The Canton Connection

THE CANTON Chamber of Commerce annual golf outing arrives with a shotgun start at 10:30 a.m. September 7 at Fellows Creek Golf Course in Canton. The admission fee of \$35 entitles golfers to 18 holes of play, golf cart, a chicken barbecue dinner, refreshments and prizes. After August 20, the cost will be \$42.50. For more information or to sign up, call Robert Malek at 421-8200 or the chamber office at 453-4040. New this year is the opportunity for businesses to sponsor golf holes. Up until August 20 the cost will be \$125. After that date, the cost will go up to \$145.

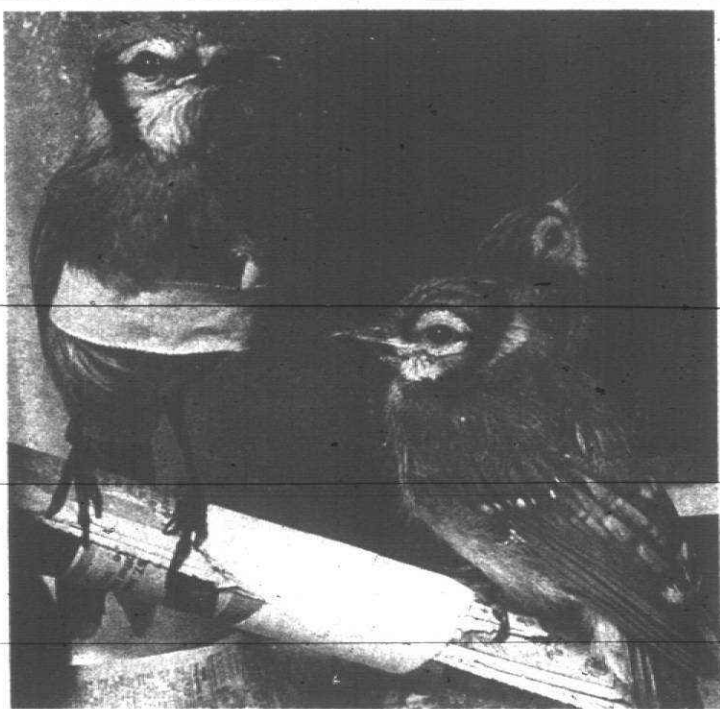

THE FESTIVAL parade could become part of the township's past if volunteers don't come forward by Thursday. Deb O'Connor, chairman of next year's parade, said key organizers have been lost due to illness and for other reasons. "We're looking for volunteers who want to donate some time — but if they say yes they better mean it." She said that with resources spread thin and Canton's upcoming Sesquicentennial 1984 celebration approaching, the "parade will be the first thing to go." Without at least 12 people, organization of the June parade (which already has begun), will come to a halt. For more information, call Deb O'Connor at 397-0999.

A WALK FOR Canton Recreation is in the works for 10 a.m. to 2 p.m. Saturday, September 24. Participants, each of whom will receive a button, will raise funds by soliciting pledges. A one-mile course, to be repeated as often as walkers desire, will start at the west end of Towne Plaza, continue south to the Geneva Church and west to the Super Bowl, before returning to the starting point. Proceeds will go toward expanding the township's recreational facilities. Hats, T-shirts and jackets will be given away to the biggest fund-raisers, while all will be offered refreshments. Mike Gouin, director of the Canton Recreation Department, and John Prenczky, chairman of Canton's recreation advisory committee, are seeking award and prize donations and other help. Call Gouin at 397-1000 or Prenczky at 459-0873 if you can assist.

ROLLERSKATERS, here's your chance to help with cancer research. At 2 p.m. Sunday August 14, the "Roll for Research" through downtown Birmingham is on tap. Skaters will raise funds by seeking pledges. Sponsor sheets are available at the Canton Skatin' Station, or from the Observer, which is co-sponsoring the event. Entry fee is \$5 before August 13 and \$8 after. Skate rental, if needed, is \$2. Research dollars have helped curb Hodgkin's disease, Wilm's tumor and leukemia — but much more work is needed. For more information on the roll, call the Cancer Society at 557-5353.

THE CANTON Jaycees will be visited by the organization's state president, Robert Braglia, at its monthly membership meeting at 7:30 p.m. Tuesday, September 9 at the Canton Recreation Center at Sheldon and Michigan Avenue. The 15-year-old, 45-member club welcomes all prospective members.

A CPR CLASS will be 7-10 p.m. Monday, August 15 at the Oakwood Hospital Canton Center at 7300 Canton Center Road at Warren Road. Presented by two registered nurses, the class features a lecture, film and practice using manikins. Registration and a \$2 fee are required. Call 459-7930 for more information.

On the mend

The injured wing of this young blue jay doesn't mean Toronto's major league baseball team will be without a starting pitcher as the pennant race heats up — or that New York Yankee Dave Winfield has been tossing balls around the Canton area. The fledgling is recovering from a broken wing at the Canton Center Veterinary Hospital. Staffers are taking turns caring for the young patient in their homes and teaching it to fly.

Barking up wrong tree Census ruled a waste

By Arlene Funke
staff writer

A Wayne County Circuit Court judge Friday refused to grant an injunction stopping a door-to-door canvass of dogs in Canton.

But Judge Robert Columbo said the canvass — being conducted by reserve police officers — is a waste of taxpayers' money and officers' time, said witnesses who attended the hearing.

The Canton patrol officers' union last month filed a lawsuit seeking to halt the canvass. Union officials believe the township violated its contract because the work wasn't offered to full-time sworn officers.

THE UNION also has filed an unfair labor practice through the Michigan Employee Relations Commission (MERC). A MERC hearing is scheduled for Sept. 8.

Columbo indicated the issue could be settled through MERC and refused to issue an injunction, according to Frank Guido, an attorney for the Police Officers' Association of Michigan, which represents the Canton patrol union. "The judge criticized the program,"

Guido said. "He was livid, to say the least. He said (officers) should be fighting crime."

Columbo said "the township should have better things to do with their time than work on a dog canvass," added Police Chief Jerry Cox, who also attended the hearing.

IN MID-JULY, two reserve police officers began going door-to-door asking if residents' dogs are licensed and vaccinated, an annual requirement under township ordinance.

Cox said it was cheaper for reserves to do the work because they earn less per hour than patrol or animal control officers. The union, angered because the regular officers weren't offered the job, filed the unfair labor practice and the lawsuit.

"To us, it's a clear breach of the contract," said Gerald Radovic, general business manager for the Police Officers Association of Michigan.

The Township Board authorized the dog census last November, after lengthy discussion of the plan's relative merits. Cox had been pushing for the tally because he was concerned about stray dogs causing a nuisance and cre-

ating a health hazard as well as a loss in revenue due to non-paid licensing fees.

Cox estimated there are about 10,000 unlicensed dogs in the township.

UNDER THE plan, reserve police officers will issue tickets to people owning unlicensed dogs. People who obtain a \$5 license from the Township Clerk within 15 days will have their tickets cancelled.

People who fail to comply during the 15-day period must go to 35th District Court and appear before a judge. Maximum penalty for the misdemeanor infraction is \$500 fine or 90 days in jail, or both.

Rain has hampered some of the canvassing, and one of the reserves had to drop out because of his job. But compliance is taking place, according to Cox.

About 3,000 licenses have been sold this year, said Doris Kelley of the Clerk's office.

"It hasn't been as many as we expected," Kelley said. "We thought we'd be swamped. It has been steady."

If the union wins its unfair labor practice case, it could mean back pay for the regular officers who would have conducted the dog census.

Toxic waste illegally dumped at landfill

By M.B. Dillon Ward
staff writer

Toxic chemicals were dumped illegally at Woodland Meadows Landfill in Canton Township between 1974-1976, according to the results of a two-month investigation recently completed by the Michigan Department of Natural Resources.

Former waste haulers Howard Munn of Canton and James Drouillard of Westland said they dumped liquid chemicals there while working for Browning-Ferris Inc. (BFI), according to a copyrighted story in the Community Crier. BFI is among the largest waste haulers in the U.S.

Woodland Meadows, a 97-acre landfill in the southeast corner of Canton bordered by Van Born and Hannan Roads, is not licensed to accept liquid waste material. Both Woodland Meadows and BFI officials knew of the disposals, made over two years, Munn said.

Ray Kellas, district manager for Michigan Waste Systems, the landfill's management firm, has denied the drivers' allegations.

