Receiver seizes assets of landscaper

BY RALPH R. ECHTINAW
STAFF WRITER

A Canton-based landscaping company owing more than $30,000 to creditors, including area homeowners, has been put into receivership by 35th District Court Judge Charles Kaufman.

Kaufman issued the receivership order April 12, but it wasn't until June 8, two days after an Observer article about Modern Day Landscaping, that an attorney began seizing equipment belonging to Modern Day and its owner, David Goff.

Receivership attorney David Findling said he has seized a dump truck, a stake truck, a trailer and a

MODERN DAY

single-engine airplane from Modern Day and Goff.

The equipment will be sold at auction to pay Modern Day's creditors. In an interview Thursday, Goff said he owes $30,000 to $40,000 to various people.

He has continued to perform landscaping work, albeit no longer under the name Modern Day. He still has a tractor that is in his wife Dawn's name and a truck that belongs to his mother. The Geddes Road property where Goff is based belongs to his father, he said.

Findling estimates the value of the equipment he seized at $50,000. By the end of October, he reckoned, he will be finished paying Goff's creditors. However, Findling's hourly fee will be taken from the sale proceeds, he said, and no one will likely get the full amount they're owed. (Findling's fee must be approved by Judge Kaufman.)

Kaufman appointed Findling at the request of attorney Sandra Larson, who represents Canton resident Glenn Gall, one of the people with claims against Modern Day. Larson was out of town last week and couldn't be reached for comment.

In 35th District Court there are more than 20 file folders containing suits and small claims against Modern Day, Goff or his sister and business partner Carla Bragenzer.

Goff has been in court so often that attorney Bryan Amann said "he litigates more than he landscapes."

Carol Kallenberg of Canton said she hired Modern Day last August and gave Goff a $5,000 deposit. The work was done poorly, she said, all her trees died, and Atlantis Landscaping of Westland came to the rescue.

Canton loves Liberty

■ The annual four-day Canton Liberty Fest drew big crowds to Heritage Park. The weather was fine and visitors reported a great time.

BY RALPH R. ECHTINAW
STAFF WRITER

Anyone who couldn't find something to interest them at the fifth annual Canton Liberty Fest last weekend was either a Tibetan monk or an inanimate object.

"I just love this festival," said Colleen Rodriguez of Canton. "I can't say enough about it."

Rodriguez brought her friend Carol Roberts from Saginaw to the Liberty Fest. "The kids have a wonderful time," Roberts said.

"We even get the husbands out at night for the food and the fireworks," Rodriguez added.

Among the chief attractions for kids was the display of live animals by Boyers Meat Processing. For two bits, the kids got a cup of food to fatten the bull, turkey and goat. "These kind of animals are not raised for pets," noted Star Boyer. "They're raised for food."

It was also discovered that goats enjoy a good dog biscuit. "We didn't know that goats eat Milk Bones," said Shirley Curran of Plymouth.

People lined up 10 deep to get a 15-minute ride on the paddle boats, courtesy of the folks from the township's therapeutic recreation department. "Everyone loves us," Sonya Landsberg noted. "So we always have lines."

Contest: easy as pie

Canton resident Erik Patterson won first place in the Liberty Fest pie eating contest Thursday.

Patterson won a compact disc player for eating more of a cream pie than any of the other 17 children in the contest.

The contest was open to children age 7-12. The 18 contestants each had two minutes to eat as much of one cream pie as they could.

The second-place finisher won a cordless phone. The other entrants received bookmarks.

The contest was sponsored by the Observer Newspapers.

Fireworks dealer reflects on legal hassles

BY RALPH R. ECHTINAW
STAFF WRITER

Don Linn can't see why Wayne County Prosecutor John O'Hair wants to smother the sale of fireworks.

"People are going to shoot fireworks whether they're legal or not," he said. "So why not tax the thing and make some money on it?"

Linn and his wife Patricia own Tri-City Fireworks, which, along with neighboring Burda Bros. Fireworks, was raided by police last year. Canton police confiscated 525 cases of fireworks from Linn.

The fireworks dealers went to court against Wayne County and Canton Township and won.

Linn had been operating legally under an Ingham County Circuit Court injunction that permitted him to possess fireworks that were then illegal in Michigan as long as he sold them out of state. His fireworks were seized on June 22, 1995, under a search warrant issued by 35th District Court Judge Ron Lowe.

Then on April 29 Lowe "quashed" the search warrant, admitting that he erred in signing it. He said he was unaware of the injunction that legitimized Tri-City's activity.

The 525 charges against Linn were dropped once Lowe determined the fireworks were illegally seized.

However, the fireworks were returned to Linn on open trucks while it was raining. Linn said the fireworks, worth more than $100,000 retail, were destroyed by the water.

Linn's attorney, Hugh "Buck" Davis Jr., has written to Canton's attorney and to Wayne County assistant prosecutor Ray Walsh. "Please indicate how you propose to compensate Tri-City," he wrote.

"I don't think there's any question that they're liable for it," Davis said. "The question is, 'How much?'"

Linn thinks O'Hair has more important things to do than bust fireworks merchants. "There are people being murdered and robbed," he said.

Regarding fireworks, Linn believes the prosecutor doesn't "know what's legal and what's not. They just interpret the law as they see fit. It's like they're the elephant and you're the rabbit. They can just roll over you and it's up to you if you want to fight."

Many people are confused about what is consumer fireworks and what isn't, said Linn and Rose Johnston, another fireworks dealer.

Federally approved Class C consumer fireworks is all he sells, Linn said. Some Class C fireworks are similar to the Class B skyrocket bombs one finds in a commercial fireworks display, but less powerful and designed for use by ordinary people, Linn and Johnston said.

Where people get confused, Linn said, is when TV news programs doing fireworks safety pieces show M-80s and quarter sticks of dynamite blowing up a watermelon and leave the impression that consumer fireworks are equally powerful.

"No legitimate fireworks dealer will sell anything like that," he said. "They would go to prison for a long time."

Johnston said the same thing about Class B fireworks, which require a license to light. "You'd be nuts to be selling them to consumers," she said. "They'd get hurt."

Added Linn, "Who in their right mind would do something like that? You'd have to be crazy."

Gesturing to his store, Linn said, "There ain't a thing we have in here that will blow your hand off. It's the M-80s and quarter sticks that cause all the confusion."

Linn has little respect for the Wayne County prosecutors who handled his case. He believes they lied to the judge. But he holds no grudge against the police officers who took his fireworks.

"These guys don't want to (fool) around with fireworks," he said. "They look sheepish when they come here. They don't come in here like bulldogs."

Although police seized much of his inventory last year, Linn stayed in business, as did Burda Bros. "We ordered more of what they took and continued to sell, but they never came back," he said.

Business, however, is "nowhere near what it used to be."

He attributes that to the proliferation of stores selling fireworks. "They're all over the place," he said. "I mean they're everywhere."

If business doesn't improve, Linn said, "I might have to get into another business. Nothing lasts forever. There isn't any money here like there used to be."

Condo proposal draws opposition from neighbors

By Ralph R. Echtinaw
Staff Writer

New development often ruffles feathers of nearby residents, and the effect is more pronounced when the development occurs in areas that are nearly built to capacity.

Canton Township Community Planner Jeff Goulet says that most of the "easy" areas to develop in eastern Canton have been built on. Developers on the east side are now working in the more difficult areas, which often abut neighborhoods where residents have come to view the adjacent wilderness as permanent.

Such is the case with the proposed Canton Glade Condominiums on the west side of Haggerty south of Ford.

The proposed 56-unit project is to be built on 13.5 acres abutting the Bedford Villas Condominiums to the north and the Smokler Truesdell Subdivision to the west.

Part of the property is wetlands, making the design process tricky if the wetlands are to be preserved as the state Department of Environmental Quality requires.

The developer, Terra Investments, planned to carve the condo road out of the western edge of the property to avoid the wetlands.

Twenty-four Smokler Truesdell and Bedford Villas residents signed a petition to "vehemently oppose the proposed construction of the Canton Glade Condominium project."

Smokler Truesdell resident Susan Baringer wrote a letter to the Planning Commission:

"The question that I raise ... is, must there be a conversion of every green strip to asphalt and brick?" she wrote. "Must the wildlife that reside so close to us, and in obvious harmony with us, continue to seek refuge in other places because of decisions to destroy their habitat and replace it with cement and concrete?"

The developer has agreed to try to move the road away from the Smokler Truesdell residents whose lots back up to the site. However, the state wetlands watchdogs could veto that change.

Baringer credits the developer for trying, but she is still "disappointed" and "disturbed."

She bought her house four years ago and "was told (the adjacent parcels) were designated wetlands and nobody could ever build."

She believes her property value will "decrease tremendously" once the condos are built, and she "can't afford to move out. I guess I'll have to stay. They've got us between a rock and a hard place."

Baringer has talked about enlisting other residents to offer to buy a strip of the condo property to leave in its natural state as a buffer. However, she said she has not proposed this to the developer.

Officials seek help on spill

By Jeff Counts
Staff Writer

A task force is looking for the people who dumped three barrels of hazardous materials near Johnson Creek, a high-quality tributary of the Rouge River.

"Such spills threaten the ground water quality of residents in Plymouth, Canton and Northville who depend on well water," said James E. Murray, director of the Wayne County Department of Environment.

"Portions of Plymouth and Canton still use well water and such spills can get into the ground water supply," he said.

The midnight dumping was discovered Thursday, June 13, when the state Department of Environmental Quality was notified by an anonymous caller.

The discovery prompted a more than $100,000 cleanup effort at Currie and Five Mile roads in Salem Township.

"We're offering a $1,500 reward for information on the case," said Ron Schebil, Washtenaw County Sheriff.

The incident resulted in 13 people being treated at Washtenaw County hospitals for skin and lung irritation. There were no serious injuries resulting from the incident.

"The dumping was a reckless endangerment of the public," said Donna Southwell, of the Washtenaw County Office of Emergency Management.

John O'Hair, Wayne County prosecutor, said that such offenses should be taken seriously, and that under state law jail time can be given the offenders.

"We've spent millions of dollars cleaning up the Rouge River and that can be wiped out in a matter of minutes," he said.

The effect of the dumping on the Rouge hasn't fully been determined, officials said.

The dumping is causing concern among members of the Western Wayne Conservation Club in Plymouth Township, which has been involved with the state in the planting of brown trout in Johnson Creek.

"We want to know how far that stuff went down stream and if it's going to be monitored," said Bob Laich, a club member and past president of the Michigan United Conservation Clubs.

The Illegal Dumping Task Force was formed last week in response to the most recent dumping. There have been 10 other such incidents in eastern Washtenaw County in the past two years, and law enforcement officials said that it could be the work of "serial spillers."

Task Force members held a press conference on Thursday in the Salem Township Hall to announce its formation and publicize the problem.

"We need the public to call 911 when they see such things; we need a neighborhood watch," said Schebil. "We can't be everywhere."

The material dumped was a toxic mixture of phenol and napthalene. Both are often used in degreasing agents that could have come from a small factory.

Task force members said the chemicals are commonly used and could have come from any number of area factories or shops.

Police didn't know if the barrels were dumped by someone from the source or by midnight-style waste disposal firms which charge low fees for disposing of such material, but don't take it to reputable facilities. Instead they dump it on the sides of rural roads, such as the Five Mile and Currie road site of the most recent dumping.

The incident is under investigation and police patrols of the area have been beefed up.

O'Hair said the best chance of catching the people responsible is through a disgruntled former employee.

To report those responsible and claim the reward, officials are asking members of the public to call: (313)973-7711.

Kids spark complaint

A Crossings at Canton apartment resident who has generated numerous complaints from his neighbors and was spotted brandishing a rifle near the patio door of his apartment June 1 called police at 10 p.m. June 19 to complain about children outside.

"He asked me to approach his residence and talk through a door," the police officer wrote. "I told him I would not come any closer unless he stepped outside where I could see him. Again he refused."

The 45-year-old man told police that minors were outside in violation of Canton Township's curfew.

The officer told the man that the kids he had in mind "were merely sitting on the back porch and talking" with their parents, which is fine.

"He then said, 'Well, then they are too loud,'" according to the police report.

The man "then told me to f--- off, slammed the door and went inside," the officer wrote.

The man "has been given a 30-day eviction notice by management, as several complaints against (him) have been filed by his neighbors."

