Driver in double fatality pleads no contest

Wolverine Lake man to serve at least five years

Matt Jachman

USA TODAY NETWORK — MICHIGAN

Michael G. Stack, accused of killing an engaged couple from Wayne in a wrong-way crash in Canton Township last December, has pleaded no contest to two charges and will be sent to prison for at least five years.

The 59-year-old is to be formally sentenced Tuesday, Oct. 9, in Wayne Coun-

ty Circuit Court by Judge Margaret van Houten.

Stack was driving south on the northbound side of I-275, near Palmer, the morning of Dec. 12 when he crashed his GMC Envoy head-on into a Buick LeSabre driven by Shannon McIntyre, who was taking fiance Nicholas Paré to a medical appointment.

McIntyre and Paré, both 33, were engaged to be married and lived with their daughter, Emilie, and Paré's teenage sons from an early marriage, Devin and Nick Jr. Paré was a mechanic and McIntyre worked at an area Arby's restaurant

and had recently completed her studies toward an associate's degree in health care management.

Stack, a Wolverine Lake village councilman at the time, was hospitalized with injuries suffered in the crash and resigned his council seat shortly afterward. He was charged in April with two counts of reckless driving causing death and one count of having an open container of alcohol in a vehicle. Authorities, however, said tests after the crash found no drugs or alcohol in his system.

Stack had been scheduled for an Oc-

tober jury trial, but Maria Miller, spokeswoman for County Prosecutor Kym Worthy, said that under a plea agreement, Stack pleaded no contest to the reckless driving charges and accepted a sentence of between five and 15 years. Van Houten accepted his plea Aug. 24; the open-container charge was dismissed.

The victims' parents agreed to the minimum sentence, although all said they would like to see Stack serve more time in prison.

In a lot of ways, Bethany Anne Galdes was a typical kid.

She was smart (scoring in the 90th percentile on standardized tests), she was athletic (she played softball for

Dearborn Divine Child) and she loved to dance and sing.

After transferring to Pontiac Notre Dame Prep for her junior year, she couldn't participate in sports because of transfer rules, but she practiced with the track team anyway. She loved art and was inducted into the National Honor Society.

But she did it all while battling a depression that started with the death of her father when she was age 12. While keeping up with her school work and often excelling in activities, Bethany battled the depression, being hospitalized a couple of times and — finally —

Wayne woman gets prison for daughter's murder

Michalski sentenced to 20-40 years by judge

Matt Jachman
hometownlife.com
USA TODAY NETWORK — MICHIGAN

A 25-year-old woman from Wayne will spend between 20 and 40 years in prison for the murder of her 3-year-old daughter, Skyler.

Cassandra K. Michalski was sentenced Aug. 23 by Judge Wanda Evans in Wayne County Circuit Court, where she had pleaded guilty in July to charges of second-degree murder and second-degree child abuse. Charges of felony murder and first-degree child abuse were dropped.

Skyler Michalski was pronounced dead Nov. 10 of last year at Beaumont Hospital in Wayne, where she had been brought with head, neck and back injuries, according to the county prosecutor's office. The county medical examiner later determined Skyler's death was caused by abusive head trauma.

After an investigation, Michalski was charged in February. Jailed on a \$100,000 bond, she had been scheduled for an August jury trial, but opted for the guilty pleas in July.

Evans sentenced Michalski to between 20 and 40 years for the murder charge and to between five and 10 years for the child abuse charge. The sentences are concurrent.

According to Michigan Department of Corrections records, Michalski's earliest release date is Feb. 22, 2038.

Protecting child's identity is a new priority

Money Matters
Rick Bloom
USA TODAY NETWORK —
MICHIGAN

It's hard to believe that Labor Day has come and gone and kids are back in school. In other words, summer is over. For parents with minor children, whether the kids are back in school or not, their job is never done. Unfortunately, I am going to add another thing that they need to do. A few years ago, you wouldn't have thought that what I'm about to tell you would be an issue, but in our tech-crazy world, this has become important. What I'm talking about is identity theft of minors.

According to the experts, children are now becoming one of the more favorite targets of identity thieves. In fact, what research has shown is that on the dark

web, where the crooks operate and where peoples' personal information is bought and sold, a child's personal information is going for 10-20 times more than an adult's information. The crooks know that they are less likely to be caught when they use a child's stolen identity as opposed to an adult's.

