a happy and fruitful marriage. The Canton Township witch faces sentencing Dec. 6 on a charge of obtaining money under false pretenses. (Photos by Les Raebel)

Pagans wed by a witch

Two self-described "pagans" were wed at the Romulus Ramada Inn Friday night by a high priest and high priestess who belong to the Church of Wicca, a religion of witchery.

The high priestess is Lois Umerska of Canton Township who was convicted late last month of defrauding a widow out of \$4,500. Wayne County Circuit Judge Irwin Burdick, who will sentence Mrs. Umerska Dec. 6, said the witch swindled money from "superstitious" Anna Groves after gaining her confidence through Tarot card readings.

Mrs. Umerska steadfastly claims innocence and maintains she's being persecuted for her unorthodox religious beliefs. Last week she urged fellow witches to stand up for their beliefs and "come out of your broomcloset."

Mrs. Umerska, and the high priest, Dr. Leo Louis Martello, claim Friday's ritual marked the first public witch wedding in the United States. The bride and groom, Michael Brownell and Patricia Mendrick, have not been inducted into the church and refer to their status as "pagans."

WHILE THE BRIDE and groom were dressed in white, a host of witches from around the country wore black, a symbol of purity, according to Mrs. Umerska, or Lady Athena as she's known in the church. Mrs. Umerska wore a ceremonial robe trimmed in satin during the service.

The couple were married inside a circle marked off by candles. A cauldron fueled by Sterno burned nearby. The overpowering smell of incense pervaded the room as the witches congregated in the circle with knives held high in salute. The couple's rings were blessed on a sword. The ceremony caused some consternation among unsuspecting guests of the bride.

As Lady Athena delivered a solemn message to the newlyweds, the sound of a polka band emanated from the room below.

Mrs. Umerska was assisted by the high priest Dr. Martello, director of the Congress of Continental Covens and Churches of America. He is author of "Witchcraft—The Old Religion," head of the Witch Anti-Defamation League and he also distributes a catalogue of occult goods.

Followers said the ceremony adhered to ancient customs which can be traced to pre-Christian times in eastern Europe.

Plan wisely for future, says LWV

After two years' study, the League of Women Voters of Northville, Plymouth, Canton and Novi has adopted a consensus on land use for the communities they represent.

"Competing demands for land are increasing every day—demands for housing, community development, recreation, agriculture, commerce, industry, mining and open space," the report states. "In 1973 the U.S. had a population of (more than) 210 million, and the most modest of census projections predict 40 million more people by

Alleged pizzeria bomber's confession called coerced

Attorney for Robert Jay Blackburne, the 17-year-old Canton resident accused of detonating three sticks of dynamite behind Little Caesar pizzeria at Ford and Lilley roads, said last Thursday he may argue that police lacked a search warrant when they arrested his client with dynamite in possession.

Police officers involved in the case say a search warrant was unnecessary because surveillance and an inside informant provided them with reasonable cause for arrest.

Marvin Sharon, court-appointed defense attorney for Blackburne, said he'll also request a Walker Hearing for his client to determine whether he made a voluntary confession to officers during interrogation.

On Thursday 35th District Court Judge Dunbar Davis bound Blackburne over for trial in circuit court at a preliminary hearing on one of two felony charges against the defendant—"placing explosives on property with damage resulting"—an offense which carries a maximum 25-year sentence.

Though Doug Sheridan was working inside the pizzeria when the bomb exploded, no one was hurt. Three sticks of dynamite blew a small hole in the cinder block in the back wall of the store. Police explained that the damage was not great because the dynamite was not packed flush against the building, therefore it blew out toward the alley.

Blackburne and his brother, Donald Esser, 20, face a preliminary examination Tuesday in Livonia's 16th District Court on a single charge of possession of explosives. Both men were arrested in Livonia in possession of dynamite, police claim, but Esser had nothing to do with the pizzeria bombing.

Esser is being held in Wayne County Jail on a \$50,000 bond, while his brother is being held there on two \$50,000 bonds—one for each felony charge against him.

Trooper David Gentry of the Michigan State Police told the court that no warrant was needed in the arrests because both subjects were under surveillance for more than a day following an "anonymous phone tip" linking

the brothers to the Nov. 1 dynamiting of the pizzeria and earlier explosions in a Westland field.

Gentry said he and two Westland detectives—Sgt. Ralph Smith and Sgt. Hugh Carpenter—met with a police informant on Nov. 2 and instructed him to make a dynamite buy from Blackburne. Westland police reportedly gave the youth money to buy the dynamite and told the informant to give police a pre-arranged hand signal when he received the dynamite.

The trooper said he, the Westland officers and agents from the U.S. Bureau of Alcohol, Tobacco and Firearms tailed the brothers for more than a day before Blackburne, the informant and two juveniles drove up to a machine shop at 37060 Amrhein in Livonia.

Esser was working inside the shop. "Mr. Blackburne made contact with his brother and another subject," Gentry testified, "and left the area with three other subjects, followed by another surveillance crew."

But there was no hand signal from the informant. Gentry said the four returned shortly and Blackburne went into the brush and came back carrying a paper bag. Police, who had been "watching through a fence," reportedly saw the informant raise his right hand when Blackburne got into the car and placed the bag in the back seat. They fol-

Eat pizza, hear politics at the chamber meeting

Potential members of the Canton Chamber of Commerce are invited to attend Wednesday night's membership meeting to munch on free pizza and discuss the extent of political involvement by business in the township.

The meeting begins at 6:30 p.m. in the Super Bowl Lanes meeting room, 41500 Ford Road.

Robert LaBrant, manager of the state chamber of commerce's Political Action Committee, will talk about how business should act to influence legis-

lated the car down I-275 expressway, where police say Blackburne illegally crossed the median. A search of the car revealed three sticks of dynamite, three feet of fuse and two blasting caps, according to police.

Blackburne was placed under arrest and another surveillance team entered the machine shop and arrested his brother, who reportedly had 79 more sticks of dynamite, 92 blasting caps and nearly 100 feet of fuse stashed in a footlocker.

More than five hours after Blackburne was arrested, police say he gave them a confession which is on tape.

"Were there any promises made to go light on him if information was received?" the defense attorney asked Gentry. "Were there any inducements encouraging him to make a statement?"

"I told him it (the confession) could be made easily and civilly, with no vulgarity, obscenity or any threats or pounding on the table," Gentry replied. "We were only trying to relax him."

Smith, Carpenter and Gentry reportedly were present when the confession was made. Gentry said the juveniles riding in the car were questioned before Blackburne.

Blackburne faces an arraignment on information and a pre-trial examination in Wayne County Circuit Court at 8:30 a.m. Friday, Nov. 26.

Leaks infuriate Stein: 'Some secrecy needed'

By CRAIG PIECHURA

Just how much governmental secrecy is necessary and allowable under the provisions of Michigan's "Sunshine Bill," in effect for less than seven months?

Canton Township board members are mulling over that question in light of recent information about closed meetings released to the public by the local press.

Canton Supervisor Harold Stein is infuriated about recent articles which revealed that the township has been negotiating with two landowners in efforts to secure municipal property. In the first "leak," Canton newspapers printed the news that township officials met with owners of Fellows Creek Golf Club about the possibility of purchasing the golf course for an estimated \$1 million.

About 10 days ago, word got out that township trustees met with Clarence and Charlotte Fischer to discuss buying the recreation-senior citizen building at the southeast corner of Michigan and Sheldon. Canton Township now rents the building from the Fischers for \$245 per month.

Supervisor Stein, Financial Director Mike Gorman and Clerk John Flodin all believe the information should not have been released. They argue that if made public, the information could jeopardize negotiations by inviting another party to outbid Canton for property that the township would like to acquire.

UNDER THE SUNSHINE LAW, municipalities are allowed to meet in private in eight different instances:

- Personnel matters to consider the dismissal, suspension, or disciplining of an employee if the named person requests a closed hearing;
- When a student faces dismissal, suspension or disciplinary action, if the student's parent or guardian requests a closed hearing;
- Strategy and negotiation sessions

Analysis

in the collective bargaining process if either negotiating party requests a closed hearing:

- To consider the purchase or lease of property up to the time an option to purchase or lease that property is obtained;

- To consult with an attorney regarding trial or settlement strategy in connection with pending litigation when an open meeting would "have a detrimental effect" on litigation or settlement;

- To review the specific contents of an application for employment or appointment to a public office when the applicant requests that his application remain confidential; however all interviews by a public body for appointment or employment to a public office must be held in an open meeting;

- Partisan caucuses of members of the state legislature;
- To consider material exempt from discussion or disclosure by state or federal statute

THE FOURTH EXEMPTION from the open meeting act dealing with land negotiations is the footnote which Stein feels is being ignored by some trustees and township employees.

"It's the obligation, responsibility and duty of people to keep the confidentiality of a secret meeting," Stein said.

The news leak that really irked Stein was the fact that Fischer reportedly asked \$130,000 for the property he now rents to the township for use as a recreation-senior citizen center.

"There's not been any firm price established (on the recreation building)," Stein said. "But the word's out that the top figure is \$130,000. You're telling people your bottom line."

So, Stein reasons, if the word gets out that the township wants to buy a parcel of land for \$2,000 an acre, a developer could put in a counter-offer for \$3,000 an acre, knowing that the municipality is interested in buying the land.

"What's the purpose of a closed meeting if you can't do business in private?" Stein said. "You're hesitant to talk to anybody about anything if there's no trust among board members. It'll be very hard for me."

"A closed meeting is top secret not just for the benefit of the people on the board trying to secure a piece of property, but to the people of township who should be able to buy that land at lowest possible price."

TRUSTEE LYNNE GOLDSMITH, who believes Stein over uses a "cloak of secrecy," agrees with the supervisor that land negotiations could be jeopardized by news leaks. But, she said the intent of the open meeting law can be circumvented and ignored by politicians. As a frequent critic of Stein, she said she's afraid that leaks could cause the administration to keep "even less informed."

"It's a difficult question—what should remain secret and what should the public know before negotiations are reached in private session."

Trustee Robert Myers says he has been wrongly identified by the Observer as the source of the most recent leak concerning discussions with Fischer on a possible township purchase of the recreation hall property. But Myers said he will continue efforts to open government decision-making to the light of sunshine.

The first Frosty

Arthur, Nina and Angela Nelson peer out the window at their sad-looking, leaning snowman. The year's first significant snowfall fell on Canton Friday morning, and while there will be bigger snowmen built this winter, Frosty the 1st was there when it all began.

1ST WOMAN COP

The City of Plymouth has, for the first time in its history, hired a woman as a member of its police department. The new officer, now an officer with the Detroit Police Department, will soon be arriving on the job in Plymouth and will report as a community service officer for the first 90 days.

Mural is highlight of bank opening

Plymouth artist and architect Erick Carne puts finishing touches on the 22-foot mural he has painted for Manufacturers Bank of the Plymouth Village Green.

The mural has been installed at the bank's new Plymouth Township office on Ann Arbor Road at Sheldon.

The mural depicts downtown Plymouth in 1909 during the annual Fourth of July firefighters' water battle. It was a time when the first automobiles had arrived on the scene but the horse and buggy was still the more typical means of transportation.

Kellogg Park and many of the turn-

of-the-century storefronts shown in the mural are distinguishing landmarks in the Village today as they were 75 years ago.

Carne received his formal training in art and architecture at the University of Detroit. He is well known for his paintings and drawings of the Plymouth community.

The Ann Arbor Road-Sheldon office is celebrating its grand opening beginning today (Monday) through Nov. 18 with refreshments, mementos, entertainment, and a \$50 prize given away each day. The mural will receive its public unveiling today.

Schoolcraft to hold energy workshop

Schoolcraft College has scheduled a solar heating seminar Nov. 17 for architects, builders, heating and cooling contractors and homeowners.

The seminar will begin at 1 p.m. in the Liberal Arts Theater. A \$2 fee will be payable at the door.

The seminar will cover the avail-

ability of solar energy in southeastern Michigan, its systems and components, analysis and design and the legal and business aspects of financing a solar energy system.

For registration or more information, call the college.

Erick Carne puts the finishing touches on the 22-foot mural which will be publicly displayed today in Manufacturers Bank, Ann Arbor Road at Sheldon.

Student radio show listings

Following are this week's program listings for WSDP (88.1 on the FM dial), the student-operated radio station at the Plymouth Centennial Education Park.

Nov. 14 Plymouth-Canton Board of Education meeting aired live beginning 7:30 p.m. Pre-board show with Florence Eier, administrative assistant for community relations, will begin at 7:25 p.m.

Nov. 15 Beginning Nov. 15 WSDP listeners will have a chance to win a turkey. The contest runs through Nov. 22 and two turkeys will be given away. When the DJ says to call in, and you are the first caller, you win a chance for the bird. On Nov. 22 two winners will be selected. Listen to WSDP for more details on the turkey contest.

Nov. 17 The Plymouth Canton Girls varsity basketball team will play Dearborn Fordson with the broadcast from Phase III beginning at 8:10 p.m. Andy Melin and Jon Hewett will handle the play-by-play action.

If the Plymouth Salem Rocks go into the semifinal football game, WSDP will broadcast all of the action live on Saturday, Nov. 19, from Lansing Sexton High School. Andy Melin and John Sonnega will bring you the play-by-play.

1st woman cop in city's history soon to join police department

The next couple of months will see a number of changes in the Plymouth Police Department, including the hiring of the first woman officer in the history of the city.

Anne Herndon, a four-year veteran of the Detroit Police Department, was sworn in last week but won't go on active duty until Dec. 5.

"She just wanted to have some time to get things together between jobs," said Police Chief Timothy Ford. "When we hired her she was still on the road in Detroit."

Ms. Herndon will spend about six weeks as the new community service officer. Joe Kahane, who held the post previously, moved into a patrol position when Lt. William Gullner retired from the force last month.

Also joining the force will Jerry Tatro of Plymouth who will fill a roster vacancy left by Asst. Chief Lauren Johnson when he leaves the force Jan. 12.

Tatro is a graduate of Michigan State University with a bachelor's

degree in police administration. This will be his first police job.

MS. HERNDON, however, comes to Plymouth with a solid background in day-to-day police work. "We were very lucky to get a person of Anne's caliber," Ford said. "She was at the very top of our list."

The police department tested to fill the two vacancies since August. Ms. Herndon finished first out of 66 applicants, and Tatro placed second.

"There's no doubt that they are both well qualified," Ford said. "But I'm particularly interested in Anne because she's the first woman this department has ever hired—and I know her personally."

Ford was just recently awarded his master's degree in criminal justice from the University of Detroit, and Ms. Herndon, who also just took her MS, was in a number of the same classes with the chief.

"It's not usual in situations like this to really know the person you're going to hire," Ford said. "I've been in clas-

ses with Anne and been able to see her work. I know how she thinks. She has a good police mind."

"At least she thinks like I do, and to me that means she has a good police mind."

Ms. Herndon has an undergraduate degree in social work, also from the University of Detroit.

During her time as a police officer in Detroit, Ford said, she was responsible for developing a method for precinct-level crime analysis.

"One of the professors at the U of D wanted to hire her as an instructor after she finished her degree," Ford laughed. "He was a little bit peeved that I got her first."

Although Ms. Herndon is not a rookie at the police game, she—along with Tatro—will spend her first months in the department as a community service officer.

Community service officers don't go on patrol, nor do they carry guns. They "learn the ropes" by being available to perform service jobs for groups and individuals.

According to Ford, who began the service officer program, community service is 99 per cent of police work.

"This 'Starsky and Hutch' shoot-em-up is not anything like community police work. Mostly we provide aid, visibility and service. We are not all that hot at catching crooks," he said.

"When I first started out as a policeman in Detroit, I was given a gun and six weeks of training. And I always said that if I had the opportunity, I'd do it differently."

Ford mentioned somewhat proudly that the City of Livonia had adopted an on-the-job training program exactly like the one he began in Plymouth.

The chief feels that the hiring of the city's first woman police officer will not be troublesome for the police department or the community.

"She's the best, most-qualified person who applied for the job. And I look at professionalism—not sex, color or anything else. I think it's gonna work out fine."

So-You need to buy some clothes. Now, where to go! Big store, little store, new store, old store, this store, that store... wouldn't it be nice to find a store where you were appreciated, remembered, and the salesmen knew your taste? We could be that store for you. We'll consider it a compliment. When you're in-tell us who you are—we'd like to know.

Salute to veterans

Military veterans who served their country, especially those who gave their lives in war, were honored Friday—the traditional Veteran's Day—by Mayflower VFW Post on Mill Street in Plymouth. Post members firing a volley are: (from left) Dave Richard, Jerry Olson, Harry Krumm and Oscar Luttermoser. (Staff photos by Gary Caskey).

Harry Krumm, a VFW life member, plays the taps.

Laying a wreath at the rock in Kellogg Park are Dorothy Holmburg, senior vice-president of the VFW Auxiliary, and Anthony Russo, commander of VFW Post 6695.

Plymouth Township fights city annexation

By PATRICK TOUHEY

Plymouth Township officials are not kidding around this time. They have every intention of incorporating the township into a separate city called Plymouth Place.

Clerk Helen Richardson filed petitions with the State Boundary Commission last Wednesday, asking for an election on the matter. However, the City of Plymouth has had three annexation petitions on file with the commission for the last two years.

Two of the petitions seek to annex small areas of the township. The third asks for annexation of the entire township. By law, the boundary commissioners must rule on the annexation requests before they can set a city incorporation election for Plymouth Township.

Two weeks ago, the Michigan Supreme Court ruled that the State Boundary Commission had the right to order township property to be annexed to a bordering city. The high court decision ended a two-year "moratorium" on annexation requests and sent townships throughout the state scurrying to file city incorporation papers.

Neighboring Canton Township was not one of them however. Canton Clerk John Flodin said administrators in Canton anticipate no immediate annexation attempt from the two cities which touch its borders—Wayne and Westland. Presently there is no annexation petition on file involving Canton Township. An attempt to annex part of Canton in the late 1950's failed when Canton voters turned it down.

Although Plymouth Township officials know they may never get a vote on cityhood, they feel that it is their only defense against becoming swallowed up by the city.

All the trustees are unanimous in their promise to fight annexation with whatever weapons are available.

The city, however, which is surrounded on all four sides by the township, would like nothing better than to gain access to the undeveloped land and industrial tax base in the township.

"IT ONLY MAKES good sense," said City Manager Fred Yockey. "The city has no room to grow. If it strangles to death, it won't be too long before the township feels the effect."

According to Yockey, the best thing the township and city could do would be to merge together to give the city

room to grow and to avoid costly duplication of government services.

And although a number of township trustees are not opposed to a merger of the two units of government, they do resent the threat of annexation.

"I would consider consolidation with the city," commented Trustee Richard Gornick. "But I most emphatically do not support or welcome annexation."

Mrs. Richardson and Trustee Maurice Breen also said they would not oppose consolidation but that the city's petition to annex the township prevented any discussion on the subject.

"Right now, we don't know where we stand," said Breen. "If we become a city at least we'll have a bargaining point to start from."

In addition to feeling some resentment toward the city for attempting to

annex, township trustees seemed to have a dislike for the city's form of government.

Instead of a weak mayor—strong city manager form, as the city currently operates under, the trustees said they would favor a strong mayor city government. If a township is annexed by a city, it automatically assumes the same governmental structure. If the township and city consolidated by mutual agreement, the structure of the government also would have to have the approval of both units.

"One of the things I like about township government is its smallness," said Mrs. Richardson. "If I come into the office with a problem, I don't want to see some city manager. I want to see my elected representative."

Yockey, however, argues that township government is a stumbling block

to progress and a throwback to old times. "If you look at the more progressive states—Texas and California, for example—you'll find they have two types of local government: county and city," he said.

"A lot of these small township governments are just around because they keep politicians in office. They lock cities in and prevent orderly development."

Besides, Yockey points out, there has never been a successful consolidation in Michigan's history. "There's just too many things to agree on in a consolidation. It gets too complicated, and nothing ever happens."

"Just because there never has been a successful consolidation doesn't mean there won't ever be one," said Breen. "It's entirely possible that the city and the township could get together on this thing."

Hanlon home needs work

The Hanlon Convalescent Home in Canton will spend about \$75,000 in remodeling that is needed to correct state licensing deficiencies.

The project of the facility was approved by the Division of Health Facility Planning and Construction of the state health department.

The remodeling will begin immediately and will result in a reduction of the facility's beds from 44 to 39.