The man wants to prosecute, the officer wrote.

"Somebody's got to stop this guy," Kallenberg said, "for all of the people he's ripped off."

Although Goff has angered many customers, he has satisfied others. Even John Papinsick, who is suing Goff for more than $10,000, admits that Modern Day did good work for his neighbor. That's why he hired them.

Goff says he could have taken the easy way out long ago and declared bankruptcy, but he chose to continue working and try to pay his creditors.

"I'm not going to walk away," he said. "I'm going to redeem myself. I'm not going to hide from anybody. It's a pride thing for me. I've never given up in my life."

Dawn Goff added, "We want to fix our problems, not disappear."

Goff asked the Observer to publish his new phone number, (313) 495-3170, although creditors will be referred to the receivership attorney Findling, who can be reached at (810) 399-3300.

However, Goff's troubles may not be over yet.

Wayne County assistant prosecutor Ray Walsh, in charge of the Western Wayne office, said he is "reviewing the police files in this matter."

"This is the best job in the Liberty Fest," Ainsley Sonntag said. "We get a cool T-shirt with the job."

Carol Moynahan of Novi was caught admiring a 1965 Ford Mustang in the classic car array. "I'd like to be driving it," she said. "It takes me back to a time when I was young."

Canton resident Doug Price sat next to the World War II Willys Jeep he restored. "I always wanted a Jeep when I was a kid," he said.

Asked how much the restoration cost, Price hedged. "It's sort of a secret," he said. "I'd rather my wife didn't know what I paid for some of these parts."

The four arts and crafts tents were filled with handmade mailboxes, windmills, paintings, wall hangings, dolls, popcorn-eating lizards, pillows, statues, honey and crackers, jewelry, western ties and buckles, fancy jars, earrings, ottomans, ceramic dishes and wooden rubber-band guns.

Barb Delisle tended to her collection of faux pies and cakes, constructed with salt, water and dough. They're all rock hard, but look like the real thing.

Why do people buy them? "They put them out on their counters just for decoration," Delisle explained. "Makes it look like they baked something."

In another tent, Mary Ortwine of Fraser sold her bears made of discarded fur coats and such. She buys worn-out fur items from thrift shops to construct her ursine creations. They're made of mink, fox, Persian lamb and other furs.

"They keep me busy," Ortwine said. "People are enjoying them."

The Liberty Fest benefited, as usual, from the volunteer labor of several dozen people.

One such volunteer, Carol Felker, said many folks who aren't from these parts have commented on the aesthetic appeal of Heritage Park.

"I heard so many comments," she said, "(like) 'this is such a beautiful park. Why is it kept such a secret?'"

Another volunteer, Ron Lieberman, wanted to claim responsibility for the climate, on one condition.

"If it's good all weekend, I'll take credit for the weather," he said.

Schools transfer Bentley principal

BY M.B. DILLON
STAFF WRITER

It's hoped that a recently announced administrative change will help heal wounds that fractured the Bentley Elementary School community during the past school year.

Twelve of Bentley's 20 teachers applied for transfers in the months preceding Plymouth-Canton Superintendent Charles Little's announcement last week that Bentley Principal Paul Reeves has been reassigned.

Little's action comes in the wake of grievances and mediation hearings involving employees and the first-year principal.

Reeves will become assistant principal at Pioneer Middle School in August.

Taking his place at Bentley will be Cheryl Johnson, Pioneer Middle School principal.

"Summer is a time to evaluate the past year of service to the district, re-group and make changes toward better serving students, parents, and the community, and assess progress and target goals of achievement," Little said.

"In order to provide Bentley students with a school team that has a high potential for success, Cheryl Johnson will be Bentley principal in the year ahead. Each of us wishes Cheryl continued success."

Reeves "has an excellent record I am confident he can build upon." Reeves was formerly assistant principal at Central Middle School.

Little also announced other changes. West Middle School Assistant Principal Tom Owens will serve as Pioneer's interim principal. Pioneer Assistant Principal Maureen Murphy will become assistant principal at West.

Reeves, Owens, Murphy and Johnson couldn't be reached for comment.

Bentley teacher Nancy Sullivan addressed the Board of Education June 10, expressing dismay over the denial of a grievance by Errol Goldman, assistant superintendent for employee relations. With her were 11 Bentley staff members.

Speaking on their own accord, seven employees testified on behalf of a Bentley teacher at her grievance hearing. "That our testimony was not compelling is very discouraging," Sullivan said.

"Bentley teachers would welcome an environment that would allow us to focus our energies and time on teaching our children. We have already spent several months addressing problems. We have invested many hours outside the school day, and assumed many administrative duties in the area of discipline. We would like to return to teaching.

"This staff has not only been professional, this staff has been heroic," she added. "Every day, children are watching us. The board needs to consider what message it sends."

The teacher's grievance is going to arbitration, Plymouth-Canton Education Association President Chuck Portelli said. "At this point, I'm not at liberty to discuss it."

Portelli favors Little's action. "Chuck has made a decision, and I support it. I think it's good for Bentley."

Bentley teachers who asked not to be named said the issue boils down to a lack of professionalism. "Two people could do the same thing and not be responded to in the same way. Professional — that's a big word," so is trust, one teacher said. A lot of healing has to go on, the staffer added.

Others pointed out there are two sides to the conflict. Parents siding with Reeves say it's been a case of teachers resisting direction.

Joe Cusmano is the PCEA's Michigan Education Association representative.

"As I understand it, it appeared to be a concern about the method of administration at that school, brought to our attention by the teachers, and also by central administration. They wanted to resolve the issues and get things back on an even course," said Cusmano. "To that end, a state mediator was asked to go in to discuss the issues with administration, and also with staff.

"It was the administrator's first year at Bentley. Staff perceived the current administration as being too rigid, and not allowing for a little versatility," Cusmano added. "Over the course of mediation and staff meetings, things were not resolved."

Officials declined to divulge the mediator's findings, except to say that "the mediator didn't believe the parties were profiting from the mediation sessions."

In a letter to Bentley parents, Little said he met with the mediator on June 3 and learned that "most individuals did not wish to continue with the sessions. There was some reluctance to look at the deeper issues of the matter.

"Some of you have expressed concerns about teachers wishing to transfer due to fundamental issues that are unresolved," Little wrote. "In recent weeks, both parties erred in ways which have further aggravated the situation."

Planners getting wired

Canton cable TV personnel are beginning to experiment with taping the Planning Commission and hope to be cablecasting the meetings by July 1.

Cable chief Scott Zuchlewski began the process Monday, June 17, by taping a study session.

"We're not going to do anything fancy," he said. "This is just to see what it's going to look like with one camera."

A recent survey of cable subscribers showed that viewers are more interested in Planning Commission meetings than they are in Township Board meetings.

"We feel that broadcasting the Planning Commission meetings is a good step toward raising resident awareness," said Resource Development Director Mike Ager in a press release. "Many people aren't able to attend the meetings in person. Broadcasting them on a regular basis makes them convenient and accessible to all (cable subscribers)."

It is not known when the meetings will be cablecast.

Jaycees bouncing back

BY KEVIN BROWN
STAFF WRITER

After some years of slow growth, the Plymouth-Canton Jaycees and Jaycee groups around the country are rebounding.

The Jaycees also put on the July 4 parade and fireworks, and they plan some changes this year, said Plymouth-Canton President Kathy Pumphrey.

"We're having the Plymouth-Canton high schools' band in there for the first time in years," she said, adding the Plymouth Fife and Drum Corps and drum corps alumni will also perform.

Of Jaycee membership here and around the country, "It is starting to come back," Pumphrey said.

There are 140 Plymouth-Canton Jaycees members. A new board of directors was elected in mid-May and Pumphrey said some changes are happening.

"We've taken a new direction, before we had so many projects running but the attendance and how they were done is not as good as what we liked," she said. "We decided to slow it down and make sure we have quality."

Jaycee membership is limited to people ages 21-39. "It's a young people's leadership training organization and they basically provide a safe avenue for people to gain leadership experience through community service projects," Pumphrey said.

Besides running the July 4 parade and fireworks, the Jaycees build handicapped ramps, run the Easter egg hunt and the Jaycee Haunted House, and work is beginning on a scholarship project.

Pumphrey said the Plymouth-Canton Jaycees will also seek to boost membership in July by going to local businesses to explain what the group is about. Those interested in membership can call her at 453-8407.

County ready to pay back portion of real estate tax

BY BETH SUNDRLA JACHMAN
STAFF WRITER

To obtain a refund a seller must appear in person to apply for it. That was the best way to handle it, Macuga said.

If you sold some real estate in Wayne County between Jan. 11, 1990, and May 10,1996, you could be due some refund money.

Under a court decision issued earlier this year by Circuit Judge John Kirwan Wayne County must now pay back part of the money it collected in real estate transfer taxes.

The money was raised when in 1980 the state gave Wayne County, alone among the 83 counties, power to raise the real estate transfer tax to 75 cents from 55 cents per $500 of property value. But, a Michigan Supreme Court decision last year said the tax could only be recovered from 1990 when it was first challenged by a homeowner.

Now the county has been ordered to refund 20 cents per $500 in property value plus 2 percent interest. The average refund is expected to be around $40 on a $100,000 house.

On Thursday the Wayne County Commission approved spending $200,000 to KPMG Peat Marwick to act as project manager in making the refunds.

"This was a long, very hard-fought battle," Peter Macuga, attorney for taxpayers in the class-action suit that resulted in the refund decision.

To obtain a refund a seller must appear in person to apply for it. That was the best way to handle it, Macuga said.

"There has to be proofs on both sides," he said. Many ways to refund the money were looked at, but this was the only way to protect against someone claiming someone else's refund, he said.

The county has no idea how many people are going to seek the refund, according to Carla Sledge, chief deputy financial officer in the county's office of Management and Budget.

Temporary staff of about 20 workers will be hired by Peat Marwick to staff the refund office. The county's Register of Deeds office doesn't have enough personnel to staff the office itself, according to county officials.

The potential amount the county will end up refunding is between $2.5 million and $5 million, according to Sledge. But Macuga, says the amount is closer to $6.5 million.

Here's how to obtain a refund:

- A seller must apply for a refund in person with a Michigan driver's license or other picture identification. A seller can send a representative if the seller is not within the state, is handicapped or in the military, or is entitled to a refund as a member of a corporate legal trust.
- A tax refund claim center has been set up in the basement of the Neudeck Building, 415 Clifford, Detroit.
- The seller will be asked to fill out a form. The form has been kept simple, according to Macuga.
- If the seller has a copy of the deed he or she should bring it. If the seller doesn't have a copy of the deed, Wayne County will do a title search for free. The search will be done immediately. If the county has so many applicants that the applicant can't have a search completed at the time of application, the applicant must have a response within 60 days, Macuga said.
- Checks will be drawn on Wayne County funds.
- The refund office will be open 10 a.m. to 6 p.m. Monday through Friday July 1, 1996 to Oct. 31,1996.

Those who have questions can call Macuga's office at (313) 965-0065.

Kids' fire academy teaches safety

Children will learn about fire safety and what it's like to be a firefighter in the Schoolcraft College class "Fire Academy for Kids."

The two-week class is designed for children ages 8-14. Participants in the fire academy will learn to recognize fire hazards, develop a fire escape plan for their home, become familiar with fire fighting equipment, perform a practice rescue drill and visit a local fire station. The class for 8- to 11-year-olds meets from 9:30 to 11 a.m.; the class for ages 12 to 14 meets from 11 a.m. to 12:30 p.m. All classes begin Monday, July 15, and meet Monday, Tuesday and Wednesday.

State approves new rules for adult ed funding

BY TIM RICHARD
STAFF WRITER

Local school districts will be able to compete for $20 million in state grants for teaching adults under new rules approved by the State Board of Education.

Local schools will be told to develop consortia with other districts, county intermediate districts, community colleges, work force development boards and private industry.

"Basic purpose," said Arthur Ellis, superintendent of public instruction, "is to enable eligible adults to enroll in a program to obtain basic skills, learn English as a second language, prepare for the general educational development (GED) test, acquire job or employment-related skills, or complete requirements for a high school diploma."

The board voted 7-0 June 19 to approve rules under the new state aid act signed the same day by Gov. John Engler.