When the lowlifes steal a child's Social Security number, it allows them to create a fake profile for the child and then use that profile to obtain credit cards, take out loans and even apply for public assistance. What makes this scam so attractive to the crooks is that, in the great majority of cases, the crime goes unnoticed for years until the child starts applying for credit cards in their own name or student loans. In fact, identify theft among children is so prevalent, that Experian, one of the largest credit reporting companies, estimated that identify theft will affect one in four

children before they become an adult. Because identity theft is such a problem — and because once a child's personal information is stolen it is very difficult to correct the problem — parents need to be proactive.

A new federal law that goes into effect Sept. 21 will make it easier to protect your child's identity. The law will allow parents for children under age 16 to freeze a child's credit file until the child is old enough to use credit. Basically, a credit freeze will restrict access to your credit file, making it harder for identity thieves to open new accounts in your child's name. My recommendation for parents with minor children is that, when the new law takes effect Sept. 21, they contact the three main credit reporting agencies (Experian, TransUnion and Equifax) and check on your child's credit file. In the great majority of situations, the child should not have a credit

file. If that is the case, parents should then freeze the child's credit. According to the new law, there is no charge to freeze your child's credit. If your child does have a credit file, it may signal that there is a problem, which you cannot ignore.

Identity theft is a major problem in our country and it is not getting any better. This is a reminder how important it is that you always protect your sensitive information, including that of your child's. I know it seems crazy that we have to be worried about a child's identity theft, but it is what it is. If you have a child who is under age 16, make sure that when the new law takes effect, you become pro-active and check your child's credit and freeze their accounts.

right now, because you have visions of getting justice, you know, for your son, for both of them," Greg Paré, Nicholas's father, said Friday.

But the five-year minimum was preferable to sitting through what would have been an emotionally wrenching trial in which Stack may have been found not guilty, Paré and other family members said.

"As much as I want him to get more than that, we've all been through enough and I think that trial probably would've gotten pretty ugly," he said.

"I think the fear of him walking led the family to make this decision," said Sandy Holewinski, Nicholas's mother.

Holewinski said she was disappointed that Stack was given six weeks between his plea and his sentencing to take care of personal business, "because ultimately we all knew this was coming" and also that he was allowed to plead no contest instead of guilty.

"But I'm ready to put closure to this, to move on. We all need to move on,"

Nicholas Paré and Shannon McIntyre

she said.

Family members said they had rejected earlier versions of the agreement that included less minimum prison time. They also said they will oppose any move to parole Stack once he is eligible for release. "Everybody plans on being there," said Tom McIntyre, Shannon's father.

Family members also plan on making victim impact statements during

Stack's sentencing hearing. Nicholas and Shannon's daughter, Emilie, 8, is already working on her statement.

"She wants him to answer why he killed her mommy and daddy," said Sheryl McIntyre, Shannon's mother.

Stack's attorney, Randall Lewis, did not return calls seeking comment.

Four events worth checking out this weekend

David Veselenak
hometownlife.com
USA TODAY NETWORK — MICHIGAN

After last weekend's festivities in Plymouth, it's fair to say it's finally starting to feel like fall around town.

But just in time for the weekend, temperatures should jump to feel more like summer. That's the perfect reason to head out and find something fun to do before we're all stuck raking leaves in a few weeks.

Here are four events happening across the Hometown Life communities taking place this weekend.

Heritage Festival in Northville

Get your hair big and bring out your metal face for this year's Heritage Festival in Northville.

The annual festival kicks off at 6:30 p.m. Friday with the parade throughout downtown along Cady, Main and Dunlap streets. From there, the festival will

consist of community nonprofit booths, live entertainment, a kids zone and horse and carriage rides.

The festival runs 5-11 p.m. Friday, 11 a.m. to 10 p.m. Saturday and 10 a.m. to 4 p.m. Sunday. For more information, including a complete list of events, go to northvilleheritagefest.com.

Common Ground Art Fair in Birmingham

Art lovers can head to downtown Birmingham this weekend for an annual tradition in the Oakland County community.