Officials from the DNR, Canton Township and the landfill are confident that no contaminants are seeping into the groundwater from the dump. Regu-

larly inspected monitoring wells would reveal such seepage, said Canton Township Planner James Kosteva.

'The Department (of Natural Resources) . . . is copping out by saying . . . that to locate the sludge would cause more of a problem by disturbing chemicals in the landfill.'

—Edward Mahalak
State Representative

LIKE THE DNR, Kosteva says excavating to locate the chemicals would destroy the integrity of the landfill. The DNR based its findings on information gleaned from a series of intensive interviews.

"You have absolutely no ideas as to which part of the 97-acre, 45-foot deep landfill these apparently illegally disposed of wastes are," said Kosteva. "One of the things you try to prevent

from happening is the entry of rainwater into a landfill. The whole purpose of the landfill is to place waste into a tightly sealed container.

"What water does is put pressure on the clay soils which in effect form the liner of the landfill container."

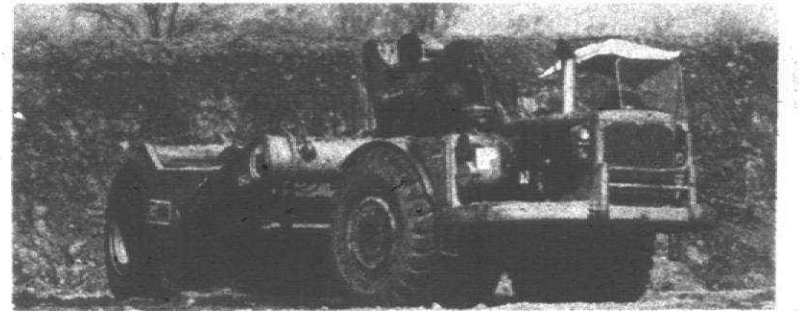

State Rep. Edward Mahalak, (D-Romulus), disagrees.

"What's transpired is very disappointing as far as I'm concerned. The department has admitted that the actions taken were illegal, but it is copping out by saying this was done before the toxic hazard waste act came into effect, and that to locate the sludge would cause more of a problem by disturbing other chemicals in the landfill."

IT'S UNLIKELY any criminal charges will be brought against Woodland Meadows because of the state statute of limitations. However civil charges could be filed if the DNR's ongoing monitoring of groundwater in Canton reveals any contamination, said Mahalak.

Munn told the Crier that liquid chemicals including chromic acids, transmission fluids and paint thinners were deposited at Woodland Meadows.

Woodland Meadows Landfill in Canton was the site of illegal dumping in 1974-1976, the state Department of Natural Resources has found. Earthmovers such as this are used to seal solid waste in underground cavities at the dump, in Canton's southeast corner.

Police millage hike likely

Though millages in Canton Township for the general fund and the fire department are likely to remain at current levels, township officials are proposing an increase from 3.4 to 4.57 in the police millage.

Finance Director Mike Gorman told Canton Chamber of Commerce members at their meeting last week that Canton "has received or will receive about 95 percent of the state shared revenue scheduled to be paid by the state."

However, Gorman added, Canton is losing \$60-80,000 on the operation of the 35th District Court, has depleted revenue owing to the recent drop in residential property assessments and increases in water rates imposed by Detroit.

The 1984 millage proposed for the general fund remains at 2.24, and the fire fund's at 3.06.

CHANGES IN the police budget from 1983-1984 reflect:

- Wage increases for police officers retroactive to July 1, 1982. A deficit of \$136,300 was carried over to next year's budget;

- A 6 percent wage increase;
- One-half mill for the proposed police facility (\$236,500);
- One-half mill to finance the cost of nine dispatchers (\$36,000), and
- \$29,000, including fringes, for a staff services supervisor.

The township board is scheduled to

Payless break Cox's idea

Accident leads to chief's suspension

By Arlene Funke
staff writer

Police Chief Jerry Cox recently recommended his own four-day suspension without pay for a May traffic accident in which a police car was wrecked.

The suspension took place about two weeks ago, after Cox met with Supervisor James Poole.

"I recommended three to five days

off," Cox said. "The ultimate decision is the administration's (Poole). In fact, I signed the order."

The suspension was based on the extent of damage to the car, officials said. Damage to the car was estimated at \$2,453, according to Finance Director Mike Gorman.

The disciplinary action was consistent with policy in the police department, Cox said.

"My basic feeling is we should have one standard," he added. "I think if I apply one standard to the troops and another to myself, that's wrong."

THE ACCIDENT occurred May 26 on Belleville Road in Van Buren Township. It was raining and the road was slippery.

Cox said he slammed on his brakes to avoid hitting a stalled car in the road-

way and another vehicle on the shoulder alongside the disabled one. Cox's car rolled into a ditch, and the chief had to crawl through a window to get out. He was unhurt.

"It was either the ditch or one of the two cars," Cox said. "There was no shoulder (to pull onto)."

Canton officials don't plan to replace the wrecked car, a 1978 unmarked Pontiac.

Dumps made illegally at Woodland Meadows

Continued from Page 1

He told the Observer that he and Drouillard drove 40-foot flatbed trucks full of 55-gallon drums loaded with surplus paint, paint thinner and scrap metal to the dump.

"They pushed them (drums) off the side of the truck, put holes in the things and ran over them with bulldozers and garbage crushers. Then they buried it," said Munn.

A BFI spokesman said "we never approved of any liquids being disposed of there. But I can't say none was put in there. Regulations were not quite as strict then, and enforcement isn't what it is now."

Both Drouillard and Munn have since moved on to new jobs.

"They were a pretty lax outfit. I got burned a couple of times," said Munn. Munn said he once missed two weeks of work after being buried with lime while cleaning a storage tank in South Lyon. BFI officials later said "somebody made a mistake" in ordering him to do the job, he said.

Asked about the claims, Peter Bock, BFI manager of corporate communications, said, "I can't honestly confirm they (Munn and Drouillard) worked for us because of the many corporate changes in corporate composition over time."

CANTON SUPERVISOR James Poole, who with Kosteva has "talked or met with the DNR every month for over 2 1/2 years about dumps," formally requested a complete investigation by the Wayne County Department of Health into the reported dumping in April.

Public Health Engineer Robert Ratz

of the county health department has said "Woodland's facilities are operating in compliance with the solid waste management act. We've been monitoring out at the facility quite regularly and there's no reason to believe there's a problem. There may not be for 100 years or more, or never."

Poolie is unprepared to accept such reassurances.

"The DNR tells me we have the best storage in the country for this type of material. Someone there said it would take so long for the material to seep down through the clay that water would be filtered so good you could drink it."

"That's a theory, and I'm not willing to chance it. As a result, we're fighting in court."

Canton and the City of Wayne filed suit against Woodland Meadows in Wayne County Circuit Court some time ago. Municipal officials maintain the landfill falls under the jurisdiction of local zoning and landfill ordinances.

Circuit Court Judge Charles Farmer, however, ruled dumps are not subject to local regulation. Canton is awaiting an appeals court ruling on the matter.

Kosteva doubts the DNR "is going to take this (the dumping at Woodland Meadows) on as a top priority."

"When you have nearly 1,000 sites in a state where contamination of ground-water is, or probably is, taking place, you have no choice but to prioritize them based on which ones pose the greatest potential danger to the largest number of people," said Kosteva.

"As individuals, we're all part of the problem."

"We don't recognize that in the products we buy are many chemical and compounds that are causing ground-water pollution problems."

"Every single time someone takes a can of paint and tosses it into their weekly garbage for pick up, or changes their motor oil, they're causing as potentially great a risk as disposal of some toxic wastes by major hazardous waste producers."

DPW's do's, don't's

Canton's Department of Public Works wants to "dispose" of a series of complaints.

Residents have complained about the type and quantity of rubbish that can be put out on the curb for weekly pick-up.

Here are the rules:
 Household rubbish must be placed in proper containers for collection. That means it has to go in 20- or 30-gallon garbage cans or plastic bags of not less than 2-mil quality.

Do not place kitchen containers with rubbish at the curb. Do not place rubbish in paper boxes or bags. Do not place loose material at the curb.

NEWSPAPERS MUST be tied and cardboard boxes flattened and tied in bundles. Brush and branches no larger than three inches in diameter and three feet in length must be tied securely and weigh no more than 50 pounds.

Maximum pickup per week is four bundles.

Rabies warning: It's happening here

By Marie Chetney staff writer

A 5-year-old girl who died in March after being bitten by a bat has been honored with the pins of complacency in Michigan over the seemingly dormant, but dreaded disease called rabies.