But board member Dorothy Beardmore, R-Rochester, saw a flaw in requiring the development of group proposals in such a short time. "To require they (other agencies) be players adds to the complexity. You have to wonder: Is this deliberately planned to fail?"

Districts have until July 1 to make their applications. The Department of Education must notify successful applicants by Aug. 1. Top officials doubt every will meet the deadlines.

"What would happen if we missed the deadline?" asked board member Gary Wolfram, R-Hillsdale. "In Treasury (where he worked before returning to Hillsdale College), we missed deadlines all of the time. They never hauled me off to jail."

"No, they (Engler) sent you here," quipped board president Clark Durant, R-Grosse Pointe. That ended all humor in the discussion.

The deadlines are "legislative time frames. The administration will do everything to help the school districts," said Dr. Ron Gillum, a deputy in charge of adult ed, hinting the department will wink at the dates.

At Engler's urging, the Republican Legislature, on almost party-line votes, cut adult education from $185 million to a total of $102 million, providing that $20 million must be awarded by competitive bids rather than mailed directly to K-12 districts.

Local school officials and lawmakers in both parties have criticized the cuts bitterly. Democrats withheld their votes because of the adult ed cuts.

"I've attended adult ed graduations," said board member Kathleen Straus, D-Detroit. "They are very impressive. Such a crosssection of people – young, old, native-born, immigrant. I just hate to see it cut so dramatically.

"It doesn't make sense to do something so dramatic in such a short time," Straus said, referring to legislative passage in the post-midnight hours of June 7. "We should have said more about adult ed. We said nothing."

Added board member Barbara Roberts Mason, D-Lansing: "I'm concerned about the cuts. Many (districts) didn't fund their programs. I'd like to know how many will no longer offer adult ed, cut staff, cut curriculum offerings? We can also find the impact on the economy."

Even board vice president Marilyn Lundy, R-Detroit, who usually lines up solidly with Engler and Durant, recalled, "In Detroit, this was one of the hot issues." She referred to a June 17 hearing by the department to get public input on the state of the schools.

Another hearing is set for 7:30 p.m. Monday, June 20, in the Oakland Intermediate School District kiva on Telegraph Road in Pontiac. Others will be held at 7:30 p.m. Thursday, June 27, in the Independence Building, Freedom Hill, Sterling Heights.

Karen Katz, executive director of the Michigan Association of Community and Adult Educators, also criticized the July 1 deadline. "We suddenly must make a formal grant proposal in one week, no matter what we've been doing in the past."

Engler, signing the school aid bill that morning, hailed the "reform" of adult education, praising the need for "input from local workforce development boards and the Michigan Jobs Commission among others.

"I look forward to working with the Legislature to meet their goal of 50 percent competitive grants next year," the governor said.

Four categories of grants will be made under the rules:

- Persons with a high school diploma or GED under age 20 on Sept. 1 and enrolled in the Michigan Career and Technical Institute.
- The same group not attending college and enrolled in a job-related program under referral by an employer.
- Persons studying English as a second language for a maximum of one year.
- Others at least 20 on Sept. 1 lacking a diploma or GED.

"Grant amounts will range between $49,500 and $2 million, based on $2,750 per participant FTE (full-time equated student) of 450 hours," say the rules.

"Last year's $4,000 was cut to $2,750 per FTE," said Gillum. "This limits the number of hours to 900 for a high-school diploma and $450 for a GED. Anything after that, you pay tuition. Local school districts set the tuition."

Engler's action was scorched by Rep. James Agee, D-Muskegon, a former school superintendent who a few years ago was a finalist for the state superintendent's job.

"It was short-sighted and cruel," Agee said. "Just a couple of years ago, adult education was funded at $385 million. The governor slashed that in the last budget to $185 million. This completes the dismantling of a worthwhile program."

Roads also made milestones in history

With Detroit being the birthplace of the automobile, who better than Wayne County to give birth to the modern road?

"Most people are not aware that the modern era of road construction began right here in Wayne County," Nancy Darga, Wayne County design engineer and history buff, said. "In fact, much of the road-related technology we take for granted today was invented by the Wayne County Road Commission.

"So as America celebrates the 100th anniversary of the automobile this month, people should also take note that the roads they drive their cars on have their beginning right here," Darga said.

Some firsts:

- The first mile of concrete road was constructed in 1909. When the Wayne County Road Commission paved Woodward Avenue from McNichols to Seven Mile, it was the first time a road was paved with concrete. While not as durable as the bricks that had been used, concrete was easy to lay and considerably less expensive. Nearly 90 years later, concrete remains the industry standard.
- The first modern road maintenance facility and testing lab, 1910. The county's Wayne Yard on Michigan Avenue was the first road maintenance facility and included a testing lab for the concrete road building industry it created. The old complex will be demolished this year to make way for a new, $4 million state of the art engineering facility.
- The first center line painter, 1911. In it's first incarnation, this innovation was little more than a paint brush strapped to an arm on the back of a truck. Later versions were refined, such as one that rolled along, marking the line as the truck slowly moved along.
- The first snow plow, 1912. Like the centerline painter, this innovation seemed less than impressive at first – a board fastened to the front bumper of a truck. The idea, however, was refined and the world's first snow plow was born.
- The first traffic signal, 1920. Invented by a Detroit police officer, the traffic signal got its first use in Wayne County. Today, there are more than 1,500 intersections with traffic signals on Wayne County-operated roads.
- The first superhighway, 1942. The Davison is America's first limited access, below-grade superhighway built as part of the war effort. The freeway even lured German engineers to view the design, which reportedly helped inspire the Autobahn.

Another car and road link with Wayne County: Henry Ford was one of Wayne County's first road commissioners.

'Beauty' contest winners share their heartfelt stories

Readers told us how their heart was stolen to win a pass for two to the 7 p.m. Tuesday, June 25 preview screening of "Stealing Beauty" at the Main Art Theatre in Royal Oak.

"Stealing Beauty," a Fox Searchlight release, tells the story of a 19-year-old American girl who travels to the lush Italian countryside of Tuscany to spend the summer at a villa with old family friends. While there she discovers her strong spirit of independence as she spends her days with an array of characters of various nationalities and virtue. Stars Jeremy Irons, Liv Tayler.

The first 50 readers to respond received a pass for two to the preview screening. Five grand prize packages consisting of a CD of music from the movie, a journal and T-shirt were awarded to – Anna Levin of Southfield; Cheryl Power of Farmington Hills, Allison Johnson of Livonia, Julie Lepsetz of Southfield, and Kerry King of Redford.

Here are excerpts from their grand-prize winning essays.

• "It was the summer before I entered junior high on a camping trip with my family that I met him. Curly red hair and freckles, definitely more "Boys Life" than "GQ." We swam and fished while trying to ditch his little brothers. He took my address with a promise to write. I used by last dime for the jukebox "Ricky Don't Lose that Number." I guess he lost it, or maybe I felt better telling myself that. Now 20 years, a husband and two kids later, I sometimes wonder what became of the boy who first stole my heart. – Allison Johnson, Livonia.

• "On our first date, we walked on a mountain top in northern California. I remember the warm summer breeze blowing me vulnerably toward him. As the land unfolded around us, we were unfolding into each other. Why do hearts get broken when you're least expecting it? Or when you need love the most? He was a pleasant surprise. I had just gone through a rough time and he was a life boat that I welcomed and cherished. But like a cruel trick, it was an empty, leaky life boat without sustenance for the long journey through life." – Cheryl Power, Farmington Hills.

• "I certainly hadn't been looking, as a matter of fact it came as a complete surprise, but when I saw her for the first time, last fall, I felt something I had never felt before. It wasn't just her golden hair or her large, expressive brown eyes, but something more. As we approached each other; me nervous – she totally confident, there was a spark, and my heart was hers. I took her home that day and we have been together ever since. I will never forget that late October afternoon, when I first met Dakota, my Golden Retriever. – Kerry King, Redford.

• "I didn't want him! I was completely prepared to hate him on sight. There was no way I was going to let some drooling little brat horn in my perfect life. I was prepared to yell, plead, or starve myself in protest; anything but accept him. However, before I could inform my parents of what they cold do with their little bundle of joy, I happened to look down. I looked down and saw my newborn brother, David. All my hate suddenly deserted me, leaving a profound love. He stole my heart then, but don't tell that to him." – Julie Lepsetz, Southfield.

• "As college seniors my best friend and I traveled to the Laurels Resort in the Catskill Mountains. We were fearless because we had heart "lose your morels at the Laurels."

Unfortunately, we deplored the Laurels, but we did meet some friendly fellahs from Boston. We gravitated to each other because they too didn't like the Laurels. Mark was the fellah I was smitten by, but after four days we all left early, said goodbye, and forfeited our week-long prepaid stay. Mark stole my heart, the Laurels took my money, and honestly – I did not lose my morels at the Laurels. – Anna Levin, Southfield.

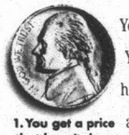
Since that last local call cost you a whole nickel, it's fair to ask what you got for your money.



1. You get a price that hasn't risen since 1990.

You can't get much for a nickel these days. Maybe a gumball. Yet, for about a nickel you can make a local phone call from home and talk all day. On top of that, you get a lot of products and services you probably hadn't thought of.

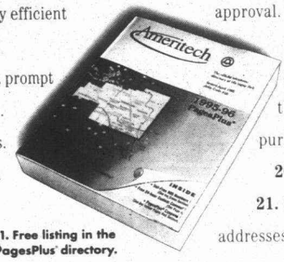
1. Ameritech's local rates remain at the same low rate as in 1990. In fact, some of our states have the same low rates they did in 1984.

2. You get 4,900 Ameritech® operators. Extremely efficient people who answer 2.3 million calls per day.

3. You get a better than 99.9% reliability rate—a prompt dial tone 99.9% of the time you pick up the phone.

4. You get nearly 60,000 Ameritech employees. And they're all right here in this five-state region.

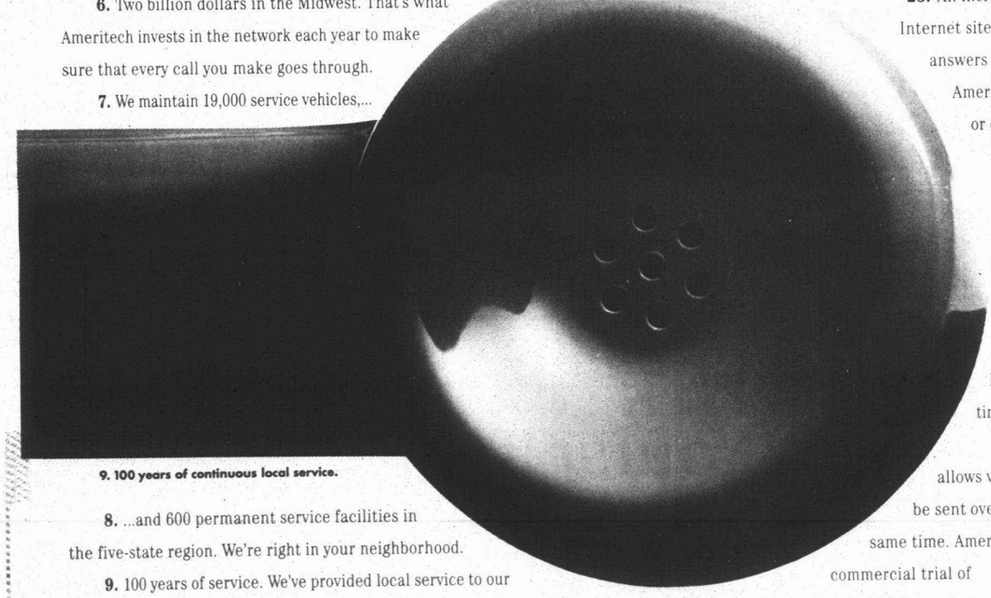
5. 7,300 of them are technicians trained to answer every one of the 3.9 million requests that we receive every single year.



21. Free listing in the PagesPlus® directory.

6. Two billion dollars in the Midwest. That's what Ameritech invests in the network each year to make sure that every call you make goes through.

7. We maintain 19,000 service vehicles,...

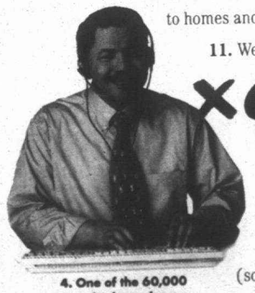


9. 100 years of continuous local service.