Other convalescent homes receiving improvements are Wayne County General Hospital in Eloise, Lynn Hospital in Lincoln Park, and David Nursing Home in Detroit.

Aspiring artist's up to her easel in prize bicycles

By CRAIG PIECHURA

Suzanne Vitti needs another bicycle about as much as a fish needs one.

Last year, just before Christmas, her folks bought her a brand new bike and within a month she won another one from the Canton Observer for her painting of the Nativity scene.

But wait, that's not all. Suzanne, 9, a budding young artist who lives at 4750 Napier, Canton, has a batting average of 1,000 in three art contests she's entered in the past year.

Shortly after the second bike arrived, Suzanne saw an entry blank for a nationwide breakfast cereal art competition. She drew a picture of a frog eating a balanced breakfast. What clinched the top prize was a refrigerator in the background which had doors that open and staples like oranges and milk on the shelves.

For that three-dimensional poster, Suzanne won—you guessed it—another bicycle. It's still in the box it arrived in.

Most recently Suzanne took top prize in a contest sponsored by the Sunny Days card shop of Canton Township. Contestants were asked to draw and name a witch for a Halloween promotion poster. Suzanne drew "Wilted Witch" with a long, crooked nose that protruded from the paper. She cut up

green garbage bag ties to use as blades of grass.

For her latest artistic endeavor, Suzanne did not receive another bicycle. The card shop gave her a \$4 gift certificate which she used to buy her friend, Amy Gratch, a going-away gift—a stuffed Koala bear.

WHAT MAKES SUZANNE draw? That question gets a thoroughly artistic, elusive answer.

"I dunno, I just like doing it. It's fun," says the fourth grader at Geer Elementary School.

She gave credit to her previous art teacher, Barbara Bray of Plymouth. The teacher noticed her talent when Suzanne was her student, and later she gave private art lessons to Suzanne. But the contest entries were entirely her own work. Her parents, Bill and Judy Vitti, even had to sign an affidavit stating that they did not help their daughter with her poster for the cereal contest.

"All I did was buy the envelope to mail it in," Mrs. Vitti said. "It's kind of freaky that she won three contests in a row. I've even been signing Suzanne's name on raffle tickets thinking that she's lucky in all contests."

"My house is a mess when she gets going on a project," Mrs. Vitti adds. "But I guess it's a case of young genius at work."

This poster is Suzanne Vitti's latest prize-winning entry. The contest is the only one she's entered where she hasn't won a bicycle.

Readers' forum

'You still leave out facts!'

Editor: Looking at your latest editorial, I see that you still manage to leave out the facts. Your article of Oct. 13 also forgot the facts. I was under the impression that newspapers search for the facts and then proceed to write the article.

I would like to set the record straight for those readers who are subjected to biased articles.

I was selected by the Canton Chamber of Commerce to act as spokesman for the organization after a fact-finding meeting we held in October. So, when you wrote, (McMurray) "who claimed to represent a consensus of Canton business people who were polled by the organization," where do you get the right to say "claimed"? Are you doubting my position? If so, say so.

It's your "anti-business" editorials that keep the wounds of our community open. Have you failed to realize that it's the stores where you sell your papers, the business that advertises in your newspaper, the residents that either purchase goods or hold down jobs in this business community that you are really hurting? Wake up and take note that the right hand helps the left hand.

It is said that "someone who is kicking you in the rear end will never get ahead of you." I live, work, and donate much of my time in this community. I wish you would stop kicking us in our efforts and help promote a united Canton.

FRANK McMURRAY
"A valid and approved chairman for the Sign Ordinance Committee"
Vice-President Canton Chamber of Commerce

Sign editorial 'divisive'

Editor: Regarding your editorial opinion of Nov. 3, 1977, the Canton Chamber of Commerce wishes to take exception to your statement that we want "Big" signs.

Our (The Chamber) philosophy is to

allow reasonable signs to identify our present and future businesses.

We feel your opinion was not a fair analysis of our position. To us, it appears to be divisive and not contributing to our common goals of a better community.

LWV supports 'orderly growth'

(Continued from page 1A) the year 2000. Where will they live and work?

"If our government is to be responsive and remain democratic, citizens must participate in the decision-making process. The league believes we can help our professional planners and public officials determine what is needed and how the land shall be used."

The consensus supports:

- Efforts by local governments to provide for citizen participation in the early planning and regulation stages and throughout the planning process.

- Coordination of regional and local planning to assure the best possible use of local land. Encouraging inter-governmental cooperation between school, local government, etc. as is necessary.

- Efforts by the local governments to regulate development so as to insure adequate open space and quality of life for its citizens.

- A master plan which is adequate, current, and insures orderly growth.

TO ACHIEVE the development of sound planning concepts, the LWV supports:

- A growth policy which establishes priorities.

- Periodic review of the master plan with input from the community. To assure that the master plan is adequate it should be evaluated in terms of changing growth and transportation patterns, current economic and social factors, development in neighboring and surrounding communities and changes in zoning.

- Provisions for open spaces, parks and other recreational lands in local neighborhoods as well as general use.

- Requirements for sign control, noise abatement, traffic control, landscaping for screening of less attractive activities.

- Environmental planning which provides for land conservation, noise and flood control and programs for air pollution and solid waste disposal. The LWV supports regional, rather than purely local planning and cooperation

in these areas.

- Good transportation planning to insure ready accessibility to various community activities.

- Identification of critical lands for future conservation and preservation, including land suitable and necessary for agricultural or horticultural use, sensitive or unique environmental areas such as wetlands, wildlife habitats, flood plains or natural wooded areas, historical sites, structures of areas.

- Acquisition of land for public use to insure adequate recreation and open space for local residents.

- Requirement of environmental, social and economic impact statements as part of site plans on major public and private developments.

- Provision by the local government of information on social, environmental and economic needs of its citizens.

- A sufficient amount of non-residential zoning to provide an adequate tax base and ample employment opportunities for citizens in the community.

- Design of commercial areas so they are compatible with surrounding development. The health, safety and welfare of the local citizens should be promoted through the use of buffers such as berms, landscaping or green belts.

I-96 to open on Nov. 21

It's official—the Jeffries Freeway (I-96) will open through western Wayne County Nov. 21.

Even though ribbon cutting ceremonies are scheduled for 9:30 a.m. the freeway may not be open to vehicular traffic for several hours, said Warren F. Cox, senior district engineer for the Department of State Highways and Transportation.

He said cleanup crews would be pressed to make the 9:30 ribbon-cutting time. But, he said the freeway would be opened on that day.

The announcement brings to an end a five-year wait to see the roadway opened to ordinary traffic.

Objections raised to proposed complex in twp.

Editor:

The recent article by W.W. Edgar concerning the proposed \$1 million dollar development across from the Hilton on Northville Road was heavy on nostalgia and short on realism.

It may interest the developer, Art Kabierzynski, to know that this is not the last piece of commercial property remaining between Northville and Plymouth. That property is R-2-A Multiple Family Residential, the purpose of which is to "provide for high density residential development in areas ordinarily located between Single Family Residential areas and areas of more intense use and/or major thoroughfares. The regulation of this district are designed to stabilize and pro-

tect the essential characteristics of the district and promote and encourage a suitable environment for family life." Plymouth Township Zoning Ordinance No. 47.

Mr. Kabierzynski said he had been toying with the idea of an apartment complex for five years. The idea of an apartment complex does not necessitate a request for rezoning; the land is properly zoned. Rather it is the commercial aspect of the complex which demands the hearing on Dec. 21, 1977, at 8 p.m. It is this aspect which is in-

direct contravention of the goals of the multiple family residential zoning. All-night restaurants and restaurant-lounges do not "promote and encourage a suitable environment" for family life.

Neither is the past history of Mr. Kabierzynski the rose picture which Mr. Edgar painted for us—a man who has been successful in his endeavors and now wants to do something for the "fascinating" Plymouth community which has been good to him in the past.

The sequence of events is not quite that kosher. Mr. Kabierzynski applied for the transfer of his liquor license from the Thunderbird to a parcel of land zoned residential, which was

denied last year by the township. That parcel of land is now included in the proposed development across from the Hilton.

Mr. Kabierzynski seems to be tempting the taxbase palates of the township with his fantastic scheme as a subterfuge for the initial plan of only a restaurant-lounge. The implication is that a large development which eats into a residential area is better than a small commercial rezoning.

Why is Mr. Kabierzynski so intent

upon placing his restaurant-lounge across from the Hilton? Does he still bear ill will towards the Hilton for being "put out by the combine?" Is Mr. Kabierzynski's fascination better termed obsession?

Mr. Kabierzynski said he had been "put out of the combine" after the Hilton franchise determined he needed help. That is putting it lightly! There was a default on the mortgage and the unsightly, unfinished building sat there for one year. For one year the

structure protruded from the ground, windowless, unlandscaped, a monstrosity of poor financial planning, ripping at our surrounding values. Will the same area bear the risk and the dirt of unfinished structures again?

If this is what Mr. Kabierzynski is going to do for us, we can do without. Plymouth bears more than a fascination for us, it is our home.

JIM AND CAROL LEVITTE

READERS' FORUM

Report 100 votes off

Editor:

In the interest of accuracy and in fairness to the 1,158 people who voted for me, I not only want to give them my thanks but to point out that this was 105 more votes than the fourth place candidate received, not five as you stated.

As to the methods used to get votes, my feet are still testifying to an extensive door-to-door campaign and I often

saw Jim Houk doing the same. Jack Moehle, Penny Wright and Clay Fechter told me they campaigned door-to-door also. I believe the residents of this community want to see the candidates before election and this is the best method of accommodating them.

Girl Scouts say thanks

Editor:

On behalf of the Plymouth, Northville, Canton Girl Scout Association, I would like to commend the Observer and Ellie Graham for the excellent coverage that you have been giving to the Girl Scouts.

I sincerely believe in the Girl Scout movement and program. We have many dedicated people who give their time, above and beyond the call of duty, to enrich the lives of the girls

through this program. Your goodwill, promoting Girl Scouting in the community, makes their job easier.

We would like to express a special thanks to Ellie Graham for her super reporting of the Area Association meeting and the Brownie Play Day.

We certainly appreciate your thoughtfulness and consideration.

MARK VENSKE

Navy Fire Control Technician Third Class Mark L. Venske, son of Mr. and Mrs. Louis A. Venske of Canton, recently returned from an extended deployment in the Mediterranean. He is a crewmember aboard the guided missile destroyer USS Charles F. Adams, homeported in Mayport, Fla.

EDWARD BASTION

Technical Sgt. Edward T.J. Bastion, son of Mr. and Mrs. Edward Bastion Sr. of Plymouth, has graduated from the Strategic Air Command Non-commissioned Officer Academy at Barksdale Air Force Base in Louisiana.

ALAN MERRIMAN

Navy Seaman Recruit Alan D. Merriman, son of Helen D. Merriman of Plymouth, has completed recruit training at the Naval Training Center, San Diego. He joined the Navy in March.

Daniels Den

Farewell to ol' warriors

Now is a good time to publicly say goodbye to the departing members of the Plymouth City Commission.

Since my first city commission meeting some three years ago, there has been six changes. When the new commission organizes tonight, the only remaining commissioner will be Beverly McAninch who was mayor at that first meeting. Gone are Robert Sincock, Harold Guenther, John Cummings, and more recently Joe Bida, Norb Battermann, and Jack Moehle.

TO BE HONEST, Battermann didn't impress me that much on first impression.

Norb always was asking questions, which seemed like they shouldn't be asked if he had done his homework. But after awhile, I discovered Battermann was asking the questions because he had done his homework.

I caught on that Battermann never asked a question without a purpose in mind. Sometimes he'd ask a series of questions just to make sure that what he thought was the case really was. Other times, he'd begin with a simple question and continue until he pried loose what he suspected to be the case. He had a probing mind, and made sure he understood what he was voting on.

I also got the chance to see another side of Battermann at the Inter-governmental Committee, which he served as the commission's representative. Battermann was a goodwill ambassador for the city, and performed a sterling task which even his fellow commissioners don't fully appreciate because they never saw him in action. Norb will be missed for a number of reasons and one which should not be overlooked is he was the only commissioner who smoked a pipe.

JOE BIDA got a lot of people's dander up because he was frank and outspoken.

At times, particularly in recent months, Bida may have performed in a less than admirable fashion. But we must remember that others were taking political jobs at him in a more sophisticated manner, and Joe was responding as only he knows how.

But those recent scenes of emotion should not cloud over the many years of service Bida has given to the city. I will miss Bida for a number of reasons, but the major one is that in three years I've never gotten any bull from Joe. When asked a question, Bida either told what he knew or said he knew but couldn't tell, and explained why. That's fair.

Bida not only gave answers but gave straight answers. He didn't throw a smokescreen of rhetoric before me, or give longwinded answers hoping to avoid the original question. Bida spoke to the point, and said what he meant without any fooling around. His refreshing candor will be missed. Bida was a good political credits. And that is to his credit.

DURING THOSE first few city commission meetings another individual who made a positive impression on me was Jack Moehle.

Moehle also has a probing mind, and like every other city commissioner has the best interests of the city at heart. One of his strongest contributions was a continuing insistence on the need for policy, so that simple decisions don't have to be argued over and over again. The problem was that neither he nor any other commissioner ever came up with the mechanism with

which policy could be written by the commission itself.

During the first couple years I watched Jack, he made a very positive impression on me. Even a year ago I would have given serious consideration to endorsing Moehle for reelection. But something happened, and Moehle's performance as a commissioner caused me to change my mind about his decision-making ability. The reason for that change of mind has already been stated, so I won't dwell on it now.

The important thing is that I respect Moehle as a man of integrity who, in his own way, tried to do what was best for the city. The fact that the past year has been a disappointment for me doesn't subtract in any way the fine contribution he made to the city during the previous five years.

My lack of support for Jack was based on the future, and what is needed on the commission for the next two years. Because there were good years, when Moehle was a strong contributor to the commission, his departure also will make a difference on the commission.

I say that not to make Jack or his supporters feel any better because they obviously disagree with my assessment of his ability. My only purpose is to publicly recognize Moehle's past contributions and make clear my continued respect for him as an individual.

ONE FINAL POINT is a quick few remarks to word being spread around some quarters of town that I accepted a bribe in making my endorsements for city commission.

For the 12 years I've been a community editor, after every election someone on the losing side begins a whispering campaign that I was bribed. The fact is that during those 12 years an offer has never been made, and that includes 1977.

I know integrity is considered old-fashioned, but I will say that my own self-worth as a person makes it impossible for anyone to offer a bribe worth accepting. Ignoring integrity, I will then say that nobody in Plymouth can afford my price if a price were available. To accept a bribe would require me to get out of the newspaper business for good. The money would have to finance my retirement, and because I'm still a young man we are looking at upwards of \$1 million. Anybody offering that much is a damn fool because the entire city commission isn't worth \$1 million.

The accusers, of course, haven't said anything to my face—probably because they realize how ridiculous the charge. As I said it's a common charge for losers to make, and I can say that's acceptance happens only in movies. In real life, bribes aren't offered good journalists and certainly would never be accepted. In fact the first person to offer me a real bribe is likely to get punched out.

INTRODUCING A NEW KIND OF LUXURY COMPACT.

THE 1978 AMC CONCORD D/L.

Concord D/L 2-door sedan
Also available in 4-door sedan and wagon models

Big car luxury in a sleek, compact size.

The Concord D/L's luxury has been slimmed and toned on a trim 108-inch wheelbase. The elegant exterior of the 2-door sedan has a formal Landau vinyl roof with opera windows. Both sedans and the wagon have white sidewall tires with color-keyed wheel covers, color-keyed side scuff moldings, bumper nerfing strips and a distinctive hood ornament. And those are just a few of the standard features that add to Concord D/L's striking appearance.

The ride, as you would expect of such a luxurious car, is uncommonly smooth and quiet.

Interiors that make you feel good inside.

Seated inside a Concord D/L you'd never believe it was a low-priced compact car. It's loaded with luxurious extras at no extra cost.

There's crushed velour upholstery throughout, (soft-feel vinyl on the wagon), with plush, cut-pile carpeting. The front seats recline individually. The handsome wood-grained instrument panel overlay houses an electric digital clock. The entire passenger compartment is shielded from

road noises by an Extra Quiet Insulation package. Even the trunk and spare tire cover are carpeted.

Now you don't have to pay extra for the luxury of a luxury compact.

Whether you choose one of the sedans or the wagon, we think you'll agree what makes it even more amazing is the outstanding value Concord D/L offers for the money. Because all the "extras" just mentioned are included at no extra cost. And the price is as modest as the car is luxurious.

You also get AMC's exclusive BUYER PROTECTION PLAN*, with the only full 12 month/12,000 mile warranty. That means AMC will fix, or replace free any part, except tires, for 12 months or 12,000 miles whether the part is defective, or just plain wears out under normal use and service.

* Buyer Protection Plan is Reg. U.S. Pat. and Tm. Off.

Lena Ghenster?

Sitting at home the other evening listening to the election returns, the Stroller got to thinking of election nights in the long ago and wondered if by any chance his old friend Lena Ghenster was still active or whether she had been called to the Great Beyond.

No doubt, you never have heard of Lena. But down in the Dutch Country of Pennsylvania she was the Carrie Nation of the malcontents. And election night was the greatest night of the year for her.

NO SOONER would the polls close than she would start making the rounds of the polling places and greeting all those who had voiced their disapproval of the way the local government had been conducted.

She rallied all the disgruntled citizens, and with the help of her younger brother Uppa she formed what came to be known as the Lena Ghenster Club. Over the years she developed

quite an organization. In fact her group became so strong that in some years party names—Republicans and Democrats—were forgotten. You either were a Ghenster or a rubber stamp for the political bosses.

As she sat there thinking about Lena and her organization the Stroller recalled some of the great battles she waged and won. She was against the opening of a new bridge in the center of town that was a short cut to the cemetery and made all funerals travel an extra mile over the "lower" bridge. And she was against granting a railroad the right to cut a tunnel through the center of town that would give blast furnaces a new site for dumping molten metal. She lost that one. But the tunnel, now has been abandoned and is an eyesore in the old hometown.

Had she been around here during the past several years she would have been at her happiest. For there would have been plenty of candidates for her Ghenster Club.

HERE IN PLYMOUTH she would have had the time of her life just lining up new followers.

How she would have gloried in the serious discussion of the proposed loop road that would have made Main Street a shopping mall with the loop running from Church Street to Wing and around on Union and Forest. Some of the dissenters to this plan are grizzled veterans of debate for they have been at it for years. Lena would have welcomed them.

Only recently she would have had a great time lining up the dissenters to the senior citizen home that was to replace the Wilcox home at the apex of Kellogg Park.

And what a time she would have had, just sitting and listening to the debates over the proposed high-rise condominium and the proposed sale of air rights over the Weideman parking lot. No doubt she would have been on the verge of swooning had she been sitting in the commission chambers listening to the verbal battle over parking lots and air privileges.

The Stroller was discussing the possibility of establishing a branch of the Lena Ghenster Club in Plymouth, and when Bob Stremich asked if the club had a motto, Tom Notebaert, the township supervisor answered, "Down with everything and up with nothing."

The Stroller is sure Lena Ghenster and her brother Uppa would have liked that.

Francis A. Magreta, a crossing guard for three years for Plymouth-Canton Community Schools, schools his tasks in all kinds of weather, rain or snow. Magreta is on the job here at job and N. Territorial in Plymouth. (Staff photo by Gary)

"A man has the right to know what goes into the Scotch he drinks."

—Sir James Buchanan

"At The House of Buchanan, we still believe and blend as my grandfather did."

"It is a family tradition. A matter of family pride. Pride in the excellence of the blend which bears my grandfather's name and mine. Buchanan's 12."

James Buchanan (1791-1868) 15th President of the United States

"That is why, unlike any premium blended Scotch whisky ever sold in America, we take pride in naming the principal single malts which, among other exceptional whiskies, go into our blend."

"If you know fine Scotch, you will recognize them all."

"And fully appreciate why the whiskies selected combine to set Buchanan's 12 apart."

"The selection is choice. Limited to 12 'Ideals'."

"Each the product of an old, established and well respected distillery."

"Each and every one, from Balmenach through Teaninich, is a Highland whisky."

"And two, Cragganmore and Daluane, are cherished products of the famed Glenlivet region."