The Common Ground Art Fair returns, though it moves from Old Woodward to Shain Park this year. About 150 artists will have their wares available for purchase, in mediums such as ceramics, painting, photography, glass, jewelry, sculpture and more. Tens of thousands of people are expected to attend.

The show takes place from 10 a.m. to 6 p.m. Saturday and 10 a.m. to 5 p.m.

Sunday. For more information, go to The Guild of Artists and Artisans website.

Brewed in Michigan in Milford Township

Grab a pint of some great beer this weekend in Milford Township.

The 10th annual Brewed in Michigan event will take place 7-10 p.m. Friday at Baker's of Milford, 2025 S. Milford Road. The event, put on by the Huron Valley Chamber of Commerce, will feature plenty of beers from some of Michigan's best breweries, including Founders Brewing Co., Blackrocks Brewing Co. in Marquette, Short's Brewing in Bellaire and Right Brain Brewery in Traverse City.

A portion of ticket sales supports the Suzanne Haskew Art Center in downtown Milford, the Milford Skatepark and Mi Abilities.

Tickets are \$40 in advance and \$45 the day of the event; ages 21 and older only.

Cruisin' for Critters in Livonia

Do you love pets? Do you love motorcycles? Than Livonia is the place for you this Saturday.

Cruisin' for Critters, a fundraiser to benefit Livonia's own Tailwaggers 1990, will take place at Dick Scott's Freedom Powersports, 36534 Plymouth Road, Saturday morning. Motorcycle riders can register to take part in the 2.5-hour cruise up until 10:45 a.m.

After the cruise, a picnic party will take place and consist of a 50/50 drawing, music and more. Registration for the cruise costs \$25 (\$35 with a passenger). Proceeds will go toward Tailwaggers, which provides animal care.

Depression

losing the battle with depression upon her death in 2014.

In her honor and in an attempt to help others battling depression, her mother, Catherine Galdes, started the Bethany Anne Galdes Foundation, the mission of which is to "educate the public about depression as a life-threatening disease and ways to prevent and improve outcomes."

"It was an evolution of an idea that I needed to celebrate Bethany's birthday," said Galdes, an occupational therapist with the Dearborn Public Schools district. "I decided to have a gathering of friends and family that could help me decide on a way to celebrate her birthday that would create something good to help others and transform the tragedy."

Now, Galdes is hoping to find a home for the foundation. Toward that end, the foundation hosts the annual Bethany Anne Galdes Foundation Founders Day Celebration.

This year's celebration takes place 12:30-3:30 p.m. Sunday, Sept. 16. The location is new: Westland's Nankin Mills, 33275 Edward N. Hines Drive.

Last year's favorite activities — the color obstacle course, massage and rock painting — are back, joined by new activities such as a silent auction, Zumba, yoga, pop-up fitness, an area with mental health tips from professionals and the design-a-room, where participants get to tell the foundation what they would like in the Bethany House.

The event started as a way to gather friends and family that wanted to change the way mental health is treated, to spread the word that depression is a

life-threatening disease and to educate people about the many other treatments that research has shown to relieve depressive symptoms.

Eventually, the foundation aims to have a specialized treatment center focused on distinct diagnosis that can provide more specific treatment. Galdes said when her daughter was hospitalized, she was on a floor with patients who suffered from "every possible mental health issue." Galdes believes that's no way to treat depression.

Galdes hopes the festival will attract people who "would like to join the movement to save lives by changing the way we manage and treat depression."

"There should be a place ... that is welcoming and safe, that specializes in treating depression," Galdes said. "Somewhere that uses the research showing how individual counseling, group therapy, physical movement, nutrition, relationships and other treatments can be combined and used in a prescriptive manner to manage and treat depression. We need to focus our energy and reverse the rising rate of suicide."

There are several ways to help or to contact the foundation, including:

Walker runs for 315 yards as Canton downs Plymouth

Brad Emons
hometownlife.com
USA TODAY NETWORK — MICHIGAN

His last name is Walker, but he's turning out to be quite the runner for the Canton football team.

Steven Walker put up Herschel Walker-like numbers during Friday's 47-26 win over rival Plymouth as the 5-foot-9, 170-pound senior, whose favorite NFL player is LeVeon Bell, busted loose for 315 yards on the ground and four touchdowns as the Chiefs improved to 2-1 overall and 2-0 in the KLAA West Division.