The girl died in Hillsdale County, the first person in Michigan to die of rabies in 35 years.

But you don't have to go to Hillsdale County in southern Michigan to find a case of rabies. Rabies has surfaced recently in Plymouth, Dearborn Heights and Livingston County.

Rabies is a potential threat wherever skunks, raccoons and bats dwell. One of these three animals, which fall into a high-risk rabies category, can tangle with an unvaccinated dog or cat, turning the family pet into a carrier of the deadly disease.

Or they can tangle with a wild animal such as a squirrel, guinea pig or rabbit in the low-risk category and the animal could get the disease and pass it on.

Or one of the three high-risk wild animals can attack a human, as happened in Hillsdale County. When the girl showed symptoms of the disease, she was doomed to die, as the vaccine has to be administered before symptoms appear.

"ONCE THE symptoms start, it's 100 percent fatal," said Dr. Donald Lawrenchuk, assistant medical director of the Wayne County Department of Health.

In his job, Lawrenchuk is used to dealing everyday with diseases and is not apt to use the words "serious public health concern" lightly. But those are the words he used to describe the threat of rabies as it now exists in Michigan.

"Greater than half of the dogs in Wayne County are not adequately vaccinated," Dr. Donald Lawrenchuk, Wayne County Department of Health said.

"If a BITE does happen and the bitten person is unsure if the animal has been vaccinated, vaccine shots should be started immediately."

"An old vaccine, not used much today, was painful and accompanied by side effects. A newer vaccine, Lawrenchuk said, is given five times within 28 days, is shot directly into muscle tissue and has no side effects."

The Wayne County Department of Health carries the vaccine, which can be given by the family's own doctor.

"The longer they wait, the less likely the vaccine will help," Lawrenchuk said.

All animal bites, no matter how seemingly harmless, should be reported immediately to the city's animal control center.

border. Ohio counted 61 rabid animals in 1981; in 1982, there was 80."

CLOSER TO HOME, a Plymouth cat two weeks ago killed a bat, dragged it home and left it on the doorstep. Instead of just tossing the bat out, the homeowners were smart enough to have the bat examined. The bat was rabid and the cat was killed.

"The cat became a risk and had to be killed. He had not been vaccinated," Lawrenchuk said.

Animals suspected to be rabid are sent to either the Michigan Department of Health or to Michigan State University, where their brains are examined, Lawrenchuk said.

A Dearborn Heights girl recently had to undergo shots after being bitten by a rabid dog. A rabid dog also was recently picked up in Livingston County.

"We're even finding rabies in cows and that means they were bitten by something," Lawrenchuk said.

BEFORE A dog license is issued in Livonia, the owner has to turn over a certificate showing the pet had received at least a one-year vaccination shot. Shots also are available that last two and three years. Cats require neither licenses nor vaccinations.

"Pet owners might not renew their licenses, or don't get a license in the first place," Lawrenchuk said. "Or people don't keep good records, showing

"Raccoons carrying rabies have been migrating northward from the south," Lawrenchuk said. "They are now in the northern part of Ohio and there is a marked increase in the number of rabid raccoons near the Michigan-Ohio

Menus For Easy Summer Living

It's summer and a time for relaxed barbecue dinners shared with friends in the pleasant surroundings of your patio or garden. Summer is also the natural time for an easy, informal approach to menu planning. It's a time for meals that are satisfying, yet light. And, whenever possible, it's a time to feature dishes that can be readied in advance.

Alaska seafoods and crisp, naturally-sweet Golden Delicious apples meet in two especially appealing summertime menus that are sure to delight guests and make entertaining a joy for the cook.

As a wonderful introduction to summer meals, tempt your guests with succulent Alaska Snow crab in the shell. The crab is simply thawed, then the clusters broken into sections, scored for easier eating and arranged on a bed of ice. Accompany the crab clusters with zesty Red Hot Dipping Sauce and be sure to include lots of napkins and small forks for removing the meat. Another time, serve Snow Crab Avocado Dip with crisp crackers or assorted raw vegetables.

Alaska salmon is a perfect choice for the outdoor grill as barbecuing enhances the rich, yet delicate, flavor of this treasured seafood. The salmon steaks featured here are marinated first in a tangy mustard sauce, then grilled just until the colorful flesh flakes when tested with a fork. For a larger group, a whole salmon or salmon roast is also a wonderful selection for the barbecue. Fortunately the harvest of sleek silvery salmon from the icy waters off the coast of Alaska coincides with summer barbecue season.

Golden Apple Rice Salad makes a wonderful choice to serve with the seafoods. Prepared in advance, it combines cooked rice with crisp chopped Golden Delicious apples, crunchy peanuts, raisins and a pungent curry dressing. Pretty Golden Delicious apple wedges are the perfect garnish for this salad because they resist darkening better than other apple varieties. Another time, feature tender-skinned Golden Delicious apples in a fashionable pasta salad. Or enjoy them out-of-hand, as the perfect refresher following a day in the sun.

ALASKA SNOW CRAB WITH RED HOT DIPPING SAUCE

- 3/4 cup chili sauce or catsup
- 4 teaspoons lemon juice
- 2 to 3 teaspoons prepared horseradish
- 1 teaspoon each Worcestershire sauce and grated onion
- 1/8 teaspoon bottled hot pepper sauce
- Dash sugar
- 2 pounds Alaska Snow crab clusters, thawed if necessary

Combine all ingredients except Snow crab; let stand at least one hour to blend flavors. Rinse crab under cool water. Cut crab into serving-sized pieces. Score backs of leg sections using large heavy knife or slit with kitchen shears. Refrigerate until served. Makes 6 appetizer servings.

Tip: Serve with small forks to remove crab.

MUSTARD-MARINATED ALASKA SALMON

- 1/4 cup each oil, white wine and lemon or lime juice
- 3 tablespoons each hot mustard and minced onion
- 2 cloves garlic, minced
- 1/8 teaspoon each salt and pepper
- 6 (about 6 oz. each) Alaska salmon steaks, thawed if necessary

Combine all ingredients except salmon in large shallow dish. Turn salmon in mustard mixture to coat both sides. Marinate in refrigerator 3 hours; turn once after 1-1/2 hours. Place salmon on barbecue grill. Brush with marinade; barbecue 4 minutes. Turn salmon; brush with marinade. Barbecue a total of 10 minutes per inch of thickness or until salmon flakes easily when tested with a fork. Makes 6 servings.

GOLDEN APPLE RICE SALAD

- 3 cups cooked rice
- 1/3 cup oil
- 1/4 cup lime or lemon juice
- 1 teaspoon curry powder
- 1/2 teaspoon chili powder
- 3 Golden Delicious apples
- 1/4 cup each salted peanuts, golden or regular raisins and chopped green onion
- Salt and pepper

Combine hot rice with oil, lime juice, curry powder and chili powder; chill. Core and chop 2 apples; add to rice mixture with peanuts, raisins, onion and salt and pepper to taste. Core and wedge remaining apple; garnish salad with apple wedges. Makes about 6 servings.

CRAB AVOCADO DIP (Not Shown)

- 6 to 8 ounces Alaska Snow crab meat*, thawed if necessary
- 1 avocado, peeled and diced
- 1 tablespoon each lime juice and grated onion
- 1 teaspoon Worcestershire sauce
- 1 package (8 oz.) cream cheese, softened
- 1/4 cup dairy sour cream
- Assorted crackers or raw vegetable slices

Drain and slice crab if necessary. Blend avocado, lime juice, onion and Worcestershire sauce in blender or food processor until smooth. Add cream cheese and sour cream; blend well. Fold in crab. Cover and chill thoroughly. Serve with crackers or vegetables. Makes 2-1/2 cups dip.

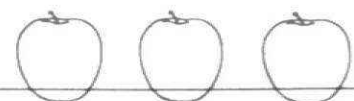

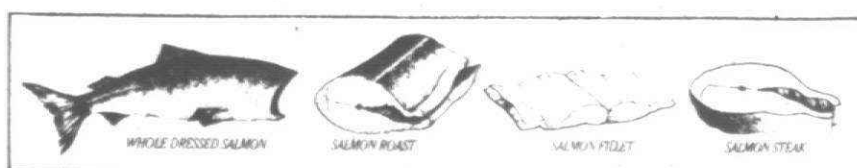

*If desired, meat removed from Alaska Snow crab clusters may be used. Rinse 1 to 1-1/2 pounds Snow crab clusters under cool water; crack and remove meat.