"Together they combine to make Buchanan's 12 the 12-year-old blended Scotch with a heart of Highland whiskies."

"For no other single malts but Highlands are used in Buchanan's 12."

"If you choose to sample it, you will find it as it was when it began."

"Subtle."

"Light."

"But with tempered mellowness in both body and bouquet."

"In your country, it is dearly priced."

"And in very limited supply."

"Because we neither can, nor will, mass produce the Scotch that bears my grandfather's name."

"And mine."

James Buchanan

Recruiting aide

Julie A. Olson, daughter of Mr. and Mrs. Julian Olson of Ridge Road, Plymouth, recently was assigned as a recruiter aide to the U.S. Army Recruiting Station, 819 Penniman Avenue, Plymouth. Pvt. Olson, a 1977 graduate of Plymouth Salem High, joined the Army's Delayed Entry Program last May and took her basic training at Fort Jackson, S.C., where she also studied food service. During her 30-day assignment here, she will be talking to local prospects about Army opportunities and then will be assigned a permanent duty at Fort Lewis, Wash. "I joined because of the opportunities to travel and get an education," she explained, "and felt it was the best thing to do after graduation."

After School 'Y' is new pilot program

A pilot program for youngsters in grades kindergarten through second is being launched by the Canton, Northville, Plymouth YMCA.

After School 'Y' is specifically geared to give youth a constructive outlet through fitness building, sports, arts and crafts, socialization, and development of leadership potential, explains Janet Luce, YMCA program director.

The pilot program will begin Nov. 28 and be offered Monday through Friday from 3:30-5:30 p.m. until Dec. 22. Registrations on a first-come basis can be made with the YMCA by calling 453-2904. Fees are \$5 per week for YMCA members and \$7 per week for non-members, or a total fee of \$20 or \$28.

Children enrolled in the program will be picked up by the CNP YMCA Van and brought to the small auditorium (Room 113) of Central Middle School for two hours of supervised group activities. Pick up points will be at Allen, Bird, Tanger, Farrand, Smith, Starkweather and Fiegel elementary schools.

Youth are to bring their own refreshments or 35 cents per day. Rides home will be furnished by parents. The program is geared toward helping the working and busy parent, Mrs. Luce adds.

OTHER YMCA activities for which there still are openings include football, Saturday fitness building, and cross country skiing.

Football for youth seven years and older will be offered for four weeks beginning Nov. 19 in the gym of Starkweather, 550 Holbrook, Plymouth. Mike Tiano is instructor and fees are \$2 or \$12.

Saturday fitness building for kindergarten through second grade, and third through fifth grades, will be offered from Nov. 19 to Dec. 17. Tiano is instructor and Starkweather gym is the location with fees at \$8 and \$12. The K-2nd graders will meet 10-11 a.m. and third-fifth graders from 11 a.m. to noon. The program is designed to develop strong, agile bodies through exercise, sports and games.

The YMCA hopes to organize a cross-country ski club with the first meeting slated for 7 to 9:30 p.m. Dec. 2 in the cafeteria of Pioneer Middle School. Beginners and non-beginners are welcome. Movies will be shown and the instructor will discuss needed equipment and places to ski. The club will be formed for adults, family and youth and the only requirement will be YMCA membership. Fees are \$15 for family and \$10 for single.

You're Invited To An OPEN HOUSE

Thursday, November 17, 1977 7:00 P.M. Until 10 P.M.

U of D High begins a second century

Hooray For All of Us!

Pardon us if we sound like we're tooting our own horn. We've just been celebrating. We've been having our own centennial birthday party after a hundred years of being in Detroit.

There Have Been Changes...

At the beginning, there were five Jesuit teachers, 74 students, and one Jefferson Avenue mansion. The school was called Detroit College. Today, there is a teaching staff of 44 (21 are Jesuits), 672 students and a tidy, pleasant 9-acre campus in a graceful residential neighborhood in north-west Detroit.

...And There's Been Tradition.

Our philosophy of education, of course, remains rooted in a 400 year insistence that to become capable leaders, young men ought to receive the best modern education. And that education must be particularly good during the decisive adolescent years.

What We Are Today.

Among several fine private high schools for boys in Michigan today, the University of Detroit High School is the only one that is a Jesuit school. We are respected for our successful college-preparatory education and we're deliberately concerned with the social, personal, and religious development of each of the students. We are responsible educators.

We're Proud of Our School

U of D High is a partnership among parents, alumni, teachers and students. All of us together are concerned that the young men enrolled here acquire the foundations for college studies and a fulfilling career after graduation. Sometimes our partnership even seems like a family.

Others Know About Us, Too

Each year, according to national college examinations, our graduates rank among the best prepared students in the nation. More than 1 out of 4 seniors qualify as National Merit Semi-Finalists or Achievement Scholars or receive commended status. Of the senior class of June, 1978, 28% of the graduates are ranked at the top of students of all races in almost every private or public school in the country. And the rest of the class is not far behind. Ninety-five percent go directly into college, many with a share of the more than \$300,000 in scholarships awarded to our graduates each year.

All Faiths In A Catholic School

The University of Detroit High School is a Catholic school and our staff is predominantly Catholic. Half of the Jesuit teachers and administrators are priests. But our family is of all faiths. Some of the teachers and 25% of the students belong to Jewish or Protestant faiths.

We have religious studies in Scripture and theology that investigate ecumenical truths and the history of religions. Catholic students have Catholic doctrinal classes.

People of every race and religion have always been welcome here and we admit students of any race, color and national or ethnic origin. We are a peacefully integrated school. This year 30% are 'minority' students.

Our Neighborhood Is Metropolitan Detroit

Students come to U of D High from Wayne, Macomb, and Oakland counties. They come from 202 different grammar schools, according to this year's statistics.

Some come in car pools or on bicycles - even on foot. But some prefer the convenience of the school's own buses. Our school buses serve the east, west, north and south suburbs in the mornings and after school; some even depart for home as late as 5:30 p.m. to get students home from extra-curriculars in time for dinner.

A Choice In Education:

U of D High's alternative to public education has been available since 1877. Recently, as neighborhood parish schools have been closing and parents have been seeking wider for a choice in education, U of D High began a junior high program. We call it the Jesuit Academy.

For a limited number of 7th and 8th grade boys, we offer the chance of getting a serious junior high education and an opportunity to begin their high school work earlier.

Call Us On The Phone: 862-5400

Phone us sometime. We'll be able to tell you anything you may want to know about this school. Some people want information on enrolling a son; some want to find out about our curriculum or costs. Some have particular questions about our Super Science Program or foreign language courses. We'll put you in touch with the principal or department chairperson or whoever has the answer to your question.

Welcome For A Visit

Because so many parents and their sons are interested in our school, we hold an Open House each year. People can visit our school, meet our teachers, our students and their parents, see our facilities and talk with the staff over a friendly cup of cider or coffee and donuts.

This year's Open House will be on November 17, beginning at 7:00 in the evening. Free of course.

The University of Detroit High School/8400 Cambridge South/Detroit, Michigan 48221 (313) 862-5400

The school is located just north of 7 Mile Road between Livernois and Wyoming

Ready for the book fair at Field Elementary are: (from left, seated) Steve Cowie and Kelly Winquest; (from left, standing) Andy Trapp and Marion Heath, media specialist. (Staff photo by Gary Caskey)

Local book fairs underway today

Book addicts who haven't had a fix lately will be able to stock up on supplies as several Plymouth-Canton schools sponsor week-long book fairs this week.

Held in conjunction with National Book Week, the book fairs are scheduled at various school libraries. Miller, Smith and Eriksson schools have already concluded their fairs, but many other elementary schools will be holding fairs all this week.

Students will be given a tour of the fair during school hours, and parents are welcome to visit at any time. For specific hours, including evenings, call the school libraries.

At Field Elementary in Canton, the fair will open with a 20-minute browsing period for each class. Students will be helped to compile a list of their favorites to show their parents.

Sales will begin Tuesday for students and Monday for parents.

MORE THAN 2,000 books in 60 categories will be available.

A new section will be added to the book fair this year. It will include puzzles, games, dot-to-dot books, magic slates, flash cards and crayons.

The Children's Book Council, which sponsors children's Book Week, is a non-profit organization that encourages greater use and appreciation of children's literature. The council has provided local schools decorative items available to celebrate Book Week. They can be seen along with posters and other art productions designed by elementary students in libraries holding book fairs.

Bea Green, director of Plymouth-Canton school libraries, said parents should encourage their children to become involved in the book fairs. "Books are among the greatest of mind-expanders. They are time machines that don't have to be plugged into a socket and are not subject to mechanical failure.

"They inform, enchant, provoke thought, and can become addictive if used in quantity."

Catholic Central's moving to suburbs

One of Detroit's most prestigious Catholic high schools is making the move to the suburbs.

Catholic Central High School, which draws its enrollment of 900-plus students from throughout the metro area, has long been based on West Outer Drive in Detroit.

But beginning in the 1978 school year, CC students will be making their way to Redford Township, where CC and the South Redford School District have just signed an agreement to lease one of SR's two junior high schools for at least five years.

At the same time, CC officials are looking into buying property in other suburban areas, especially Livonia.

The Livonia School District, which owns a 17-acre parcel of land in the Seven Mile-Newburgh area, has received a letter from CC asking whether the school district is interested in selling that property.

The letter says CC wants to build a residence capable of housing 20 to 25 Basilian priests, most of whom teach at the high school.

The Livonia lot is the same size as the CC's present site, which was recently sold to the city of Detroit for more than \$3 million to serve as the city's newest high school, tentatively named Renaissance High.

ALTHOUGH CC hopes to build a new home for the priests, Rev. Franklin Mizzi, principal of CC, said no plans have been made to build a new school but he does not rule out the possibility that CC will search for another school to rent when the lease runs out on South Redford's Marshall Junior High School.

Fr. Mizzi said an attempt was made to find housing for the priests in Redford, but nothing was available.

Until housing is built, the priests will commute from their present home adjacent to the Detroit CC. Fr. Mizzi said the priests hope to live as close to the school they teach in as possible.

Since Livonia, like Redford and other suburban school districts, is being forced to close some schools because of declining enrollment, CC would have a wealth of vacant schools to choose from should it decide to move from Redford in the future.

MARSHALL JUNIOR HIGH is located just north of the soon-to-be opened I-96 Jeffries Freeway, which makes CC highly accessible to students from both Wayne and Oakland County suburban areas.

The school has a capacity of about 1,000 students, which gives CC leeway in enrolling pupils now signed up on an lengthy waiting list.

6 new Masons

Six residents of Plymouth and Canton were among a class of 240 Masons from 11 southeastern Michigan counties who recently received Scottish Rite Freemasonry's 32nd degree at the Detroit Masonic Temple. From Plymouth are: (front row, from left) James F. DiFalco of Orhan, F.H. Gref of Jo Ann Lane and Douglas M. Kelley of Joy Road. In the back row, from left, are Russell B. Mabrey of Trailwood and F. Duane Putman of Huntington Drive, both of Plymouth, and Jerry L. Fleet of Terrett Court, Canton.

Potent Portage shocks Rocks, 21-3

By DENNIS O'CONNOR

It was truly a night to forget. What started to be dreams of a state football championship suddenly turned into horrid nightmares for Plymouth Salem as the season came to an abrupt end with a 21-3 setback to Portage Central Friday night in Brighton.

The Rocks, one of eight state playoff qualifiers in Class 'A' competition, were totally dominated in every phase of the game in the quarterfinal action.

Portage Central, an unbeaten team from suburban Kalamazoo, came ready to play as demonstrated not only by their overwhelming performance on the field but also in every statistic.

Portage held a slim 7-3 lead at halftime of the snow-marred contest and never let up in the final two quarters. The Mustangs of the Big Eight Conference put together two long, time-consuming drives for touchdowns on their first two possessions of the second half to secure the surprisingly easy victory.

Portage was so devastating, in fact, it outgained the Rocks 307-29 yards in total offense.

Salem ran only eight plays in the entire second half and only two from scrimmage in the final quarter.

Portage ran over double the number of plays against the lackluster Rocks.

"I CAN'T give any reason for what happened," said an extremely disappointed Salem coach Tom Moshimer. "I've got to hand it to Portage. They came out ready to play and they kicked our butts."

"But I do know this wasn't one of our better games. We played with no emotion at all."

The enthusiastic Mustang coach Bob

Knight said after the game his team "was for real"—and certainly no Plymouth fan could argue with that statement after witnessing the ambush at Brighton.

Portage moves to the state semifinal game at Lansing Sexton High School this Saturday afternoon with its 10-0 record. The Rocks can only watch from the sidelines, however, finishing with a respected state-ranked record of 9-1 and the Suburban Eight League championship.

PORTAGE showed it meant business from the start as it took the opening kickoff from its own 22-yard line and drove to the Salem 18 before Rock defensive tackle Bob Dasher recovered a fumble by halfback Todd Lipschultz.

Despite Portage's mistake, it was evident the Mustangs were handling the Rocks on the interior line on that first series of downs.

Salem finally gained field position toward the end of the first quarter after two punt exchanges.

At the start of the second quarter, Salem put together its only substantial drive of the game as it traveled from its own 45-yard line to the Portage seven before Dave Basierbe kicked a 24-yard field goal from the right hash mark to give the Rocks a short-lived 3-0 advantage. It was dsierbe's first and only three-pointer of the year.

Portage came back strong again on the ensuing kick off as the combined talents of fullback Kevin Mowan running inside and Lipschultz carrying outside led the Mustangs on another drive.

Portage drove down to the Salem 27-yard line and was forced to gamble on a fourth down and two-yard situation.

With the Rock defense playing tight, Portage quarterback Pete Metzelaars flipped the ball to Lipschultz as a Salem defender grabbed the signal caller's waist. The last-second toss caught the Rock defense off guard and the Portage halfback jaunted around left end into the endzone for a touchdown.

Mark Elzinga converted on the extra point kick to give Portage a 7-3 lead with 4:52 remaining in the half.

Moshimer said after the game the late pitch "was the play which broke our backs."

From that point it was all Portage Central as the frustrated Rocks never got back into the game.

Canton cagers stay perfect

By ANDY MELIN

Winning its 17th straight game of the season, the Plymouth Canton girls varsity basketball team thrashed its Western Six League foe Farmington Harrison, 46-31, last Thursday night at Harrison.

It was the last league contest for the Chiefs this year, and along with a Canton junior varsity victory, marked the first time in Western-6 girls basketball history that both a varsity and junior varsity squads from one school have gone through a league schedule unbeaten.

The third quarter was the key to the Chief varsity win, as they hit scored the Hawks 17-6, to take a 37-25 lead.

Junior center Kelly Heaton scored six of her 15 points in that third period for Canton. For the game, she also added nine rebounds.

After the Chiefs took a 15-5 first quarter lead, Harrison's full-court press gave Canton some trouble in the second period, as the Chiefs scored only five points in that quarter.

Canton was ahead by only one point at halftime, 20-19.

Evie Pasek scored 10 points to help in the Chiefs' winning effort. She was followed by Laura Butler and Vickie Cavallaro who added eight and seven points, respectively. Butler also contributed six steals.

Canton's junior varsity squad easily beat its Harrison counterpart, 58-25, to increase its record to 16-1.

The Chiefs will host Dearborn Fordson this Thursday at the Canton athletic facility. Game time is 8:15 p.m. for the varsity, with the junior varsity contest to precede it at 6:30 p.m.

Salem coach Tom Moshimer had nothing to smile about after watching his team fall to Portage Central 21-3 Friday night. (Staff photo by Gary Caskey)

Salem tackle Bob Dasher (lower right) curls over the ball after recovering Portage Central's first quarter fumble. As it rounded out, that was the Mustangs' lone mistake in a 21-3 whipping of the Rocks. (Staff photo by Gary Caskey).

Salem swimmers end year by dunking Belleville, 55-28

By MICHAEL BLEDSOE

Plymouth Salem's girl tankers finished their regular season last week with a dual meet victory over Belleville 55-28 at the Belleville pool.

"The girls looked healthier tonight with the Suburban-Eight League championship coming up," said Salem Coach Chuck Olson.

The 200-yard medley relay quartet of Jill McCann, Collette Cabadas, Sarah Stanwood, and Linda Frazee placed first with a clocking of 2:07.9. Sharon Ross came in first in the 200-yard free-

style. Sue Sparling finished second in the 50-yard freestyle with a timing of :28.2 seconds. Sue Stanwood finished first in the individual medley.

"The girls lived up to all my expectations this season and I am very proud of them," said the Salem coach.

Amy McClumpha placed first in the 100-yard butterfly with a clocking of 1:15.0. Madeline Lakatos was second in the 100-yard freestyle with an effort of 1:01.7. Marion Stanwood placed first in

the 500-yard freestyle with a 5:24 timing.

"With a team like this I'm sorry to see the season end," said Olson. "I would like to see our team play every team in the state."

Renee Lakatos placed first in the backstroke with a timing of 1:12.2. Diane Perpich followed in second. Cabadas came in first in the 100-yard breaststroke. The 400-yard freestyle relay team of Sue Stanwood, Madeline Lakatos, Kathy Sample, and Marion Stanwood placed first with an effort of 4:04.8.

Rock cagers beat Belleville

By ANDY MELIN
In a low-scoring Suburban Eight League encounter, the Plymouth Salem girls varsity basketball team edged Belleville 37-31 at Belleville last Thursday night.

"Belleville is definitely an improved team," commented Salem coach Debbie Hatcher. "They're going to surprise some people in the districts."
The Rocks' blew the game open in the third quarter with a full-court zone press, after they made some first half adjustments.

Salem scored 15 points in the third period, and led at the end of the stanza, 33-19. The Rocks maintained control of the game during most of the final period, although Belleville narrowed the margin of victory.
The first half was tightly fought, as Belleville broke Salem's zone press to

take a 11-6 first quarter lead.
The Rocks turned things around in the second period, and took a 18-13 lead at the half.
Captain Kathy Dillon led the Salem scoring attack with 12 points. She shot 50 percent from the floor, and 100 percent from the free throw line.

Tankers feel Hawk revenge

By MICHAEL BLEDSOE

The Canton girls swimmers ended their season on a bittersweet note last week, losing to Farmington Harrison, but finishing with their personal best record of 8-5.

"The girls can be really proud about the way they handled themselves this year," said coach Anne Massey. "They far surpass my expectations."

Harrison lost in a dual meet to the Chiefs earlier this year.

The 200-yard relay squad of Cindy Shelansky, Laura Toor, Annette Piethe, and Jackie Bennett placed second. Kim Massey came in second in the 200-yard freestyle. Shelansky ended up first in the 200-yard individual medley with a 2:37.7 clocking. And Peggy McElmeel finished second in the 50-yard freestyle with an effort of :28.6 seconds.

"The girls were not really up for the meet because we have been tapering down for the league meet and have not been pushing them as hard," said the Canton coach.

Jamie Zuberink placed second in diving with a 154 point total. Piethe came in third in the 100-yard butterfly. McElmeel ended up third in the 100-yard freestyle with a clocking of 1:06.1.

"I think we will move up in the league standings this year," said Massey. "We were fifth last year and we should have a shot at third or fourth this year."

Kim Massey placed first in the 500-yard freestyle with an effort of 5:46.1. Shelansky came in first in the 100-yard backstroke. Sue Knight finished second in the 100-yard breaststroke

with a 1:21 effort. And the 400-yard freestyle relay team of McElmeel, Mary Reardon, Sue Vitoratos, and Kim Massey placed first with a clocking of 4:27.3.

Open skating extended soon

The Plymouth Community Cultural Center will extend its open skating hours for all citizens on Friday, Nov. 25, the day after Thanksgiving.

The opening skating hours will include four two-hour sessions starting at 9 a.m. and lasting through 5 p.m. The time blocks consist of 9 a.m.-11 a.m., 11 a.m.-1 p.m., 1 p.m.-3 p.m., and 3 p.m.-5 p.m.

For more information on open skating and its cost, contact the Plymouth recreation department at 455-6620.

Bricker makes Olivet squad

Doug Bricker, 1976 graduate of Plymouth-Canton High School and member of last year's Chief varsity baseball team, has made the baseball squad in Olivet, Illinois after fall practice.

Bricker, Canton's starting, right fielder and leadoff hitter last year, will play centerfield in Olivet. He was known for his speed and bunting abilities while playing for Canton.

Gals hold paper drive

The Plymouth Salem girls softball team is planning a paper drive to raise funds for its upcoming season.