Walker, a third-year varsity starter,

has had no trouble fitting into Canton's wing-T attack, which chewed up a total of 513 yards rushing against the Wildcats (2-1, 1-1).

"I like it a lot, it teaches you how to be tough, follow your blocks, read the keys and everything," said Walker, who had TD runs of 13, 4, 50 and 47 yards.

Walker, however, deflected the praise afterward, giving credit to the guys up front.

"They blocked terrific," Walker said. "They worked so hard in practice, to the point where I can't explain. It's crazy. If it wasn't for the offensive line, this

Glenn senior Spalding down, but not out, and on miraculous mend

Tim Smith

USA TODAY NETWORK — MICHIGAN

It didn't seem like anything but a routine football play. Westland John Glenn senior Dominic Spalding jumped up from his safety position to put a hit on a

Novi running back. "He was on defense, he came up to make a tackle," Rockets head coach Steve Waller said, recalling the Aug. 23 season opener at Novi High School. "Kind of a freak play. Wasn't a severe hit, just had his head positioned a little bit incorrectly and ended up with his face

mask on the runner's hip." But the first-quarter play turned out to be life-changing for Spalding, 16. The seemingly innocent hit wound up shattering the C5 vertebra at the base of the teenager's neck.

Stewart's running lifts Oak Park past Harrison

Marty Budner
hometownlife.com
USA TODAY NETWORK — MICHIGAN

Farmington Harrison and Oak Park have alternated victories every year since 2011. Oak Park continued that trend Friday.

In a key early-season OAA White Division showdown, the host Knights surged to a satisfying 23-15 triumph over the Hawks to remain undefeated after three games. Harrison suffered its first loss and is now 2-1.

"It was a great game. It was a dog-fight. I don't think we survived," said Oak Park head coach Greg Carter, who took over in 2011. "We had to hold on at the end. I'm glad we won."

Veteran Harrison head coach John Herrington watched his team surrender its first points of the season as the first two wins were shutouts over North Farmington and Troy Athens. Herrington acknowledged it's been a good back-and-forth rivalry the past eight years against Oak Park.

Harrison

Continued from Page 1B

"These games are always like this. We've had a great rivalry and I just said I hate to see it end," said Herrington, whose program will cease following this season as Harrison is closing its doors. "We have been trading wins and losses with them. We knew it was going to be close and we were hoping to come out ahead, but they'll probably win the division now."

Following are five takeaways:

STEWART SHINES

Oak Park senior running back Phillip Stewart turned in another brilliant performance. He rushed for 145 yards on 18 carries and scored a pair of touchdowns — one via rushing and the other on a pass reception. It marked the third straight game he's eclipsed the 100-yard mark and he now has 450 yards rushing on the season.

In the third quarter, with Oak Park holding a slim 9-7 lead, he dazzled the fans with a highlight-reel 65-yard touchdown run. At his own 35-yard line, he took a hand-off from Ohio State-bound quarterback Dwan Mathis and headed toward the left sideline. Harrison's defenders closed in and appeared ready to take him down.

Stewart, however, quickly reversed his field, found a slim hole through the Hawks tacklers and pranced untouched into the end zone to the delight and

amazement of the large and vociferous home crowd. It gave Oak Park a comfortable 16-7 lead.

Early in the fourth quarter, he caught a 16-yard, fourth-down pass in the right flat and outraced the Harrison defenders to the corner of the end zone for what turned out to be the game-winning touchdown.

"Sometimes you have to let (Stewart) be himself, because a lot of the runs are supposed to go inside, but he just makes stuff happen. He's just instinctive," Carter said about his uncommitted star. "He's a super back and he's just as tough as heck. He's a phenomenal player and he's done everything we've asked him to do to improve. Now in his senior year, it's an opportunity for him to show what he can do."

OAK PARK HEARD NOISE

Stewart was not the only running back who stood out in the OAA White clash. Harrison's Northwestern-bound Roderick Heard had another stellar game, as he scored both of his squad's touchdowns.

Heard hopped into the end zone from a yard out midway through the first quarter to put his team up 7-0.

Then, after Oak Park scored its third touchdown in the fourth quarter, Heard took the ensuing kickoff straight up the gut in an 85-yard dash to paydirt. The Hawks made the two-point conversion when quarterback Max Martin hit Sylvon Brown on a short pass, even though it was deflected by an Oak Park defender.