LEMON-BARBECUED ALASKA SALMON (Not Shown)

- 1 whole dressed (3 to 8 lb.) Alaska salmon, thawed and head removed if necessary
- 1 lemon, thinly sliced
- Lemon Butter Sauce

Cut heavy-duty foil to fit one side of salmon; grease foil generously. Arrange half of lemon slices on foil. Lay salmon on foil; brush inside with Lemon Butter Sauce and press foil smoothly to fit fish. Arrange remaining lemon slices over salmon. Insert meat thermometer into thickest part of salmon. Place fish, foil side down, on grill over moderately hot coals. Brush with Lemon Butter Sauce. Cover barbecue with lid to seal in heat and smoke. Cook salmon, basting occasionally with Lemon Butter Sauce, until thermometer registers 120°F. Allow 10 minutes per inch of thickness measured at its thickest part or barbecue until fish flakes easily when tested with a fork. Remove salmon and foil to warm platter. Serve with remaining Lemon Butter Sauce. Makes about 3 servings per pound of salmon.

Lemon Butter Sauce: Combine 3/4 cup melted butter or margarine with 1 tablespoon each lemon juice and minced parsley. Makes about 3/4 cup.

GOLDEN APPLE PASTA PICNIC SALAD (Not Shown)

- 3 cups cooked, hot elbow macaroni
- Vinaigrette Dressing
- 2 Golden Delicious apples, cored and chopped
- 1 can (2-1/4 oz.) sliced ripe olives
- 1 tomato, chopped
- 1/2 cup sliced celery
- Salt and pepper
- Grated Parmesan cheese (optional)

Combine hot macaroni with Vinaigrette Dressing; cool. Stir in remaining ingredients except salt and pepper and cheese. Refrigerate 1 hour to blend flavors. Salt and pepper to taste. Serve with Parmesan cheese. Makes about 6 servings.

Vinaigrette Dressing: Combine 1/3 cup oil, 3 tablespoons vinegar, 1/2 teaspoon crushed basil leaves, 1/4 teaspoon salt and 1/8 teaspoon paprika; blend well. Makes about 1/2 cup.

Perk up warm weather dining with delicious pork

There's no time like summer to concentrate on light meals that are easy to prepare. Today's lean, delicious pork offers refreshing menu alternatives bound to perk up your warm weather dining.

Individual Chef Salads are a natural when it comes to eating light. Thin strips of cooked pork and fully cooked ham are a tasty complement to plain leaf lettuce. Each salad is embellished with shredded cheese and cherry tomatoes. For a splash of color, garnish with sliced hard-cooked eggs. The final crowning touch comes with the addition of Thousand Island Dressing.

Since there are many types of ham, read the package label to see exactly what kind of ham you are buying. The term "fully cooked" means the ham has been cooked in the meat processor's oven and may be eaten as it comes from the package. To serve warm, "fully cooked" hams need only be heated to an internal temperature of 140°.

TASTE TEMPTING sandwiches are a creative way to feature fully cooked ham and cooked pork. Monte Cristo Sandwiches are a winning combination of sliced, fully cooked ham and Swiss cheese. The sandwiches are dipped in a rich egg batter, then cooked till golden. Open-Faced Porkwiches offer a

change of pace, and they're a cinch to prepare. Thinly sliced cooked pork is added to a zesty tomato sauce, then served atop toasted English muffin halves.

Since today's pork is leaner and meatier than ever before, it requires a shorter total cooking time. Cook fresh pork to an internal temperature of 170° for the best tenderness and juiciness.

Most pork cuts are naturally tender and adaptable to any preferred cooking method. Consider the size and shape of the cut, the time available for preparation, and your facilities and equipment.

INDIVIDUAL CHEF SALADS
 Thousand Island Dressing (recipe follows)

8 cup torn leaf lettuce (1 large bunch)
 1 cup cooked pork, cut into strips (about 8 oz.)
 1 cup fully-cooked ham, cut into strips (about 8 oz.)
 1/2 cup (2 oz.) shredded cheddar cheese
 1/2 cup (2 oz.) shredded Swiss cheese
 20 cherry tomatoes
 2 hard-cooked eggs, sliced

Prepare Thousand Island Dressing. Divide lettuce among 4 salad plates or bowls. Arrange 1/4 of the pork and ham atop each serving, sprinkle each serving with 1/4 of the cheddar and Swiss

cheese. Top each serving with 5 cherry tomatoes and several slices hard-cooked egg. Serve with Thousand Island Dressing. Makes 4 servings.

THOUSAND ISLAND DRESSING
 1/2 cup mayonnaise or salad dressing
 1 hard-cooked egg, chopped
 2 tbsp. chili sauce
 1 tsp. finely chopped onion
 1 tsp. finely chopped green pepper
 Dash cayenne pepper
 1 tsp. drained capers (optional)

Combine mayonnaise or salad dressing, hard-cooked egg, chili sauce, onion, green pepper, cayenne pepper, and capers, if desired in a small bowl. Mix well, cover and chill till serving time. Makes 1 cup.

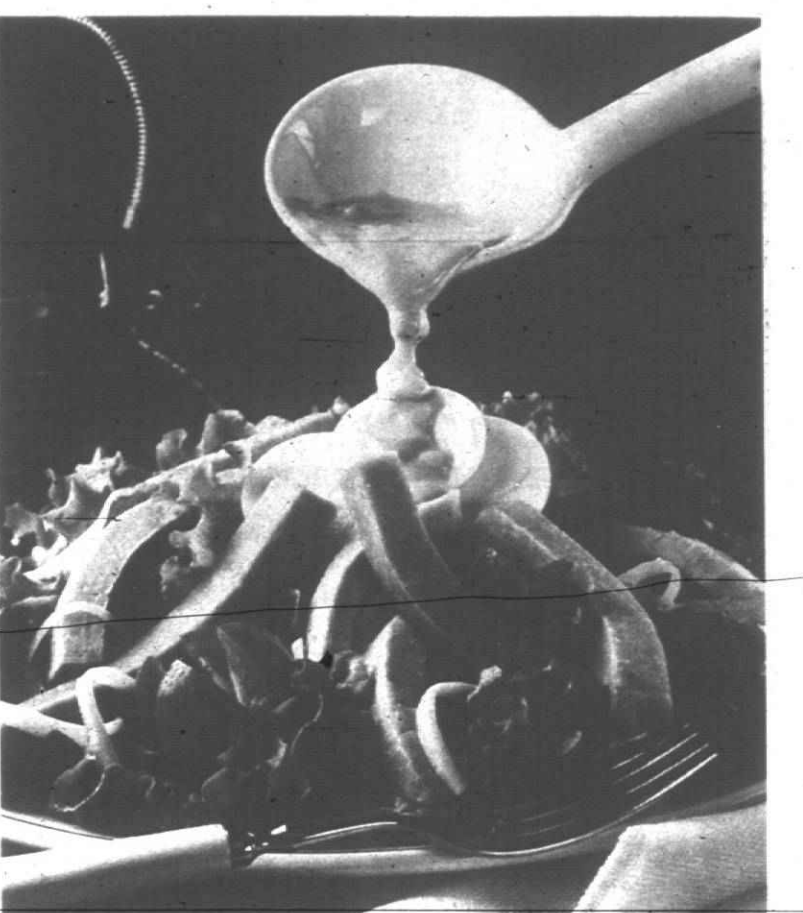

MONTE CRISTO SANDWICHES
 8 oz. thinly sliced fully-cooked ham
 4 oz. Swiss cheese, sliced
 8 1/2-inch-thick slices Vienna, French, or garlic bread
 4 eggs
 1/2 cup milk
 3 tsp. butter or margarine

For each sandwich, place 2 ounces ham and 1 ounce Swiss cheese between 2 slices bread. In a mixing bowl beat

together eggs and milk. Dip sandwiches in the egg mixture, turning carefully, till all of the mixture is absorbed. Melt butter or margarine in a skillet or on griddle. Place sandwiches in skillet and cook slowly 15 minutes; turn and continue cooking 10 minutes or till cheese is melted and both sides are golden. Makes 4 servings.