8. ...and 600 permanent service facilities in the five-state region. We're right in your neighborhood.

9. 100 years of service. We've provided local service to our region for over a century. We've put through virtually every call you've ever made to or from Illinois, Wisconsin, Michigan, Ohio, and Indiana.

10. The experience that comes only with providing 18 million access lines to homes and businesses.



4. One of the 60,000 Ameritech employees in your area.

11. We've installed over a million miles of fiber optic cable in the Midwest.

×60,000

12. We put in some 242,000 pay telephones in the five-state area, so you can be assured there's always one nearby.

13. Easy-to-use services like Call Waiting (so you never miss a call when you're on a call).

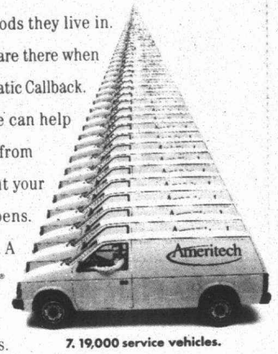
14. Established distance learning networks that serve nearly 400 local schools, colleges, and universities.

15. Given free cellular phones, pagers, and airtime for eligible neighborhood watch groups. Through our Cellular Patrol™ program, we're helping people take back control of the neighborhoods they live in.

16-17. Provide pay-per-use services that are there when you need them. Like Repeat Dialing and Automatic Callback.

18. Provide "Slamming" protection. We can help prevent over-eager long distance providers from switching your long distance service without your approval. No kidding, this stuff really happens.

19. Ameritech Complete Card. A no-annual-fee VISA® or MasterCard® that offers a cash return on your purchases as well as your phone calls.



7. 19,000 service vehicles.

20. Braille and large-type billing. For our visually impaired customers.

21. Free listing in the PagesPlus® directory. With options to add e-mail addresses and World Wide Web URLs in some directories.

22. Convenient Ameritech calling cards.

23. An incredibly easy-to-navigate Internet site that can give you quick answers to questions about Ameritech's products, services, or emerging technology.

24. Networks that help hospitals share information at incredible speed. Thanks to Ameritech, a specialist in Milwaukee can watch your MRI being done in Madison. It not only saves time, it saves lives.

25. ISDN expertise. ISDN allows voice and data signals to be sent over the same line at the same time. Ameritech carried out the first commercial trial of ISDN service in 1986 and it is quickly becoming the wave of the future.

23. An incredibly easy-to-navigate Internet site.

26. And last but not least, peace of mind. People seldom give a second thought to their Ameritech service. It's always there whenever they need it, rain or shine. Do we enjoy being taken for granted like this? Well, with a reliability rate of 99.9%, this sort of thing comes with the turf.

Stick with the one that works.

Fruity summer salads are low in fat, not flavor

By Ferris Robinson
AP Special Features

LOOKOUT MOUNTAIN, Ga. (AP) _ The following salad recipes are low in fat, but tops in taste.

The recipe for blueberry salad contains 2 grams of fat per serving.

Each serving of the chicken Waldorf salad contains 3 fat grams.

Blueberry Salad

1 cup fusilli pasta
2-3rds cup plain fat-free yogurt
1/4 cup fat-free mayonnaise
1 teaspoon apple-cider vinegar
2 teaspoons dried dill
Salt and pepper to taste
2 cups frozen French-cut green beans, thawed and drained
1 cup blueberries
6 boneless, skinless chicken breasts, cooked and cut up

Cook and drain pasta.

In a large bowl, mix yogurt, mayonnaise, vinegar and spices. Add pasta and remaining ingredients. Chill. Serves 10 .

Chicken Waldorf Salad

2 large red apples
1 tablespoon lemon juice
1-3rd cup fat-free mayonnaise
1-3rd cup plain fat-free yogurt
2 teaspoons sugar
4 boneless, skinless chicken breasts, cooked and cut up
4 large stalks celery, chopped
1/2 cup raisins
Greek seasoning, to taste
1 tablespoon chopped pecans, toasted

Chop apples, leaving peel on; sprinkle with lemon juice. Mix mayonnaise and yogurt with sugar.

In a large bowl, combine apple and mayonnaise mixtures with chicken, celery and raisins. Season to taste.

Spoon salad on 8 plates. Sprinkle each serving lightly with the chopped pecans. Serves 8.

Dentistry in the 90s
by Herbert M. Gardner, D.D.S. & Martha P. Zinderman, R.N., D.D.S.
SAVING TEETH WITH ROOT CANALS
The fact that the number of root canal procedures has more than doubled in recent years shows that people are placing a greater value on saving their teeth. When an infection spreads through the canals of the tooth, either due to injury, deep cavities, or receding gums, a painful, inflamed abscess may develop. It is at this point that the patient has to choose between extracting the tooth or restoring it with a root canal procedure, followed by a crown in some cases. Root canal treatment involves cleaning the nerve out of the inner chamber of the tooth and filling it with an inert material that helps keep the tooth in place. An extraction makes it necessary to get a bridge or an implant. With the help of anesthetics, undergoing root canal treatment is now no more uncomfortable than getting a large cavity filled. Remember, it is the abscess that is so painful not the treatment that alleviates the pain and restores the tooth.
Root canals, fillings, tooth replacement, partial or full dentures, cosmetic dentistry, and extractions are just some of the services we offer. At LIVONIA VILLAGE DENTAL ASSOCIATES, the recommendations we make for any dental treatment are always in the best interest of our patients. You can rely on our expertise to provide you with quality dental care in a warm environment at 19171 Merriman Road. We provide "twilight sleep" for the fearful patient. Please call 478-2100 to schedule a convenient appointment Mon., Tue., Thu. & Fri. 8-5, Wed. til 9 p.m. Smiles are out business.

Gallimore Elementary receives grant for $1,500

Students at Gallimore Elementary School in Plymouth-Canton will be the recipients of a $1,500 grant awarded by Lamb Technicon in Warren.

Employees of Lamb Technicon are encouraged to submit entries for grants provided by the company that would go toward software and technology for schools that their sons or daughters may be attending.

David and Sharon Grigg have students attending Gallimore Elementary. Sarah is a fourth-grader and Danielle Grigg is in second grade. A contact was made to principal Larry Cole by the Griggs regarding the grant program and a grant was submitted from the school. Cole was contacted by Mrs. Grigg just prior to school ending for the summer and learned that on Wednesday, June 19, he will be receiving a check to purchase software and technology for Gallimore Elementary.

Larry Cole commented, "We are very fortunate at Gallimore Elementary to have such supportive parents like Mr. and Mrs. Grigg. Our students will benefit greatly from the monies awarded us for the purchase of software for our school."

CHEF LARRY JANES

Cooking pros share tips for great cakes

I took a little heat a few weeks ago when I wrote a column about making your own wedding cake. Over two dozen readers called. Many said they would never attempt a wedding cake because they never really mastered baking a cake from scratch.

Momma is known for her German Chocolate Cake, and to this day, I request it every Aug. 26 when my birthday rolls around. Aunt Ange was known for her Sour Cream Coffee Cake, and even though she has never come out and admitted it, I know there's a hint of bourbon in it. The Janes Gang is wild about my cheesecakes. I'll never forget Chef Stec and his wonderful basic Genoise, which sat on your tongue like an angel's gossamer wings, and slowly dissipated. But does anyone bake a cake from scratch anymore? It's not as hard as it sounds, especially with some tips from pros.

Nick Malgieri, noted cooking teacher and author of "How To Bake," (copyright, 1995, Harper Collins Publishers, $35) claims that one of the easiest cakes to master is a classic Genoise, otherwise known as an all purpose sponge cake. Malgieri likes this cake because "it can be used as a layer cake, as a rolled cake, a plain cake with a simple frosting and in conjunction with a cheesecake instead of a pastry dough base."

Tips for success

In his book, Malgieri explains it is critical that the oven be accurate. Also, when baking, the racks should be set in the middle of the oven. As a secret hint to success, he also suggests that all the ingredients be at room temperature for ease of mixing.

Cold ingredients may cause the batter to separate while mixing and this will cause the cake to have a rough, irregular texture instead of a smooth, tender one.

Where Malgieri's book deals with baking as a whole, including the preparation of pies, tortes, breads, pizzas and muffins, when I find myself stumped, I always turn to Rose Levy Beranbaum and "The Cake Bible," (copyright 1988, Morrow Books, $40). This a grand encyclopedic collection of cakes and everything related to them. If you bake cakes, this book not only shows you how but can also detail the preparation of butter creams, marzipan, spun sugar, chocolate ribbons and enough piped flowers to fill a florist shop. Beranbaum claims that "perfect cakes can be achieved by anyone willing to follow good recipe directions. Cake making is an exact process; the ingredients and their relation to each other are balanced like a chemical formula."

In addition, Beranbaum agrees with Malgieri about having all the ingredients premeasured and at room temperature but offers a few additional pointers. She likes to use only cake flour which does not contain any leavening (don't use self-rising flour). She also recommends the use of superfine sugar for the best texture, unsalted butter for the best taste, fresh baking powder for the best rise and finally, the use of Magic Cake Strips for even layers and maximum height. Magic Cake Strips are ribbons of aluminized fabric with Velcro type fasteners that can be soaked in water and wrapped around the sides of the cake pans during baking. These special strips slow down the baking of the sides while promoting rapid and even penetration at the bottom of the pan. They sell for under $10 at most cake decorating shops.

Low-fat options

My final source for knowing how to bake the best cakes comes from Susan G. Purdy, author of "Have Your Cake and Eat It Too," (copyright 1993, Morrow Books, $25). This book contains more than 200 luscious, low-fat cakes, pies, cookies and other desserts you thought you'd never be able to eat again.

Knowing that it's the fat in the cake that not only makes it look good but taste as good, Purdy has examined and suggested many alternatives for reducing the fat in your favorite cake recipes.

Purdy writes "when you cut back or cut out the fat, you need to readjust a whole range of elements in a carefully balanced formula." You can remove one quarter to one third of the fat in a recipe, claims Purdy. The resulting texture is only "slightly denser," especially with the use of purees, eggs or egg whites, citrus zests and occasionally, sugar. But one thing for sure, everyone agrees on the importance of accurately weighing and measuring all the ingredients.

Chef Larry Janes is a free-lance writer. He welcomes your calls and comments. To leave a message for him, dial (313) 953-2047 on a touch-tone phone, mailbox 1886. See recipes inside.

Starting from scratch ~ Piece of cake

BY KEELY WYGONIK
STAFF WRITER

Birthdays, weddings and anniversaries – some of the most memorable days of our lives are celebrated with cake.

"Cake holds the distinction of comeback food of the year," said Gale Gand, owner of Chicago's acclaimed Brasserie T restaurant at the recent International Association of Culinary Professionals Conference. On an emotional level, Gand credits baby boomers' affinity for "comfort food" with cake's resurgence on the dessert menu.

"I think baby boomers remember the good things from childhood," Gand said. "Cake certainly qualifies as one of those things that made them happy as kids. Well, now that the baby boomers are grown up and loaded with mid-life responsibilities, there's a desire to latch onto childhood pleasures."

A cake you make "from scratch" is not much more difficult than one that uses a mix, and offers endless possibilities for dressing up when the occasion calls for it.

A three-step mixing process results in a cake that is tender and flavorful, and has a good volume (heights).

- ***Step one:*** Beating the butter, margarine or vegetable shortening with the sugar and any flavorings until light and creamy incorporates air into the batter which contributes to a cake's volume.
- ***Step two:*** Beating in the eggs, one at a time, incorporates additional air into the batter.
- ***Step three:*** Adding the combined dry ingredients alternately with the milk (or other liquid) is the fastest way to complete the mixing process without overmixing. Overmixing can toughen a cake.

Depending on the occasion, a basic cake can be served plain or embellished in many different ways. One-layer cakes that will be served from the pan might be frosted, glazed, covered with a broiled topping or sprinkled with powdered sugar.

Serve the cake plain with a scoop of ice cream or a spoonful of whipped cream and fresh fruit.