THE FINAL COUNTDOWN

Harrison had two more possessions following Heard's dazzling return, but could do no further damage.

The first possession ended with a punt and Oak Park took over at its own 37-yard line with 7:17 left in the fourth. The Knights drove all the way down to the Harrison 1-yard line, but fumbled the ball on a fourth-down play.

Harrison took over with 2:42 remaining.

The Hawks did manage to make it interesting, driving to the Oak Park 48-yard line. However, on a third-down play with 25 seconds remaining, Martin's attempted pass downfield was intercepted by Mathis and that was the game.

"We needed to throw the ball enough on them for us to maintain something and we missed a couple wide open passes," Herrington said. "And when we did that, we never seemed to come back and get it. They're pretty tough on defense and they're a pretty good team."

"We never quit. We had some lulls in there and guys were getting dinged and coming off the field," he added. "That hurt our substitution patterns a little bit. We were trying to figure out what to do. And in our two-minute offense, we moved it a little bit, but not enough."

OAK PARK TAKES CONTROL

With the victory, Oak Park took a major step toward repeating as the OAA White Division champion, even with four division games remaining.

Oak Park, Harrison and Birmingham

Groves all took turns beating each other last year and the teams finished as White tri-champions.

The Knights opened their division schedule this season with consecutive victories over Groves and Harrison. The three figured to contend for the title, but the Knights certainly have the upper hand now.

Unless they stumble somewhere along the way in their next four division games, Oak Park should claim the crown by itself. Groves and Harrison — who meet in Oct. 12 Beverly Hills — figure to battle for second place.

"Our defense has played well all year," said Carter, whose team opened the season with a win in the Prep Kickoff Classic against Macomb County power Utica Eisenhower. "To play against the three teams we've played against and not given up very many points is just a tribute to our defensive coaching staff. Our defense is really good and it's young and growing."

THE OVERALL SERIES

Despite the loss, Harrison still holds a 5-4-1 advantage over Oak Park in their 10 meetings.

Herrington and Carter have a 4-4 record in head-to-head meetings. Harrison won in 2010 by a 55-14 score. The schools' first meeting was in 1970 — the year Harrison opened — and they played a scoreless tie.

Spalding

Continued from Page 1B

"I went to make a routine tackle and I hit the kid and then my whole mind went kind of blank," said Spalding, who Friday cheered his teammates on from the sidelines at Livonia Churchill and even played catch during pregame warm-ups. "And I know I didn't feel myself hit the ground and I could feel my whole body had been numb. And I was just freaking out, because I didn't know what was going on. I couldn't talk."

"And then they stood me up, because I thought I was fine. The numbness had went away a little bit. As soon as I stood up, I had a really harsh pain in my neck."

Spalding in all likelihood can't play football again. Fusion surgery melded the C4 and C6 vertebrae together, with the injured disk completely removed. He wears a neck brace now, but cannot yet drive or go up a flight of stairs.

Just a miracle

But miraculously, he was not permanently paralyzed from the injury or from the fact he walked (with medical assistance) to the sidelines — despite feeling numbness and pain.

And then his mom, Sheila Kelm, drove him four miles to Novi Providence Park Hospital. She had no idea then just how seriously injured her son was.

"Dominic walked off the field and I just shoved him in my little car. I have a Fusion," said Kelm, a Canton resident. "Because his bone was shattered and it was pushing into his spinal cord."

At any time along the route, Kelm could have hit a pothole or bump in the road. Any such sudden movement easily could have done permanent damage.

"Oh yeah, they said he's a blessing, they said he's a miracle," Kelm said. "Because they just had a case just like his and the guy was paralyzed."

"So it's a blessing. You know, Dominic's thoughts on this have been great. He has a great attitude about it and I'm just really proud of how he's handling it."

Novi Community School District Superintendent Dr. Steve Matthews responded to Kelm's criticism about how Spalding was moved from the field instead of being immobilized.

"Anytime a player gets injured on the field, it is a cause for concern," Matthews said. "We are fortunate that we have both an athletic trainer and a doctor on the sideline at all of our events."

"They attended to the student quickly and they followed all their protocols. We continue to hope that things turn out for the best for this young man."