OPEN-FACED PORK SANDWICHES
 1 lb. thinly sliced cooked pork
 2 cups catsup
 1 cup chopped onion (2 medium)
 1 cup water
 1/4 cup sugar
 1/4 cup vinegar
 2 tsp. Worcestershire sauce
 1 bay leaf
 1/4 tsp. celery seed
 1/4 tsp. bottled hot pepper sauce
 4 English muffins, split

Combine catsup, onion, water, sugar, vinegar, Worcestershire sauce, bay leaf, celery seed and hot pepper sauce in medium saucepan. Bring to boil; reduce heat and simmer 20 minutes or till thickened. Remove bay leaf. Add pork and continue cooking till heated through. Meanwhile, toast the English muffins. To serve, spoon the pork mixture over muffins. Makes 4 servings.

Thousand Island Dressing enhances the refreshing flavor of individual chef salads made with pork and ham, cheddar and Swiss cheese.

Greg Melikov pilot flight

If you like chicken-fried steak, why not chicken-fried chicken?

When you play a word game, "chicken-fried steak" most assuredly would be followed by "Texas." But I have enjoyed the dish in Illinois, where cubed steak replaced pounded-thin round steak. The meat usually is coated with flour, dipped in an egg-milk mixture and dredged in cracker meal. The gravy usually is made with strained drippings, flour and milk.

However, I have experimented with sliced eye of round roast and come up with a variation that includes cream of mushroom soup. The results are just as tasty.

If chicken-fried beef, why not chicken-fried chicken?

Chicken lightly browned, braised and served in a white sauce made with its own stock is known as fricassee.

Chicken fricassee calls for a stewing chicken, but I substituted a broiler-fryer for two reasons: It is less expensive and reduces cooking time two hours.

move. Drain off fat and reserve. Add water, onion, lemon juice, rosemary and 1/4 teaspoon salt to skillet, return chicken, cover and cook on low heat about 1 hour, adding water if necessary. Remove chicken and keep warm, pour off liquid and reserve. Heat 3 tablespoons reserved fat in skillet, blend in 1/4 cup flour and cook on low heat, stirring until smooth. Add enough milk to reserved liquid to measure 3 cups, pour into skillet, heat to boiling, constantly stirring, and allow to boil 1 minute. Reduce heat to medium, return chicken and cook 5 minutes. Serves 4.

CHICKEN-FRIED EYE OF ROUND
 8 slices eye of round, 1/4-inch thick

1 egg, beaten
 1 tsp. milk
 1/4 cup finely crushed saltine crackers
 1/4 cup cooking oil
 1/4 cup dry white wine
 1/2 cup water
 1 can (10 1/2 oz.) condensed cream of mushroom soup

Dip meat in mixture of egg and milk, dredge in saltines and brown on medium heat in hot oil, turning only once. Reduce heat to low, add wine and water, cover skillet and cook 1 hour, adding water if necessary. Remove meat, stir in soup, return meat and heat through. Serves 4.

FEATURING KANSAS BEEF

Beverly D'Angelo simpers and sighs, while Chevy Chase varies with only two facial expressions in the meat-to-be-comic "National Lampoon's Vacation."

the movies
Louise Snider

'Vacation' travels humorless road

Louise Snider is on vacation. Guest critic is Dan Greenberg, film instructor at the Orchard Ridge Campus of Oakland Community College in Farmington Hills.

The history of the motion picture is so broad and diverse that one hesitates to nominate any one film as "the worst."

"National Lampoon's Vacation" struggles for that distinction. But in that regard, as in all others, it fails. Its only real success is in boring and offending audiences.

As the film opens, the Family Griswold (a predictable father, mother, son and daughter comfortably installed in a new station wagon) begins a determined Chicago-LA trek to visit the Walley World Amusement Park.

Neither retarded relatives, dead aunts, malicious auto mechanics nor a closed amusement park interfere with their fun-fun-fun.

Audiences for this film are not going to be so fortunate. Poor acting, weak directing, offensive material and a marginal, episodic structure severely limit viewing pleasure.

The film has all the appeal of an evening spent viewing the Lockhorn's home movies.

A FILM with Christine Brinkley can't be all bad. Wanna bet?

Besides the Grand Canyon photographed to look like an inexpensive, poorly painted backdrop, Brinkley is the only visual attraction in "Vacation."

She appears and reappears in a red Corvette as Mr. Griswold's fantasy. When the fantasy materializes and approaches him in the motel bar, the cinematography miraculously manages to flatten her features in an unflattering way. However, in the moment which follows, Brinkley emerges from the pool, lovely and dripping as seductively as any Venus. But one image cannot redeem a 100-minute film.

"Vacation's" deficiencies are major. The writers failed to understand the difference between satire and ridicule; the director and his actors believe that "pace" means slow.

"Vacation's" satiric possibilities are quickly lost. Instead of exaggerating human foibles slightly to make us laugh and understand a bit about what it means to be human, as satire usually does, "Vacation" exaggerates excessively and ridicules everyone and everything. Nothing has a redeeming human quality.

Everyone is either foolish, mean, contemptuous, bitter, hateful, or all of the above. That's no fun, and that's not funny. Life's not like that, and certainly comedy isn't funny when everyone's a fool.

COMIC IMPACT depends on fast-paced introduction of the unexpected. "Vacation" is so slow that every gag, every pratfall, every event, every line takes so long that the audience figures it out and forgets it before it happens. Even the ever-popular crash-your-car-through-a-barricade gag wasn't funny because it took so long to reach the barrier after Foolish Father passed the "Road Closed" sign.

Chevy Chase as Father Griswold utilized only two facial expressions: "Boy, am I great!" and "Oops! I just stepped in the dog poo." Beverly D'Angelo, as Mother Griswold, has obviously trained at the Simper and Sigh School of Acting.

Imogene Coca's excellent comedic talents are not utilized in her role as flaky Aunt Edna. First the director stuffs her in the back seat of the station wagon and then on the luggage rack after she dies. The two Griswold children Audrey (Dana Barron) and Rusty (Anthony Michael Hall) exhibit some acting talent, particularly when Rusty has to cope with Father Griswold's paternal pomposity.

Readers may consider these disgruntled comments merely complaints of an old man for whom such films are not designed. But the large number of young people in the audience for whom such films are so loosely crafted weren't laughing either.

Christie Brinkley is a fantasy for Father Griswold, but her beauty alone isn't enough to make film attractive.

HENRY AND DORIS
Rowe will celebrate their golden wedding anniversary with an open house 2 to 6 p.m. Saturday. They invite all their friends to drop in at their home, 1995 Al Smith, Canton Township. Henry Charles Rowe and Doris Ione Martin were married Jan. 2, 1934, so their actual anniversary is a few months away. They chose to mark their day in the summer season with no competition from major holidays such as Christmas and New Year's Day.

Their home is part of the Henry Barber Rowe farm where they have lived almost all their married lives. The present Henry's grandfather, Henry B. and his wife, Emma Otis Rowe, celebrated their 62nd wedding anniversary out there. Otis O. Rowe and Gladys Harris Rowe, Henry C.'s parents, celebrated their 50th anniversary in 1954 at the same address.

Henry and Doris have three children, Lee M. Rowe of Wayne, Jean Linna of Mesick, and Judy Keller of California. They have eight grandchildren.

Henry worked for Ford Motor Co. until his retirement, and Doris taught at Edison and Cady schools in the Wayne-Westland district.

Happy anniversary to the Rowes and may the sun shine on your celebration.

THIS IS 4-H Club Fair week at the Belleville Fairgrounds. There will be plenty of events and activities throughout the week. The auction will begin shortly after 6 p.m. Thursday when the hand-raised stock goes on sale.

Rabbits, geese, ducks, chickens, goats, steers, sheep and pigs will be sold to the highest bidder. The 4-H club members paid for the young animals and poultry bought their feed and cared for them for months. The money realized at the auction reimburses them for their outlay of cash.

Stan's Market was the top buyer in last year's auction. The Mayflower Hotel, the Penniman Deli and Parkway Dining were other local bidders at the auction.

MR. AND MRS. MILT Houghtaling entertained recently at their Harding Street home in Plymouth. Their daughter, Lorene Suderman of Palos Park, Ill., and her fiancé, Owen Hulse III of Orlan Park, Ill., were guests at the party celebrating their engagement.

Owen's proposal of marriage at the All Star baseball game in Chicago was witnessed by thousands of fans. Just before the game started, a plane, trailing the words "Lorene will you marry me" circled the stadium. The answer was "yes" and they plan a spring wedding.

Milt Houghtaling put his calligraphy skills to work, lettering a baseball with the actual engagement date as a keepsake for the couple.

Among the relatives and friends who attended the party were the bride's grandmother, Lorene Wasalaski, a resident of Tonquish Creek Manor.