The paper drive will be held at the Salem parking lot all day Saturday and Sunday, Dec. 17 and 18 from 9 a.m. to 6 p.m.

The girls ask that only newspapers be brought to Salem on the day of the drive.

Men cagers must enter

The Plymouth recreation department is taking entrance fee money for new men's basketball teams until Friday, Nov. 18.

There is a 12 team limit and league play begins on Monday, Nov. 28. Entrance fee is \$200.00 per team. For further information contact the Plymouth recreation department at 455-6620.

Doc's Corner

By DENNIS O'CONNOR
Sports Editor

Lack of emotion told the story

The end finally came. And quicker than anyone expected—especially me. Talk about eating one's words. The good doctor certainly experienced that Friday night as the Plymouth Salem gridders lost its state quarterfinal battle to Portage Central 21-3.

That is the same Portage Central team which I thought Salem would toy with.

It was evident that the Rocks were down after such an emotional ninth victory against Farmington Harrison the week before.

This just wasn't the same Salem team which swept through its nine-game regular season schedule.

I've never seen this Salem team play with less emotion than it showed against Portage Central.

And this was hard for me to imagine since it was a state playoff battle.

But it was obvious the Rocks were suffering from a letdown. They just

didn't play with the intensity they've showed in recent weeks.

And both the players and coaches, and even yours truly, might have been thinking ahead one week to the semi-final battle against Flint Southwestern or East Lansing.

As it turns out, it Portage Central's turn to rejoice and think about next week.

Although Salem's lack of emotion definitely was a factor in the game, let's not take anything away from this Portage Central squad which certainly showed more than I gave them credit for.

As I've said many times this season, football games are won on defense and the interior line play. And Portage Central, despite being physically smaller, totally dominated the Rocks in both these facets of the game.

Time and time again, Portage's defense would slip through the Rocks'

offensive line. And no other team this year was able to pile up so many yards, 307 in all, against Salem's defense.

Although it was evident the snow-white field in Brighton was not conducive to Salem's wishbone attack, both teams played on the same cold and muddy surface.

Even the argument of "If quarterback Rich Hewlett hadn't been injured and out for the season" can't hold in this game—not the way the Rocks played Friday night.

Hewlett's backup Paul Dillon was just as ineffective as the whole Salem offense, but he only got eight plays to try and turn the trick in the second half.

And even with Hewlett, you can't win football games with only eight plays in a second half.

It was truly a sad way to end such a great season.

Swim club improves despite Ypsi setback

The Plymouth-Canton community swim club continued to improve despite losing its third straight dual meet—a 419-267 setback to an experienced Ypsilanti team last Monday night at the Salem pool. K'I was really proud of our kids," said club associate Marge Hajek. "The Ypsilanti team has swum for two years and we've only had a club since last September."

Highlighting the Plymouth-Canton efforts were seven different first-place finishes in the breast stroke meet.

The 100-yard medley boys relay (eight-and-under) won its event with Scott Fitzgerald, Sean Fitzgerald, Frank Wisniewski and Joey McCann.

The 100-yard girls medley relay (9-10) also won with Fran Whittaker, Kim Elliot, Christine Parkarian and Gail Weed.

Freestyle relay winners in the boys 100-yard event (eight-and-under) were Frank Wisniewski, John Weed, Todd McElroy, and Joey McCann. The girls (9-10) freestyle relay winners included Kim Elliot, Christine Parkarian, Laura Wochne and Gail Weed.

Three individual winners in breast-

roke competition included McCann (eight and under) in the 25-yard event, Jeff Hancock (boys 9-10) competition. Plymouth-Canton grabbed many second-place finishes. Some of these runners-up included Amy Bing (girls eight-and-under) in the 25-yard event, Scott Rollins (boys 9-10) in the 50-yard race, and Gail Weed (girls 9-10) in the 50-yard competition.

In The Pocket

By
W.W. EDGAR

Maybe it was the weather. Maybe it is just the bowlers settling down to the long winter grind. But whatever the

Ladywood advances in playoff

Ladywood, sluggish after a week layoff, still performed well enough to defeat Dearborn Divine Child, 55-45, last week in the opening round of the Catholic League girls' basketball playoffs.

Ladywood led 13-10 after the first quarter, 29-18 at the half and 44-32 after three periods.

"We played just well enough to win," said Ladywood coach Ed Kavanaugh. "I think the week layoff had a calming effect because we didn't run and shoot very much."

Marti Wallace, a Catholic League all-Northwest Division selection, popped in 18 points and snared 15 rebounds. Carol Crissey, an all-Catholic League choice, recorded 15 points and Liz O'Brien netted 11 points.

"She (Wallace) had her usual game—she was eight of 11 (from the field)," said Kavanaugh. "O'Brien did an outstanding job all around and Crissey had about six assists and got things going when we did get going."

"Kathy Stacey played an excellent game on defense," Kavanaugh added.

reason, the scores shot skyward during the past week.

The biggest upsurge came in the Wonder Classic where Bob Boss fired the highest series of the season in the loop. It was a grand total of 724 gained on games of 249, 268 and 255. The big count was proof that the drought has ended and things will be brought to normal.

While Boss was building up his score, Jim Shelp, captain of the Ryder Ranger team, helped his mates to a 3075 series that included Jim's 668 series that was good for runner-up honors.

FOR YEARS the metropolitan Detroit area was noted for having some of the highest-scoring leagues in the nation. The Detroit All-Star had more top average bowlers than any other.

This could be true again this year as the Thursday division of the Classic now has 52 bowlers averaging above 200.

Fred Mc Clain is at the top of the averages with a 220, one pin more than Fyed Vitali. One pin further back is Rocky Graziano who has a one-pin edge on Dick Lang.

So, there are only three pins separating the top four places. It would be difficult to better that in any part of the country.

THE WOMEN are not far behind. Evidence of this came last week when Gerry Ritter fired a 660 series in the Ladies Major League and there was a battle royal for individual game honors. Yvonne Barnes won it with a 235 while Gail Griwicki and Jan Dimmer shared second place with counts of 234.

HIGH SCORES also marked competition in the Ladies Classic at Garden Lanes. When the final pin had fallen, Gloria Howell was out in front with a 600. Mary Koss was behind her with a 595 and Joan Pierce landed third with 562.

In the Wayne County Road Commission league, Harry Tapalian moved to the front with a 623 and a nine pin edge on Bill Davis, his nearest rival.

BARBARA LANG made the most of an opening 221 game to pace the Ladies Classic at Westland Bowl with a 585. She needed that big opener, as Teresa Dutik was right behind her with a 581. Bev Liverance rolled a 574 for third place. Judy Wilson had a 218 and just missed the top three.

Among the other winners for the week was Larry Patzsch who showed the way in the 725-825 league with a 649.

ANOTHER GREAT FINISH marked play in the Nite Out league at Mayflower Lanes.

Bill Gulien had a 232 in 578 to set the pace, but Sue Sewruk was next in line a 557 that included a 221 game. Lucy Hayman had a 223 in 640 and Linda Doyle had 213 in 532.

The Mayflower split conversion club also admitted two new members when Jim Martineau toppled the 6-7-10 and Shirley Johnson knocked over the 4-10.

LORRAINE IVANCIK came up with the best showing at Woodland Lanes when she rolled a 177 opener, followed with a 212 only to dip to a 160 finish for 549.

THE CARIAGE HILL league at Super Bowl furnished quite a show to settle high scoring honors. Bill Heffner finally won out with a 255 in 674. At that figure, he beat out Jim Malloy who had a 224 opener for 646. Beverly Dennis showed the way to the women with a 194 in 528.

There was another stirring finish in the Ladies Classic where Jo McVicker posted a 201 to deadlock with Judy Halbury in the runner-up spot while Lucy Staneslowski took high game with a 220.

In the men's trio, Jeff Dishong was top man with a 233 game; d Karen Kilgore set an example for the women with a 240 in the bicentennial loop.

40 hours for safety

Safety for school children is so important to bus drivers of Plymouth-Canton Community Schools that they volunteered nearly 40 hours during October for special instruction.

A committee named by Robert Houghton, director of transportation, was composed of Alice Horstead, Jeanne Morris, and Judy Clement. Including the committee members, 11 drivers visited elementary and middle schools to explain bus safety.

Central Middle School had one hour of instruction for each grade. All children at Smith, Gallimore, Field and Hulsing elementaries heard about bus safety.

Besides committee members, drivers who gave their own time to teach the children were Georgette Daugherty, Carol Lepkowski, Jan Young, Grace O'Brian, Anabelle Mayer, Ellen Maizel, Kay Beacham, and Barbara Demers.

Bureaucrat challenged by EPA to get job done

By TIM RICHARD

"They said they'll consider it? I don't need more consideration. I need an answer," said John P. KanTERS into the telephone, sounding like a suburban businessman grumping about the federal bureaucracy.

KanTERS actually was grumping about the federal bureaucracy—the Environmental Protection Agency—but he's not a businessman, as one can tell from the large portrait of Coleman A. Young that overlooks his desk on the fifth floor of the Detroit Water Board building.

KanTERS is director of the Detroit Water and Sewerage Department, which in the next few years will spend more than a half-billion dollars on construction of treatment facilities and sewers. Except for the Southeast Michigan Transportation Authority's light rail transit line (which still doesn't have its money), it's the biggest public works project in the state.

The purpose is to provide secondary treatment for the wastes of three million persons and their industries in Detroit and its suburbs. Sued by the federal EPA, the system agreed Sept. 9 to the massive project to meet by 1983 the goals of the 1972 federal Clean Water Act amendments.

THE DWS has been the target of severe suburban criticism for its past rate policies and lack of regular audits, as well as insecurity of suburban representation on the seven-member governing board.

KanTERS' predecessor, Charles Scales Jr., once got so haughty at a legislative public hearing that Detroit Councilman Jack Kelley publicly apologized for him. Mayor Young fired Scales earlier this year and turned to trouble-shooter KanTERS to take over.

A Detroit resident all his 45 years, KanTERS earned two degrees in business administration from the University of Michigan and has worked for the city ever since. He started in 1954 as a budget analyst and rose to direct that department by 1970.

When problems arose, Young tapped him to head the Community Development Commission (1973-74) and the D-DOT bus system (1974-77).

Oakland County Drain Commissioner George Kuhn, who has made a political career out of fighting Detroit, lavishes praise on KanTERS, to the astonishment of suburban audiences. "A whole different attitude," Kuhn adds.

SO WHAT are the three million customers in nearly 100 cities, townships

JOHN KANTERS
Sewerage trouble-shooter

and villages going to get for their money?

"The city sewage treatment plant started in about 1940 as a primary treatment plant. The water was held in setting tanks, and the solids scraped off and incinerated," KanTERS began.

"The water is filtered and the effluent (liquids) pum a pipe and put into the Detroit River. We sucked out 40 to 50 per cent of the solid wastes. Under existing federal law, that is no longer permissible."

Now the department adds chemicals to make dissolved phosphorus turn into a solid and settle out.

To get to secondary treatment, the department will add air to allow bacteria to consume wastes and settle out. "We need to hold the wastewaters longer to make the solids drop out," added KanTERS.

"We'll be able to remove 85 to 90 per cent of the solids and be 100 per cent operational sometime in 1983.

PRICE TAG for all of this will be \$567 million. EPA will come up with \$347 million, or 75 per cent of the

New license tabs can be obtained by mail

Michigan passenger car and motorcycle owners can pick up their new 1978 license plate tabs at all Secretary of State branch offices.

The department has mailed more than 4.8 million prepared application forms to vehicle owners, which allow drivers to obtain tabs through the mail.

grant-eligible portion. The state's share is five per cent, and local revenues must supply the final 20 per cent.

"About 31 million will go directly to the plant. There will be additional primary tanks, secondary tanks, a system for handling the solids to suck off the sludge, an employee service building, site improvements such as roadways and pathways, and electrical renovations," said KanTERS.

He sees a remote potential for converting leftover solids to fertilizer as Milwaukee does (Milorganite). The problem is that Detroit area industrial wastes aren't as convertible—yet—as are Milwaukee's brewery wastes.

"Another \$214 million will go for interceptors," KanTERS went on. "We'll complete the last stage of the east side interceptor and build a new west side interceptor."

That west side system, serving most of the Observer & Eccentric area suburbs and the west side of Detroit, will be a \$117 million project. The "west side arm," as it's called, will generally follow the branch of the Rouge River that parallels Telegraph Road.

The project consists of a collecting pipe at the treatment plant on Jefferson Avenue, a giant pump will lift it to the surface for treatment.

Another \$4 million will go for rate studies and some equipment such as opening valves and lifting gates.

THE DEPARTMENT employs 340 persons, and as new facilities come on line, it will expand to 500 or 600, KanTERS said.

The operating budget of the department is around \$35 million.

New employees for new facilities, new employees for existing facilities that weren't properly staffed in the past, and inflation of gas and chemicals prices have raised the budget to that level from the 1972-3 budget of \$7 million. By 1980, KanTERS figures the operating price tag will be \$60 million.

A sewage treatment rate increase of 80 to 85 per cent went into effect Aug. 1 and started showing up in customer bills in September. Two more rate increases about half as large are scheduled for July 1 of 1978 and July 1 of 1979.

The instructions for ordering by mail are included with the prepared application.

Persons without prepared applications may pick up their 1978 tabs by taking their 1977 registration, or the vehicle title and current license plate number along with proof of insurance to any Secretary of State branch.

Dumas, Barr on stump for county executive

By MICHAEL MATUSZEWSKI

"We can't continue to go the way we've gone in the past. We can't have 27 different people going 27 different ways without having the complete extinction of elected county government," said Wayne County Commissioner Mary Dumas (R-Livonia).

Mrs. Dumas' prediction of doom was a reaction to Wayne County Board Chairman John Barr's call for a statewide referendum to consider changing county government to a centralized, county-executive form.

She favors a centralized form, as does Commissioner Richard Manning (D-Redford), but added, "Barr doesn't make any sense."

"We do not need a statewide election. What we do need is to get 14 votes (on the board) to put it on the ballot in Wayne County."

Mrs. Dumas said she will enter a resolution during the board's current session, or after Jan. 1, to put the issue before the voters.

Barr said Wayne County's voters should strip the board of its administrative powers and turn them over to a generally-elected county executive or a commission-appointed county manager.

There are 82 counties in the state presently controlled by boards of commissioners. State law allows the change to either elected county-executive or board appointed county manager possible. Only Oakland County, in 1973, has adopted the centralized, county-executive form of government.

IN 1973, three attempts to restructure county government failed.

Mrs. Dumas said Detroit representatives helped to kill the efforts because they feared the challenges of a strong county executive to Mayor Coleman Young, who had just been elected. She said one proposal got to the floor for a vote, but was defeated by a slim margin. Other efforts died in committee.

She conceded that her latest attempt might meet the same fate. "In a showdown on the floor it might lose, but it would focus enough attention on the issue to show the problems we've been having without a county executive," she said.

THE CHANGE to a centralized government, she said, would result in more efficient operations.

For example, the county executive could put together a professional bargaining team to negotiate with the county's unions, Mrs. Dumas said. It would prevent the county commissioners, who now sit on the bargaining teams, from "bargaining themselves into a hole," she said.

Barr (D-Dearborn Heights), speaking recently before a special state legislative committee, said under the present Wayne County structure, commissioners serve as both legislators and administrators.

"It's my personal opinion that you can't do both and do them well," he said.

Manning, whose district includes Redford Township and parts of Livonia, supported Mrs. Dumas in the drive for a new county government several years ago and continues to back the idea.

"It's considerably more efficient," he said, noting the budget-making process as the primary beneficiary of a governmental change.

The county executive "would be responsible for putting the budget together and getting it to the legislative branch. It would be his responsibility to see that it was in balance and that it stayed in balance," Manning said.

DESPITE ITS advantages, Manning said, restructuring would probably run into stiff opposition. "When you're used to doing a thing a certain way, especially for more than 100 years, changes do come hard."

Manning said the county's politically powerful unions may balk at the plan. "They're dubious to how the system would work once it's in place."

But Mrs. Dumas said she was confident the United Auto Workers and the American Federation of State, County and Municipal Employees would back the new drive.

In addition to union opposition, Manning said the traditional urban-suburban conflict could determine whether Wayne County voters ever see the item on the ballot.

"There might be political drawbacks in who might be elected," he said. As a growing suburban population approaches parity with Detroit, the conflict between a strong Detroit mayor and a county executive with strong suburban backing could be heightened, he explained.

THANK YOU all for your help & assistance in electing me your city commissioner.

SEMTA sets day-long transit conference

"It's for people who need to know about transit-local planners, city leaders, systems development people at the auto companies, the League of Women Voters," said Gail Whitty, who is handling reservations.

Ms. Whitty, a Birmingham resident, was talking about Thursday's day-long conference called "Moving Full Speed Ahead" sponsored by the Southeastern Michigan Transportation Authority (SEMTA).

"A good portion of the registrants are representatives of senior citizens and groups like the Cerebral Palsy Association," she added.

"Our main focus will be to inform our constituency of our plans and hopes in the seven counties, and to show UMTA (Federal Urban Mass Transit Administration) how great the need is."

THE CONFERENCE will run from 9:30 a.m. to 5:15 p.m. with registration prior to that and a reception afterwards. Price of the conference is \$10 and of the luncheon \$7.50.

It will be on the second floor of the Cobo Hall in downtown Detroit. Mrs. Whitty will handle late registration by phone at 962-9800.

One main attraction will be the luncheon speaker, Richard S. Page, UMTA administrator. It was Page who wrote the famous letter telling SEMTA it could expect no more than \$600 million federal help toward a light rail rapid transit system.

SEMTA had been counting on that \$600 million as only the first installment on a program that would cost

more than \$2 billion and reach into the suburbs.

SPEAKERS FROM SEMTA staff will include: Larry Salci, general manager, on the status of transit planning and the rail portion of the plan; Daniel Morrill, assistant general manager, on the bus program; and James S. Banks, human resources director, on opportunities for minorities.

Other speakers will be Daniel T. Murphy, Oakland County executive; Michael Glusac, executive director of the Southeast Michigan Council of Governments, regional planning agency; Marc Stepp, vice president of the United Auto Workers; and Henry M. Hogan, SEMTA board member and Observer & Eccentric Newspapers columnist and director.

Off the Walls

Why's grass green?

I've always thought that a child's habit of asking questions was delightfully charming quality. I looked forward to the day when my own babes would come to my knee, look up at me with an expression of innocence and purity, and ask adorable little things like, "Mommy, why is the grass green?" or "What is air?" I would answer with all the authority and confidence of a grown-up, which would satisfy their wonderment for maybe a week until my curious tot would come with another inquiry.

Well, that just ain't the way it works! What no one had bothered to tell me is that the questions are spaced about 5 seconds apart, and they usually have no relationship to anything that is happening, has happened, or will happen. I find the process not unlike the Chinese Water Torture.

Anyone who has had the dubious honor of being in close association with a three-year-old knows how disconcerting it can be to have your every move, statement, or expression met with a question.

On really bad days, you may find yourself purposely avoiding doing anything that could draw attention to yourself and begin another session with your interrogator. He (my three-year-old) is, at this moment, contentedly playing with his cars on the floor right next to my desk. But were I to interrupt this peaceful moment to get up for a cup of coffee, it would do something like this:

"Why did you stop typing?"
"I'm going to get a cup of coffee."
"Why do you want a cup of coffee?"
"I just like to drink it."
"Why do you like to drink it?"
"Because it's good."
"Why did you stop typing?"

See what I mean about the questions having no relation to anything? They just go in circles until we again reach the original point of interest. No endeavor on my part is too small not to warrant the inquisition. If I try ignoring a question or two out of the thousands offered, he will repeat it until I crack. I don't think I'd make a very good secret agent. All the interrogators would have to do is repeat, "Mama, why did you do that?" a couple of hundred times and I'd easily be broken to a quivering mass of nerves, pleading for mercy.

I think it would all be slightly more

NANCY WALLS SMITH

bearable of my son would only give some indication that he is actually listening to all these answers as I give them. Instead, I get:

"Mom, where did daddy go?"
"He went to work."
"Oh, Mom, where did daddy go?"
"He went to work."
"Oh, Mom did daddy go to work?"
"Yes."
"Oh."