Need for caution

Kelm sounded disappointed, not angry, when she looked back on the sequence of events that happened on the field immediately following the injury.

"It was when he was on the field. I don't know exactly what he said to them," Kelm said. "I just feel with his neck pain and stuff and he kept telling them he wanted to lie down."

"And so then the doctor on the field called me over to the fence and said he felt like I could go ahead and take him

and get him checked out and that he was going to be fine.

"I had to get him cleared before he could come back to play. So I was going to take him to urgent care and then Dominic was crying and said it hurt really bad. So I ended up taking him to the hospital. I'm glad I did. That's when we found out his neck was broke."

Hearing those words was "shocking, scary," she said.

"They said he couldn't move because his spinal cord was actually turned in, the bone was pushing on the spinal cord," Kelm said. "They said he had to lay flat and he couldn't move or he was at risk of being paralyzed. So it was very scary, until he got his first surgery."

Completely shocked

The rest of the team also was fooled by what they saw following the injury. They thought perhaps he suffered a concussion or aggravated an old knee injury.

"It drained us," John Glenn senior quarterback Chad Stevens said. "We were all cheerful because we just won (26-14). And then we heard Dom broke his neck. We're, like, 'Wow, this can't be real, I can't believe this happened.'"

"And then we got the message from Dom the night after. He's, like, 'I'm OK guys, keep balling out.' We can't let it bring us down, because Dom would want us to keep winning for him. Everything that Dom wants, we're going to get it for Dom."

Perhaps Spalding's best friend on the team, senior running back Dante Barthwell, said the team has dedicated the 2018 season to Spalding.

"It was surprising, I guess you could say shocked, when he hurt himself," Barthwell said. "It was so unexpected. We were only 24 plays into the game. It really brought our team spirits down after the game."

"This season is basically for him. ... It hurts, because he's a key player for us. But we just know we have to come out here, we still have to work hard and we know that Dom wouldn't want us to pout. He's a great kid, man."

It's a football family

But the cliché of football teams being a brotherhood rings true yet again. Spalding, Stevens, Barthwell and coach Waller all talked about how that camaraderie has lifted everybody's spirits — especially Spalding's.

"They've just shown a lot of support and love. They've just been there for

me," Spalding said. "I just know they got my back."

Concurring was Barthwell, who described Spalding as "a brother from another mother, that's it. Blood wouldn't make us any closer."

The teammates, who became friends in ninth grade, also regularly visit each other after school.

"We watch film, play video games," Barthwell said. "Talk about anything serious. We just bond with each other, we just click."

"(Spalding's) outgoing, funny, he loves to have fun. He's always caring about somebody, always looking out for him. You'll never, ever see him talk down on somebody. He's just a good kid."

Always play hard

Spalding, who carries a 3.5 grade-point average, said it's easy not to get too down about his injury simply by the bond he has with his teammates. "I've had constant support, so I don't really have time to think about it like that," he said.

Even fitted in a neck brace instead of a John Glenn helmet, Spalding said he doesn't think about the "what ifs." He also wouldn't advise any other players to become too cautious due to the fear of concussions or other major injuries.

"I say don't think about it like that," Spalding said. "I also say, play your hardest on every down, but don't think about (that) your career could end on any play. That's not a good mindset to have. You still got to go out and play the game."

Canton

Continued from Page 1B

wouldn't have happened."

Canton came out of the gate fast, going 80 yards in just seven plays, capped by Marco Johnson's 2-yard TD run. The Chiefs then scored again with just under a second left in the first quarter, on Walker's 13-yard TD jaunt, to make it 14-0.

But on the ensuing kickoff, Nathan Janke injected some life into the Wildcats' sideline as he raced up the middle for a 79-yard TD return. But the Wildcats were unable to convert the point-after.

In the second quarter, Canton got a key fourth-and-14 conversion pass from Ben Stesiak to tight end Noah VanBerkel for 30 yards. On the next play, Walker took it in from 4 yards out with 5:16 left in the half for a 21-6 lead.

But Plymouth, despite only 69 total yards in the opening half, cut the deficit to 21-13 when junior quarterback Nick Downs hit Jeremy Fuchs on an alley-oop 12-yard TD pass with only 34.1 seconds remaining (Jackson Vacca's extra point was good.)