MARY ANN MacMurray of Plymouth, a member of the Midwest Harmony Chapter, Sweet Adelines Inc., attended a summer music camp for Sweet Adelines in London, Ontario.

The group will be rehearsing at 7:30 p.m. Wednesday at the Bailey Recreation Center, Westland. All women of good will who like to sing will be welcomed. The ability to read music is not required. More information is available from Barb Williams, membership chairman, 721-3861.

ESTHER POWELL was guest of honor at a party given in the Post Lounge by the Mayflower Post Veterans of Foreign Wars and its auxiliary. There was a packed house for the occasion and a potluck dinner was served during the evening.

Post members were expressing their thanks to Esther for her contributions to the V.F.W. Her most recent gift was a 50-inch television screen in memory of her late husband, Russell Powell.

The Mayflower Post and Auxiliary merged recently with the L.L. Gamble Post of Detroit. In the future it will be known as the Mayflower-L.L. Gamble Post 6695, V.F.W. The merger brings about an election of officers and another installation.

MARGARET HYNICK and Maxine Harey had high scores at the July 28 party bridge games at the Plymouth Cultural Center.

'Spitten Kittens' meet after 40 years

You stand and look at them a minute or two, the hair is a little thinner, and they've put on some weight. They're in civilian clothes, and you haven't seen them for 40 years, but you recognize them.

Roy Baude is back home in Plymouth after attending a reunion of his World War II Fifth Fighter Squadron. He and his wife, Margaret, went to Minot, N.D. Air Force Base where the Fifth, now called the Fifth Pursuit Interceptor Squadron, is based. Joe Myers of Ramsey, Ill., was instrumental in arranging the reunion. Lt. Col. Richard L. Maki, base commander, hosted a variety of events in honor of the veterans.

The "Spitten Kittens" is the insignia of the squadron in honor of the British Spitfires the Fifth first flew as part of the Royal Air Force in 1941. Twelve different aircraft have worn the Spitten Kitten colors, the latest being the F-15.

VETERANS from 29 states attended the reunion. Many of them, like Roy Baude, started their training on Spitfires. Later, in North Africa and Italy, they flew P-51s.

As they toured the base, they inspected a B-52, a missile launching site and a timed demonstration of a rocket missile loading of an F-106. The flyer of F-106s, in their honor, included one P-51, and there was one in the hangar for their inspection.

As crew chief, Baude had kept P-51s flying across North Africa and throughout the Italian campaign.

The United States was not at war when Baude was drafted in May 1941. He reported for duty in Detroit and went to Camp Grant, Ill. for a short time. He was stationed at Selfridge Field June 3-8, then spent two months at Graying on maneuvers. They were back at Selfridge Aug. 18. The Fifth Squadron had been activated at Selfridge in January 1941.

Baude said that he was at his parents' home Sunday, Dec. 7 when they heard of the bombing of Pearl Harbor. Until that time, dress restrictions were fairly lax.

"We used to wear civilian clothes off base and I went home frequently," he said.

WITH THE United States at war, the squadron did a lot of traveling in the next few months.

They went to Floyd Bennett Field Dec. 16 and were back at Selfridge Jan. 14. From then on it was Florence, S.C., Myrtle Beach, Williamston, N.C., Greener Field, N.H., and Ft. Dix, N.Y.

They left New York Aug. 8 for Halifax, Nova Scotia. On Aug. 10 they left Halifax on

the *Monterey*, a passenger ship that had been converted to a troop ship. They sailed in convoy, arriving in Glasgow, Scotland, Aug. 18. They left Glasgow the same day, arriving in Belfast Ireland, the next day.

Baude recorded his travels in a journal. After a few weeks at Eglington, Ireland, they went to Goxhill, England for further training.

"Where is Goxhill I have no idea," said Baude as he read his chronological journal of his comings and goings in 1942. After Goxhill, the men were on their way to Africa by way of Liverpool and Glasgow. They arrived in Oran, Algeria Nov. 11, where "we sat in the harbor for a couple of days before heading for the aerodrome."

They shifted positions during the next few months, sometimes traveling by truck and sometimes hitching a ride in a DC-3 transport. Many of the places named in the journal do not appear on modern maps. And some, such as Orleansville, now called El Asnam, have new names.

THE SQUADRON headed for the British Air Force March 23 for training on Spitfires, which they flew for six months. Rommel and the British were carrying on a see-saw war in North Africa and the Fifth was involved in escorting bombers and strafing.

Later, they supported the landings in Sicily and Italy. Allied troops landed on the Italian mainland Sept. 3 after the conquest of Sicily. Italy surrendered Sept. 8 but the Germans took Rome two days later and the fighting continued. The Allied troops entered Rome June 4, 1944, two days before D-Day and the Normandy invasion.

The Spitten Kitten squadron had been operating out of Borgo and Ghisonacci on the island of Corsica.

Roy Baude's picture appeared in the December 1944 issue of *Stars and Stripes*. The P-51s and their crews were lined up on an Italian airfield, letters on their tails spelling out the word VICTORY. With the same story, there was a picture of his father, working at the Packard plant in Detroit, where the engines for the P-51s were manufactured.

According to his log, Baude left Rimini, Italy April 28, 1945. "That's the farthest north I was in Italy," he said.

"We went down to Naples and were on our way home with a stop at Trinidad. I came home June 12, 1945."

He said the reunion was such a success that they want to meet every year — hopefully at Selfridge, where the squadron was formed more than 42 years ago.

Roy Baude was 24 when he posed for a picture in North Africa.

Dorothy and Roy Baude are hoping the Fifth Fighter Squadron will make the reunion an annual event.

Woodward subway is dead — Pursell

By Tim Richard staff writer
"Additionally, the committee continues to have reservations about the underground portion of the plan and suggests that this portion be reconsidered."
The death knell for an underground light rail line in the Woodward Avenue corridor was sounded last week in a congressional report on a \$19.9-billion transportation budget bill.
"That's my point of view," said U.S. Rep. Carl Pursell, R-Plymouth, a longtime advocate of public transportation who has sponsored on the subway idea of the Southeastern Michigan Transportation Authority.

"It's just not in the cards. We're not funding a subway in the nation. Absolutely none. Anybody in southeastern Michigan who thinks we're going to fund a subway is whistling 'Dixie,'" Pursell said.
"There's stiff competition for funds from the federal government, which provides 80 percent of the capital money for public transit."
"A lot of western and southern cities are getting interested in mass transit — would you believe that?" Pursell said.
But the appropriations committee won't consider putting any new projects underground because of budget constraints, he said. Only renovations to existing subways will be considered.
"The federal deficit is staggering," said Pursell, adding that he and other Republican leaders intend to approach President Reagan on the topic.

Significantly, the people mover will require no local match construction money. It will be entirely federally funded as a demonstration grant. That proviso got Pursell some flak from a member of the Texas delegation, who asked:
"Why does Detroit get this without local match?"
"I've produced more money for that agency (SEMATA) than (Presidents) Nixon, Ford and Carter (and Detroit Mayor) Young combined," the fourth-term congressman said.

SEMATA's 1990 regional transportation plan calls for a 26-mile rail line in the Woodward corridor from Detroit to Pontiac, with four miles of it underground. The underground segment was about half the length of an earlier version of the 1990 plan.
THE CONGRESSIONAL budget report continued to put SEMATA under orders to assure a local source of operating funds before any major capital appropriation will be made in Washington. The bill containing the people mover money also contains these two provisions:
• "No funds shall be made available for the proposed Woodward light rail line in the Detroit, Michigan area until a source of operating funds has been approved in accordance with Michigan law."
• "The Woodward line restriction shall not apply to alternative analysis studies" — a clear indication that a surface rail or all-bus system would be more favorably received.

The Woodward line would absorb the bulk of a \$2-billion capital program which SEMTA has under consideration.

Gettin' ready

Here's a golfer's guideline to prepare for O&E outing

By C.J. Risak
staff writer

GOLF IS NOT, and never will be, an easy game to master.

That's the first lesson I learned upon volunteering for this assignment, which briefly is to get my game together enough to play in the Observer & Eccentric's Men's Golf Tournament Oct. 1-2.

Aiding me in this venture (maybe it would be better to call it an AD-venture) is Gary Whitener, the golf pro for both Livonia's courses, Idyl Wyld and Whispering Willows. Both the men's and women's tournaments will be played at Whispering Willows. The women's tourney is slated for Aug. 24.