I've always suffered the misapprehension that children asked questions in order to learn things. Silly me. The only thing that my child has learned is approximately how many questions it takes before mommy gets irritable. Try as hard as I may, I just can't understand what is resolved by all of this

"What are you doing?"
"Combing my hair."
"To go to the bank?"
"No, we're not going anywhere today."
"Because the bank is too far away?"
"No, we're not going to the bank today because we don't need any money today. We'll go tomorrow."
"Because the bank is closed today?"
"No, because we don't need to go."
"Because it is open?"
"Yes."
"Oh."

I don't understand it, but somehow it must all make sense to him. Occasionally he does come up with a good one. The other day he asked, "Mom, how come I can't get bigger any faster?" You know, there have been days when I've wondered that myself.

I will prepare myself

Why productivity failed

By JOHN CZUBAJ
Dale Carnegie, Inc.
Plymouth-Canton Area

A husky young man climbed the muddy trail up the mountains to a lumber camp. When he arrived at the camp he went to the foreman and applied for a job.

The foreman asked, "Young man, have you ever had any experience cutting trees?" The youth said, "No sir, I haven't, but I am very strong and healthy and willing to learn as fast as I can."

The foreman was favorably impressed with the young man's eagerness so he told him to get a good night's rest and report for work early the next morning. When morning came the foreman took the young fellow out to the forest, handed him a shiny new ax and taught him how to fall a tree.

Soon the foreman left and the young man began chopping down the trees as fast as he could.

WHEN EVENING CAME the foreman asked the young fellow how many trees he had cut that day.

With a smile of pride on his face the youth answered, "I cut 50 trees today." The foreman gave him a nod of approval and went his way.

The next night he was asked again for a report on his work and he was ashamed to tell the foreman that he had cut only 33 trees that day. On the third evening he was humiliated to report that he had cut only 35 trees.

The foreman couldn't understand the decrease in production so he began to question the young man. "Are you working as fast as you did on the first day?" The youth replied, "I'm working much faster." The foreman asked, "Are you swinging the ax as hard?" "Much harder," was the earnest reply.

Then the foreman said, "Let me see

your ax." He carefully examined the blade as he drew his fingers across the cutting edge and found it was very dull. He slowly handed the implement back to the youth as he asked, "How many times have you stopped to sharpen your ax?" The young man quickly replied, "Sir, I haven't had time to sharpen my ax. I've been too busy cutting trees."

SOMETIMES WE ALLOW the same to happen to our mental tools.

We become so busy with our daily tasks that we forget the vital necessity of keeping our mental skills sharp through the process of continuous learning.

If we fail to exercise our muscles they become weak and flabby, but vigorous physical exercise keeps them strong and healthy. So it is with our mind. If we fail to give it exercise we know it will become dull and unresponsive.

It has often been said that the people who keep learning stay young. Vigorous mental exercise, through the process of continued learning, is the surest way to keep the mind young. A keen, youthful mind is one of the ways to win a long and purposeful life.

TOWNSHIP OF PLYMOUTH, WAYNE COUNTY, MICHIGAN ORDINANCE NO. LII (52)

An ordinance adopting for the Township of Plymouth, the Building Officials and Code Administrators International, Inc., Basic Building Code, edition copyrighted 1975, and known as the "BOCA Basic Building Code/1975", prescribing controls of all matters concerning the construction, alteration, addition, repair, removal, demolition, use, location, occupancy and maintenance of all buildings and structures and their service equipment, and the Basic Housing-Property Maintenance Code, edition copyrighted 1975, and known as the "BOCA Basic Housing-Property Maintenance Code/1975", establishing minimum standards for basic equipment and facilities for light, ventilation, space heating and sanitation; for safety from fires; for space, use and location, and for safe and sanitary maintenance; for cooking equipment in all structures now in existence, and fixing the responsibilities of owners, operators and occupants of all structures, and the National Electrical Contractors Association, Inc., National Electrical Code, edition copyrighted 1974, by the National Fire Protection Association, and known as "National Electrical Code, 1975 edition", covering electrical conductors and equipment installed within or on public and private buildings or other structures, including mobile homes and other premises such as yards, carnival, parking and other lots, and industrial substations; and conductors that connect the installation to a supply of electricity and other outside conductors on the premises, by reference, and to provide for regulation by the Township Board of minimum construction requirements of dwellings, buildings and structures within the Township of Plymouth, to provide for amendments or supplements thereto, to authorize penalties, to provide for the establishment and administration of the Township of Plymouth Department of Building and Code Enforcement, to provide for conflicts with other ordinances and to repeal or save ordinances in conflict herewith.

THE TOWNSHIP OF PLYMOUTH ORDAINS.

PART I. Pursuant to the provisions of Act No. 230 of the Public Acts of 1972, as amended, being Sections 125.1501, et seq., C.L. '48, and known as the "State Construction Code Act of 1972", the Building Officials and Code Administrators International, Inc., Basic Building Code, edition copyrighted 1975, and known as "The BOCA Basic Building Code/1975", and the Basic Housing-Property Maintenance Code, edition copyrighted 1975, and known as "The BOCA Basic Housing-Property Maintenance Code/1975", both codes promulgated and recommended by the Building Officials and Code Administrators International, Inc., and the National Electrical Contractors Association, Inc., National Electrical Code, edition copyrighted 1974, and known as "The National Electrical Code, 1975 edition", promulgated and recommended by the National Fire Protection Association, shall be, and the same hereby are, adopted by reference and all provisions thereof are deemed incorporated herein by reference, save and except such portions as are hereinafter deleted, modified, supplemented or amended by PART VII, below.

PART II. This Ordinance shall be known and may be cited, amended and supplemented as the "1977 Building Code of the Township of Plymouth".

PART III. The purpose of this Ordinance and of the BOCA Basic Building Code/1975, the BOCA Basic Housing-Property Maintenance Code/1975, and the National Electrical Code, 1975 edition, as adopted by reference in Part I, hereof, shall be to regulate and control all matters concerning the construction, alteration, addition, repair, removal, demolition, use, location, occupancy and maintenance of all buildings and structures, existing or proposed, and their service equipment, and to establish a minimum standard for basic equipment and facilities for light, ventilation, space heating and sanitation; for safety from fires; for space, use and location; and for safe and sanitary maintenance; for cooking equipment and structures now in existence and to fix responsibilities of owners, operators and occupants of all structures, and to establish standards for electrical conductors and equipment installed within or on public and private buildings or other structures, including mobile homes, and other premises such as yards, carnival, parking and other lots, and industrial substations and to establish standards for conductors that connect the installations to a supply of electricity or other outside conductors on premises in the Township of Plymouth, Wayne County, Michigan, except as matters are otherwise provided in other ordinances or statutes which contain stricter controls or regulations, to insure the public health, safety and welfare as they are affected by building construction, through structural strength, adequate ingress and egress facilities, sanitary equipment, light and ventilation and fire safety, and in general to secure safety to life and property from all hazards incident to the design, erection, repair, removal, demolition, use and occupancy of buildings, structures or premises within said Township of Plymouth, to provide for the administration and enforcement of said 1977 Building Code of the Township of Plymouth, and to provide penalties for the violation of the provisions of the 1977 Building Code of the Township of Plymouth.

PART IV. Complete printed copies of the BOCA Basic Building Code/1975, and the BOCA Basic Housing-Property Maintenance Code/1975, promulgated and recommended by the Building Officials and Code Administrators International, Inc., and the National Electrical Code, 1975 edition, promulgated and adopted by the National Fire Protection Association, are and shall be kept in the office of the Clerk of the Township of Plymouth and such copies shall be available for public use and inspection at the office of said Clerk during the regular business hours of said office.

PART V. This Ordinance shall not, pursuant to Section 8(4) of Act No. 230 of the Public Acts of 1972, as amended, being Section 125.1508(4), C.L. '48, apply to public or nonpublic schools within the Township of Plymouth without concurrence by the school authorities having jurisdiction.

PART VI. Whenever the word "Municipality" or "administrative authority" shall be used in the BOCA Basic Building Code/1975, the BOCA Basic Housing-Property Maintenance Code/1975, or the National Electrical Code, 1975 edition, said words shall be held to mean the Township of Plymouth.

PART VII. The BOCA Basic Building Code/1975, shall be, and hereby is, modified, amended or supplemented by the following deletions, modifications, amendments or supplements as denominated by the appropriate section and decimal codification set forth in the BOCA Basic Building Code/1975, and as so modified, amended or supplemented the BOCA Basic Building Code/1975, shall be, and hereby is, affirmed and adopted to read, inter alia, as follows:

A. SECTION 107.1. The provisions of the BOCA Basic Building Code/1975, The BOCA Basic Housing-Property Maintenance Code/1975, the National Electrical Code, 1975 edition, of the 1977 Building Code of the Township of Plymouth shall be administered and enforced by the Township of Plymouth Department of Building and Code Enforcement, the establishment of which Department is hereby ratified and affirmed. The administrative official in charge of said Department shall be known and titled as the "Building Official".

B. SECTION 107.2. The Building Official shall be appointed and may be removed for cause and after hearing, by the Supervisor of the Township of Plymouth with the approval of the Plymouth Township Board of Trustees.

C. SECTION 107.3. Any inspectors or other employees of the Department of Buildings and Code Enforcement as shall be necessary for the administration of the 1977 Building Code of the Township of Plymouth shall be appointed and may be removed, for cause and after hearing, by the Supervisor of the Township of Plymouth with the approval of the Plymouth Township Board of Trustees.

D. SECTION 107.4. A Deputy Building Official, who shall exercise all powers of the Building Official during the temporary absence or disability of the Building Official, may be appointed and removed, for cause and after hearing, by the Supervisor of the Township of Plymouth with the approval of the Plymouth Township Board of Trustees.

E. SECTION 107.10. The Building Official and members of the staff of said Department shall make such reports and engage in such work as the Supervisor of the Township of Plymouth or as the Plymouth Township Board of Trustees may from time to time direct or request. The Building Official shall report and be responsible for the administration of said Department to the Plymouth Township Board of Trustees through the Supervisor of Plymouth Township.

F. SECTION 109.3. Upon preparation of a rule or regulation by the Department of Building and Code Enforcement, the proposed rule or regulation shall be posted in the Plymouth Township Hall for four weeks and shall be submitted to the next regular meeting of the Plymouth Township Board of Trustees occurring after said four week period, at which meeting the public shall be heard concerning the proposed rule or regulation. Upon approval of the proposed rule or regulation by the Plymouth Township Board of Trustees, the same shall be published in accordance with Act No. 191 of the Public Acts of 1939, as amended, and take effect 30 days after such publication.

G. SECTION 111.1. (1) Before issuing a permit, the Building Official may examine or cause to be examined all buildings, structures, and sites for which an application has been filed for a permit to construct, enlarge, alter, repair, remove, demolish or change the use thereof, and he shall conduct such inspections from time to time during and upon completion of the work for which he has issued a permit. (2) The Building Official, Deputy Building Official and building inspectors designated by the Building Official shall be, and hereby are, authorized to issue and serve appearance tickets for violations of the 1977 Building Code of the Township of Plymouth. The second copy of any issued appearance ticket shall be retained by the Department of Building and Code Enforcement.

H. SECTION 118.1. Before receiving a permit, the owner, builder or his agent shall pay to the Treasurer of the Township of Plymouth or other authorized agent, the fee specified in the following table. In applying the provisions of this code in respect to new construction, alterations, additions or other building operations, the physical value of the work shall be determined by the building official on the basis of current costs or as otherwise provided in the local ordinances.

SCHEDULE OF PERMIT FEES

- (A) Building Permit Fee: (1) New, additions and alterations less than \$100.00 valuation, fee ...\$7.00 (2) New, additions and alterations of \$100.00 or more but less than \$1,000.00 valuation, fee.....\$10.00 (3) New, additions and alterations of \$1,000.00 or more but less than \$10,000.00 valuation, fee of \$10.00 for first \$1,000.00 valuation, plus fee of \$5.00 for each additional \$1,000.00 valuation or fraction thereof. (4) New, additions and alterations of \$10,000.00 or more but less than

\$20,000.00 valuation, fee of \$55.00 for first \$10,000.00 valuation, plus fee of \$3.00 for each additional \$1,000.00 valuation or fraction thereof.

(5) New, additions and alterations of \$20,000.00 or more valuation, fee of \$85.00 for first \$20,000.00 valuation, plus fee of \$2.00 for each additional \$1,000.00 valuation or fraction thereof.

- (B) Demolition Permit Fee: (1) Under 20,000 cubic feet in volume, fee.....\$ 15.00 (2) 20,000 cubic feet in volume but less than 50,000 feet in volume, fee\$ 30.00 (3) 50,000 cubic feet in volume or more, fee.....\$ 50.00 Before a Demolition permit may be issued, the applicant shall file with the Township Treasurer a cash or surety bond, in form and with sufficient sureties acceptable to the Township Treasurer, in the penal sum of not less than Five Hundred Dollars, saving and protecting the Township of Plymouth and all persons harmless from all damages to private or public property that may arise from such demolition and further conditioned that the applicant shall accomplish such demolition in accordance with the requirements of all applicable ordinances, including without limitation the removal of all rubbish or waste from the site of the demolition at applicant's expense and the placement of the site in a safe condition with clean fill of all foundations or excavations in a manner preventing the accumulation, ponding or standing of water.

(C) Moving of Building Permit Fee: Preliminary inspection to determine whether the building or structure is suitable for movement over and upon public property and whether the proposed location of the building or structure within the Township of Plymouth would be lawful and not injurious to the contiguous property and surrounding neighborhood:

- (1) From one location to another within the Township of Plymouth or from a location in the Township of Plymouth to another municipality, fee.....\$25.00 (2) From another municipality to a location within the Township of Plymouth, fee.....\$50.00

Moving of building permit requirements are that before a permit for the moving of any building or structure may be issued, the applicant shall file with the Township Treasurer a cash or surety bond, in form and with sufficient sureties acceptable to the Township Treasurer, in the penal sum of not less than Ten Thousand Dollars, saving and protecting the Township of Plymouth harmless from all damages to private property and to pay for all damages to public property that may arise from the use of any streets, alleys, boulevards, parks or other public places in the moving of said building or structure, and the applicant shall file with the Township Treasurer a public liability and property damage insurance policy, naming the applicant and the Township of Plymouth as the insured, and providing for the payment of any liability imposed by law upon such applicant or the Township of Plymouth to the extent of Ten Thousand Dollars for injuries to or death of more than one person and for damage to property in the amount of Two Thousand Dollars, and the applicant shall file with the Township Treasurer a cash or surety bond, in form and with sufficient sureties acceptable to the Township Treasurer, in the penal sum of not less than One Thousand Dollars, the condition of which bond shall be that the applicant guarantees to the Township of Plymouth that the moving of the building or structure will not cause, or allow as the result of such moving, the collecting of stagnant water or leaving of the land in a condition determined by the Department of Building and Code Enforcement to be unsuitable or to be unfit for the growing of turf or for other land uses permitted in the zoning district in which such moving occurs. In addition, the Applicant shall file with the Department of Building and Code Enforcement a specification of the route over which the building or structure is to be moved and the time allowed for such moving as approved by the Fire Chief of the Township of Plymouth. The foregoing requirements shall not be applicable in the case of the moving of a building or structure within the limits of the property on which it is located. Further, the applicant shall provide such security personnel and public safety precautions as the Building Official and the Fire Chief may direct or require. In no event shall a permit to move a building or structure be issued by the Department of Building and Code Enforcement unless and until the Department of Building and Code Enforcement finds that under the facts the applicant has sufficient knowledge, experience, equipment and facilities to properly conduct such moving and that the structure and the use thereof at the proposed location thereof within the Township of Plymouth would be lawful and not injurious to the contiguous property and surrounding neighborhood; provided, that upon denial of said permit and within thirty (30) days of such denial, the applicant may appeal such denial to the Board of Trustees, whereupon that body may approve the issuance of a permit.

The moving of building permit fee shall be a sum computed upon the basis of the cost of moving of the building in accordance with the schedule contained in subsection (a), Building Permit Fee, hereinbefore.

In addition to the foregoing permits, requirements and fees, the owner of the premises in the Township of Plymouth to and upon which a building or structure is to be placed shall apply for a building permit for all on site foundation, completion, restoration and other work or material to be performed upon or supplied to the relocated building or structure in the same manner as for new construction.

- (D) Special inspection Fees and Additional Fees: (1) Inspection requested before work is ready, fee.....\$ 10.00 (2) Owner or representative does not keep appointment for inspection with the inspector, fee.....\$ 10.00 (3) When approved plans are not on the job during inspection, fee\$ 10.00 (4) Violation notices requiring re-inspection, fee\$ 10.00 (5) Special inspection when requested, fee\$ 10.00 (6) Temporary permit for parking of trailer coach or camper, fee\$ 10.00 (7) Temporary certificate of occupancy, fee.....\$ 10.00 (8) Fee for permits not obtained before work is started shall be computed double that for new construction, based upon the estimated cost of construction. (E) All residential maintenance and alteration contractors or all residential builders, or both, who do work in the Township of Plymouth shall register with the Clerk of the Township of Plymouth, and pay the following fee, or fees, as the case may be, to the Treasurer of the Township of Plymouth: (1) Residential maintenance and alteration contractors registration, fee\$ 10.00 (2) Residential Builders registration, fee\$ 15.00 (3) The expiration of such registration fee shall be the 31st day of December of each and every year. (F) V.A., F.H.A., and conventional mortgage inspections of residential buildings, and inspections to determine compliance of existing buildings, structures and sites to Building Code and other applicable code requirements, fee.....\$ 50.00

I. SECTION 120.5. Upon the request of the holder of a building permit, the Building Official may issue a Temporary certificate of occupancy for a building or structure, or part thereof, before the entire work covered by the building permit shall have been completed, provided such portion or portions may be occupied safely prior to full completion of the building without endangering life or public welfare, and provided further that such temporary certificate of occupancy shall be for a period not to exceed three (3) months and the same may be renewed not more than once for a period not to exceed three (3) months; if the Building Official determines the holder of a temporary certificate of occupancy is not making reasonable and diligent efforts to complete the work, he may terminate said certificate at any time. A temporary certificate of occupancy shall automatically terminate if the premises for which the certificate is applicable are sold or assigned or if the owner thereof dies or is adjudged a bankrupt. Further, the issuance of a temporary certificate of occupancy or of a certificate of occupancy shall not be constituted as a waiver of any applicable ordinance, code, rule or regulation provision.

J. SECTION 122.3. (1) A person or corporation, including an officer, director or employee of a corporation, who commits or who has managerial responsibility for the commission of any of the following acts shall be fined not more than Five Hundred Dollars (\$500.00) or imprisoned for not more than ninety (90) days, or both:

- (A) Violates a provision of the 1977 Building Code of the Township of Plymouth or the BOCA Basic Building Code/1975, or the BOCA Basic Housing-Property Maintenance Code/1975, or the National Electrical Code, 1975 edition, or the rules for the enforcement of or all or any of the same. (B) Constructs a structure or building in violation of a condition of a building permit. (C) Fails to comply with an order issued by the Department of Building and Code Enforcement of the Township of Plymouth or the construction Board of Appeals. (D) Makes a false or misleading written statement, or omits required information or a statement in an inspection report, application, petition, request or for approval or appeal to the Department of Building and Code Enforcement of the Township of Plymouth or the construction Board of Appeals. (E) Refuses entry or access to an inspector lawfully authorized to inspect any premises, building or structure pursuant to this Ordinance. (F) Unreasonably interferes with such an inspection.

(2) With respect to subdivision (C) of subsection (1), a person is guilty of a separate offense for each day that he fails to comply with a stop construction order validly issued by the Department of Building and Code Enforcement of the Township of Plymouth and for each week that he fails to comply with any other order validly issued by the Department of Building and Code Enforcement of the Township of Plymouth. With respect to subdivisions (A) and (D) of Subsection (1), a person is guilty of a separate offense for each violation of any provision of this Ordinance or rules promulgated hereunder and for each false or misleading written statement or omission of required information or statement made in an application, petition, request for approval or appeal to the Department of Building and Code Enforcement of the Township of Plymouth or the construction Board of Appeals. With respect to subdivision (B) of subsection (1), a person is guilty of a separate offense for each violation of a condition of a building permit.

K. SECTION 123.2. Any person or corporation, including an officer, director or employee of a corporation, who fails to comply with the provisions of Section 123.0 and Section 123.1 shall be subject to the same penalties, upon conviction, as are provided in Section 122.3(1)(c) and Section 122.3(2).