The late Plymouth score made Canton sit up and take notice at intermission.

"It's football, it's a game of momentum, especially a game like this," first-year Canton coach Andrew LaFata said. "They get the kickoff return. And our kicker, he's trying, he's doing the best he can. It's the best kicker we have at Canton, but it's a game of momentum. Sometimes the stats lie."

On Plymouth's first possession of the third

quarter, Downs found Janke wide open on a fade for a 32-yard TD pass. Down 21-19, the Wildcats lined up for the two-point conversion, but got called for a delay of game penalty, forcing Vacca out for the extra point to cut the Canton lead to 21-20, with 10:37 left.

Canton's Marco Johnson then ripped off a 40-yard run and Stesiak took it in on an 18-yard fake and keeper to put the Chiefs ahead 28-20 with 5:17 remaining in the third.

Canton then stopped the Wildcats on fourth-and-four at their own 28 with 3:09 to go in the third and went up two scores, 34-20, when Walker busted up the gut of the Plymouth defense for a 50-yard TD run. (The extra point was no good

with 1:10 remaining.)

"He could be one of the greats, he's fast," LaFata said of Walker. "He just competes. He plays angry, tough and competes. Every single time he touches that ball, he wants to do something with it. Even when he doesn't have it, he wants to block for teammates."

Plymouth had good field position most of the night, but the Wildcats had a drive foiled on the last play of the third quarter, when Darius Robinson picked up a Carson Miller fumble at the 15 and returned it to the 43.

The Wildcats then got Canton to cough it up with a fumble and Downs made it 34-26 with a perfectly thrown ball to Janke for a 35-yard TD with 6:09 to play. But the extra point was blocked, leaving it an eight-point

deficit.

The Chiefs, who recovered the onside kick (by Zach Kubacki), put it away with 4:59 left on a 3-yard TD run by Luke Joppi after Walker burned the Plymouth defense for a 39-yard run on third-and-six. The PAT kept it a 14-point spread, 40-26.

Walker capped his big night with a 47-yard TD run to break the 300-yard barrier with 1:22 left to put an exclamation point on the victory for the Chiefs.

Walker was under orders to go down at the line of scrimmage with the clock winding down, but he had other ideas.

"I had to put points up on the board, so I just

kept going," Walker said.

Plymouth, meanwhile, had its moments on both sides of the ball, but couldn't match Canton's prolific ground attack.

Miller, a senior who racked up 295 yards on 41 carries the previous week in a win over Howell, finished with 85 yards on 20 carries. The Wildcats had 115 yards on the ground and 188 passing as Downs was 10-of-23.

"Offensively speaking, we started off slow, missed a couple of throws early and we kind of had the jitters early," first-year Plymouth coach Brian Lewis said. "It was one of those deals where I don't think our start helped us. We got it to a one score game and even a point-game ... we've got to be able to finish, get a stop, get a score when it's at that point."

To complement Walker in the backfield, Johnson added 80 yards on 11 carries, while Joppi chipped in 77 on 15 attempts. Stesiak also added 37.

"They're tough to prepare for, because it's hard for our kids to emulate the speed in practice, so I thought we took some

time to get used to it," Lewis said. "Once we got used to it, we made some plays defensively that were good plays."

LaFata compares Canton's wing-T to novacane.

"We run the 12 plays, that's what we do," he said. "Years back, we were running too much. We went back to the JV playbook and that's what we're doing."

When LaFata, a former offensive lineman at Canton, was asked to give out a grade for his blocking unit, he said: "They get a 'W.' We won."

And Lewis gave his props to Canton as well, which now leads the series between the two schools, 15-5.

"They're good," he said. "They're well-coached and they have a great scheme. They do those things and it's tough to stop. They definitely busted a few long runs that were back breakers, for sure, but I thought our kids battled tonight."

PREP FOOTBALL

Mason's four TDs lead Churchill to lopsided win

Tim Smith
hometownlife.com
USA TODAY NETWORK — MICHIGAN

Nothing was going to spoil Friday's football game for host Livonia Churchill. It was a big night from before the opening kickoff against Westland John Glenn, with the official unveiling of a brand new turf field.

And the Chargers got off to a fast start, as senior running back Darrell Mason Jr. scored on a 3-yard run early in the first quarter. He scored three more times before the contest was over, sparking Churchill to a 48-24 victory.