Mind you, winning the tournament is not my objective. Finishing is. Carding a respectable score in third flight would be an attractive bonus.

Since I am a novice to the golfing game, one might ask why I am writing this three-part series. The answer is simple.

THE INTENTION is to help golfers properly prepare, both physically and mentally, for the upcoming O&E tournaments. Who better to coach you on what you need to do to play well than Whitener, the pro at the course the tournament will be played on?

And by instructing a relative beginner, no part of the game will be overlooked. Driving, iron play, putting, trouble shots — all this and a lot more will be scrutinized.

With me, Whitener's task is an arduous one: as I told him, "I'm like clay in your hands. Mold me into a Jack Nicklaus."

But the tips Gary passes on to me, I'll relate during this series. By the finish of the men's tournament in October, we'll all be able to take into account how much our tournament game has improved.

NOW TO TASK. "Gotta start somewhere," as Whitener put it, so our first lesson concerned basics: proper grip and swing. But, beyond that, it also dealt with how to prepare for tourney play off the golf course.

Which is more important than many assume. "The better the player, the more time he'll spend on the driving range," Whitener said.

The reason even the best players hit the range often, according to Whitener, is "as good as you hit one shot, the next one is never automatic."

"In golf, timing is everything. It's the name of the game."

Developing consistency is a must to any golfer preparing for a tournament. And consistency comes from practicing the golf swing until it's natural.

As Whitener told me, "Remember: You don't hit golf balls. You make golf swings."

WITH THAT, he mentioned a half-dozen things to remember when stepping up to the ball:

- **Grip** — The palm of the bottom hand and the back of the upper hand should face the target.

- **Placing of feet** — "Pros still do this, only they do it so fast you don't notice," Whitener said. What they do is step up to the ball with feet together, then step five or six inches forward with the front foot and five or six inches backward with the back foot. That ensures the ball is centered in the middle of your body.

- **Extension** — A cardinal rule of golf — the club should be an extension of your arm.

- **Rhythm and balance** — This is all-important in developing consistency. An easy way to remember how far to stand from the ball is that you should be able to stand up straight and touch the ball with your club. Your weight

Getting a grip on the game: O&E sportswriter C.J. Risak gets some instruction on a few of golf's finer points from Gary Whitener, pro at

McCarthy takes Elks to Marshall

Marty McCarthy's got clout. It won't buy him tacos in Tijuana or pizza in Pisa, but McCarthy's clout did earn his Plymouth Canton Elks a return trip to Marshall last weekend.

McCarthy banged a three-run homer and drove in the winning run with a last-inning single as the Elks knocked off Lincoln Park, 6-4, in the second round of the Connie Mack Baseball Regional Tournament Thursday at Marshall High School.

The victory earned the Elks a bye into the final four (details of the weekend's games will appear in Thursday's Observer).

McCarthy's two hits and four RBI led a 10-hit Canton bat attack. Bryan Capnerhurst slashed three hits and scored three runs and Mike Scarpello added a pair of singles and two walks, crossing the plate twice.

RICK BERBERET, a recent addition to the roster, started for the Elks but gave up three runs in 4 1/2 innings of work. Mike Battaglia relieved and allowed one run, a solo homer in the sixth, in the last 2 1/2 innings. Battaglia picked up the win in relief.

Canton struck for four runs in the fourth. Don Taylor walked and Capnerhurst followed with a base hit. McCarthy then stepped to the plate and blasted his three-run homer.

On the very next pitch, Tim Michalik teed off, sending the ball over the fence for a solo homer.

Lincoln Park battled back to tie it on the home run off Battaglia in the bottom of the sixth. Scarpello started things for Canton in the top of the seventh with a base hit. When Tim Collins popped out trying to bunt and Taylor struck out, it seemed the Canton rally was doomed.

But Capnerhurst changed that by lacing a double, sending Scarpello to third. McCarthy then brought in the winning run with a single and, when the throw to the plate eluded the catcher, Capnerhurst scampered home with an insurance run.

Rodriguez dazzles MNB

Adray retains playoff title, 4-0

By Tom Henderson
staff writer

Dave Rodriguez struck out 11 and allowed just two hits Friday night at Henry Ford Field as he pitched Livonia Adray to a 4-0 win over Manufacturer's National Bank in the finals of the Livonia Collegiate Baseball League.

With the win, powerful Adray, the No. 1 team in the league during the regular season and defending playoff champions, advances to regional play at Ford Field. Adray plays Dayton Wednesday at 7:30 p.m.; in the other regional game, at 4 p.m. Wednesday, Pittsburgh tangles with Cleveland.

Rodriguez was sensational. He struck out at least two batters in four separate innings, and, but for the fifth inning, would have had a no-hitter.

baseball

Manufacturer's opened the top of the fifth with singles by Clint Scollard and John Bolen, but Rodriguez went to the whip, striking out three men in succession to end the threat.

From then on, he allowed but one base runner, and he was erased on a double play in the seventh.

THE GAME WAS scoreless until the fifth, when Adray broke through on a bases-loaded walk by left fielder Greg Kuzia. Adray added another run in the seventh on a run-scoring single by Randy

Baringer, then put the game away in the bottom of the eighth on an error and an RBI single by Jim St. John.

St. John was the hitting hero for Adray, going 3-for-3 with a sacrifice, double and one RBI.

Tim Bunker started for the Bank on the mound and went 7 1/2 innings. Three of the runs he gave up were unearned.

Ironically, it was Bunker who scored the winning run for the Bank in the first game of the evening, a thrilling 12-11 comeback triumph over Wendy's of Ann Arbor.

Wendy's scored eight runs in the first inning, thanks largely to five walks, and led by an 11-3 score in the sixth. But Manufacturer's refused to quit, storming back with four runs in the sixth, four more in the seventh to tie it and one in the eighth, when Scollard's ground-rule double drove in Bunker with the go-ahead run.

Scollard, the designated hitter, was 4-for-5 in the opening game, played to see who would play undefeated Adray in the finals of the double-elimination playoff. Had the Bank won both games Friday night, the championship game would have been played Saturday.

In the nightcap, the gutsy pitching of Bunker and the sensational arm of his catcher, Dale Vaquera, kept things close. Four times Adray tried to steal on Vaquera and four times he nailed his man at second.

IN EARLIER playoff action Wednesday, Adray advanced to the finals with a 7-3 win over Wendy's that featured a big, four-run seventh inning.

During the uprising, Adray got three consecutive extra-base hits — a double by first baseman Rodriguez, a triple by Kuzia and a home run by third baseman Don Dombey.

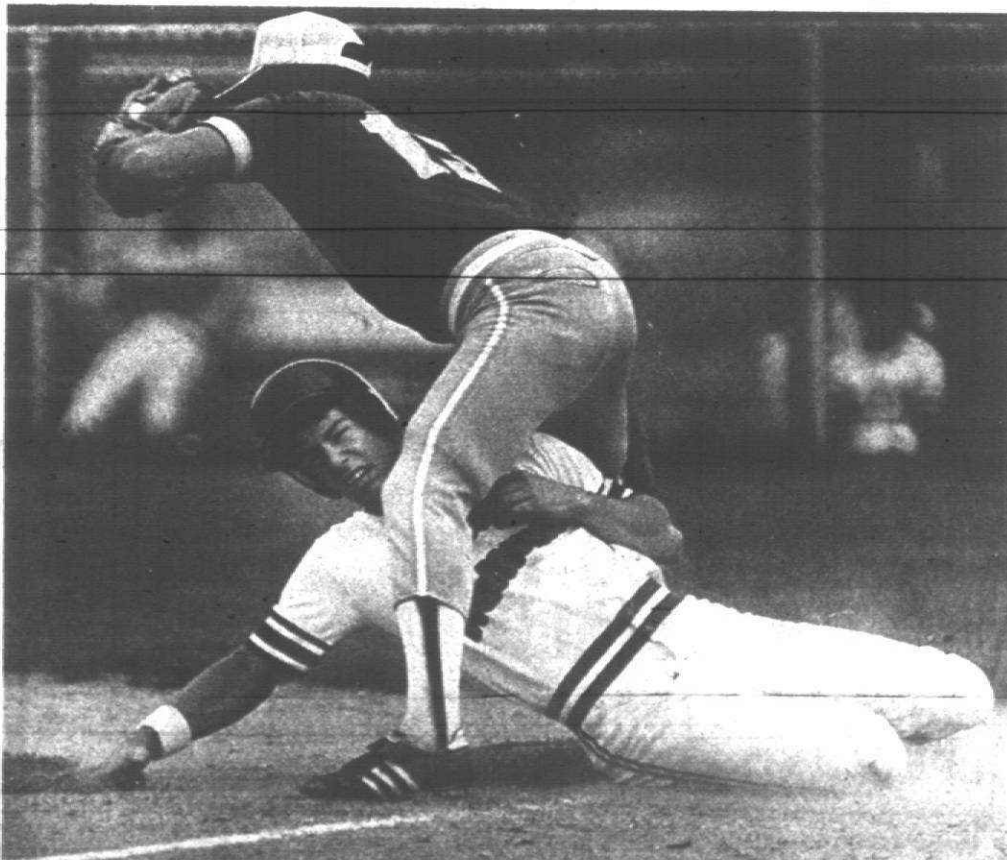

But what came before the uprising might have had as much to do with Wendy's loss as the uprising itself.