L. SECTION 126.3. The third member of the Board of Survey shall receive for his services a fee of Fifty Dollars (\$50.00) for each hour of service and said fee shall be paid by the appellant. Prior to convoking the Board of Survey, the appellant shall pay the sum of One Hundred Dollars (\$100.00) to the Treasurer of the Township of Plymouth and the Treasurer shall utilize said sum to assure and make payment of the aforesaid fee of the Third member of the Board of Survey, provided that any portion of said sum in excess of the fee actually incurred by the appellant to said third member of the Board of Survey shall be returned by the Treasurer of the Township of Plymouth to the Appellant.

M. SECTION 127.2.1. The Board of Appeals shall consist of three (3) members appointed by the Supervisor of the Township of Plymouth with the approval of the Plymouth Township Board of Trustees, one member thereof shall be appointed at the outset of creation of said Board for three (3) years, one for two (2) years, and one to serve one (1) year, and thereafter each new member shall be appointed to serve for three (3) years or until his successor has been appointed. Existing members of said Board shall serve until their respective terms expire or a vacancy thereof occurs.

N. SECTION 127.2.2. Each member of the Board of Appeals shall be a licensed professional engineer or architect, or a licensed builder or a superintendent of building construction with at least ten (10) years of experience, for five (5) years of which such person shall have been in responsible charge of work, and at no time shall there be more than two (2) members of the Board of Appeals selected from the same profession or business, and at least one of the members of the Board of Appeals shall be a licensed professional engineer with structural or civil or architectural engineering experience.

O. SECTION 127.2.3. During the temporary absence of any member of the Board of Appeals by reason of disability, illness, travel or otherwise, the Supervisor of the Township of Plymouth shall designate a qualified substitute to serve in the place and stead of such absent member(s). A permanent vacancy in any member's term shall be filled within thirty (30) days following the occasion of such permanent vacancy.

P. SECTION 127.4.3. When the three (3) members of the Board of Appeals are not present to consider a specific appeal, either the appellant, the Building Official or their representatives may request a postponement of the hearing.

Q. SECTION 127.5.1. The Board of Appeals shall affirm, modify or reverse the decision of the Building Official by a concurring vote of two (2) members.

R. SECTION 127.5.3. Failure to secure two (2) concurring votes to modify or reverse the decision of the Building Official shall be deemed a confirmation of the Decision of the Building Official, except that the appellant shall be entitled to further hearing before the full Board of Appeals if there were not three (3) members present when the vote was taken and provided said hearing is requested in writing by the appellant not later than the termination of the next business day following the decision of the Board of Appeals to which appellant takes exception.

S. SECTION 1500.5. For all purposes herein the term 'National Electrical Code' shall mean the National Electrical Code, 1975 edition, as promulgated, sponsored and adopted by the National Fire Protection Association, being a nationally recognized code, which is hereby adopted by reference and all provisions thereof are deemed incorporated herein by reference, save and except such portions as are hereinafter deleted, modified, supplemented or amended below:

(1) National Electrical Code, 1975 edition, shall be, and hereby is, modified, amended or supplemented by the following deletions, modifications, amendments or supplements as denominated by the appropriate section and decimal qualification set forth in the National Electrical Code, 1975 edition, and as so modified, amended or supplemented the National Code 1975 edition shall be, and hereby is, affirmed and adopted to read, inter alia, as follows:

- a.) 90-2. Scope. (a) Covered. This code covers: (1) Electrical conductors and equipment installed within, or on, public and private buildings or other structures, including mobile homes, as well as other premises, such as yards, carnival, parking, and other lots, and industrial substations. (b) Not covered. This code does not cover: (1) Installations of electrical equipment in automotive vehicles, other than mobile homes, ships, watercraft, railway rolling stock or aircraft. b.) 90-4. Enforcement. The administrative authority shall make interpretations of the rules, deciding upon approval of listed equipment and materials, and shall grant any special permission required by these rules. In industrial establishments and in research and testing facilities, the administrative authority may waive specific requirements in this code, or may permit alternate methods, where it is assured that equivalent objectives can be achieved by establishing and maintaining effective safety and maintenance procedures.

c.) 90-8. Maintenance of existing wiring. Every building, structure, or part thereof shall be kept in good electrical repair by the owner.

d.) 90-9. Responsibility of persons. A person shall not install, alter, maintain, service, or repair, or cause or permit the installation, altering, maintaining, servicing, or repairing of electrical equipment in or on any building, structure, or part thereof, or on any premises, if by the person's action the work does not conform to the provisions of the code.

e.) 90-10. Disconnection of dangerous electrical equipment. When the use of any electrical equipment is found imminently dangerous to human life or property, the administrative authority is hereby empowered to condemn it or disconnect it from its source of electric supply, except that the service entrance equipment or utility service drop wires shall not be disconnected unless such entrance equipment or utility wires in themselves constitute a hazard to life or property. When such equipment is so condemned or disconnected, a red tag shall be placed thereon listing the causes for the condemnation or disconnection and the penalty under the act for the unlawful use thereof. Written notice of condemnation or disconnection, and the causes therefore, shall be given to the owner or the occupant of the building, structure, or premises. A person shall not remove the tag or reconnect the electrical equipment to its source of electric supply, or use or permit to be used electrical current in any such electrical equipment, until such causes for the condemnation or disconnection are remedied and a permit for the electrical repairs thereof is obtained from the administrative authority.

f.) 90-11. Permits and certificates. A person shall not equip a building with electrical equipment or make an alteration of, change in, or addition to electrical equipment without receiving a written permit to do the work described. When such electrical equipment, changes, or additions thereto are found to conform to the provisions of the code, and the work has passed inspection of the administrative authority, the administrative authority shall issue a certificate of final electrical inspection upon request of the permit holder to whom the permit was issued, that the provisions of the code have been complied with. However, such certificate shall not be granted until the electrical equipment is made to conform to the code. This section shall not apply to installations referred to in R 538.887.

g.) 90-12. Persons to whom permits shall be issued. (1) A holder of a class I license.

(2) A person employing a licensed electrical journeyman to actively supervise the new installation of electrical equipment on premises owned or occupied, and used, by the applicant in the conduct of his business, and at which premises the licensed electrician performs his duties in those instances where business or industrial procedure requires the regular employment of a licensed electrical journeyman. However, an affidavit form furnished by the administrative authority shall be signed by both the employer and the licensed journeyman. This affidavit shall be kept on file in the offices of the administrative authority, and shall contain the following:

- (a) Name and business address of the person employing the licensed electrical journeyman. (b) Name, address, the current license number of the licensed electrical journeyman. (c) License numbers of 2 previous years, and the name of licensing authority in order to establish the holding of a license for not less than 2 years.

(d) Statement to the effect that the employer and the licensed electrical journeyman will comply with the provisions of the code regulating installation of electrical equipment in the state. A new affidavit shall be filed before permits are issued if the licensed electrical journeyman terminates his employment.

(3) A homeowner who comes under the jurisdiction of the code.

h.) 90-13. Permit application forms. Applications for a permit under the code shall be on forms furnished by the administrative authority and shall be signed by the electrical contractor or his authorized agent.

i.) 90-14. Revocation of permits. A permit issued in violation of the laws of this state, or as a result of false or fraudulent information or misinterpretation of conditions, is subject to revocation at the direction of the administrative authority. The person holding the permit shall be notified to appear and show cause why the permit should not be revoked. Failure to appear shall be deemed sufficient grounds for revocation of the permit.

j.) 90-15. Lapsed and expired permits. If work for which a permit is issued is not started within 6 months of the date of issue, or if work is abandoned for a period of 6 months, the permit shall lapse and cease to be in effect. The administrative authority may reinstate an expired permit within 1 year of its date of issue. A permit which has expired, lapsed, or been abandoned 1 year or more may be reinstated only by action of the Bureau of Construction Codes in each case.

k.) 90-16. Permit holder quitting installation. If a person to whom a permit is issued for the installation and inspection of electrical equipment quits the installation for any reason, that person shall notify the administrative authority.

l.) 90-17. Partial completion of work. If an installation is partially com-

Continued from page 6B

pleted, the permit holder, upon quitting the installation, shall notify the administrative authority and request an inspection. Acceptance of, or violations against, the work installed shall be recorded by the inspector on the permit record according to the findings of the inspector. A refund shall not be granted to the permit holder of the permit fee covering electrical equipment installed and inspected.

m.) 90-18. **Owner hiring another licensed contractor to complete work.** If a permit holder quits an installation after the electrical equipment is installed, and fails to notify the administrative authority, the owner or his agent may notify the administrative authority and request inspection. Upon inspection, the permit holder shall be sent a notice of any violation. The owner may then secure another licensed contractor to proceed with the work, when properly covered by a permit.

n.) 90-19. **Transfer of electrical permit.** If the permit holder gives written permission, or appears in person with another licensed contractor and grants permission, the permit shall be transferred to the licensed contractor. If permission is not granted by the original permit holder, the licensed contractor who completes the installation shall secure a permit covering the work he does, and such licensed contractor shall be responsible in either case for all work done under his supervision.

o.) 90-20. **Additional permits.** Additional permits shall be required as follows:

- (1) If more than 1 inspection is necessary on any violation notice.
- (2) For special inspections required for the investigation of a violation of the code.
- (3) For additional work not included on the original permit.

p.) 90-21. **Plans and specifications.** A detailed set of plans and specifications shall be submitted with the application for an electrical permit for any wiring or alteration to the electrical system in all buildings using more than 6 circuits, except single and 2-family dwellings. The electrical drawings shall include such details as lighting layout, circuiting, switching, conductor and raceway sizes, wattage schedule, service location and riser diagram, calculations, and a proposed method of construction drawn with symbols of a standard form. All conductors are assumed to be copper, unless otherwise stated on the plan. Specifications, when provided, shall also include the foregoing information. The selection of suitable disconnect and over current devices to provide proper coordination and interrupting capacity for a wiring system is the responsibility of the designer. The administrative authority, when approving electrical plans, assumes no responsibility for the design or for any deviations from any applicable codes not explicitly agreed upon at the time of approval of electrical drawings. Plans and specifications approved by the administrative authority, or a certified copy thereof, where required, shall be available for the use of the administrative authority, or a certified copy thereof, where required, shall be available for the use of the administrative authority on the job.

q.) 90-22. **Representative on job site.** The administrative authority reserves the right to require a representative of the contractor to be on the job when an inspection is made.

r.) 90-23. **Safeguarding electrical equipment.** Electrical contractors shall not install electrical equipment that may be damaged by exposure or construction.

s.) 90-24. **Scheduling inspection.** Not less than 24 hours' notice shall be given the administrative authority before inspection is required. The 24 hours shall be given on a regular working day during regular business hours of the administrative authority. The 24 hours shall not encompass any portion of a day other than a regular business day of the administrative authority.

t.) 90-25. **Inspection notices.** Any notice of inspection of electrical equipment shall be posted, or removed, at the job site by the administrative authority only.

u.) 90-26. **Inspection before concealing.** A person shall not conceal, or cause to be concealed, any electrical equipment before such equipment is approved by the administrative authority.

v.) 90-27. **Inspection and copying of records.** Upon request in writing, the administrative authority shall make available for public inspection and copying, during its business hours, final orders or decisions in contested cases and the records on which such orders or decisions were made. Advance notice is required where these records are stored outside the immediate office area. Promulgated rules and written statements which interpret law, rules, or policy shall be available upon request during business hours. The administrative authority may charge not more than cost for each copy of any document.

w.) 90-28. **Methods of obtaining information.** The administrative authority is not responsible for code interpretations or other information relative to electrical installations given over the telephone. Requests for definitive information shall be made in person and in writing.

x.) 90-29. **Advertising.** A person shall not use any word or words in a sign, display, business form or document, or advertising medium which indicates, or tends to indicate, that a person is qualified to supervise, install, repair, replace, remove, or service any electrical equipment which requires a permit or inspection, or both, pursuant to these rules from the administrative authority, unless such is uttered, published, or displayed by authority of a licensed electrical contractor (class 1 licensee).

y.) 90-30. **Violations.** If it is found that any electrical equipment does not conform to the provisions of the code, the person installing or responsible for installing such electrical equipment shall be notified in writing of such defect, misuse, or violation, and all such violations, defects, or misuses of such electrical equipment shall be corrected within a reasonable length of time, not to exceed 10 working days. When the corrections have been made, that person shall notify the administrative authority in writing not less than 24 hours prior to the time reinspection is desired on the next regular working day of the administrative authority. Any person failing to make correction of a violation within the time specified herein shall be denied the right to file any further permits to do electrical work until the corrections are made.

z.) **Article 100. Part A. "Administrative authority defined."** "Administrative authority" means the Department of Buildings and Code Enforcement of the Township of Plymouth. (All other definitions within Article 100, Part A, of the code shall remain the same.)

aa.) 336-3. **Uses permitted or not permitted.** Type NM and Type NMC Cables shall be permitted to be used in one and two family dwellings, or multi-family dwellings and other structures:

- (a) Type NM. This type of nonmetallic-sheathed cable shall be permitted to be installed for both exposed and concealed work in normally dry locations. It shall be permissible to install or fish type NM cable in air voids in masonry block or tile walls where such walls are not exposed or subject to excessive moisture or dampness.
- (b) Type NM cable shall not be installed where exposed to corrosive fumes or vapors; nor shall it be imbedded in masonry, concrete, fill, or plaster; nor run in a shallow chase in masonry or concrete and covered with plaster or similar finish.
- (c) Type NMC. Type NMC cable shall be permitted for both exposed and concealed work in dry, moist, damp, or corrosive locations, and in outside and inside walls of masonry block or tile.
- (d) Uses not permitted for either Type NM or NMC. Types NM and NMC cables shall not be used as: (1) service-entrance cable, (2) in commercial garages, (3) in theaters and similar locations, except as provided in Article 518, places of assembly, (4) in motion-picture studios, (5) in storage battery rooms, (6) in hoistways, (7) in any hazardous location, (8) imbedded in poured cement, concrete, or aggregate.

bb.) 517-63(f). **Circuits in anesthetizing locations.** (1) A general purpose lighting circuit connected to the normal grounded service shall be installed in each operating room. Exception: Where connected to any alternate source permitted in 700-6 which is separate from the source serving the emergency system.

cc.) 210-4. **Multivire Branch Circuits.** (b) Circuit Interconnection. Neutral and ungrounded circuit conductors for two, three, or four wire circuits shall originate at the same outlet or panel. Neutral and/or ungrounded conductors for circuits shall not be tapped from different locations in the wiring system.

dd.) 210-22(a). **Motor-Operated and Combination Loads.** Where a circuit supplies only motor-operated loads, Article 430 shall apply. Where a circuit supplies only air conditioning and/or refrigerating equipment, Article 440 shall apply. Fixed appliances with motors larger than 1/2 HP rating shall be connected to circuits supplying motors only.

ee.) 210-24. **Branch-Circuit Requirements - Summary.** The requirements for circuits having two or more outlets, other than the receptacle circuits of section 220-3 (b) as specifically provided for above, are summarized in Table 210-24. Branch circuits in dwelling type occupancies shall not be connected to serve more than one dwelling unit.

ff.) 210-(b) **Dwelling-Type Occupancies.** In every kitchen, family room, dining room, breakfast room, living room, parlor, library, den, sun room, bedroom, recreation room, or similar rooms, receptacle outlets shall be installed so that no point along the floor line in any wall space is more than 6 feet, measured horizontally, from an outlet in that space, including any wall space 2 feet or more in width and the wall space occupied by sliding panels in exterior walls. The wall space afforded by fixed room dividers, such as free-standing bar-type counters, shall be included in the 6 foot measurement. In kitchen and dining areas a receptacle outlet shall be installed at each counter space wider than 12 inches. Counter top spaces separated by range tops, refrigerators, or sinks shall be considered as separate counter top spaces. Receptacles rendered inaccessible by the installation of stationary appliances shall not be considered as these required outlets.

Receptacle outlets shall, in so far as practicable, be spaced equal distances apart. Receptacle outlets in floors shall not be counted as part of the required number of receptacle outlets unless located close to the wall.

At least one wall receptacle outlet shall be installed in the bathroom adjacent to the basin location.

For a one-family dwelling, at least one receptacle outlet shall be installed outdoors.

At least one receptacle outlet shall be installed in each basement and attached garage.

Laundry equipment duplex receptacle in dwelling type occupancies shall be mounted on the wall not higher than forty-eight (48) inches above the floor within 6 feet of the intended location of the equipment. A laundry lift pump of less than one-sixth (1/6) HP shall be permitted to be connected to the laundry circuit.

At least one receptacle outlet shall be installed for the laundry circuit.

Exception No. 1: In a dwelling unit that is an apartment or living area in a multi-family building where laundry facilities are provided on the premises

that are available to all building occupants, a laundry receptacle shall not be required.

Exception No. 2: In other than single-family dwellings where laundry facilities are not to be installed or permitted, a laundry receptacle shall not be required.

Exception No. 3: A dwelling that is a unit in a hotel, motel, motor court, or motor hotel, a laundry receptacle shall not be required.

As used in this Section a "wall space" shall be considered a wall unbroken along the floor line by doorways, fireplaces, and similar openings. Each wall space two or more feet wide shall be treated individually and separately from other wall spaces within the room. A wall space shall be permitted to include two or more walls of a room (around corners) where unbroken at the floor line.

The purpose of this requirement is to minimize the use of cords across doorways, fireplaces, and similar openings.

The receptacle outlets required by this Section shall be in addition to any receptacle that is part of any lighting fixture or appliance, located within cabinets or cupboards, or located over 5 1/2 feet above the floor.

Lavatory: At least one duplex receptacle outlet shall be installed on the same wall as the wash basin or on a wall immediately adjacent to the wash basin. The receptacle shall not be more than four (4) feet from any wash basin and shall be installed not less than thirty (30) inches and not more than forty-eight (48) inches above the floor and rated 15 amperes, 125 volts.

Halls, corridors, etc., multi-family dwellings shall have at least one receptacle outlet for each twenty-five (25) linear feet or major fraction of hall length.

Receptacle outlets located more than twenty-four (24) inches above the floor or more than twenty-four (24) inches above a fixed work surface they are intended to serve and pendant receptacle outlets are not to be counted as any of the receptacle outlets required by Section 210-25 (b) and (c) of the National Electrical Code except as provided for in lavatories.

Unfinished attic space in dwelling type occupancies adaptable for living which is accessible by permanent stairs shall be provided with at least one receptacle outlet which shall be wired on an independent circuit of at least 15 ampere capacity.

gg.) 210-25(e) **Receptacle Outlets (in other than dwelling type occupancies).**

- (a) Receptacle outlets shall be supplied by a circuit of minimum 20 ampere capacity in industrial plants, machine shops, service garages, gas-line stations or similar occupancies.
- (b) Receptacle outlets in commercial buildings shall include not more than nine (9) on circuits of 20 ampere capacity and not more than six (6) on circuits of 15 ampere capacity.
- (c) Receptacle outlets shall not be connected to circuits supplying general lighting including office portions of buildings.
- (d) A readily accessible duplex receptacle, fed from any 115 volt receptacle circuit, shall be installed on the roof within twenty-five (25) feet of each roof top heating, air conditioning and refrigeration unit or any combination of these units.

hh.) 210-26 **Dwelling Type Occupancies.** At least one wall switch controlled lighting outlet shall be installed in every habitable room; in hallways, stairways, and attached garages; and at outdoor entrances.

At least one lighting outlet shall be installed in an attic, underfloor space, utility room and basement where used for storage or containing equipment requiring servicing.

Wall switches located for convenient and readily accessible use shall be required for all ceiling lighting outlets, except closets, storage spaces and unfinished basements. Lighting outlets over sink and dinette portions of kitchens, in halls, vestibule, and at outdoor entrances, shall not be combined in any manner and shall be switched separately. If more than one lighting outlet is installed in any one of these areas, such lighting outlets shall be permitted to be combined on a single switch.