Cakes that are baked in a tube pan or fluted tube pan frequently are drizzled with a glaze. A lemony glaze, fresh mint leaves and lemon slices are all the dressing up Lemon Poppy Seed Oat Cake, pictured above, needs. When used in baking, oats add texture and improve the keeping quality because they attract moisture. As an alternative to the lemon glaze, powdered sugar can be lightly sifted over the top of the cake just before serving.

Cake recipes are often passed down generation-to-generation, or shared between friends. Barbara Couillard of Westland, and Mary Serva of Bloomfield Hills, entered their favorite recipes in Michigan's Best Cake Contest sponsored by Zehnder's of Frankenmuth and "Michigan Living" magazine. Both were among the 18 finalists.

Couillard said her entry – Grandma's Yellow Angel Food Cake – is more like a sponge cake than an angel food cake. "It was my grandmother's recipe," she said. "I remember her making it. Mine is good, but it still doesn't taste as good as hers." Couillard said the egg whites used in the recipe should be room temperature. "It adds more volume she said."

Serva's contest entry is appropriately named – "Can I Have That Recipe" Chocolate Cake. It's a recipe everyone asks for. "One thing that makes this cake different is the frosting. It's a lot like fudge," she said. "This cake is really good for people who really love chocolate."

Although she doesn't have a lot of time to bake, Serva said she has always enjoyed it. "I was one of those kids who had an Easy Bake Oven," she said. "The chocolate cake recipe was my girlfriend's. We made it when we were kids and everyone loved it. I changed the frosting recipe so it's not so sugary. I made it richer by using sweet (condensed) milk."

PERFECT CAKES

Ingredients

- Margarine, butter and vegetable shortening are used most often for cakes other than angel food, chiffon and sponge cake. The fat affects both flavor and texture. A cake made with shortening generally has a softer crumb and finer texture. A cake made with butter has a richer flavor. Both butter and margarine need to stand at room temperature until they soften enough to blend easily with other ingredients. Shortening is ready to use unless it has been stored in the refrigerator.
- Sugar sweets and contributes to a cake's tenderness. Granulated or brown sugar is most often used in cakes. Powdered or confectioners' sugar usually is used in frostings and glazes. Granulated, brown and powdered sugars are not interchangeable.
- Eggs contribute to a cake's structure and add color and richness. Use large eggs unless the recipe specifies otherwise.
- Most recipes today call for all-purpose flour. All-purpose flour can be either bleached or unbleached. While they can be used interchangeably, bleached flour provides a cake with a finer texture. Because all-purpose flour is presifted, it does not need to be sifted before measuring. Some cake recipes call for cake flour. cake flour is a finely milled soft wheat flour which produces a finer textured cake. Cake flour is not presifted and should be sifted before measuring. To measure flour, spoon lightly into a dry measuring cup and level top with a metal spatula or the straight edge of a knife.
- Oats. Unless a recipe specifies otherwise, either quick or old-fashioned oats may be used. The old-fashioned oats result in a cake with denser texture.
- Leavening. Most cake recipes call for baking powder, baking soda or a combination of the two. These ingredients along with the air incorporated into a cake batter during mixing are responsible for a cake's volume (height) and density.

Preparing Pans

- Shiny metal cake pans will result in cakes with the highest volume and most even browning. Be sure to use the pan size specified in the recipe.
- For most single and double layer cake, the cake pans are greased with vegetable shortening and lightly coated with a thin layer of flour. Cakes which will be cut and served from the pan may instead be sprayed with vegetable oil cooking spray. The pan does not need to be floured.

Filling Pans and Baking

- Preheat oven at least 15 minutes before baking.
- Pour or spoon batter into greased and floured cake pan(s) using the back of the spoon or rubber spatula push batter evenly into corners and against sides of pan. Cut through batter with knife to remove large air bubbles.
- Begin testing for doneness after the minimum baking time specified in the recipe. Insert a wooden pick in the center of the cake. If it comes out clean with just a few moist crumbs clinging to it, the cake is done.

Cooling

- Except for cakes which will be cut and served from the pan, cakes are removed from the pan to cool completely.
- Allow cake to sit in pan on cooling rack for the length of time specified in the recipe, usually 10 minutes. Carefully run a thin bladed metal spatula between the cake and sides of the pan to loosen. Place another cooling rack on top and invert pan; cake should drop to cooling rack. Turn upright by placing another cooling rack on top of cake layer and inverting. Cool completely before frosting.

Ruby Red Strawberries Michigan's Jewels

BY CHRISTINE VENEMA
SPECIAL WRITER

Michigan strawberries are in season, and if you don't feel like picking them yourself, baskets of these red jewels are available at grocery stores and markets.

Legend has it that the ancestors of the strawberry come from both North and South America. However, it took several centuries and a side trip to Europe to produce the strawberry we know today.

In the early 18th century, French explorers discovered a plump, red berry being cultivated by the Indians of Chile. Several plants were brought back to the homeland where in 1714 the Chilean berry was crossed with a wild meadow strawberry discovered a few years earlier in the North American colony of Virginia. The resulting cross is the ancestor to today's strawberry.

Selecting & Storing

Shop for fully ripened, bright red strawberries as they do not ripen after picking. Choose berries that are plump and well rounded with a natural shine, rich red color and bright green, fresh looking caps.

Strawberries are best used as soon after purchasing or picking as possible to insure the most delectable flavor, appearance and highest nutritional value. Never wash strawberries or remove caps until just before using. Washing removes the natural protective outer layers. The caps protect the strawberries and help preserve flavor, texture, and nutrients.

LEMON POPPY SEED OAT CAKE

Cake:
1 cup sugar
3/4 cup (1 1/2 sticks) margarine or butter, softened
1 tablespoon grated lemon peel
3 eggs
2 1/4 cups all-purpose flour
1 1/2 cups oats (quick or old-fashioned, uncooked)
3 tablespoons poppy seeds
1 tablespoon baking powder
1/2 teaspoon baking soda
1/2 teaspoon salt (optional)
1 1/2 cups milk

Glaze
1 cup powdered sugar
4 to 5 teaspoons lemon juice
1/2 teaspoon grated lemon peel

Heat oven to 350°F. Grease and flour 12-cup Bundt or 10-inch tube pan. For cake, in large bowl, beat sugar and margarine on medium speed of electric mixer until fluffy.

Add lemon peel. Add eggs, one at a time, beating well after each. Combine flour, oats, poppy seeds, baking powder, baking soda and salt. Add 1/3 of combined dry ingredients to margarine mixture; mix until blended. Add half of milk; mix until blended. Continue adding remaining dry ingredients and milk alternately blending after each addition. Pour into prepared pan. Bake 35 to 45 minutes or until wooden pick inserted in center comes out clean. Cool 10 minutes; remove from pan. Cool completely on wire rack.

For glaze, mix all ingredients until smooth; drizzle over cooled cake. Store tightly covered at room temperature. Serves 16.

GRANDMA'S YELLOW ANGEL FOOD CAKE

1 1/2 cups sifted cake flour
1/4 teaspoon salt
1/2 teaspoon baking powder
5 eggs separated
1/2 cup cold water
1 1/2 cups sugar
3/4 teaspoon cream of tartar
1 teaspoon vanilla

Sift together flour, salt and baking powder. Beat egg yolks until thick and lemon color, adding water and beat until light and fluffy. Beat in sugar. Fold in dry ingredients. Beat egg whites with cream of tartar. Fold into egg yolks batter. Add vanilla.

Bake in 10-inch ungreased tube pan in solve oven at 325°F for about 1 hour.

Serve plain or with whipped cream and strawberries.

Recipe from Barbara Couillard of Westland

"CAN I HAVE THAT RECIPE" CHOCOLATE CAKE

2 cups all-purpose flour
2 cups sugar
1 cup margarine or butter
1 cup water
4 tablespoons cocoa
1/2 cup buttermilk or (1 tablespoon vinegar mixed in milk)
1 tablespoon baking soda (dissolved in buttermilk)
2 eggs
1 teaspoon vanilla extract

In a large bowl sift 2 cups of flour and 2 cups of sugar. In a sauce pan, mix 1 cup of margarine or butter, 1 cup of water and 4 tablespoons cocoa. Bring to a rapid boil and pour over flour and sugar mixture. Stir.

Mix in the 1/2 cup of buttermilk (you can substitute 1 tablespoon vinegar mixed in milk for the buttermilk) with the 1 tablespoon baking soda dissolved in it. Add 2 eggs and 1 teaspoon vanilla. Mix all ingredients well and pour into a 13 by 9-inch metal pan. Bake at 400°F for 35-40 minutes.

THE ICING ON THE CAKE

1 stick butter or margarine
4 tablespoons cocoa
6 tablespoons sweet (condensed) milk
1 box confectioners' sugar
1 tablespoon vanilla extract
1 cup chopped nuts

Mix all of the ingredients in a saucepan and bring to a boil. Remove from heat and slowly add one box of confectioners' sugar, 1 tablespoon of vanilla extract and 1 cup of chopped nuts. Beat well.

Strawberries from page 1B

require the gentlest of handing. To wash, place berries in a colander or large strainer then rinse with a gentle spray of cool water. Never remove caps before washing strawberries. Caps prevent water from soaking into the strawberries, diluting the flavor and changing the texture.

After washing, remove caps, trying not to remove any of the berry. Give the cap a gentle twist or use the point of a sharp paring knife. Pat strawberries dry with paper towels before serving. One cup of strawberries supplies an entire day's need for Vitamin C.

Freezing

To prepare strawberries for freezing, remove the caps, crush partially or slice berries. Whole strawberries will require more freezer space. There are three ways to pack strawberries for freezing: unsweetened, sugar pack and syrup pack.

■ Unsweetened whole berries may be placed on a cookie sheet and put in the freezer until they are semi-frozen (about one hour). Then remove from the cookie sheet and pack in containers or freezer bags. Seal and label for freezing.

■ For the sugar pack: Add 3/4 cup sugar to 1 quart of strawberries and mix thoroughly. Pack into airtight freezer containers leaving 1/2-inch head space. Seal. Label and freeze.

■ For a syrup pack: Cover berries with cold 50 percent syrup (4 3/4 cup sugar to 4 cups water), leaving 1/2-inch head space. Pack into airtight freezer containers. Seal. Label and freeze.

Tips for the berry best summer desserts

Here are some tips from the Kretschmer wheat germ test kitchens.

When making the biscuits for shortcake or a fruit cobbler, don't over mix or the biscuits will be tough instead of light and tender. After adding liquid, stir just until a soft dough begins to form. For cobblers, drop dough by spoonfuls on top of fruit filling and bake.

Recipes from pros can help you learn 'How to Bake'

See related Taste Buds story on Taste front.

I've included a favorite "beginners" recipe from each of the pros with hopes that you will find the time to bake something from scratch and s hare it with family and friends.

CHOCOLATE GENOISE

1/3 cup cake flour
1/3 cup cornstarch
1/4 cup unsweetened cocoa powder
Pinch baking soda
3 large eggs plus 3 large egg yolks
3/4 cup sugar
Pinch salt

Set the rack in the middle of the oven and preheat the oven to 350 degrees F. Combine the cake flour with the cornstarch, cocoa powder and baking soda. Sift once and set aside. Whisk the eggs and the yolks in a bowl and whisk in the sugar in a stream. Mix in the salt.

Place the bowl over a pan of simmering water and gently whisk until the egg mixture is lukewarm. Whip by machine on high speed until the egg mixture is cold and increased in volume. Remove the bowl from the mixer and sift the cake flour mixture over the egg mixture.

In 3 or 4 additions, fold in the dry ingredients using a rubber spatula. Pour the batter in a 9-inch round cake pan that was lightly buttered and lined with parchment paper. Smooth the top evenly with a spatula. Bake the layer for 25 minutes or until firm to the touch. Loosen the layer from the sides of the pan and invert to a rack; immediately re-invert so that the cake layer cools on the paper. Makes one 9-inch layer.

Recipe from: "How To Bake by Nick Malgieri," (Copyright, 1995, Harper Collins Books, $35).

ALL OCCASION DOWNY YELLOW BUTTER CAKE

6 large egg yolks
1 cup milk
2 1/4 teaspoons vanilla
3 cups sifted cake flour
1 1/2 cup sugar
1 tablespoon plus 1 teaspoon baking powder
3/4 teaspoon salt
12 tablespoons unsalted butter (softened)

Preheat oven to 350 degrees F.