"Darrell's a great high school football player, running the ball, he can catch it out of the backfield," said Chargers head coach Bill DeFillippo, whose team improved to 2-1 in the KLAA East Division. "He's returning kicks and plays some defense for us. He does whatever we need him to.

"Last year, he battled through a bunch of injuries. This year, he's stayed healthy so far. He's had a real good first three games for us, for sure."

Churchill's defense, however, sealed the victory with Brendan Lowry's 85-yard interception return, opening up a 27-8 halftime lead.

John Glenn (2-1) was marching down the field and attempting to cut the Churchill lead to four points (20-16) at halftime. But Rockets senior quarterback Chad Stevens had a deep pass tipped by junior Mitchell Regan and Lowry grabbed it.

He then scampered 85 yards down the left sideline for the touchdown.

That followed a couple of decisive sacks against Stevens.

First it was Jacob Robertson to bring down the scrambling Stevens for a 10-yard loss. Joel Forgacs had a sack just three plays later.

"You know, that was a huge play," DeFillippo said. "We had momentum early, lost a little bit when they scored. That was a key play by Brendan Lowry to take it to the house, give us good momentum going into the half."

Rockets head coach Steve Waller agreed that the interception/TD return was the turning point: "That tipped in-

terception before half was definitely a back-breaker."

Following are several takeaways.

UNDER ATTACK

Stevens was under siege much of the night, scrambling and throwing on the run or taking hits in the backfield.

"They blitz more people than we have the block on," Stevens said. "We got five linemen and they blitzed six guys — and they blitz two linebackers. We try to throw under them, but we just don't have enough time. Our line can't make up for it."

POWER GAME

Left-handed senior quarterback Drew Alsobrooks led the Chargers' blue-collar offense, mixing passes to receiver Avery Grenier with handoffs to running backs Mason. and Desmond Dewberry.

The opening drive of the night, Alsobrooks ran for a 12-yard gain to the John

Glenn 43, plus he picked up first downs on laser throws to Grenier and junior Shane Morelli.

Mason then scored on a 3-yard TD.

Later in the first quarter, Mason scored again with a 6-yard run that looked like he was shot out of a cannon after taking the handoff. Dewberry also scored, on a straight-ahead run from the 1-yard line.

MORE FROM MASON

The Chargers padded their lead to 34-8 about four minutes into the third quarter, when Mason took it into the end zone from the 8-yard line (one play after Alsobrooks connected with Morelli on a 38-yard completion).

Mason then registered his fourth TD on a 15-yard run, just 43 seconds into the final quarter, to make it 41-8.

"It's kind of unexplainable for me," Mason said. "I just kind of get the ball

and do my own thing. I'm excited to play every play of the game, it's just natural to me."

LATE SPARK

Despite the outcome being essentially determined early in the fourth, the Rockets showed some fight with a pair of touchdowns. The first came on a spinning 3-yard TD run by Stevens.

Then, following Morelli's touchdown run from 15 yards out for Churchill (making it 48-16), the Rockets closed the scoring on a 75-yard kickoff return by Tony Romero.

"We didn't give up, we didn't quit," Waller said. "We came out in the second half and still played hard, still played physical. We were smacking."

TURF REVEAL

Before the contest, athletic director Marc Hage unveiled the new turf football field during a pregame program at Larry Joiner Field. The ceremony featured Livonia Orioles youth football players, cheerleaders, pom pon participants, coaches and family members.

And from first glance, the new turf is destined to be a Livonia showpiece.

Big, bold block letters comprise a sharp look, with the 'L' and 'C' merging at midfield.

Churchill boosters club president Mark McCusker read scripted remarks about the improvements, courtesy of the Livonia Public Schools district, the school board and the community.

"Without these three entities working in conjunction with design engineers, contractors and installers, none of this would have been possible," McCusker said.

New turf also is improving the softball outfield and baseball infield, with numerous other upgrades putting Churchill's "at the forefront of athletic facilities throughout the entire Michigan High School Athletic Association."

Similar projects are expected at Franklin and Stevenson in 2019.

SUDOKU

Here's How It Works:
Sudoku puzzles are formatted as a 9x9 grid, broken into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