Laundry lighting outlet in dwelling type occupancies shall be provided for use in the laundry areas and shall be permitted to be connected to the same circuit which supplies the laundry equipment receptacle outlet.

ii.) 210-26(d) **Basement lighting.** Basements in dwelling type occupancies shall be wired for a minimum of one lighting outlet in each 200 square feet or major fraction of area for use as general illumination. All enclosed areas that may be walked into such as toilet rooms, fruit storage rooms, utility rooms, excavated areas under porches, etc., shall be provided with at least one lighting outlet (except coal bins).

jj.) 210-26(e) **Stairways and Hallways (in dwelling type occupancies).**

- (1) Stairways shall be provided with a lighting outlet or outlets so placed that each stair section shall be adequately illuminated. Such lighting outlets for basement, second floor or attic stairs shall be located directly over stairway section or at head or foot of stairs. These lighting outlets shall not be counted as comprising any of the required lighting outlets for basement, attic rooms, etc.
- (2) All stairway lighting outlets shall have multiple switch control at head and foot of stairway unless supplied by house meter and controlled by time clock or controls accessible to authorized persons only.
- (3) Unless served from separate house meter, stairway lighting outlets shall be supplied from circuits of the dwelling units using the stairway.
- (4) Hallway lighting. A minimum of one lighting outlet shall be installed for each twenty-five (25) feet or major fraction thereof.

kk.) 210-28. **Switches (in other than dwelling type occupancies).**

- (a) Switches shall be installed to control general lighting outlets. These switches may be wall switches or disconnecting means incorporated in a readily accessible distribution panel. Individual switches to control specific fixtures shall be permitted to be installed if desired. A switch adjacent to entrances to all areas that may be walked into shall be provided to control a fixture or fixtures located so as to furnish sufficient illumination for persons to see their way into those areas.
- (b) All stairway lighting outlets shall have multiple switch control at head and foot of stairway unless supplied by house meter and controlled by time clock or controls accessible to authorized persons only.

ll.) 220-3(a) **Space Heating Equipment (other than electric heat).**

- (1) At least one (1) individual branch circuit of not less than 15 ampere capacity shall be installed for the heating equipment.
- (2) Only those motors which are an integral part of the heating equipment shall be permitted to be connected to the circuit required by (1).

mm.) 230-72 (c) **Location of Service Equipment and Distribution Panels.** In dwelling type occupancies, service equipment and distribution panels shall not be located in coal bins, bathrooms, lavatories or clothes closets. Where practicable, they shall be located in the basement, utility room or garage. In single and two-family dwellings, this equipment shall be at least four (4) feet from the floor and shall not be subject to mechanical injury or shall be provided with suitable protection. Sufficient clearance and accessibility shall be provided when installed near laundry trays, oil tanks, or other permanently installed obstructions.

nn.) 334-13 **Wiring in attics.** Non-metallic sheathed cable and armored cable installed in attics of dwelling type occupancies shall conform to Section 336-9 National Electrical Code except, if headroom in any portion of the attic is four (4) feet or over, wiring shall be installed as concealed wiring at least to the point where headroom is reduced to three (3) feet. In livable attics, or attics adaptable under the Building Code for future living, wiring shall be installed as concealed wiring at least to a point of one (1) foot clearance of roof rafters and attic floor joists.

oo.) 410-49 **Lampholders.** (a) Lampholders installed in wet or damp locations shall be of the weatherproof type.

(b) Porcelain or metal shell sockets used as cord pendant lighting outlets shall not be permitted within reach of grounded portion of buildings.

pp.) 422-8(d) **Residential Food Waste Disposers.** All such equipment and controls in dwelling type occupancies shall be provided with an independent disconnecting means within sight of the equipment and it shall be readily accessible. Food waste disposers of one-half horsepower or less shall be wired only with heavy duty 3-wire minimum No. 16 hard service cord and approved cap and three wire "U" slot grounding type receptacles. On new construction, a disconnect switch shall be mounted in the wall adjacent to the sink.

qq.) 422-21(c) **Space Heating Equipment (other than electric heat).**

- (1) A readily accessible disconnect switch shall be mounted on the exterior of the heating equipment or on a surface adjacent to the heating equipment.
- (2) Heating equipment which is not readily accessible shall have an additional disconnect installed at the nearest readily accessible location.

rr.) 504 **Service Entrance Conductors.**

- (A) Underground 600 volts or less. See Article 230 N.E.C., Section 230-32 and 230-33.
- (B) Installation of Underground Service Conductors.

Location:

- (1) Platted subdivision lots - serviced by underground electrical conductors shall follow the utility easements to the nearest interior property line in an area no closer than two (2) feet nor further than four (4) away, to a point adjacent to the rear of the house or meter location and then in a straight line to the contact point. This requirement will be followed regardless of the location of the power pedestal, whether located at the front property line or the rear.
- (2) Service conductors which are located 24 inches or less from the finished grade shall be protected by a red warning strip of an approved material three (3) inches wide, located directly over and six (6) inches above the conductors, or by other approved mechanical means.

In the event the public utility company supervising installation shall fail or refuse to exercise the responsibility of inspection and maintenance of the service entrance conductors installed pursuant to this Ordinance, then an inspection shall be carried out by the Building Department.

- (3) Unplatted parcels - location shall be approved by the Building Department before installation.
- (4) Overhead electrical services that are being planned to be converted to underground services in those areas that have existing overhead utilities shall contact the Building Department to determine the new location of the planned underground service.

ss.) 620-73 **Elevator Rooms** shall be wired for at least one lighting outlet controlled by a wall switch, and one receptacle outlet.

tt.) 725-18 **Conductor Physical Protection.**

- (a) Where damage to remote-control circuits of safety control equipment would introduce a hazard, as covered in Section 725-4, all conductors of such remote-control circuits shall be installed in rigid metal conduit, intermediate metal conduit, electrical metallic tubing, Type MI cable, Type ALS cable,

Type CS cable, or be otherwise suitably protected from physical damage.

(b) Low Energy Wiring. Remote control, signaling, and power limited circuits.

- (1) Conductors shall run parallel to or through joists
- (2) Conductors shall run parallel to beams and/or pipes if within one (1) inch, or shall be run on sill plates.
- (3) Low energy wiring shall comply with (1) and (2). Vertical drops of conductors to furnaces, heaters, etc., shall be mechanically protected by securing to gas or oil pipes or electrical raceways, or securing to ducts, frame structures or back boards, or installing in metallic or non-metallic raceways, or forming in spiral coils for vertical drops of eighteen (18) inches or less.

uu.) 1000-1 **Inspection:** If inspection reveals that the wiring system of an existing dwelling type occupancy is inadequate, or if certification as a habitable dwelling is requested, the following minimum requirements shall be complied with:

- (a) Entrances and exits: Where two (2) or more entrances and/or exits shall be illuminated by exterior lights. Lighting outlets shall be controlled by interior wall switches, located for convenient and readily accessible use.
- (b) Living Room: Living room shall be provided with illumination. Lighting outlet shall be controlled by a wall switch, located for convenient and readily accessible use, one of the receptacle outlets controlled by a wall switch in lieu of ceiling lighting outlet is acceptable. Convenience duplex receptacle outlets shall be provided. Receptacle outlets shall be equally spaced around the room with at least one duplex receptacle outlet on each wall.
- (c) Kitchen: Kitchen shall be provided with illumination. Lighting outlet shall be controlled by a wall switch located for convenient and readily accessible use.

A separate kitchen appliance circuit shall be provided, supplying a minimum of three (3) grounding type duplex receptacle outlets. Two (2) of these receptacles shall be readily accessible for convenient use of portable appliances. New appliance circuits shall be twenty ampere capacity.

- (d) Bathroom: Bathrooms shall be illuminated. Lighting outlet shall be controlled by a wall switch. A receptacle outlet separate from the light fixtures, shall be provided and shall be located at least thirty (30) and not more than forty-eight (48) inches above the floor adjacent to the wash basin and not more than four (4) feet from the basin.
- (e) All other Habitable Rooms: Illumination for each habitable room shall be provided. Lighting outlet shall be controlled by a wall switch. Wall switches shall be located for convenient and readily accessible use. Convenience duplex receptacle outlets shall be provided a minimum of two (2) receptacle outlets equally spaced around the room. An additional receptacle outlet controlled by a wall switch is acceptable in lieu of a lighting outlet.
- (f) Basement: Basement shall be wired for a minimum of one lighting outlet in each 200 square feet or major fraction of area for use as general illumination. All enclosed areas that may be walked into, such as toilet rooms, fruit storage rooms, utility rooms, excavated areas under porches, etc., shall be provided with at least one lighting outlet (except coal bins).

Stairwell and laundry area lighting outlets shall not be counted as part of the required basement lighting outlets.

- (g) Laundry Areas: Laundry areas shall be provided with illumination. Laundry circuit shall be an individual circuit. A wall-mounted grounding type duplex receptacle outlet shall be provided, located near the laundry equipment.

An existing drop cord receptacle outlet on a separate circuit shall be acceptable providing it is a grounding type receptacle outlet not more than five (5) feet six (6) inches above the floor.

- (h) Space Heating System: Heating equipment requiring electrical energy for operation and/or control shall be provided with an individual circuit. A disconnect switch shall be provided on or adjacent to the heating equipment. (Exception: Thermo-Pile controlled furnaces.)
- (i) Stairwells: Stairwells shall be adequately illuminated. Lighting outlets shall be controlled by wall switches. Wall switches shall be located for convenient and readily accessible use. Switches shall not be located where it is necessary to use darkened stair sections for their operation. All stairwells to finished portions of dwelling shall be provided with multiple switch control, one at the head, the other at the foot of the stairwell.
- (j) Service and/or Feeder: Service to existing dwelling unit shall be a minimum of one hundred ampere, three wire capacity. Service equipment shall be dead front having no live parts exposed whereby accidental contact could be made. Type "S" fuses shall be installed when fused equipment is used.

Exception: Existing service of fifty-five ampere three wire capacity, and feeders of thirty ampere or larger two or three wire capacity shall be accepted if adequate for the electrical load being served.

- (k) Existing Wiring and Equipment: Existing wiring and equipment shall be in good repair. Circuit extensions made with flexible cord wiring in lieu of permanent wiring shall be eliminated.

vv.) 1000-2 **New Work:** All new work shall conform to the National Electrical Code and these rules.

ww.) 1000-3 **Evidence of inadequacy.** Evidence of inadequacy shall be any of the following:

- (a) Use of cords in lieu of permanent wiring
- (b) Oversizing of overcurrent protection of circuits, feeders or service.
- (c) Illegal extensions to the wiring system in order to provide light, heat or power.
- (d) Electrical overload.
- (e) Misuse of electrical equipment.
- (f) Lack of lighting fixtures in bathroom, laundry room, furnace room, stairway or basement.

xx.) **ARTICLE 1100 - FEES**

1100-1 Before receiving a permit the individual requesting such permit shall pay to the Treasurer of the Township of Plymouth or other authorized agent the fee specified in the following table

SCHEDULE OF PERMIT FEE

(A) **MINIMUM PERMIT FEE**
In no case shall less than \$10.00 be charged for any one permit with the exception of additions to permits. \$10.00 each

(B) **CIRCUITS**
First 40 Circuits \$1.50 each
Additional Circuits \$1.00 each

(C) **FIXTURES**
First (25) Twenty-five lamps or fraction thereof \$ 5.00
Each additional (25) twenty five lamps, tubes or fraction thereof 2.00
(a) Each gas-tube lamp shall be counted as one (1) unit.
(b) Flood lights of 100W capacity or over shall be considered as power units.
(c) Each cluster of flood lights consisting of lamps, 1000W or over, shall be considered as (1) one unit.
(d) When no more than seven (7) fixtures or sockets are installed with additional wiring to existing systems, the fee for wiring shall include fixtures.

(D) **MOTORS, GENERATORS, HEATING/POWER UNITS, WELDERS**

	1st	next	over

Over 400,000 Sq. Ft.	75.00

WE JUST MANUFACTURED A PLYMOUTH OFFICE.

John J. Swek, office manager, is a graduate of Wayne State University where he earned both a Bachelor of Arts and a Masters in Business Administration. He joined Manufacturers Bank in 1973 and has been involved in many facets of consumer banking.

Join us during our Grand Opening Week beginning November 14

There'll be refreshments, momentos, entertainment and a daily drawing all week long to celebrate the opening of our newest full service branch. You'll find us on Ann Arbor Road, just West of Sheldon Road. And you'll find every banking convenience, including a drive-up window.

Stop by and meet John Swek, our office manager. And, if you clip the coupon, fill it out and bring it in, you'll have a chance to win \$50, just for stopping by. There'll be a winner every day.

We're looking forward to seeing and serving you. Hours are from 10:00 to 4:30 Monday through Thursday and 10:00 to 7:00 on Friday. Our drive-up window is open from 10:00 to 7:00 Monday through Friday and from 9:00 to 1:00 on Saturday. For more information just call 459-8555.

Win \$50.00

Name _____

Fill out and deposit in the special container at Manufacturers Bank—Ann Arbor-Sheldon Office. There is no obligation involved and no account opening required to qualify. You may win only once. Employees of Manufacturers National Corporation and its subsidiaries are prohibited from entry.

MANUFACTURERS CAN HELP YOU MAKE IT.

Skilled, educated labor higher in midwest

When it comes to an educated and skilled labor force, knowledgeable about industry, the Great Lakes states are above the national average, says a Michigan State University manpower authority.

Daniel Kruger, professor of labor and industrial relations, discussed manpower availability in the Great Lakes states at a regional meeting of State Advisory Councils for Vocational Education earlier this month at MSU's Kellogg Center for Continuing Education.

According to Kruger, 21.4 per cent of the nation's civilian labor force in 1976 was concentrated in Illinois, Indiana, Michigan, Minnesota, Ohio and Wisconsin.

"Plants that produce the goods

which give the nation its very high standard of living are located throughout these states," Kruger said. "These plants have operations which require skilled and educated manpower."

All but Minnesota had a higher proportion of its employed work force in blue collar occupations than did the nation as a whole.

"The importance of the region as a manufacturing center," Kruger said, "is reflected in the proportion of craft workers in the labor force of these six states."

These ranged from 13.3 per cent in craft occupations in Minnesota to 14.8 per cent in Indiana. On the national level, 12.9 per cent of the labor force was classified as craftsmen.

Interview image seminar topic

The image women project at work or on job interviews may make the difference between stagnating in the typing pool or moving into the executive suite, according to two Washington consultants who will present an "Assertive Appearance Seminar" at the University of Michigan-Dearborn.

Scheduled 6-9 p.m. Tuesday, Nov. 15, in U of M-D's Fair Lane Conference Center, the seminar will show women how to present themselves in an executive setting. Offered in the evening to allow career women to attend, it is sponsored by U of M-D's career planning and placement office.

Barbara Blaes and Joan Silberman, co-directors of the consulting firm Ms.Tique Associate, have 25 years combined professional experience in business management, writing, modeling and teaching.

They will present instruction on selecting an effective working wardrobe, the appropriate application of cosmetics, selection of hairstyles, moving with grace and purpose and the fundamentals of distinctive speech.

The registration fee is \$20. To register, call Carol Nickell, 271-2300, ext. 244.

PART VIII. The Township of Plymouth, Wayne County, Michigan, by and through its Board of Trustees may in its discretion, and effective by resolution, pre-

scribe rules regulating the licensing and registration of electrical contractors, master electricians, and journeymen electricians and may provide by resolution for a reciprocal arrangement for the recognition of examinations and licenses issued by other townships, cities or villages in the State of Michigan, and fees and penalties incident thereto.

PART IX. Pursuant to Section 8 of Act No. 230 of the Public Acts of 1972, as amended, being Section 124.1508, C.L. '48, the Township of Plymouth hereby elects not to be governed by said Act, known as the "State Construction Code Act of 1972", and the code for which provision is therein made.

PART X. Ordinance No. XLXI, and all parts thereof or amendments thereto, is hereby repealed as of the effective date of this Ordinance.

PART XI. Any prosecution arising from a violation of Ordinances repealed herein, including without limitation Ordinance No. XLXI, which prosecution may be pending at the time this Ordinance shall become effective, or any prosecution which may be commenced in the future for offenses committed before the effective date of this Ordinance, may be instituted, tried and determined in accordance with such provisions of such ordinances in effect at the time of the commission of the offenses.

PART XII. If any clause, sentence, section, paragraph or part of this Ordinance, or the application thereof to any person, firm, corporation, legal entity or circumstance, shall be for any reason adjudged by a Court of competent jurisdiction to be unconstitutional or invalid, said judgment shall not affect, impair or invalidate the remainder of this Ordinance and the application of such provision to other persons, firms, corporations, legal entities or circumstance, but said judgment shall be confined in its operation to the clause, sentence, section, paragraph or part of this Ordinance thereof directly involved in the case and controversy in which said judgment shall have been rendered and to the person, firm, corporation and circumstance then and there involved. It is hereby declared to be the legislative intent of this body that this Ordinance would have been adopted had such invalid or unconstitutional provision not been included in this Ordinance.

PART XIII. Any and all ordinances of the Township of Plymouth heretofore adopted and not herein specifically repealed are hereby ratified and affirmed and neither this Ordinance nor the BOCA Basic Building Code 1975, the BOCA Basic Housing-Property Maintenance Code 1975, or the National Electrical Code, 1975 edition, adopted herein by reference, shall be construed or interpreted to alter, affect, amend, repeal, supersede or abate the terms and provisions of such previously adopted ordinances, except that ordinance specifically herein repealed.

PART XIV. The provisions of this Ordinance shall be, and the same hereby are, declared to be immediately necessary for the preservation of the public health, safety and general welfare and this Ordinance shall be, and the same hereby is, declared effective on December 31, 1977.

PART XV. This Ordinance was adopted by the Township Board of the Township of Plymouth, Wayne County, Michigan, at its regular meeting duly called and held on the 8th day of November, 1977, and ordered to be given publication in the manner prescribed by law.

THOMAS G. NOTEBAERT, Supervisor
HELEN I. RICHARDSON, Clerk

SHOW SIGN-UP

Registration for the fourth annual Plymouth Christmas Arts and Crafts show is now limited to booth space in the cafeteria of Central Middle School. Booth space is available for Saturday, Dec. 10, from 11 a.m. to 9 p.m. Registration is at the Plymouth Cultural Center, 525 Farmer, and the fee for booths is \$12.

SKI CLUB

Nov. 17—Plymouth-Canton Community Schools continuing education and recreation department announces annual Ski Club registration will begin 7:30 p.m. in cafeteria of Plymouth Canton High. Bring \$30 registration fee which pays for three advance tow tickets and transportation cost for the entire year. A free membership will be given as a prize.

ACRYLIC PAINTING CLASS

Nov. 21—An advanced acrylic painting class will begin Monday, Nov. 21, 7:30 p.m. in the Plymouth Cultural Center. Another beginners' acrylic painting class will begin Nov. 23, same time. No background in art or painting is required. For more information contact Plymouth Recreation Department at 455-6620.

ARTS AND CRAFTS SHOW

Dec. 9—Because of the tremendous response the fourth annual Plymouth Christmas Arts and Crafts Show has expanded to the cafeteria at Central Middle School. The hours will be: Friday, Dec. 9 from 11 a.m. to 9 p.m. in the Plymouth Cultural Center; Saturday, Dec. 10, 11-9 at the Cultural Center and Central Middle; and Dec. 11, 11 a.m. to 6 p.m. at the Cultural Center.

Buy a card— boost a cause

What is there about the happiness of the Christmas season, with its warm feelings of family love and brotherhood, that reminds us so keenly of those who have a great deal of sadness in their lives?

Perhaps it's because many of us were taught that a feeling of joy should be balanced by a feeling of responsibility to others.

One of the ways we can try to lift the load of trouble off the shoulders is to back the organizations that work hard all year to raise money to attack various diseases and social problems.

This time of year many organizations offer Christmas cards to raise money for their various causes. Buying cards from them puts us in the fight against asthma, juvenile diabetes, sudden infant death syndrome, leukemia and myasthenia gravis, to name a few. We will have a small part in the struggle against alcoholism and attempts to improve the lot of emotionally disturbed children, youngsters with learning disabilities and patients in Children's Hospital.

Dollars given to the American Lung Association, for example, through the purchase of a variety

of cards will be used to do battle against emphysema, asthma, chronic bronchitis, tuberculosis, air pollution and smoking.

Those interested in seeing its brochure can write the organization at 28 W. Adams, Detroit 48226.

These groups do us a favor by allowing us to get involved without going any further than our checkbooks.

Pick a card you like and send it along to a friend to carry the extra message that you care enough to back a worthy cause.

Presenting these cards is an annual service of this newspaper, and more of them will follow in the weeks to come. Any organization which would like its card displayed on these pages should mail it with information on where to get it and its cost to the Suburban Life Department, Livonia Observer, 36251 Schoolcraft 48150.