In a medium bowl lightly combine the egg yolks, 1/4 cup of milk, and the vanilla. Set aside. In a large mixing bowl, combine the dry ingredients and mix on the low speed of a mixer for 30 seconds to blend.

Add the butter and remaining 3/4 cup milk. Mix on low speed and beat for 1 and 1/2 minutes to aerate and develop the cakes structure. Scrape down the sides. Gradually add the egg mixture in 3 batches, beating for 20 seconds after each addition to strengthen the structure. Scrape down the sides.

Scrape the batter into 2 prepared 9 inch cake pans (lightly greased, lined with parchment paper and then lightly greased and floured again). Smooth the surface with a spatula. The pans will be about 1/2 full. Bake for 25 to 35 minutes or until a toothpick inserted near the center comes out clean and the cake springs back when lightly pressed in the center. The cakes should start to shrink from the sides of the pan only after removal from the oven. Let the cakes cool in the pans on racks for 10 minutes. Loosen the sides with a spatula and invert onto a lightly greased wire rack.

To prevent splitting, reinvert so that the tops are up and cool completely before wrapping airtight. Serves 12. Makes 2 9-inch layers.

COCOA BUNDT CAKE

Butter flavored non-stick cooking spray
1 1/3 cups unsifted cake flour
2 tablespoons cornstarch
2 teaspoons baking powder
1/2 teaspoon baking soda
1/4 teaspoon salt
1/8 teaspoon cinnamon
1/2 cup plus 2 tablespoons unsweetened cocoa, divided
1/2 cup dark or light corn syrup
1/2 cup plus 2 tablespoons warm water
2 teaspoons vanilla extract
4 large egg whites
Pinch cream of tartar

Position a rack in the center of the oven and preheat oven to 350 degrees F. Coat a 9-inch bundt cake pan with cooking spray. Dust the pan with sifted cocoa and tap out the excess. Set aside.

Sift the flour, cornstarch, baking powder, baking soda, salt, cinnamon and cocoa into a large bowl. Make a well in the center and add 1 cup sugar, the corn syrup, water and vanilla but do NOT blend together. Set aside. In another large bowl, with an electric mixer, whip the egg whites with cream of tartar until foamy. Add the remaining 2 tablespoons of sugar and whip the whites until stiff but not dry.

Remove the bowl of whites from the stand, shake off the beaters and return them without washing, to the mixer. With the mixer on low speed, beat the cocoa and corn syrup mixture until well blended. Stir about 1 cup of the beat whites into the cocoa batter to lighten. Gently fold in remaining whites. Turn the batter into the prepared pan.

Bake for about 45 minutes or until the top is springy to the touch and a cake tester inserted in the center comes out clean. Cool the cake in the pan on a rack for 5 minutes. Top with another rack and invert. Cool.

Cake can be dusted with confectioner's sugar before serving.

Yields one 9 inch bundt cake, about 14 servings. Each serving is only 150 calories with 1 gram of fat (less than 5 percent of its total calories from fat). This cake is also cholesterol and LACTOSE free.

Recipe from: "Have Your Cake and Eat It Too" by Susan Purdy, (copyright, 1993, Morrow Books $25).

Start jammin' to savor farm-fresh Michigan strawberries

See related story on Taste front.

Creating freezer jam is quick and easy because boiling water processing is not required. After the jam sets for approximately 24 hours, it is stored in the freezer until it's thawed and enjoyed.

FREEZER STRAWBERRY JAM

2 cups crushed, stemmed, firm-ripe strawberries (approximately 1 quart, whole)
3 cups sugar
3/4 cup water
1 3/4-ounce packet fruit pectin

In a large bowl, combine crushed strawberries and sugar. Mix well. Let stand for 10 minutes. In a small saucepan, combine water and pectin. Mix well. Heat to a full rolling boil, stirring constantly. Boil for 1 minute. Pour hot pectin mixture into strawberry mixture and stir vigorously for 3 minutes. (There will be a few remaining sugar crystals).

Immediately fill hot, sterilized half-pint jars, leaving 1/2-inch headspace. Wipe jar tops and threads clean. Place lids on jars and apply screw bands. Let stand at room temperature for 24 hours or until set. Store jam in refrigerator up to 3 weeks or in freezer up to 3 months. Yield 6 half pints.

Recipe from: Kerr Brand, Consumer Products.

TWICE BERRIED JAM

1 quart strawberries, washed and stemmed
1 1/2 pints raspberries
2 tablespoons lemon juice
1 tablespoon grated lemon peel
1 package no sugar needed pectin

Prepare home canning jars and lids according to manufacturer's instructions.

Crush strawberries and measure 2 cups; set aside. Measure 1 cup whole raspberries; set aside. Crush remaining raspberries and measure 1 cup. Combine berries, lemon juice and lemon peel in a large saucepan. Gradually add pectin to fruit mixture, stirring constantly to dissolve pectin. Let stand 5 to 10 minutes.

Bring mixture to a full boil over high heat, stirring constantly to prevent scorching. boil hard 1 minute, stirring constantly.

Remove from heat. Skim foam, if necessary. Carefully ladle hot jam into hot jars, leaving 1/4-inch headspace. Wipe jar rim clean. Place lid on jar with sealing compound next to glass. Screw band down evenly and firmly. Do not use excessive force.

Process 10 minutes in a boiling-water canner. Yield about 4 half-pints.

Note: Follow pectin package directions for adding sugar or non-sugar sweeteners to this or other soft spreads.

Where u-can-pick strawberries

There's no finer way to spend a summer morning than picking your own fruits and vegetables.

Always call ahead to check availability of produce and hours of operation. Wear "grubbies" and sturdy shoes. The fields have been wet and muddy because of all the rain we've been getting. Don't forget to bring sturdy shoes or boots.

Here are some places to pick strawberries locally.

If we left out the name of your farm, please send information to: Keely Wygonik, Taste Editor, Observer & Eccentric Newspapers, Inc., 36251 Schoolcraft, Livonia, MI 48150. To fax: call (313) 591-7279.

Michigan Amateur results

Livonian Brian Mills was the last area survivor, reaching second-round match play in the 85th Michigan Amateur Championship held last week at Michaywe Hills Golf Club in Gaylord.

On Thursday, Mills was defeated on the 19th hole by John Tighe, Jr. of Okemos in the afternoon round after beating John Lindholm of Flint in the first-round of medal play, 4 and 3.

Meanwhile, two Westland residents went down in the opening round.

Kent Coon of Stanton downed Claud Johnston, 1 up, while Franklin's Peter Green edged Matt Wiley, 2 and 1.

Wiley was the 21st qualifier out of 64 as he shot 79 and 69. Johnson was 24th with a 75 and 74.

Mills, who shot 80 and 75, was one of 13 players tied at 155, but was among five players who qualified for match play. Redford's Ron Borean, who did not reach the medal round, shot 81 and 74 for a 155.

Other area first- and second-round scorers included Plymouth's Gabriel Garcia (78-81/155); Westland's Fred Backiel (81-83/164); Livonia's Michael Moco (87-78/165).

Spring hockey champs

The Squirt Panthers of Livonia recently finished first with a 13-1-1 record in the A Division of the Farmington Hills Spring Hockey League.

Members of the Panthers, coached by Gary King, include Chris Attard, Matt Dunatchik, Matt Hartzel, Andrew Hinkle, Shawn Janik, Andrew Kisic, Derrick, Lasecki, Chris Miller, Justin Stadler, Scott Stevens, Mike Tokarsky, Tim Wilson, Nick Wood and Mike King (goalie).

Assistant coaches include Jim Hinkle and Dave Wood.

All-Area squad deep in talent

Veteran Redford Thurston coach Emil Majeski was honored as Observerland Coach of the Year after his Eagles finished 18-10 and reached the state Class B quarterfinals.

BY STEVE KOWALSKI
STAFF WRITER

Redford Thurston baseball coach Emil Majeski knew he'd achieve his 400th career victory this season, but nothing was certain beyond that.

Majeski, who began his 31st season at Thurston with 398 career wins, ended up celebrating Class B district and regional championships before bowing out of the state tournament with a 5-0 quarterfinal loss to Harper Woods Notre Dame.

The Eagles, who started only three seniors (twins Art and John Hoffmeyer and Chad Putnam), reeled off 11 straight wins before their season-ending loss and finished with an 18-10 overall record.

For this, Majeski is Observerland's Coach of the Year as selected by the Observer sports staff.

"The kids practiced right and started jelling and playing well at the end," Majeski said. "It was great because we had only three starters back. They really came through. It was a real team effort."

Majeski, whose Thurston team won the 1984 Class B state championship, has a 416-272 career record. His teams have won four districts and two regionals to go with 11 league or division titles.

Majeski is a native of Port Austin, near the Thumb, and a gradute of North Huron High School. A three-sport letterman there, he was a defensive back on the football team at Eastern Michigan University between 1959-61.

After spending a year as a student teacher in the Willow Run school district, Majeski accepted a teaching and coaching position at Thurston.

He has coached several all-staters and players who have gone on to play collegiately. Among them were Jeff Lance (still playing, most recently at Henry Ford Community College), Art George (Evansville), Bob Russeau, Tim DeMarco (members of the state champion team), Dennis Kuschel (an all-stater in the 1970s), John Roy (Western Michigan) and Bob Holmes (Eastern Michigan).

Coaching the Eagles this season was like taking a sip out of the Fountain of Youth for Majeski, a social studies and business teacher who hasn't set a retirement date.

"After a season like this, you feel like you can go forever," said Majeski, a 23-year resident of Livonia with his wife, Nancy, and children, Emily and Matt. "The kids worked so well together. As long as I feel good and feel I can contribute, it's gratifying to see kids succeed."

Thurston was the only regional winner in Observerland. Westland John Glenn, Livonia Stevenson, North Farmington and Redford Catholic Central won Class A districts, and Redford St. Agatha won a Class D district.

Following are profiles of each player on the All-Observer first team as chosen by the sports staff:

Summer cooler: Metro icers ready

BY C.J. RISAK

HOCKEY

Now this is the way hockey is supposed to be.

Traditional.

Eight teams. No expansion. Everyone in the playoffs. May the best squad win.

That's been the format for the Metro Summer Hockey League since its inception more than a decade ago. There haven't been any major upheavels, no switching venues, no changing for change's sake.

All the games are played at the Plymouth Ice Arena, with one exception: A league semifinal, which by necessity must be at Canfield Arena in Dearborn.

The biggest thing that happened in this league was a switch in directors, when the MSHL's founder, A.J. Baker, took a job as an assistant coach at Alabama-Huntsville and left town. He turned the league over to Keith Pietila to operate.

Pietila began his third year as director when the league opened Sunday with three games. Regular-season play will continue through the remainder of June and nearly all of July.

The first round of the playoffs will be July 29-31. The conference finals will be Aug. 1, with the title game scheduled for Aug. 4.

The names of the conferences - Eagle and Bakes - are the same. The names of the eight teams - Wolverines, Broncos, Spartans and Bulldogs in the Eagle Conference, and the Huskies, Wildcats, Falcons and Lakers in the Bakes Conference - also remain intact.

"We may be a little more competitive," Pietila answered to describe what changes have been made in the MSHL. "I think we have more college-level players this year.

"It seems to be (gaining in popularity). Players are looking for ice time, I guess. And this is competitive hockey."

There will be some slight differences. For starters, the top three scorers from last year - Kris Cantu, Dave Weaver and Jason Weber - aren't returning.

But don't worry. The scoring still figures to soar, as it usually does in the MSHL.

Then there's the summer league version of the Russian Five. Eugene Afanasiev, Konstantin Kalmikov, Poleg Ponasnko, Anotoli Buliga and Fedor Federov will all play with the Wildcats, courtesy of team coach Bob Nagy, whom they play for during the winter months.

And, yes, they are indeed Russian.

There are some familiar names in the league, too. Like Brad Dicks, Kevin Bernard, Edward Kruschka, Thomas Taylor and Dominic Catanzarite, who played at Livonia Franklin; Mike Schmidt, Jordan McCormack, Brian Calka and Kyle McNeilance, from Livonia Stevenson; and Rickey Marnon, Jason and Jesse Hubenschmidt, from Redford Catholic Central.

Some other familiar names? How about Pietila? The league director will have three other relatives playing with him on the Lakers: Paul, Ron and Jim. Also, Dave and Aaron Daavettila, two other members of the Lakers, are cousins.