Wendy's was batting in the top of the first, with one out and the bases loaded. Wendy's tried the suicide squeeze, but the lead runner was forced at the plate. One umpire called time, though another of Wendy's runners was trapped off second base. Adray threw the ball down to second anyway, the runner was tagged and the other umpire ruled it an out.

After much arguing by Wendy's manager, and a 20-minute delay, the umpires ruled that play should not have been halted and the double play was allowed to stand.

In the other game, Manufacturer's eliminated Redford-Westland Adray with a 12-3 pounding.

Scollard was the big gun, with a solo home run in the third and a two-run homer in the eighth. Ronnie Peterson scored a pair of hits, one run scored and one RBI for winning pitcher John Emons.

Roth and pro tour: Putt up or shut up

By Tom Henderson
staff writer

If Jeff Roth, the assistant golf pro at Wabek Country Club, has seemed a little nervous recently, it's understandable. After all, this is the week that may make or break his hopes of joining the PGA tour and what can go with it — playing every week with the big boys, like Jack Nicklaus and Tom Watson; Augusta, Ga., in the spring, England in the early summer, Pebble Beach and Florida winters; \$50,000 paydays, endorsements.

It sounds like a dream now — IS a dream — but Roth is closer than he's ever been to making it a reality. This week, local boy (Plymouth Salem, class of '75) tries to make good, when he plays in his first tour event, the Buick Open at Warwick Hills in Flint.

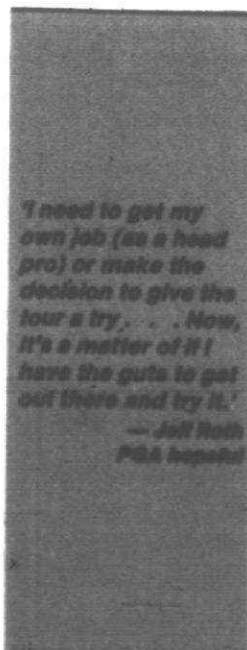

Roth, who grew up playing the Farmington Country Club course, where his parents were members, has been hot lately. Three weeks ago, he set the course record at Wabek with a 64 ("the only thing I did wrong was three-putt for a par on the first hole"), and a week ago Friday he was one of just four from a field of 40 to qualify for the Open during sectional qualifying at Bay Valley in Saginaw ("I played great, I was four under the last 10 holes").

But the 64 and his play during qualifying won't mean a thing if he blows up at Warwick Hills. If you want to join the tour (he does) and you're not rich (he isn't), then you've got to find a sponsor. Shooting 64s during a round with friends doesn't impress sponsors; neither does shooting tough in sectional qualifying. What they want to see is how you do against the tigers on tour, against guys with nerves strong enough to conquer 12-foot putts when the dough's on the line, who drive the ball like computers programmed without the words slice and hook.

"I'm trying to keep low key, to keep busy," said Roth, between lessons at Wabek last week. "I don't want to change the routine. (But) I'm getting real pumped up."

ROTH, 25, HASN'T always been so pumped up about his game. It took a good woman, but in this case not one who stood behind him, but one who stood in front, demanding his best from him. Roth met Patti Jaaski, a former student at Bloomfield Hills Andover, when he was playing a mini-tour in Florida two winters ago. She was a young, pretty tennis pro in Fort Lauderdale; he was a young, handsome golf

variables? The virus is only one theory. There are a lot of possibilities and they might not be the area, the builder or the family dog. "Maybe it is a combination of a lot of different factors. One theory has it that there are too much of a hygiene-oriented society, that we are washing away potential antibodies."

TWO DOCTORS from the Wayne County Department of Health are also leading an investigation into whether there have been an unusually high number of cases on the three streets.

ROTH, WHO PLAYED golf at the University of Arizona with Dan Pohl, a big money winner on the tour, says his strong suit is putting, and putting, he adds, is the name of the game on the circuit.

It was time to end the interview. There were reasons to be given, chores attended to. The life of an assistant pro in the summer is 14-hour days, six days a week, and practice on your day off. range, start with a seven or eight iron, not your driver," he advised. "The swing is basically the same for all your clubs, so start out swinging easy. You should finish with your woods."

TO COLLEN, the coincidences were astounding. She felt there had to be some common linkage among the families to cause 15 possible MS cases on three short streets. And she set out to find it. Collin mapped out the streets and

High school competition 'Trouble shooting' contest is back

Chrysler-Plymouth and the American Automobile Association will co-sponsor a "trouble shooting contest," a nationwide interscholastic auto mechanic student competition for high schools.

The contest returns for the 1983-84 school year after a four-year absence.

"The Trouble Shooting Contest is a major incentive for talented high school students to become auto service technicians, a field where there is both opportunity and a real need," said A.C. (Bud) Liebler, general marketing manager for Chrysler-Plymouth. "This makes the Trouble Shoot a public-service program in every sense of the word."

THE 1983-84 competitions will involve 200,000 students in more than 2,500 high schools in all 50 states, 4,000 instructors, Plymouth dealers and AAA-affiliated clubs. Testing support will be provided by Western Michigan University.

The program tests students on state-of-the-art auto service. Testing includes a comprehensive exam on all systems in the auto.

State and national championships include hands-on repair competition between high school teams working on a fleet of identical cars with deliberately induced mechanical problems.

The event will include local and state competition in the spring and a three-day national championship in mid-June.

Prizes totaling \$125,000 will include scholarships for as many as 10 top teams, expense-paid trips for students and instructors, trophies, tool sets, and other awards.

"AAA is delighted to join with Plymouth in sponsoring the Trouble Shoot," said George Glek, AAA's managing director of automotive engineering and road services.

"AAA already inspects and approves top-quality auto repair shops throughout the nation. The Plymouth-AAA

U-D sets night school registration

The University of Detroit's Renaissance Campus will conduct fall registration for evening business and administration classes from 11 a.m. to 7 p.m. Thursday and Friday, Sept. 1-2.

Classes begin Sept. 6 on the campus at 651 E. Jefferson, across from the Renaissance Center in downtown Detroit.

Students not previously admitted should contact the admissions office at 927-1501. Course schedules are available from the same number.

U-D's evening program is designed for working persons who want to complete a college degree or take courses to improve professional skills. More than 30 evening courses are available in accounting, administration, economics, finance, marketing and personnel administration.

Targeting drunk drivers leads to drop in death toll

Traffic fatalities in Oakland County were the lowest in more than 16 years during the first half of 1983, the Traffic Improvement Association reported.

"We're convinced most of this reduction is due to the countywide drunk driving program," said TIA managing director Bruce Madsen. "Compared to last year, our alcohol-related fatalities are down 32 percent."

The number of persons killed in traffic fell 20 percent from the same period last year — to 49 persons vs. 61 in the first half of 1982.

"OF THESE fatalities, 23, or 47 percent, were alcohol-related. Last year 34, or 56 percent, were alcohol-related," said Madsen.

Oakland's 30 percent reduction in traffic deaths compares favorably to a statewide reduction of 4 percent in the first half of 1983.

"Oakland County's reduction is all the more remarkable when one considers that, for the past three years, traffic fatalities here have been much lower than at any time in the last two decades."

"For example, in 1969 Oakland County recorded 109 traffic fatalities for the first six months of the year," said Madsen.

OTHER FACTORS contributing to the decline in traffic deaths, according to TIA, included improvements in vehicle safety engineering, emergency medical services, street and highway safety engineering and increased use of seat belts.

Throughout Michigan, 570 traffic deaths were reported for the first half of the year compared to 596 for the same period last year.