This newspaper does not take orders. Mail them directly to the addresses indicated. Sample cards with ordering information sent to us will be on display in scrapbooks in the lobbies of the Livonia Observer and the Birmingham Eccentric, 1225 Bowers, Birmingham.

The Michigan Association for Children With Learning Disabilities, 2338 N. Woodward, Royal Oak 48073, will help you send Yule greetings with this serious-faced shepherd done in an ivory. Boxes of 25 cost \$5 plus 50 cents postage. Cards may also be purchased at local MACLD chapters.

The Children's Leukemia Foundation of Michigan is selling both Christmas cards and cookies to support its research into care and treatment of all seriously ill blood disease patients. The above, one of its three cards, costs \$5.50 per box of 25. To order or to obtain information call Betty Hoyt at 464-7206 or Jeanette DuBose at 422-7114.

The Juvenile Diabetes Foundation, Room 205, 28551 Southfield, Lathrup Village, is offering four cards this Christmas, one of which is this bright green wreath with its red ribbon. Cost is \$5 for 25 cards plus \$1 delivery charge.

Michigan Association for Emotionally Disturbed Children offers a bright red cardinal against the snow and sky as its card of the year. Cards come 10 to a package. If you buy

one to four packages, each package will cost \$2, and the price is less for more packages. Imprinting is available. The association is at Northwestern Highway, Southfield 48075.

The Michigan Chapter of the National Sudden Infant Death Syndrome Foundation, Inc. offers a nativity scene in browns, yellows and grays this year. Cards for imprinting and home delivery may be secured by writing Carol Meitzner, 1354 Harvard, Berkley 48072. Non-imprinted cards may be picked up by calling Linda Lopez at 455-6392 or Marilyn Dumas at 851-7861. Cards cost \$4 for a box of 25. Imprinting is extra.

Let the light shine on Dignity for all humanity, this holiday season and throughout the year

This card represents a gift for public and professional education on alcoholism. NATIONAL COUNCIL ON ALCOHOLISM - GREATER DETROIT AREA 1977

National Council on Alcoholism of the Greater Detroit Area, 6131 W. Outer Dr., Detroit will use the proceeds from the sale of this card with a lighted candle to encourage those suffering from alcoholism to seek treat-

ment. Pictured is an open card. The council also is selling a white and gold card saying Merry Christmas. Cost of 25 cards is \$5 plus \$1.50 for shipping.

The Auxiliary of Children's Hospital will use the money earned from this black and white card for special services for patients of the hospital. Priced at \$4 for 25, the cards can be obtained by mailing an order, including \$1 for postage, to Mrs. Karen Lloyd, 571 Fisher Building, Detroit 48202.

Myasthenia Gravis Association, Inc., which fights a neuro-muscular disease, is hoping this blue, brown and yellow card of the journey to Egypt will aid its cause. Cards are

\$4.50 for a box of 25. The organization at 6131 W. Outer Dr., Detroit also sells an all-faith card.

NOEL

MERRY CHRISTMAS

The Mongoloid Achievement Foundation is selling this bright yellow card with greetings of the season printed in red and green. A box of 25 cards is priced at \$4.25, and orders may be placed with Lynn C. Lovelace, 4182 Cherrywood, Troy. Proceeds help towards the education of retarded children.

Children's Asthma Research Institute and Hospital will continue its fight against asthma with proceeds from the sale of this card of two children out for a winter walk. Colors are red, white and brown. Cards without imprinting cost \$5.75 for 25, with imprinting \$8.50. Send checks made out to Detroit League CARIH to Mrs. Max Robiner, 19420 Beaverland, Detroit 48219.

Clubs in Action

ST. KENNETH SENIORS

The Senior Citizens Club at St. Kenneth Catholic Church in Plymouth Township will meet at noon Nov. 15 at the church. Members are asked to take along a sack lunch. Coffee and dessert will be provided.

Each person should provide a usable white elephant to be used as a game prize. Open to all seniors.

LA LECHE LEAGUE

The third in a series of four meetings on breastfeeding sponsored by the Plymouth-Northville La Leche League will be at 8 p.m. Nov. 16 in the home of Joan Klaas, 15439 Susanna Circle, Livonia. The session will deal with the arrival of the baby. For information and telephone help call Charlene Frell-ick, 349-2840.

CHILDBIRTH PREP CLASSES

The Childbirth and Family Resource Center, Ltd., a non-profit organization, is offering childbirth preparation classes for expectant couples. The course expands the Lamaze techniques for childbirth to include values clarification in childbirth, and parenting, options in childbirth, needs of the new father, infant care, parenting in today's society, bonding and the family unit.

For more information or to register, call 459-2360 or drop in at the center behind Tripp Insurance agency on Penniman Avenue, 10 a.m. to 3 p.m. weekdays except Tuesday, and from 10 a.m. to noon, Saturday.

DELTA ZETA ALUMNAE

General meeting of Detroit Metropolitan Delta Zeta Alumnae will be Nov. 17 with refreshments at 7:30 p.m. and meeting at 8 in the home of Mrs. Richard Lootens, 31 Stillwater Lane, Grosse Pointe Shores. Eastside Delta Zeta Alumnae will host the meeting.

Those interested in attending should call Sue Hagman, 525-5468, Pam Cronewett, 563-4728, for a ride or directions.

PLYMOUTH THEATRE GUILD

Monthly general meeting of the Plymouth Theatre Guild will be 7:30 p.m. Nov. 15 in Central Middle School, Church Street at Main.

Following the meeting and again the next night, Nov. 16 at 7 p.m. there will be auditions for "Tom Sawyer" a musical adaptation of the Mark Twain classic.

There are 26 singing, acting or dancing parts—eight boys, eight girls, five men, five women, and 10 extra parts for children. Publicity, ticket sales, props, costume, set design, construction, makeup, and house preparation people also are needed.

COMMUNITY CHORUS

The Plymouth Community Chorus has issued an invitation to singers in the area, especially newcomers, to join the chorus. Rehearsals are at 8 p.m. Tuesdays in the music room at East Middle Schol, 1042 S. Mill Street, Plymouth. For more information, call Harriett Werheheim.

MACLD MEETING

The Plymouth-Canton-Northville Chapter of the Michigan Association for Children with Learning Disabilities will meet at 7:30 p.m. Nov. 16 in Pioneer Middle School Cafeteria.

Guest speaker will be Dr. James A. Sonnega whose topic will be "Learning Society and the Disadvantaged Learner."

MILLER CUB SCOUT CANDY SALE

Cub scouts in Pack 864 at Miller Elementary School in Canton Township will be selling mixed nuts and candy for \$1 a can. The sale is a fundraiser for programs and patches.

Sandra Prochazka

Assertiveness training at AAUW meet

The November meeting of the Plymouth Branch of the American Association of University Women will be a workshop in assertiveness training. Members will learn the skills necessary to be direct, honest and appropriate in expressing themselves. The workshop will be conducted by Sandra Prochazka, a member of the staff of Associated Counseling Services, 352 N. Main Street, Plymouth. Ms. Prochazka is a counselor, teacher, psychotherapist and clinical social worker.

She will point out the distinctions between assertive behaviors and the skills necessary to help with this. She will present the situation of understanding our rights as individuals, having the rights taken away, and then having them back.

The AAUW members will be asked to compare and contrast their feelings and thoughts about this experience. Ms. Prochazka also will teach three assertiveness skills.

The meeting be at West Middle School Nov. 17. The "early bird special" at 7:15 p.m. will provide information on effective legislative letter-writing, and on current legislation. The regular meeting will begin at 7:30.

CESAREAN BIRTH SEMINAR

A seminar sponsored by the Childbirth and Family Resource Center, 865 Penniman Avenue, Plymouth, will include basic information about a Cesarean delivery.

The fee will be \$3 for the 1-3 p.m. Nov. 29 seminar. Interested persons can register by calling 459-2360, or visiting the center 10 a.m. to 3 p.m. daily except Tuesday and 10 a.m. to noon, Saturday.

PLYMOUTH RN MEETING

Plymouth Registered Nurse Association members will meet at 6:15 p.m. Nov. 14 in the Plymouth Township Hall parking lot to form car pools.

At 7 p.m. everyone will meet in the lobby of the new St. Joseph Hospital, Ann Arbor, for a tour.

Prospective members can call Joan Voytas, 453-7784, for information.

OSTOMY ASSOCIATION

The Ann Arbor Area Ostomy Association will have its annual fundraising auction at 7:30 p.m. Nov. 17 in the Senior Citizens Guild, 502 W. Huron, Ann Arbor.

Open to all members, families and friends who are asked to donate an article for the auction.

FLYING PILGRIMS

The Flying Pilgrims, a miniature radio controlled aircraft club, is looking for new members. For more information call William Judd—during business hours, 474-0067, or at home, 981-0713.

BENEFIT DANCE

Divine Savior Catholic Church in Canton Township will sponsor a benefit dance at 8 p.m. Nov. 18 in Daniel A. Lord Knights of Columbus Hall, 39050 Schoolcraft, Livonia. Admission will be \$7.50 per person with pizza, beer, sets and BYOB.

Music will be provided by the Running Boards.

Proceeds will aid Tom Norton of Westland. Norton developed cancer shortly after he and his wife adopted a child. He has been unable to work for a year.

For more information, call Joe or Mary Ann Newton, 453-5882.

OLGC ROSARY ALTAR SOCIETY

Members of Our Lady of Good Counsel will have their third annual feather party at 7 p.m. Nov. 17 in the school gymnasium. Open to the public for persons 18 years of age and older.

OVEREATERS ANONYMOUS

The local chapter of Overeaters Anonymous will meet at 7:30 p.m. Tuesdays in First Baptist Church of Plymouth, 45000 North Territorial Road.

For further information, call Mae, 453-5274.

ST. KENNETH BAZAAR

The Women's Guild of St. Kenneth Catholic Church on Haggerty Road south of Five Mile will have a bazaar Saturday and Sunday, Nov. 19 and 20 in the church hall.

Arts, crafts, Christmas decorations and gifts will be on sale.

Hours will be 10 a.m. to 8 p.m. Saturday and 9 a.m. to 2 p.m. Sunday.

6RMS: RIV VU

Plymouth Theatre Guild will present "6Rms: riv vu" Nov. 18 and 19 in Central Middle School auditorium. Curtain time is 8 p.m. both nights. Tickets available at door, \$2 for students and senior citizens, \$3 for adults.

CHILDBIRTH PREPARATION

The Childbirth and Family Resource Center Ltd., 865 Penniman Avenue, Plymouth, has scheduled its winter series of Childbirth Preparation—New Dimensions classes for expectant couples. Series will begin Dec. 13, Jan. 19 and Feb. 14. For more information call 459-2360.

PANCAKE BREAKFASTS

Mayflower Auxiliary 686 of the VFW will serve pancake breakfasts the first Sunday of each month from 8 a.m. to 1 p.m. at the VFW Hall, 1326 Mill Street, Plymouth. Eggs, toast and rolls are available for those who don't like pancakes.

Girl Scout calendar sale begins

The annual sale of Girl Scout calendars will begin at 4 p.m. tomorrow in the Plymouth-Canton area.

Because of a national girl scout council agreement, calendar sales do not begin until after the last day of the United Fund Drive in residential neighborhoods. Because deadlines differ in Canton and Plymouth, the Nov. 15 date was set.

Starting time of 4 p.m. was chosen to give an equal advantage to senior, cadette and junior scouts. The high school and middle school students leave school before the elementary classes are released. Everyone will be home by 4 p.m. and ready to start canvassing their neighborhoods.

Sale of calendars is the largest single moneymaker for the scouts. All profits are retained by the individual troops. The calendars sell for 50 cents and net profit is about 21 cents. In some areas the price has been boosted to 75 cents but the 50-cent level is being maintained in the Plymouth-Northville-Canton Association area.

Brownie scouts do not sell calendars.

From turbulent 14th-century England, comes a love story for today.

fashions will be from Famous Men's Wear. Dorothy Sincok (back, from left), Sue Arner and Young Sophisticats owner Marion Bell looked on. (Staff photo by Gary Caskey)

Mystery trip clues lead???

from
your
house

By Lori Brockman
981-0237

If given a typewritten page in which the alphabet is repeated over 100 times and the clue "Don't take a century to figure this out you can't MISS," could you guess the mystery answer?

Can't do it? Well, that was the plight of many folks attending the Geneva Presbyterian Church mystery trip. Those who solved the riddle found the alphabet repetition incomplete and the missing letters spelled out in a time capsule at Westland City Hall.

With ignitions on, 14 cars carried 58 participants to their first deciphered destination. From there, the coded messages led them to a number of unlikely spots including a funeral home, community college, Mill Race Village in Northville, and the Mayflower Hotel.

Several area businesses helped to make the evening a success by handing out clues, but the champions of this adventure were organizers Keith and Joan Postell and Steve and Phyllis Redfern.

Mystery trip winners were Dick and Darla Minuth, Betty Vance and Dave and Darlene Starr who solved all the clues in less than two hours. They were awarded matching coffee mugs.

Last but not least in the quest were Sandra Frooman, Carol Rubel and Bob and Marty Chandler. They were pre-

sented a gift certificate for a complete dinner for four from a local fast food restaurant, and a bottle of antacid tablets.

None lost when the delicious refreshments were served as everyone helped themselves to homemade desserts prepared by church members and friends. The conversation between bites of pastry included a lot of laughter as participants related the trials and tribulations encountered during their adventure.

THE ROYAL HOLIDAY Senior Citizen Organization had an equally enjoyable time during a trip to Detroit's Renaissance Center last week.

The group toured the sights and discussed their experience over lunch in one of the many restaurants in Ren Cen. The excursion was planned by Canton's new senior coordinators, Dale Hall and Delores Edward.

Royal seniors also enjoyed the informative presentation of Mel Paulun, Canton fire chief; during their last general meeting. Paulun, with the help of a rescue squad vehicle and fire engine, discussed department equipment and procedures.

The guest speaker was preceded by a business meeting in which Helen Krumm, Effie Jablonski, Hattie Davis, Perry Taylor, Richard Demute and Alex Michalak were named to the organization's 1978 nominating committee.

Wilmarth Mooris, club president, welcomed Vera Stacy, Ina Folts and Anna Ite into the group. He also happily accepted Marian Hommill's motion and the ensuing unanimous

vote that a monetary donation be sent to the Canton Fire Department three times each year.

A MEETING of the Royal Holiday In-Park Association was held to determine the future of the organization. Surveys taken by Ray Gerlach and his committee showed that 90 per cent of the park residents wished to continue the association.

A successful vote on the issue led to an election of new officers. They are Mary Woods, president, Fred Moore, vice president, Mary Jane Pritchard, secretary and Alex Michalak, treasurer.

An action committee also was appointed consisting of members Helen Krumm, Les Cobb, Ray Gerlach, Wilma Walker, Kay Whitehead and Wilmarth Morris.

MEMBERS OF the American Association of University Women, Plymouth branch, already have begun work on their annual used book sale. Book donations are being accepted at drop boxes in the library and some local schools.

Personal pickup of large donations can be arranged by calling Phyllis Johnson, sale chairman, 455-2907. A new logo will be used to identify this year's sale, so look for a smiling little worm peering at a book from his bright red apple home.

SEVERAL WEEKS ago, we reported the branch study group, Women as Agents of Change, surveyed its members. The question was, "Who are the three most powerful women in Plymouth?"

The results are in, and Bev McAninch, Esther Hulsing and Helen Richardson led the list. Jane Moeble and Carol Davis were often noted as branch members who are "change agents."

To date, 22 different "powerful women" have been suggested. The study group discussed the survey results at the last meeting, as well as the differences between power, status and name-recognition.

Presbyterian men to host Ladies Night

The Men's Club of First United Presbyterian Church of Plymouth will host its second annual Ladies' Night at 6:30 p.m. Nov. 15.

Special speaker for the occasion will be the Rev. J. Ernest Somerville, senior minister of the First Presbyterian Church of Philadelphia, Pa. A native Scot and a graduate of the University of Glasgow, Dr. Somerville served the Central Park Presbyterian Church in Birmingham, Ala. before going to Philadelphia in 1956.

A catered dinner will be served at \$5 a plate. Reservations may be called to the church office, 453-6464.

Quite a switch in 'First Love'

Does anyone remember those Doris Day movies where, as the professional virgin, she was always struggling to keep her credentials intact?

What a change since then in movies, social mores and audiences! Now, in "First Love" (R), we see the idealistic male, Elgin Smith (William Katt), longing for true, pure love; no one-night stands for him. He's a Dante in search of an angelic Beatrice worthy of his devotion. And he's on a college campus where he seems to be under constant attack from over-theated coeds.

"Have you been reading a lot of Cosmopolitan?" he asks Shelley (Beverly D'Angelo), an unrelenting pursuer. He finally meets Caroline—Ms. Right—but she's not quite all right. (You're either Beatrice or you're not.) He loves her. She cares for him, but she seems to care more for an older, married man.

Caroline's rejection of the blond, Adonis-like Elgin in favor of her snake-like adulterer is never convincing and is the weakest part of this movie. A Freudian suggestion about her search for a father figure doesn't measure up against the good looks and warm personality of Katt.

LAST SEEN as Sissy Spacek's prom date in "Carrie," Katt is able to seem sincere without sickening sweetness—no mean task for one with such angelic looks.

Joan Darling, recognized for her outstanding direction of "Mary Hartman" and many other television programs, directed "First Love." She incorporates fresh and humorous situations that keep this lightweight film moving along, such as the sequence in which Elgin and Caroline attend a chamber music concert where a violinist is out-of-synch.

The director also keeps Elgin the center of attention, whereas Caroline remains an enigma. Susan Dey who plays Caroline, Elgin's love, is another TV transfer; she used to play Laurie in "The Partridge Family."

SUSAN DEY

Her performance as Caroline is reserved and distant. When the disappointed Elgin calls her a four-letter word, the movie clearly is expecting audience assent. Yet, that's hard to give when her character remains so closed to us.

On the other hand, some might feel that, by the end of the film, Elgin's expectations make him a bit priggish. Perhaps he represents a new genre, a male Mary Poppins with libido.

Glimpses

NEW RELEASES

BOBBY DEERFIELD (PG). Not enough scenery for a travelogue, not enough plot for a dramatic film; just a bore with Al Pacino and Marthe Keller.

CHICKEN CHRONICLES (PG). Gross film of stereotyped teenagers concerned about scoring, but not on exams.

CRIA (PG). Spanish film explores some of the terrors of childhood. With Ana Torrent as the child and Geraldine Chaplin as the child grown up.

DAMNATION ALLEY (PG). End-of-the-world film with four "lucky" survivors.

HEROES (PG). TV stars Henry Winkler and Sally Field hit the big screen in comedy about Vietnam vet trying to start a worm farm.

JULIA (PG). Jane Fonda and Vanessa Redgrave excel in Lillian Hellman's deeply moving story of the warm, courageous friendship of two women.

LOOKING FOR MR. GOODBAR (R). Judith Rossner's steamy best seller brought to the screen with stunning impact. Diane Keaton scores as woman who teaches children by day, picks up men by night.

OFF THE EDGE (PG). Documentary from Jeff Campbell of Birmingham about skiing and hang-gliding. Nominated for academy award for '76.

OH, GOD (PG). Humorous look at the world as God (George Burns) carries on a dialogue with a supermarket employee (John Denver).

PIECE OF THE ACTION (PG). Antics of Sidney Potier and Bill Cosby who try to rip off the rip off artists.

SMOKEY AND THE BANDIT (PG). Burt Reynolds in action-comedy as the "bandit" who's trying to bootleg 400 cases of Coors beer from Texas.

STAR WARS (PG). Stereo-comic sci-fi adventure about a rebellion of solar systems in a distant galaxy. Good time movie with laughs and special effects. Two robots steal the show.

VALENTINO (R). Rudolf Nureyev as the legendary lover in lurid biography that emphasizes the kinky side of Valentino's life.

2BACK AGAIN

CARRIE (R). Sissy Spacek is terrific as scary Carrie, teenage girl with the ability to move objects by psychic power.

THE SPY WHO LOVED ME (PG). Smirking Roger Moore in formula James Bond movie with toothy heavy named "Jaws" and a lot of new gadgetry.

MOVIE RATING GUIDE

- G General audiences admitted.
- PG Parental guidance suggested. All ages admitted.
- R Restricted. Adult must accompany person under 18.