There should be plenty of talent, once again. Each team will be limited to 17 players (15 forwards and defensemen, two goalies).

"There's enough talent that every team has enough talent," Pietila said.

And once again, the league will offer a coup de grace: The champion will travel to Houghton to play that summer league's champion Aug. 10-11.

One other thing: Pietila said the league's top five scorers and top three goalies will receive jackets commemorating their accomplishments.

So there are a few new wrinkles. But not enou h to change what makes the MS HL so attractive to hockey players - the chance to play against some very good competition.

Newman to lead Stevenson cagers

BY BRAD EMONS
STAFF WRITER

BASKETBALL

The worst kept secret was made official Thursday as longtime assistant Tim Newman was elevated to the varsity boys head basketball coach at Livonia Stevenson High School.

Newman, 38, becomes the third boys cage coach in school history. He succeeds Jim McIntyre, who retired this spring after going 117-122 in 11 seasons.

He is the second new Livonia varsity high school boys basketball to be named this season. Dan Robinson replaced Larry Jackson at Franklin, while Churchill is looking to replace Tom Lang.

Newman's hiring came as no surprise.

"Tim has really been involved with Stevenson High School over the years and he's had a good mentor in 'Mac,' " Stevenson athletic director Roger Frayer said. "We're tickled pink to have him. He knows our conference (Western Lakes) and he knows what it takes to win in our league."

McIntyre and Newman have been nearly inseparable since the late 1970s when the two met in a grade-school Catholic Youth Organization game.

McIntyre's son, John, who later went on to play at the University of Missouri and is now a professional in Israel, was was a member of the St. Bernadine's team, while Newman was coaching at St. Damian's.

Newman replaced McIntyre as eighth-grade boys coach at Ford Junior High and later became his assistant at Livonia Franklin before moving to Stevenson with McIntyre in 1985. Newman has been Stevenson boys JV coach for the past nine years. He also served as varsity girls coach at Franklin (four years) and Churchill (one season).

"I've basically been with him 20 years and we've had a lot of fun," Newman said of his relationship with McIntyre. "He's been been giving me sound advice for 20 years and we've had real good communication. We always said our piece with each other and then went on and tried to do what's best for the kids.

"I'm really looking forward to this. When you're only the third guy in the school to have this job after people like George Van Wagoner and Jim McIntyre, those are really big shoes to fill.

"And I really respect Roger Frayer and our principal Dale Coller. They make my job a whole lot easier."

Newman, a 1975 graduate of Franklin, was a guard on the last Livonia Public Schools' team to reach the Class A state quarterfinals (1974).

A recent graduate of Eastern Michigan University, Newman majored in special education with a minor in physical education. He was hired as a Stevenson faculty member in February where he teaches special education. His wife Nancy, an assistant girls track coach at Franklin, is also employed in the district as special education instructor at the Ford Skills Center.

"We'll have a good team next year," Newman said of his Stevenson club. "We're not going to be as big because we lose some size, but they'll work extremely hard.

"I'll go with the same philosophy that I've had with 'Mac' since we were at Franklin. I'll change some things only from the standpoint that I've got to have my imprint on things. But the other things will stay the same. We want our kids to be good citizens, be academically proficient and be good players."

Newman said his coaching staff will include Amy Rozman, who will take over the freshman team. Frayer and Newman are also in the process of naming a new JV coach.

"I hope our staff will be as cohesive as it has been in the past and I hope I can help the younger coaches develop and move on to the next level," Newman said. "I don't want them to be around with me for 20 years because hopefully they'll get jobs and become head coaches elsewhere."

fastball, as evidenced by his 125 strikeouts and only 21 walks in 79 innings.

Hoffmeyer pitched as a starter or reliever in all of Thurston's important games, finishing with an 11-3 record with four saves. He had a 1.33 earned run average.

Thurston's most valuable player was a center fielder when not pitching.

"Art led by example and that was nice," Majeski said. "He has excellent control. He could get his curve over any time he wanted. You couldn't sit on his fastball. He had a sneaky fastball."

Art Hoffmeyer
Redford Thurston

Nick Latra, pitcher, Farmington: The senior right-hander earned a baseball scholarship to Central Michigan after a fine four-year varsity career with the Falcons.

Latra was 7-2 this year with a 1.40 earned run average. He had 65 strikeouts and only 16 walks in 50 innings. He holds school records for career victories (18), strikeouts and innings pitched.

Michigan State, Illinois, Ohio State and Saginaw Valley State also tried to recruit Latra.

"Nick helped us right away as a freshman," Farmington coach Kevin Kansman said. "He improved his pitching, his strength and speed, every year. Nick was always a gamer. He always took the mound to win."

James O'Connor, pitcher, Catholic Central: O'Connor became the CC ace after seeing limited action as a junior.

He had a 9-2 record and one save with a 2.45 ERA, striking out 70 and walking 35 in 68 2/3 innings. O'Connor also contributed at the plate with a .353 average and 16 RBI.

The left-hander was the pitcher of record in a 4-2 victory over Birmingham Brother Rice, which was then undefeated and the state's No. 1-ranked team.

As a junior, O'Connor had a 3-1 record in 25 innings pitched. He will attend either Adrian College or Madonna University.

"He really came on as our No. 1 after not having much experience last year," Salter said. "He'd get ahead of hitters and make them hit his pitch. He was pretty good at hitting spots, not just throwing down the middle."

Ryan Rumberger, catcher, Salem: Rumberger's ability was defined by his persistence. He led Salem in eight offensive categories, which may have made his defensive abilities seem pale by comparison.

That's not right. Rumberger, a junior, threw out 69 percent of the baserunners trying to steal on him and had a .982 fielding average.

He hit .488, slugging 12 doubles and five home runs, and driving in 30 runs.

"I'd say he did a pretty good job this year," said his father and coach, Dale Rumberger. "I was really surprised people tried to pitch to (Ryan) as much as they did. I think Ryan will be one of the best ever to come from Salem."

Aaron Lawson, catcher, Harrison: The junior backstop has been the starting catcher for three years and could be a potential pro prospect next year.

Lawson led the Hawks in hitting with a .487 average, tied a single-season school record with 12 doubles and was the team most valuable player.

His 38 hits included one triple and one home run. Lawson struck out just twice in 78 chances, scored 23 runs and knocked in 16.

Harrison coach John Herrington cited Lawson for his leadership, knowledge and dedication to the game.

"He probably works harder than any player," Herrington said. "He should be one of the best catchers in the state next year."

Mike Daguanno, infielder, Catholic Central: The only repeat selection on the first team, Daguanno led the Shamrocks in average (.443), RBI (36), home runs (three) and walks (24). He tied teammate Garet Burch for the lead in doubles with seven.

The senior cleanup hitter and first baseman struck out only 11 times in 79 official at-bats and was selected to play in the Baseball Coaches Association All-Star Game at Tiger Stadium today. He has signed with the University of Detroit-Mercy.

"A lot of teams pitched Mike tougher this year, but he showed discipline and didn't chase bad pitches," CC coach John Salter said. "He had a good combination of a high average and hitting with power."

Chris Karney, infielder, Catholic Central: Karney committed only three errors as the starting second baseman, and his numbers at the plate were just as impressive.

The senior leadoff batter led the team in at bats (106), hits (45), triples (five) and fewest strikeouts among starters (nine). He batted .425, drove in 22 runs and scored 25. He also showed some power with two homers.

It was a remarkable turnaround from a year ago when he hit only .219.

"He made a huge improvement," Salter said. "As a junior, he'd swing at bad pitches, take strikes. This year he was the opposite. He was a good leader and hustled all the time whether we were winning or losing."

Karney also pitched, posting a 1-3 record with a 3.61 ERA. He struck out 40 batters and walked 15 in 31 innings. He has signed with U-D.

"He runs well, can play second, shortstop or third and he might play in the outfield with the talent he has," U-D coach Bob Miller said. "I've had a number of kids who can run well that I made outfielders and they signed pro contracts."

Robert Septer, infielder, Redford Union: The three-year varsity starter had a dream senior season, breaking school records in seven categories: average (.505), hits (47), number of times on base (77), walks (30), stolen bases (27), doubles (11) and triples (seven).

The 5-foot-8, 170-pound offensive catalyst also led the Panthers with 39 runs scored and contributed 23 RBI. He was steady in the field and struck out only 16 times in 93 official plate appearances.

"Robert meant a whole lot because he was our inspirational leader along with his good play this year," RU coach Rick Berryman said. "He's not only a good hitter, but he bunts, steals and hits for power."

Septer was an All-Mega White Division selection.

Eric Pierce, infielder, N. Farmington: The senior first baseman had an outstanding finale to a four-year varsity career. He finished the season with a .560 batting average and 36 hits, which included five doubles and one triple.

Pierce, who will be a walk-on player at Michigan State next season, had an on-base percentage of .647 (48-of-74) and 17 RBI. He also scored 14 runs and made the All-Western Lakes team.

North Farmington coach Irv Horwitz said Pierce is the best player at his position in the 12 years Horwitz has coached the Raiders.

"Eric is probably the best player we've had in the last four years," Horwitz said. "With his great dedication and leadership, he was a real asset. The kids really looked up to him. He's an amazing fielder and had an oustadning year with the bat."

C.J. Ghannam, infielder, Harrison: The junior shortstop was a threat on the bases, setting school records with 51 stolen bases in 52 attempts and 37 runs scored.

Ghannam, another three-year starter and All-Western Lakes selection, batted .416 with 35 total hits, four doubles, a triple, two homers and 12 RBI. From the leadoff position, he also walked 14 times.

"His greatest attribute is his on-base percentage and his ability to steal second and third just about any time," Herrington said. "He has quick feet and is an excellent baserunner, and he can hit the ball."

Eric Bowman, outfielder, Franklin: One Western Lakes coach described Bowman "as the toughest out in our league."

Nobody could argue as the senior, who played outfield and infield, batted .482 (41-for-85) with 11 doubles, six triples and two homers. He knocked in 19 runs and scored 24. He was All-WLAA, too.

"Eric is a pure hitter with great hands and eyes," Franklin coach Jim Karoub said. "Once he learns a few more things, he's going to be a good college hitter. He's a tough-nut kid, who will knock the ball down, and has a strong arm."

Bowman, who carries a 4.0-plus grade-point average, will attend Wayne State University on a Presidential Scholarship and play baseball.

He was also a first-team All-Observer pick in soccer who led the Patriots to a 15-7 record and their first Class A district title.

Mark Dietrich, outfielder, Stevenson: The junior helped the Spartans to their first Class A district crown since 1985. He finished the year batting .476 (40-for-84) with three doubles, one triple, 20 RBI and 31 runs scored. He was also 14-for-14 on stolen base attempts.

As a right fielder, Dietrich had 33 putouts and seven assists. He made four errors for a .909 fielding percentage.

"Mark was our team MVP, our best player this year," Stevenson coach Mike Keller said. "He sprays the ball to all fields. He also has good speed and uses his speed well where he beat out some hits.

"Defensively, he has good range. He's a lead-by-example type of player."

Robert Roth, outfielder, N. Farmington: As the leadoff batter, Roth had a big impact for the Raiders. The senior right fielder was on base more than 50 percent of the time (.547), was always a threat to steal a base and scored 21 runs.

His 27 hits includes three doubles and two triples. He also walked eight times and collected 10 RBI.

Roth was a three-year starter for the Raiders, made the All-Western Lakes team as a junior and was an All-Lakes Division choice this year.

"Robert was an excellent outfielder with the best speed we've had in awhile," Horwitz said. "He's a great hitter; he always makes contact and drives the ball somewhere.

"He's one of the best leadoff batters I've had, because he's always on base. He's a hard worker who never missed a practice."

Caesars salad

Cagnon leads 15-hit assault in 12-3 win

Little Caesars went crazy Wednesday, not with its bread, but with a 15-hit attack in a 12-3 Livonia Collegiate Baseball League victory Wednesday over Michigan Honig's at Ford Field.

Catcher Aaron Cagnon went 3-for-3 and knocked in three runs as Caesars improved to 5-8 in the LCBL.

Aaron Racey (Hillsdale College) added two hits, including a triple and three RBI. Aaron Babicz (Hillsdale) contributed two hits, two RBI and scored three runs.

Other hitting heroes for Caesars include Kevin Uzarski, two hits and an RBI; Adrian Williams, two hits including a triple; Scott Carden, RBI double; and Phill Hannon, RBI single.

Winning pitcher Alex Orsette, who worked all seven innings, scattered seven hits.

Jon Marshall, who lasted 2 2/3 for winless Honig's (0-11), suffered the loss.

Honig's scored twice in the second on a double by Ryan Meredith and a homer by Robert Steinbrecher. In the third, John Miele doubled in Chris Kirian.

***HINES PARK 7, DECISION 0:** Steve Hornsberger turned in his second strong outing Wednesday as first-place Hines Park Lincoln/Mercury (12-0-1) blanked second-place Decision Consultants, Inc. (6-4-1).

Hornsberger, a Brighton native and lefty from Central Michigan University, tossed a four-hitter over seven innings to notch his second straight win.

In his first LCBL start, Hornsberger carried a no-hitter into the seventh before Caesars broke up the bid with a one-out single. Against Decision, Hornsberger walked five and struck out five.

First baseman Stacy McCollum, a left-handed hitter from St. Andrew's University (N.C.), broke open a close game with a grand slam over the right field fence in the third inning off Steve Williams, the DCI starter.

Darrell Rocho had two of Decision's four hits.

***RAMS 2, WINDSOR STARS 0:** The Michigan Rams crossed the Detroit River on Wednesday night and defeated the Windsor Stars, a Class A team, in an Adray Metro Baseball Association game.

Mike Hribinik (Birmingham Seaholm/University of Michigan) pitched a one-hit shutout with four strikeouts, three walks and one hit batter.

The Rams scored on RBI singles by Mark Lantzy (Lake Orion/Saginaw Valley) and Deandre Cooper (Allen Park Cabrini/South Colorado). Greg Rogers (Redford Catholic Central/Oakland University), who singled and stole a base, and Jason Horn (South Lyon), who doubled, scored the runs.

Schuyler Doaks (Detroit DePorres/Jackson State) went 2-4 to lead the Rams.

The win improved the Rams to 4-3 in the AMBA.

SANDLOT ROUNDUP

Livonia Mantle topples Waterford with late comeback

Ryan Van Belle (Livonia Stevenson) knocked in the tying run with a bases loaded single and David Stando (Stevenson) forced the go-ahead run home with a walk in the seventh inning as the Livonia Baseball Club earned a 7-5 victory last week over Waterford in the Little Caesars Baseball Federation game.

The win improved LBC, a Mickey Mantle-age team (15-16 year-olds) to 4-2 in the Little Caesars Amateur Baseball Federation (Closed Division).

John Marlin (Stevenson) picked up the win in relief of Stando, who worked the first four innings. LBC trailed 5-2 after five innings before rallying for two in the sixth and three in the seventh (capped by Marlin's steal of home.

Indians romp

The Michigan Indians, a Koufax-age (13-year-olds) team improved their league record to 8-0 with a 2-1 win Wednesday over South Farmington in a Caesars Closed Division game at the Canton Softball Complex.

The Indians were now 24-3 overall and have outscored their opponents, 249-75.

Earlier in the week, the Indians traveled to Ohio and came away with a pair of double-header sweeps against the host 13-year-old Columbus and Dublin 13-year-old squads by a cumulative score of 44-14.

Members of the Indians include Greg Lenhoff, Phil Marrone, Jay Sofen and Oliver Wolcott, all of Plymouth; Jon Johnson, Bryan Kay and Jon Loos, Canton; Jason Allen, Danny Childs, Justin Ockerman, Garden City; Jon Judd, Wayne; Brandon Brock, Lathrup Village; Jason Rohraff, Northville; Andy Smith, Southfield; Blair Weiss, Farmington Hills.

The team is coached by Greg Lenhoff, Nick Marrone and Matt Smith.

Concealed starts 3-0

Redford Concealed Security's 9-10 year old Willie Mays Division baseball team remained in the winner's bracket of the Mayor's Cup Tournament in Battle Creek by winning its first three games.

Concealed won two games on Thursday, 11-0 over Q Design of Illinois and 15-2 over Novi.

Shawn Murray (Redford) was the winning pitcher against Q Design, throwing a one-hitter with two strikeouts and four walks in four innings.

Dan Kapla (Royal Oak) pitched one inning in relief, striking out all three batters he faced. Chris Rigley (Redford) went 2-for-3, including a home run, with three RBI. Greg Hocking (Farmington Hills) and Mike Monterey (Farmington Hills) each went 1-3 with two RBI.

Anthony Volpe (Farmington Hills) scattered six hits, struck out four and walked one to earn the win against Novi. Monterey went 3-3 with a homer and triple. Kyle Miller (Redford) went 2-4 with an RBI and Kapla was 2-3 with an RBI. Volpe knocked in three runs and Murray drove in two while collecting one hit each.

In Friday's 15-6 win over the Wayne Bandits, Livonia's Phil Mabey threw a four-hitter with one strikeout for the decision on the pitcher's mound.

Miller had two doubles in three official at-bats and three RBI. Monterey was 2-4 with two RBI and Brian Dutton was 2-3 with one RBI. Andrew Soley and Volpe each contributed a triple for Concealed, which improved to 13-5 heading into a late afternoon game Friday.

Hornets stay undefeated

The Livonia Hornets improved their record to 4-0 in the Little Caesars Amateur Baseball Federation Connie Mack League with an 8-4 win on Wednesday over the Livonia Spitfires and an 8-3 victory on Thursday over Canton.

Justin Kerr leads the Hornets with a .714 average (10-for-14). The Hornets have a .393 team average.

The Hornets are playing Thursday night during the Livonia Spree at Ford Field Diamond No. 1.

Finesse takes 2nd in slo-pitch girls tournament in Tennessee

The Bryant Express Blazers of Little Rock (Ark.) proved to be a thorn in the side of Finesse in the 14-team U.S. Slo-pitch Softball Association National Invitational girls 16-and-under tournament held in June 14-16 in Smyrna, Tenn.

Finesse finished 4-2 overall with both defeats coming against the champion Blazers, 14-1 and 13-6.

Four Finesse errors in the championship game led to six unearned runs for the Blazers.

Finesse, managed by Bill Martin, scored wins over host Debra's of Smyrna (16-1); the Lexington (Ky.) Wildcats (18-3); the Louisville (Ky.) Hit-N-Misses (12-5); and the Shepherdsville (Ky.) B.J. Bears (10-4).

Four Finesse players were named to the All-Tournament team including Stefanie Volpe (Plymouth Salem), who hit .625 (10 for 16) with five homers and 12 RBI; Christie Koester (Redford Thurston), who batted .462 (six for 13); Kristie Pawlowski (Walled Lake Central), who hit .538 (seven for 13); and Sarah Talbot (Garden City), who was named Most Valuable Defensive Player.

Pitchers Melissa Bako (Garden City) and Kristen Zabalavicius (East Detroit) each finished with 2-1 records.

GARAGE Sale

Now is the time to clear out those closets, attics, basements and garages and make some quick cash in the process.

How do you plan a garage sale?

It's easy! Just follow these simple guidelines:

1. Gather together the items you have for sale. Sort them into appropriate categories and price them fairly.

2. Place a classified advertisement in The Observer & Eccentric by calling one of the numbers below.

3. Hang signs throughout your neighborhood alerting residents to the upcoming sale.

4. Decide what to do with all the money you'll have after your sale!

Isuzu Rodeo is fun, yet practical

By Anne Fracassa
Avanti NewsFeatures

ROAD TEST By Anne Fracassa

You like sporty? You like fun-to-drive? You like sport utes with power?

Then you like the 1996 Isuzu Rodeo.

The quality of the build on the Rodeo, including the fit and finish, is outstanding. Those folks down in Lafayette, Ind., where the Rodeo is built, should be very proud.

Driven was the 4-wheel-drive model outfitted with the new 3.2-liter single overhead cam V6 engine that delivered 190 horsepower. That was adequate for a vehicle of this size and class.

The 3.2-liter is outfitted with fully sequential multi-point fuel injection. It gives you around 10 percent more horsepower over last year's models. The standard engine is a 2.6-liter 4-cylinder, but most people want the V6. It just makes sense for a vehicle like this.

Also standard is a manual transmission, but the V6 I drove had an auto-matic, which is a better choice anyway. The 4-speed automatic performed nicely during normal city driving, and entrance onto freeways was fine. There was enough power there to get you up to 55 or more to merge safely.

Standard this year on the 4-wheel-drive Rodeo is shift-on-the-fly, which means you can engage the 4-wheel-drive mode by pressing a button on the instrument panel — so long as you're traveling under 62 mph. It's something that all 4-wheel-drive vehi-cles will eventually have. Glad Isuzu got with the program.

With the 4-wheel-drive models, you'll get increased protection with skid plates mounted under the radiator, transmission transfer case and fuel tank.

The ride is very, very nice — lots better than last year's model. Isuzu engineers increased the wheel track and changed the ratings on the shock absorbers and springs to achieve what amounts to a less-harsh ride than before.

The Rodeo also has front independent double-wishbone suspension and torsion bar springs with a stabilizer bar. Both front and rear, there are dou-ble-acting gas-assisted shock absorbers to provide a little more comfort to the driver and passengers.

Four-wheel anti-lock brakes are optional on all models. On the V6, how-ever, you'll get 4-wheel disc brakes with rear-wheel anti-lock brakes as standard equipment. ABS is something everyone should have on their next new vehicle. The extra measure of safety ABS pro-vides is worth the bucks.

Other safety features you'll find in the Rodeo — standard — are dual airbags, progressive body, frame and engine absorption, side impact guard beams and a collapsible steering col-umn.

On the exterior, you'll find smart styling and an aggressive front stance. The Rodeo sits on new 16-inch alu-minum wheels this year that are really neat.

One of the features on the Rodeo I really liked was the swing-away rear tire carrier and how easy it was to get into the rear hatch. The door opens wide and cargo is easily accessed at your level.

The cargo capacity with the rear seat folded down is a whopping 74.9 cubic feet. About what you'll need for a weekend camping trip. With the rear seat up, you'll find about 35 cubic feet of cargo room.

And speaking of camping, the 3.2-liter engine, when outfitted with trailer brakes, allows the Rodeo to tow up to 4,500 pounds. With the 2.6-liter engine, you can only tow around 2,000 pounds.

Looks can be deceiving with the Rodeo. Although it's only 13 inches off the ground, you feel like you're high up — much like a full-sized truck — when you sit behind the wheel. It wasn't much of an effort to get in and out of the Rodeo, as well.

Some of the nicer options available include air conditioning, a sunroof, lim-ited slip differential, a six-speaker stereo system and leather seating.

Consider the Isuzu Rodeo is a prac-tical sport utility that's perfect for any-one who wants a fun-to-drive vehicle.

1996 Isuzu Rodeo
Vehicle class: Sport-utility vehicle.
Power: 2.6-liter 4-cylinder engine. V6 is available an option.
Mileage: 15 city/22 highway is the range, depending on how the vehicle is equipped.
Where assembled: Lafayette, Ind.
Base price: $17,340.

Choosing Gasolines

Does higher octane premium gas mean more detergents to keep your engine healthy? Not necessarily, says the Car Care Council. In most cars premium gas adds up to wasted money and resources.

For people who believe they're doing their cars a disservice by using less-expensive "regular" gas, the Council states that all grades contain engine-cleaning detergents, and most cars sel-dom need more than a good quality of regular, 87-octane fuel.

Exceptions to the rule:

- An older engine that has accumulated carbon in the com-bustion chamber, causing knocking or pinging under load. Higher octane can help, but sooner or later a more radical procedure may be necessary to remove carbon.
- Mechanical problems, some-times due to a vacuum leak, overheating or emissions control system malfunction. Remedy: diagnose and correct the trou-ble.
- The engine needs attention. Remedy: have the engine diag-nosed and serviced as required.
- The vehicle is designed for higher octane fuel. Remedy: use recommended grade of fuel.

Besides the cost factor, high-octane gas requires more crude oil per gallon to produce. It also creates more toxic hydrocar-bons, something the ozone could do without.

So the next time you're debat-ing at the pump and decide to give your car a treat with some expensive, higher octane gas, remember that a better invest-ment of your money may be in routine preventive maintenance services.
